The Black River Luther League was postponed for two weeks on account of bad weather.

Looking Backward

1931—TEN YEARS AGO

Mr. and Mrs. Charles Gustafson, pioneer residents of this community, celebrated their golden wedding anniversary Friday, March 13.—The Commercial club was considering a revision of its name to make it more representative.—All of the 53 members of the public school faculty were reelected for the ensuing year by the board of education.—Rudolph Sagmoen and Richard Joringdal bought out the interest of George Baken in the Model barber shop. —The Gamble store was moved from the Meehan block to new quarters in Masonic block.—K. E. Dahl returned from a visit at Wausau, Wisconsin.

1921—TWENTY YEARS AGO

W. W. Prichard, Jr., was elected president of the Merchants association. —The degree team of the local Odd Fellows lodge assisted in the installation of an encampment at Warroad. —The Oakland Park sanatorium was planning the construction of a $40,000 home for the staff. —H. W. Protzeller was named exalted ruler of the Elks lodge for the coming year. —August Brown celebrated his seventieth birthday at a family gathering.—Fire originating in an overheated stove partially destroyed the home of Charles Maidment, the loss being estimated at $2,000.

Father Hubbard First Speedboater in Arctic

Famous Glacier Priest Is To Speak at H. S. Auditorium in Thief River on April 1

Profiting by his years of experience in the far north, the Rev. Bernard H. Hubbard, S. J., famed as the Glacier Priest, who will speak at Thief River Falls high school auditorium Tuesday evening, April 1, successfully made the first journey into the Arctic seas by speedboat during the past summer. This and other thrilling experiences will be the basis of Father Hubbard's lecture, for which an advance sale of tickets is already under way.

Prior to Father Hubbard's venture the only boat that was consistently able to battle the severe seas in the Arctic was the primitive Oomiak, a craft of walrus skin. It was in such a boat that he completed an historic 2,000 mile journey that will be the subject of his lecture, which is entitled "Oomiak Adventures in Arctic Alaska."

Last summer, however, Father Hubbard brought to Alaska a Twentieth Century speedboat with a 103 horsepower Gray Marine engine. Although the Oomiak was known to be the safest, the Glacier Priest was convinced that he could travel longer distances in a shorter time with the modern boat. His 13 years of experience have made him adept at reading the weather within the Arctic Circle, so he was able to remain in sheltered inlets during storms and then, when there was a lull, to dash into the open seas.

On one trip with the engineering field manager of the expedition, Ed. Levin, Father Hubbard made a 300-mile dash with only the aid of a compass to guide him. Out of sight of land for most of the trip and going through 160 miles of Arctic ice packs, the pair arrived at their exact destination, the mouth of the Noatak river, without mishap.

Two trips were made with the speed boat, one for the purpose of studying the language of the Eskimos and the other for mineralogical research. Eskimos encountered during the trips, Father Hubbard relates, were convinced that the craft was an airplane without wings, for they had never before seen a boat that could skim over the surface of the water at forty miles an hour.

WYANDOTTE

Alfred Rolstad, Dan and Christ Haugen and O. E. Wilson were at St. Hilaire Sunday afternoon where they represented the Clearwater Lutheran congregation at a joint business meeting of the trustees of the St. Hilaire circuit.

A correction, please: Sigurd Haugen, a local volunteer for selective service training, left for Ft. Snelling on Monday of this week, instead of last week, as formerly reported.

Two AAA sign up meetings were held last week in this township with Ole Myrum, O. J. Houske and Isaac E. Wilson in charge on Friday at Carl Kolseth's farm and on Saturday at Pooplar Glen school.

On Friday the wires of the Rural Electrification line, which serves the farm homes in the west portion of this township, were energized, bringing this long awaited convenience to many appreciative patrons.

O. E. Wilson and J. R. Larsen were at Thief River Falls Wednesday to attend a meeting of the board of directors of the rural telephone company.

Mr. and Mrs. Elmer Berling of Livingston, Mont., arrived here on Friday from Superior, Wis., where they were called by the death of Mr. Berling's father. They left on Sunday for Livingston. Doris Carlson who has spent the past six months at the Berling home remained at the home of her parents, Mr. and Mrs. C. F. Carlson.

David Haugen was at St. Hilaire Sunday where he visited Rev. M. L. Dahle while his son Dan attended a meeting of the church trustees.

Mr. and Mrs. Emil Horejsh and Mr. and Mrs. Tonie Hornseth of Thief River Falls were Sunday evening supper guests at E. N. Evensons.

Mr. and Mrs. Morris Wilson and little son Roger of Thief River Falls spent Sunday at the G. A. Wilson home.

Used Car Auction Will be Conducted Saturday

In a novel used car merchandising event sponsored by Thief River Motors, Inc., fifty used automobiles will be offered at auction at the company's headquarters in this city Saturday, March 29, starting at 11 o'clock in the morning. In addition, entertainment features will be presented and a car will be given away.

PUBLIC OPINION

THANK YOU

Editor the Times:

I am sending a money order for $1.50 to renew my subscription to the Times. I like your paper much. I think your editorials are commendable as they are so clear and impartial. I also like the "Topics of the Times". Then too, I like the large want ad section. I look forward each week to the coming of this paper.

Yours sincerely
Harold R. Haaseth

Flavor formerly lost in brewing now retained . . .
Extra Grain Goodness
of Northwest's finest barley which we buy at premium prices

NOW thousands of beer lovers enjoy the full goodness of finest ingredients—flavor which formerly escaped in brewing.

We pay Northwest farmers premium prices for their choicest barley, use only select hops, and brew by a revolutionary method which retains the delicate flavor elements which add so much to beer enjoyment now that their escape is prevented.

Thus you get a new flavor experience—extra grain goodness without harsh hop bitterness when you ask your dealer for HAMM'S BEER. Enjoy it today. Theo. Hamm Brewing Co., St. Paul, Minn.

SO. ST. PAUL LIVESTOCK

(By U. S. Department of Agricultural Economics and Minnesota Department of Agriculture)

South St. Paul, Minn., March 25, 1941— [illegible]

25c. Vealers turned weak to 50c lower. Top on steers was $11.75 for a load of choice 1235 pounders, while bulk of medium and good steers went at $9.00-10.50. A fairly liberal number of stocker and feeder cattle appeared so that sales were quite numerous at $8.00-9.00, medium and good making $9.00-9.50 and some good to choice reaching $10.25. Good and choice vealers sold late at $9.50-11.00 with only a few selects to $11.50.

A steady to weak opening session following by a general 10c decline the following day made Tuesday's hog trade mostly 10-20c under the close of last week. Good and choice 180-220lb barrows and gilts bulked Tuesday at $7.60, for the day's top, while similar grades 220-240 lb. cashed from $7.55-7.65, and 240-270 lb. offerings made $7.25-7.60. Weights from 270-300 lb. grading good and choice bulked at $7.05-7.40, with 300-360 lb. heavies at $6.80-7.15. The brisk and strong feeder pig trade was reflected in the light light contingent. The few 140-160 lb. averages which went on killer account ranged from 7.25-7.65, with 160-180 lb weights at $7.30-7.65. Good sows of all weights brought 6.75.

NICE TO HAVE A NICE COMPETITOR

Chaska— Milton A. Schmidt, Chaska dairyman, is lucky to have a cooperative competitor in the person of dairyman George Hammers who saved Schmidt a tidy sum of money on a recent Sunday morning. It so happened that their dairy routes were timed about the same and so, when Schmidt's dairy truck started moving down the street without benefit of a driver, competitor Hammers was "Johnny on the spot" running and catching up with the truck to pull the emergency just as it was about to crash into the front of a Chaska hardware store.

Marco Polo

He was an Italian traveler and trader representing some of the great Venetian merchants. In 1298 he was captured by the Genoese and imprisoned. While in prison he dictated to another captive the story of his adventures. This account, later published under the title of "The Book of Marco Polo," revealed to Europe the wonders and magnificence of the Eastern world.

STATE TOURNEY GETS UNDER WAY THIS AFTERNOON

Bemidji and Red Wing Only Entries that Took Part in 1940 Event

Two veteran teams of last year's play will be back in competition when the state high school basketball tournament opens in Minneapolis today for a three day run while two others among the eight finalists will be playing in their first state tourney.

Red Wing and Bemidji, members of the 1940 scramble for the title, get into the play as champions of the fourth and eighth regions, respectively. Minneapolis Washburn and Lester Prairie, winners in region three and five, respectively, are making their bow in the state battle.

Moorhead, in the sixth region, and Buhl, in the seventh, also were chosen as finalists Saturday night, along with Red Wing in region four and Minneapolis in region five.

Lester Prairie, region three, won Friday night with Bemidji, region eight, Austin, region one and Mankato, region two.

First round pairings for today are:

3 P. M.—Bemidji vs. Moorhead.
4 P. M.—Austin vs. Red Wing.
8 P. M.—Mankato vs. Buhl.
9 P. M.—Lester Prairie vs. Minneapolis.

Results of Saturday night's play were:

At Minneapolis: Minneapolis Washburn 34; Hopkins 25.
At Little Falls: Moorhead 24; Crosby-Ironton 23.
At Hibbing: Buhl 32; Virginia 24.
At St. Peter: Red Wing 32; St. Paul Johnson 17.

John Ward Gets Write-up in Minneapolis Paper

Rabbits Invade Land

Jackrabbits are moving in on the Idaho farmers who till the soil bordering sagebrush land in the lower Boise valley. Dryness has caused the rabbits to invade the grain and hay crops. Defensive measures are being taken.

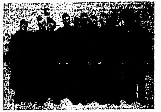
Local Volunteers Stationed at Camp in Wyoming



Getting their first taste of army life at Fort Francis E. Warren near Cheyenne, Wyoming, is the group of Pennington county volunteers pictured above. Shown left to right are Gunnar Austad, Leonard Olson, Norman Legvold, Arlen Arveson, Morris Jaranson, Wallace Evanson, Ray Bergstrom, Thelmer Langie, Greamond Bruggeman and Aloyus Kalinoski. Others from this community at the camp are Ray Maidment, Oliver Curtis and Milton Torgerson. All are in the Quartermaster's Training Replacement regiment. They write, "We don't mind the army life half as much as we do the Wyoming dust."

Post Mortems

Well, there's not much argument but that the eighth regional basketball championship— which incidentally, was the most successful ever held—was won by the tournaments luckiest team. And the Bemidji fans are fair-minded enough to admit that the "Lumberjacks were fortunate to eke out wins in TWO overtime games. But while the black-and-white clad Lumberjacks were lucky to squeeze out their victories, they are also deserving of a great deal of praise for the manner in which they hung in the ball games until they received their 'breaks'.

Only in the third period of their final game with Hendrum did Bemidji show signs of panic, when the Huskies scored 14 points while the Lumberjacks were counting six; but Bemidji's two guards, who were in their third regional tourney, held the team below the explosion. And don't think that it wasn't a job to play basketball against the red-hot rally that Hendrum put on in that second half. Many teams would have crumpled under such pressure, especially since Bemidji had been in an overtime game with the Prowlers the night before; but the Lumberjacks kept their poise and proved themselves worthy eighth regional champions.

Bemidji Meets Moorhead

And this afternoon, at 3 p. m. Bemidji goes against the Moorhead Spuds in a first round game of the state basketball tourney. The consensus of the Prowlers, and they have played against both teams, is that Bemidji will take the Spuds by five points. The belief is that Bemidji will be more effective against the rangy Moorhead team than they would have been against a small, fast team like Crosby-Ironton.

Where did that "Eddie Flasch gave Jack Johnson a black eye" story originate? It was rumored around town that Ed has resented a remark made by Johnson, and had given the Bemidji forward a 'shiner'. In fact, many of the fans at the game Friday night expressed themselves as being able to notice that Johnson's right eye was black. That story was a fine bit of fiction, and only fiction, for there wasn't any truth in it.

Roseau's big forward, Ray Dahlquist, was once a resident of Bemidji, and played 7th and 8th grade basketball with Bob Worth, George Thorbrogger, and Jack Johnson. Buck Robbins had his eye on Ray and predicted that the kid would be quite a basketball player. And Buck's prediction was correct.

Those two Hendrum hot-shots, center Casper Sivertson and forward Jerome Rustvold, were transfer students. They transferred to Hendrum, last semester, from Borup, a small inland town.

All-Regional Choices

I'd say that the tournament had three players that were unanimous choices for the all-regional. Namely: Eddie Flasch, forward; Casper Sivertson, center; and Geo Thorbrogger. At the other forward I picked Bemidji's Jack Vinje, and for the reason that he was a fine floor man and an excellent defensive player in addition to being a fair scorer. Jack Johnson, Bemidji's other forward, at times was very, very good, but he's a trifle too temperamental and inconsistent in his play. At the other guard I chose Johnny Parbat. Johnny was a better tournament scorer, from the guard position than Bemidji's Bob Worth, and he was better defensive player than Hendrum's Harley Stennes. Roseau's Jack Lundbohm played a swell game against Hendrum in the first round, but against the Prowlers in the consolation he was only ordinary.

Did you notice that Eddie Flasch made Bemidji's George Thorbrogger call for a substitute? For two years, whenever Thief River played Bemidji, the Lumberjacks would hang Thorbrogger on Ed, and for two years he made it tough for Eddie to get baskets; but not last Thursday night. Eddie ran away from George for two buckets in the first five minutes of play, and Bemidji was forced to call for time. The Lumberjacks re-arranged their defense, took Thorbrogger off Ed and gave Vinje the thankless job of keeping Flasch in check. Vinje was fairly effective at the job too, for Ed only garnered two more baskets during the game. But it made Eddie feel pretty good to know that he had finally broken that Thorbrogger jinx.

Many to Graduate

All of the teams that were in the regional will be wrecked by graduation. Of the ten players on the Prowler squad, only Lenny Lorentson, Don Berg, and Orrin Pederson will return. Of Bemidji's starting five only Jack Vinje will be available for next season; but Don Pistoll and Glen Bach, reserves who played in the regional, will also return. Roseau will lose Lundbohm, Dahlquist and Wenner, from their regular five; and Hendrum will only have their blonde forward, Dyrendahl, who had a habit of cuddling the ball, as their only returning regular.

It is reported and I got this from Bemidji's Bob Worth, that the team to watch next year in the eighth region will be Cass Lake. The two Fairbanks, Lee Richmond, Sam Long, and Roy Hanson, the entire team, will return for next season's play.

Heavy Blanket of Snow Delays Spring's Arrival

The eagerly awaited coming of spring received a setback last Thursday and Friday when from six to eight inches of wet snow fell in this locality, followed by an additional snowfall Wednesday night and this morning. The mercury hovered around the thawing point during most of the past week.

Legion Post Will Hold Meeting Friday Night

Important business matters, including the completion of registration of local veterans for national defense, will be transacted at a meeting of Elmer J. Eklund post of the American Legion in the memorial rooms Friday evening at 8 o'clock, Alex Cloutier, post commander, announced today. Lunch will be served at the close of the evening.

BEMIDJI AGAIN CAPTURES THE REGIONAL TITLE

(Continued from page 1)

but his try bounced off the rim and the game went into overtime.

In the extra period Garness gave the locals the first point when he made one of his two free throw tries. Bemidji's game-winning points were scored when Jack Johnson took the rebound of Brown's missed free throw and flipped an under-the-basket hook shot into the net. The final score, 35 to 34 for Bemidji.

In the championship finals on Friday night the Bemidji team appeared to be on the way to an easy victory over the burly Hendrum Huskies, for the Lumberjacks piled up a 10 to 3 lead at the end of the first period. Thorbrogger accounted for 8 of these points, on field goals, and Brown made the other two points on a field basket. Bemidji continued their steady but un-inspired play into the second period, having a 14 to 7 lead at half-time.

Opening the final half, Hendrum's big center, Sivertson, who had been held scoreless during the first two periods, found the range of the basket and broke through the Bemidji defense for 8 points, and with baskets by Rustvold, Helland, and Stennes, the Huskies overcame the Bemidji lead and took a 21 to 20 advantage as the final period began. Sivertson, with an over-the-head toss, made it 23 to 20, and Stennes added a free throw to give Hendrum a 24 to 20 lead. Vinje pumped in a long Bemidji basket; but Rustvold countered with a one-hander, and Hendrum held their four point lead, 26 to 22, with two and a half minutes of play remaining. Bob Worth, on a pivot shot, scored a Lumberjack basket; and with but 26 seconds of play in the game, Jack Johnson, from the corner of the court, pushed a high-arching one-handed shot into the game went into over-time.

Johnson intercepted a Hendrum pass, dribbled for the basket, pivoted away from a guard and shoved a push-up shot into the net; but Hendrum's Sivertson came back to pick up a rebound and score the tying points, 28-all, as the first over-time period ended. With "sudden death" over-time in play Bemidji's Bob Worth, after 30 seconds of play, received the ball near the Hendrum free throw circle, and taking plenty of time for his shot, flipped a two-handed looper into the basket for the winning points.

In the consolation game, the Prowlers, playing easily, and with reserves in the line-up much of the time, defeated Roseau, 38 to 26.

T. R. Falls DeMolay Quintet Is Eliminated in State Tournament

By virtue of a field goal scored just as the final gun sounded, the Tracy quintet defeated the Thief River Falls entry 31 to 29 in the quarter-finals of the twelfth annual state DeMolay tournament Friday evening at the University of Minnesota, eliminating the local team from further competition in the event. The Tracy aggregation Saturday lost consolation honors to Anoka by a score of 38 to 31, while Hibbing, 1940 runnerup, went on to win the championship by defeating South St. Paul 27 to 19. Roy Oen accompanied the members of the local quint to Minneapolis.

EMERGENCY CROP, FEED LOANS NOW BEING COMPLETED

County Agent's Office Is Now Taking Applications for Loans

The Emergency Crop and Feed Loan Office at St. Paul announces through its manager, L. C. Streater, that it will exert every effort to promptly handle delayed applications for crop production loans. Reports indicate that many farmers have been unable, because of bad roads and weather conditions, to reach the county seat towns where applications are being taken.

Up until the recent storm, Mr. Streater reports that applications have been handled with speed and that loan checks have gone forth within forty-eight hours from the time the applications reach the St. Paul office. This announcement is made because many farmers, who are in need of obtaining assistance and who are unable to get to town, have made inquiry as to whether or not they will be able to get the funds in time to buy their seed and other spring necessities. Applications for loans for crop production Mr. Streater explains, may be made to cover not only the purchase of seed, but gasoline and oil as well. In fact, there are many more requests this year than in past years from farmers who have their seed needs, but need only gasoline and oil. However, farmers who need this assistance should file their applications at the county agent's office as early as possible as there will no doubt be a considerable rush of applications as soon as road conditions improve.

A farmer who is in need of assistance may obtain a loan even though he may have been unable to repay all of the previous loans due to conditions beyond his control.

IN THE STATE SENATE

By Senator E. L. Tungseth

This news letter is limited to our two newspapers published at Thief River Falls, since it applies only to the interests of Pennington County.

I have during the past several weeks heard from a large number of Pennington County citizens relative to two salary bills which I early in the session introduced by request. On all matters of this kind it is only proper to introduce legislation which some of our citizens request, and to retain such legislation either in committee or on General Orders until such bills prove whether or not they meet with the approval of a majority of the voters and taxpayers. This was the procedure followed also with respect to this particular matter.

The number of those who have expressed themselves on this legislation have been so numerous that it has become impossible to answer all of them by personal letter, I take the opportunity of using the medium of our news columns to inform the many citizens who have written in relative to these bills that your protests against these bills will be readily respected.

May I also add that we who are in the legislature appreciate hearing from our people with reference to any and all legislation which more or less affects them. We are here to represent you and when we are assured of what any majority wishes to do or not to do with respect to legislation your wishes will always be duly respected and carried out.

CCC ENROLLMENT TO GET UNDER WAY IN STATE APRIL 1ST

Training Facilities in the Camps Being Expanded, Finke States

Another CCC enrollment will be open to Minnesota young men beginning April 1 and continuing 20 days, according to an announcement made in St. Paul this week by Walter W. Finke, director of the division of social welfare.

During the 20 day period, selectees will be sent to camps to replace those who have left to take private employment as a result of the training received in the camps.

Training facilities are being extended and include on-the-job instruction, supplemented by class work in camp schools and, in many cases, vocational courses at nearby local schools. Practical training is to be had in auto mechanics, blacksmithing, blasting, blue print reading, concrete construction, electrical repair, metal work, radio, telephone construction and maintenance and welding. Vocational training includes operation of heavy automotive equipment, cooking, baking, commercial training, agriculture, and conservation work.

The enrollment is open to any young man between 17 and 23 years of age who is unemployed and in need of employment. Detailed information can be obtained from the county welfare office.

The boys earn $30 a month plus food, clothing and medical care. In addition to spending money paid each month, at least $7 per month will be placed on deposit to be paid at the time the enrollee leaves the CCC.

189 Motorists Killed, 6,233 Injured in 1940 in Highway Collisions

Next to the 192 pedestrians who "walked to their deaths" last year, the greatest single cause of Minnesota's 1940 toll of traffic deaths and injuries was collision between two or more vehicles.

Such motor vehicle-motor vehicle collisions, of which 13,140 were reported during the 12-month period, claimed 189 dead, 6,233 injured, and 9,824 cases of property damage exceeding $50.

One hundred and eighty-four drivers and 201 passengers comprised the 385 persons fatally injured in motor vehicle accidents (other than pedestrian) last year.

Next to pedestrian mishaps and motor vehicle-motor vehicle collisions as causes of death and injury, came the non-collision motor vehicle accident, such as running off the road or overturning in the roadway. In this type of accident 120 people were killed and 1,179 injured.

MICE MAKE DECISION FOR GRAIN DEALER

Grove City—A Minnesota seed corn dealer trying to decide which brand of seed corn to offer his local trade, left ears of various varieties on his desk. A crew of mice made a nocturnal visit to the desk and made up his mind for him, as they had systematically eaten some of the ears leaving the rest untouched. Reasoning that corn that is most palatable to mice is most palatable to hogs, cows and steers he chose the nibbled ears, all of which were the same brand.

GRYGLA

Holter-Parent Vows Exchanged

Miss Amanda Holter, daughter of Theodore Holter of Thief River Falls was united in marriage to LeRoy Parent, son of Alec Parent of Argyle at the Grygla Lutheran parsonage by Rev. S. T. Anderson Tuesday, March 18 at four o'clock in the afternoon. The attendants were the brother-in-law and sister of the bride, Mr. and Mrs. John Arnevik. The young couple are at the present time visiting at the Arnevik home after which they plan to make their home at Argyle where the groom is employed.

Taylor Tweten

The marriage of Miss Grace Nellie Taylor, daughter of Mrs. Sophia Taylor and Howard Tweten, son of Mr. and Mrs. Oscar Tweten, which occurred on Wednesday, February 12 at 2:30 in the afternoon, has recently been announced. The ceremony was performed at the Grygla Lutheran Parsonage by Reverend S. T. Anderson in the presence of the groom's brother-in-law and sister, Mr. and Mrs. Arthur Nordby. The bride chose for her wedding a medium blue crepe dress in street length fashioned with a V-neckline short puffed sleeves and a bolero trimmed in metallic cloth. Her accessories were burgundy. The young couple are making their home for the present with the bride's mother and we join their many friends in wishing them happiness.

George Hook Honored

A group of relatives gathered at the George Hook home on Sunday afternoon in honor of his seventy-second birthday which occurred the following day. After an enjoyable afternoon spent socially the guests enjoyed a sumptuous lunch served by Beatrice Hook. Two lovely birthday cakes decorated in pink, white and brown and pink and white, respectively were the main features of the lunch. Those honoring Mr. Hook were Mr. and Mrs. Olaf Newton and Myrtle, Doris, and Ralph, Mr. and Mrs. Norman Newton and Dale, Mr. and Mrs. Adelbert Hesse and Sharyl, Iver Gonnering and Ethel Olson, besides members of the Hook family.

Farewell Parties for Sorensons

The younger members of the Martin Sandemark, Ole Tollefson, Soren Nygaard, Joel Sistad and Mike Teigland families besides Mr. and Mrs. Harold Nordby and Mr. and Mrs. Curtis Nordby and son gathered at the Hannah Sorenson home last Saturday evening and pleasantly surprised Merle Sorenson at a farewell party. Games and dancing formed the entertainment of the evening after which the self-invited served a lovely lunch. Merle was presented with a purse of money from his friends. Adeline Nygaard and Alma Sistad had planned the party.

The Hannah Sorenson home was the scene of another gathering on Sunday afternoon when Mrs. Sorenson was surprised by a large number of neighbors who gathered to honor her at a farewell party. The afternoon was devoted visiting. A sumptuous lunch was served by the hostesses, Mmes. Arthur Nordby, Gilman Hyland and Adolph Erickson. Neighbors and friends of Ole Thune are pleased to know he is recovering in a nice way from his very serious illness, double-pneumonia and pleurosy. Mr. Thune was removed from his home some time ago to the home of his sister, Mrs. Carl Helby, (Inga Thune) in Thief River Falls. Two weeks ago he had to be transferred to the hospital in quite a critical condition.

Mr. and Mrs. Omer Hays of Glyndon, were up for the Jim Weckwerth funeral Thursday. Mr. Hays is Mrs. Owen Weckwerth's cousin. The Hays also visited at the Clarence Weckwerth home in Thief River Falls.

Electric Lights

"The Greeks had a word for it" but those good folks of Smiley had their own words for the thrills they experienced Tuesday when the current was turned on for the electricity. All gadgets and all manners of lights had to be tried out. Yard lights were in full evidence on the majority of farms hereabouts. But, on the other hand, the folks who have telephones can't hear a thing on their phones.

Mrs. Einar Barstad and her two sisters, Hazel and Doris Hegrenes of Thief River Falls were Saturday afternoon callers on their sister, Mrs. Norton Nelson. Miss Hazel remained at the Nelson home until Sunday evening.

Don't forget that the Helperettes club meets at the William Grundhaus home Tuesday afternoon, April 1st.

TRUSTEES SUBMIT REORGANIZATION PLAN OF SOO LINE

Proposal Would Greatly Reduce Interest-Bearing Obligations

A plan for the reorganization of the Soo Line railway, which would terminate the bankruptcy of the 3,224 mile road dating back to December 31, 1937, was filed last Wednesday with the Interstate commerce commission in Washington and the United States district court in Minneapolis.

The plan was filed by G. W. Webster and Joseph Chapman, trustees of the Minneapolis, St. Paul and Sault Ste. Marie Railway Co. since July 1, 1938.

The proposal would reduce the amount of obligations bearing the fixed interest by $120,052,033, and cut the annual fixed interest charges from $6,577,907 to $322,665.

Capital structure of the new company would consist of $2,663,829 of present equipment obligations to be assumed by the new company; $8,051,631 of 4 per cent first mortgage bonds; $20,129,078 of 4 per cent general mortgage bonds; and 719,319 shares of no-par common stock.

Enriched Flour Will Now Add Food Value to Bakery Products

"Enriched flour" is the new product which, having sprung from a carefully planned nutrition program, will be found within a few weeks on the kitchen shelves of the nation. Food chemists have developed a formula for adding Vitamin B and minerals to the white flour which for years has rated first in consumer popularity.

Dr. C. H. Bailey, vice-director of the Minnesota Agricultural Experiment Station and an expert in food chemistry, was chairman of the national committee which met in Chicago recently to develop plans for manufacturing the new flour.

According to Dr. Bailey, millers will enrich white flour with B Vitamins in synthetic form, made in the chemists' laboratory. The two B Vitamins available in considerable quantity are thiamin hydrochloride and nicotinic acid. These two, and iron, will be added.

Housewives will find that their favorite recipes need no alteration when the new flour is used, yet the baked product will have new food values. The B Vitamins will aid the body in making use of starches and sugars, the principal energy foods.

The field of barley at the right—almost waist high—demonstrates how yields are being increased on many farms along the Great Northern Railway. The knee-high barley at the left was planted at the same time. The application of phosphate fertilizer [illegible] 38 bushels more barley to the acre. The phosphated field yielded [illegible] bushels of [illegible]-pound grain to the acre; the other field, 38.7 bushels of 40.5-pound grain. The picture was taken on a farm near Pipestone, Minnesota.

"The Well is Dry"

That wouldn't be good news to any farmer. But at the worst it probably would mean no more than digging a new one.

Far worse if the farm itself should wear out!

A half century has passed since the Great Northern was built through the unsettled Northwest and immigrants were unloading their tools of husbandry from box cars to begin the taming of plains and forests.

Through all these years thousands upon thousands of tons of crops have been removed from the farm lands along the railroad—crops that have built your cities and towns—crops that have provided the principal traffic of the railroad.

Hand in hand with the building of the Great Northern, efforts were begun to enrich and conserve the fertility of the land.

The experimental farms which James J. Hill established near St. Paul and in the Red River valley, the experiments he encouraged and supported wherever he laid his rails, and his employment of soil and livestock experts—these were the forerunners of the county agents and the state and federal experimental stations of today.

A half century ago, in talks at State Fairs and at meetings of farmers and livestock growers, Mr. Hill was pointing out the danger of taking fertility too much for granted.

Today the Great Northern and its corps of agricultural experts are co-operating with progressive farmers and state and federal agencies in programs *to restore fertility where there are signs of approaching depletion and to enrich and conserve it elsewhere.*

Different lands and different areas, of course, call for different methods—in many places, the application of phosphate; in others, crop rotation and increased use of natural fertilizers; in dry-land areas, strip farming which by alternating fallow and crop strips holds fertile top soil on the farm; improved types of soil tillage to minimize drifting and retain moisture; the seeding of crested wheat-grass and other cover crops to tie down fertile top soils; and contour furrowing to decrease erosion.

And so "railroading" and farming in the territory opened up by the Great Northern have come down a half-century-old road together. They are still traveling together because both are "landed" interests. Their future is bound to the soil. And they are resolved to keep that future ahead of them and not behind them!

CREAMERY REPORT SHOWS SUCCESSFUL YEAR

The Viking Co-op. Creamery Association held their annual meeting, March 19th and as usual was largely attended by stockholders and patrons.

The meeting was called to order by president Alfred Forslund. Rev. Peterson of the Zion Lutheran church gave the invocation. Although the association has met with strong competition from our neighboring creameries, with apparently good operators and board of directors, and despite a much smaller volume of business, it was shown by the secretary report that the association can justly be proud of the result of the years business.

The average net price paid for all butterfat was 30.75¢; cost of manufacturing, per pound butter, 2.206c; administrative cost per pound of butter, .294c; general expenses per pound butter, .432c; Total expenses per pound butter, 2.932c. The meeting was greatly honored by the presence of Marshall county agent, Mr. Rierson. Mr. Rierson in a thirty minute talk explained the necessity of having the right kind of feed for our cows in order that they be given the chance to show their production. Mr. Rierson's talk was very attentively listened to by the audience and evidently very much appreciated. A number of musical selections were rendered by the orchestra composed of Aleck Anderson, Gilbert Odden, Clarence Gustafson, Ed Hanson, and Venus Dau.

And last, but not lease, our field superintendent for Dist. 117, John Lager was present and as usual gave a very interesting speech. Mr. Lager said: "You people are to be congratulated upon your successful operation of your creamery, although it is small, you have according to your report shown a remarkable result. A result that can well stand a comparision to any creamery in the northern part of the state. Your success is partially due to the fact that you have during the year proved to be loyal to your own creamery and always shown a hundred present cooperative spirit". Illustrating by telling of incidents what cooperation can do when properly applied he continued by complimenting the association of having one of the best operators if not the best in the state. You save, he said, only about 2 per cent of all butter shipped grades undergrades which is a record hard to beat. He also congratulated the assiciation upon the fact that our operator Henry Anderson can celebrate his 20th anniversary as operator of the creamery. Only one on the board whose term expired was Alfred Forslund, the president who was unanimously reelected at the close of the meeting. Lunch was served by the Ladies aid of the Zion church to about 175 persons.

Arthur Urdahl left last week for training at Fort Snelling.

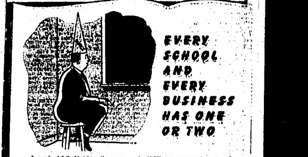
THE RECORD.... Facts That Concern You No. 25 of a Series



EVERY SCHOOL AND EVERY BUSINESS HAS ONE OR TWO

In a school full of bright, self-respecting students, there are very likely to be one or two completely lacking in good common sense. And that goes for business, too... particularly the beer retailing business.

Out of thousands of beer retailers who conduct respectable, law-abiding businesses, there may be a few "dunce" retailers who disobey the law or permit anti-social conditions.

These few unwanted retailers are a menace to the future of the beer industry—and also of the benefits beer has made possible. Right here in Minnesota, beer provides employment for 34,573 persons, supports an annual payroll of $19,869,963 and contributed $1,930,931.61 last year in state taxes.

It is the brewers' responsibility "to make good beer—the retailers' responsibility to sell beer in wholesome surroundings—and the legally constituted authorities' responsibility to enforce the laws. All of these, working together with the public, are needed to protect the future of beer.

You, too, can help the cause of moderation by (1) patronizing only reputable places where beer is sold; (2) and reporting any violation you may observe to the duly constituted authorities.

BEER... a beverage of moderation

LISTEN TO THEM TALK ABOUT NASH!

From coast to coast, this new kind of car is the talk of automobile owners... "25 to 30 miles on a gallon of gasoline"... "Most comfortable car I ever drove"... "Biggest value offered in the lowest-price field"

Drive a new Nash just fifteen minutes—and you, too, will be telling stories like these!

E. B. K., an Indiana salesman, writes: "I could hardly believe it when I discovered the first 918 miles cost $8.70 in my new Nash. That's averaging almost 30 miles per gallon!"

P. A. S., San Francisco, says: "Gentlemen, this Nash is a honey—takes the mountain curves like you were on straight road. (Nash has special coil springing on all four wheels.) Mileage—25.5 a gallon; power—perfect!"

"Sweetest Car in the Class"

K. G. M., Armonk, N. Y., says: "I chose Nash for more roominess, luxury—as well as economy. Rides better than any car I ever owned."

F. M., Minneapolis, writes: "On one trip when we used the Convertible Bed, and averaged 26.4 miles a gallon, our Nash saved us $25."

Take a tip from the thousands on thousands who are changing to the new Nash each week. Drive this wonderful new kind of car before you decide!

URGES FARMERS TO PREPARE FOR GOOD PASTURES

County Agent Lerud Points out Advantages in Livestock Plan

A farm crops plan that is stingy on pasture may prove expensive to the operator, says County Agent Lester A. Lerud in urging Pennington county farmers to give special attention to good grass this year. Pasture crops that produce well are the cheapest feed available on the farm. They save both labor and machinery costs, and furnish the best possible feed for most types of livestock.

Livestock farmers who do not have an abundance of permanent, untillable pasture land, will find it desirable to seed heavy producing grass mixtures that will last for several years, according to Ralph F. Crim, extension agronomist at University Farm. There are several mixtures and straight legume crops that have proved very satisfactory in nearly all parts of the state.

Combinations are usually better than one grass crop seeded alone. A mixture gives variety and palatability. Since the grasses have somewhat different growing habits there is less trouble with skimpy stands when combinations are used. Grasses such as brome, timothy and bluegrass grow very well with legumes, and they take away some of the danger of bloat associated with pasturing alfalfa and clover alone.

Minnesota agronomists have come to the conclusion in recent years that alfalfa makes the best possible legume base for pasture mixtures. Alfalfa will go well with brome, timothy, or both of these. Old alfalfa often makes productive pasture also when bluegrass has worked itself in alongside. Alsike clover can be used successfully in mixtures on low land. Reed canary grass is best used alone on land that is exceptionally boggy. Sweet clover is a standby in many communities, both alone and with other grasses.

Augustana Conference Meets at Fargo Apr. 24

The Red River Valley conference of the Lutheran Augustana Synod will hold its annual convention in the Elim Lutheran Church of Fargo, Rev. O. E. Clauson, pastor, April 24-27. The conference Missionary society will meet at the same time. Preliminary plans call for a pastoral conference to precede the convention proper with Dr. P. H. Holm-Jensen of Cooperstown, N. Dak., addressing the pastors. Mr. H. T. Reis, assistant postmaster of Fargo, will address the laymen who will meet simultaneously.

TUNNELS THIRTY FEET THRU SNOW TO GRANARY

Milaca—John Santema of Milaca was faced with a real problem recently when he discovered after the last snow storm that his granary in which all of the feed for the stock was stored, was completely buried under a drift of snow 10 feet high, 100 feet long, and 50 feet wide. His son, Sidney, solved the problem by tunneling over 30 feet to get to the door of the granary.

FINDS NEW PENNY IN OLD CEMENT SLAB

Farmington—While breaking up one of the concrete slabs which once supported the Hennessy Lumber yard in Farmington, Bob Stoneberg found a Lincoln penny, dated 1936, inside the slab. Bob is at a loss to understand how the penny bearing that late date could have gotten inside the slab constructed quite a few years ago and as yet no one has been able to offer a reasonable explanation.

COUNTY BOARD PROCEEDINGS

March 19, 1941

Pursuant to call for special meeting the Board of County Commissioners met at the office of the County Auditor at 2:00 P. M., March 19, 1941.

Members Present: Race, Mandt, Bredeson, Mulry and Roy.

Moved by Commissioner Bredeson and seconded by Commissioner Mulry that the Chairman of the Board is hereby authorized and directed to sign the following agreement:

THIS MEMORANDUM, dated Mar. 19, 1941, by and between the Surplus Marketing Administration, an agency of the United States Department of Agriculture, hereinafter called the "Administrator" and the Board of County Commissioners, hereinafter called the "County Commissioners"; and the County Welfare Board, hereinafter called the "Welfare Board"; County of Pennington, State of Minnesota, constitutes the understanding of the parties hereto and of the terms and conditions upon which consideration will be given by the United States Department of Agriculture in the matter of the proposed institution and operation of the Food Stamp Plan within the area described as:

ENTIRE COUNTY

ARTICLE I. CERTIFYING AGENCY

The Welfare Board shall be known as the certifying agency and shall be responsible for all certifications as to the eligibility of persons and classifications of persons to participate in the Food Stamp Plan within the proposed area. Such certifications and all issuances of food stamps to persons so certified will be made in strict compliance with the regulations and conditions of the Administration and in conformance with the Determination Governing Certification and Basis of Issuance of Food Stamps and all amendments thereto.

ARTICLE II. ISSUING AGENCY.

The Welfare Board shall be the sole agency authorized to issue food stamps within the proposed area.

The Welfare Board will appoint and retain, subject to the approval of the administration, such stamp issuing officer or officers as the Administration deems necessary to assure reasonable facility in the issuance of food stamps to properly certified eligible participants in the Food Stamp Plan within the proposed area; such stamp issuing officers to be bonded in an amount consistent with their respective responsibilities.

ARTICLE III. ISSUANCE OF DIRECT RELIEF CATEGORY.

It is understood that the Welfare Board will issue orange colored food stamps in lieu of food vouchers, disbursing orders, or other written instruments exchangeable for food, to persons currently receiving or hereafter certified to receive general or direct relief; provided, however, that separate vouchers, disbursing orders, or other written instruments, or cash, shall be issued whenever necessary to assure the acquisition of household necessities not classified as food, within the meaning of the Regulations and Conditions of the Administration, by persons currently or hereafter classified within the general or direct relief category.

ARTICLE IV. ADMINISTRATIVE FACILITIES.

Upon official designation of the proposed area described above, administrative facilities shall be established, without cost to the administration, as follows:

(1) Welfare Board shall provide, as determined by the Administration, adequate space for the issuance of food stamps at one or more locations within the proposed area, together with all office supplies, furniture, equipment, and utilities necessary to the satisfactory performance of the duties and responsibilities assumed by the certifying and issuing agencies.

(2) The County Commissioners shall be responsible for the establishment and maintenance of a revolving fund in the amount of $[illegible], which amount shall be increased or decreased whenever it appears to the Administration to be justifiable taking into consideration the number of purchases of food stamps within a given period and the quantity of food stamps obtained by each purchase.

This revolving fund is to be under the exclusive jurisdiction and control of County Treasurer.

All purchases of food stamps for the proposed area shall be made from the United States Treasury Disbursing Office, at Minneapolis.

(3) The County Auditor shall provide vault space for the storage of the current supply of food stamps, pending distribution to eligible participants, and insurance sufficient to fully indemnify the Administration and the County [illegible]

ARTICLE V. PROCEDURE.

[illegible]

ARTICLE VI. FORMAL AGREEMENT.

[illegible]

ARTICLE VII. DIRECT DISTRIBUTION FACILITIES.

[illegible]

ARTICLE VIII. PARTICIPATION.

[illegible] zone within the proposed area, shall be entirely voluntary.

TINY SLIP-UP AGAIN SPOILS "PERFECT CRIME"

Belle Plaine—An innocent looking creamery receipt inadvertently dropped on the field of one of the farms from which two thieves were stealing calves, was enough to convict two McLeod county men who dropped the receipt while loading a stolen calf into their vehicle. The men are now sadder but wiser having received suspended sentences to the St. Cloud Reformatory on condition that they pay for all the calves stolen from Carver county farms.

GIRL, 3, UNHURT AFTER FALL FROM MOVING CAR

Austin—M. O. Roseth of Austin is a very grateful person today when he considers what might have happened to his three year old daughter when she fell recently from the back seat of his car while the car was traveling at the speed of 40 miles an hour on the highway. The girl spun around like a top as she fell, landing on the shoulder of the highway, but when Roseth stopped his car and ran back to get her, she picked herself up and ran to meet him with only a skinned ankle.

RIVER FALLS

A group of young people attended a birthday party for several young people whose birthdays are in March, at the home of Oscar Haugen. The evening was spent in playing whist. Those present were Mr. and Mrs. Frank Bothman, Henry, Stanley, Raymond, Earl, Russel, Evelyn, Alice Bothman, Doris and Donald Johnson, Paul and Robert Jepson, Winton Fellman, Gerald Younke, Mr. and Mrs. Henry Konickson and Jerry, Mr. and Mrs. Harold Walseth, Bernt Walseth, Alvin Swenson, Dorothy Boeman, Mildred Haas of Thief River Falls and the Haugen family. High score was won by Dorothy Boeman and Earl Bothman and low by Mrs. Henry Konickson and Glen Haugen. Lunch was served at a late hour by Mrs. Frank Bothman and Mrs. Oscar Haugen.

Mr. and Mrs. Frank Bothman and the Norman family motored to Clearbrook Sunday where they visited at the Andrew Norman home.

A group of friends surprised Mr. and Mrs. Medford Peterson Sunday at their home. The afternoon was socially spent and lunch was served. Mr. and Mrs. Peterson received many lovely gifts.

Miss Ruth Anderson was taken Friday to a hospital in Thief River Falls where she will undergo an operation.

Luther League Circuit Meeting at Newfolden

"Building together" is the theme chosen for the workers' conference of the Luther League federation of the Thief River Falls circuit of the Lutheran Free church to be held at Newfolden Friday evening, April 4, at 7:30. In addition to a discussion of *Luther League problems*, "The Challenge of the Cross" will be presented by a group of young women.

BLIZZARD RESULTS IN LONG BIRTHDAY PARTY

Lindstrom—Bill Steffensen of Lindstrom didn't mind a recent Sunday night blizzard one bit; in fact, he liked it very much as it provided him with the longest birthday party he had ever had. Twelve guests had arrived early Sunday at his home to help him celebrate his birthday and when the weather turned bad in the evening, it was found that the guests could not leave, all of them staying for breakfast.

1c Per Word

The Want Ads have proven themselves of such great value as an advertising medium in The Times and in the thousands of other weekly newspapers that everyone should acquire the habit of using these little time savers and money makers which do big things at so small a cost and do them week after week.

THE LEAST TOTAL CHARGE FOR ANY WANT AD IS ONLY 25c

Want Ads cost one cent per word, with 25c the least total charge per order. If your Want Ad has 25 words or less it will run for 25c; if it has 20 words it will run once for 25c or twice for 40c.

THE MORE YOU TELL THE QUICKER YOU SELL

At the rate of one cent per word it is not necessary to condense closely. Give ample details. The value of a Want Ad is almost always found in ample description. In writing the Ad, tell the story and tell it amply.

Cut in Local Government Expenses Would Help in Financing Defense Plan

A two-cent cut in the daily per capita cost of state and local government in the United States would more than pay for a year's training, feeding, clothing and wages of an army of 500,000 men, according to estimates of the Minnesota Taxpayers Association furnished to the state legislature in session at St. Paul.

"There are more than 175,000 governmental units in the United States", the state association says. "These include the state, counties, school districts, cities, towns and villages and other governmental divisions. In the state of Minnesota alone there are 10,544 of these government units.

"Small savings in all these units if lumped together would make a considerable sum. For example, if all the 175,000 units in the country pulled in their belts by a $1,000 notch in spending, the savings would total $175,000,000" President James P. McDonnell pointed out.

"The cost of state and local government throughout the country today runs to around ten billion dollars annually, or about 20 cents a day for every man, woman, and child in the population. If we cut that per capita outlay only 2 cents a day this year, it would mean a billion dollars saved for the taxpayer to help him pay national defense taxes."

CHICKEN AND GIRL ARE SAME AGE

Milaca—Donna Johnson, daughter of C. F. Johnson of Foreston, believes she owns the oldest chicken in Mille Lacs county and possibly in the state. She was presented with the Rhode Island chick on her birthday 13 years ago, July 25, 1927. The chicken now lays only about one egg a year and her feathers have turned gray.

"ONE ON THE HOUSE"—BUT HE BROKE THE BOTTLE

Graceville—Wrecker Martin Anderson, through careful work had piled up a nice lot of lumber during the process of wrecking a Graceville building recently, but one day his crowbar slipped—and there was the tinkle of broken glass and a brief gurgling sound. Anderson had unwittingly destroyed an unopened bottle of whiskey which had been cached in the building.

How Children Feel About Their Homes

When the study of a typical American city called "Middletown" was made, the information *children themselves gave as to* how they felt about their homes proved very interesting. A high percentage of them, in listing the qualities they thought desirable in mothers, mentioned being a good cook and housekeeper, but there were also a great many who rated the comradeliness of both mother and father as a characteristic much to be desired. Having time to read, talk, go on picnics and play with her children seems to those children of far greater importance in a parent, according to "Middletown" findings, than having a good education, being well-dressed or being a good hostess.

Wouldn't more mothers enjoy sharing such pleasures as the children speak of if their housework was organized in such a way that they did not often feel utterly fatigued? Studies of the problems of housewives indicate that the cleaning activities are those most generally disliked by women, and these too, turn out, not much to the surprise of all of us who wield dust mops and brooms, to be the ones that cause most fatigue. When once we have such information, can't we sit down and look carefully at the weekly work schedules, with the idea of rearranging some tasks, checking to see if there are any that can be eliminated or done in a more efficient way at less cost to our energy, or perhaps with a view to *adopting simpler standards in* some departments of daily living, in order to reduce strain?

For example, we learn from one investigation that the amount of time spent in preparing meals and dishwashing each day is the same in homes equipped with running water, and in those where the water must be carried in and out. Sounds incredible, doesn't it, but it's true all the same. What's the answer? Does it mean that homemakers with improved equipment use it to raise their standards of housekeeping, rather than to save time for other things? Or does it mean that they take advantage of the greater number of conveniences to work more slowly and thus ease the tension? At any rate, such studies show us how little we really know about the relationships between our methods, the amount of time spent, our managerial ability as housewives, and our ability to be good comrades.

A large gathering attended the Ladies' Aid at the Albert Hanson home on Thursday. It was the first "Aid" of the year with Mrs. Hanson serving. Rev. Sabo conducted a short devotion and announced also, that there would be English services at the Telemarken church, Sunday, March 30, at 11 A. M.

Wallace Tieman and Lee Roy Anderson hauled the last truck load of hogs to Fargo on Wednesday. From seven brood sows the Tiemans raised sixty pigs, a very good average.

All those who are interested in the Consumer's Project, please watch this column for further announcements. When a definite date and place has been set for the selection of leaders, it will be announced here.

Counting themselves among the very fortunate were Wallace Tieman and Lee Roy Anderson who found refuge in a school house the night of the storm.

Returning home with a truck load of wood from Thorhult, they had just turned south off highway No. 1 on the Mavie road when the raging blizzard obscured everything. They stopped the truck and started to walk, thinking they could reach the Anenson home. Walking just a short ways they came right to the school which is directly by the road. You can just bet they were thankful to get inside that building.

The Asp brothers of Mavie who were baling hay on the east Granum quarter had just loaded a truck of bales when the storm hit. Making a shelter in the bales they stayed the night through, weathering the storm with no ill effects.

Kitty's Kitchen Klatter

How many of you fathers and mothers visit school other times than at a special invitation? I'll bet there are very few who do. It's something almost all teachers appreciate. Of course, I don't mean by your visit, you make a pesky nuisance of yourself by trying to tell the teacher how to run her business for which she is specially trained. No, I mean a quiet observation! You may be surprised to find that cherub of yours is not as angelic as you think. Perhaps it will remind you of that notice you received from teacher that Susie needs glasses, when you see she has to take a desk near the blackboard in order to do her problems.

It gives that little youngster so much confidence and oh, he is so proud to recite and do his numbers if he knows Mom and Dad has interest enough to come to see him at work.

That certain intermediate grader at that age, "I know it all or I don't care" attitude gets an active urge to study when in walks a parent.

"Gee! I wish I'd studied my history. I'll surely catch it tonight! Why didn't she tell me she was coming?"

It's a great way to check up, Mom and Dad. By being an interested, quiet, observing parent, you can gain the confidence of the teacher, leading to a good cooperation between parent and teacher that can do wonders for your children. Just try it to see.

Physicians Recommend That Citizens Check up on Their Birth Records

Maybe you think you know all that matters about when and where you were born and who were your parents; but if these facts about you are not known on the records of the state where you were born, then you are likely to be up against it, someday, trying to prove them to skeptical authorities.

For that reason and also for purposes of accurate vital statistics as a measure of health progress in Minnesota, members of the Minnesota State Medical association's committee on public health education today urges cooperation with the state board of health of everybody in Minnesota to see that all births and deaths are accurately and completely reported.

They also recommend that all adults check up on their birth records, now, so that they may have time enough to get affidavits and other evidence together in case the need for an official record pops up unexpectedly and no time is allowed to repair omissions and errors in the record.

GROCERY CLERK FINDS TARANTULA

Lamberton — DeVon Dengerter, Revere grocery clerk, had the rare and somewhat startling experience of grabbing hold of a tarantula while plucking bananas from a bunch at his store recently. DeVon felt something fuzzy and quickly let go of the two inch poisonous spider which was later captured and placed in a glass jar.

HEIFERS HANG SELVES IN FREAK BARN ACCIDENT

Dassel—Almost too fantastic to be believed is the account of an unfortunate accident which happened recently on the Albin Dahlman farm south of Dassel resulting in the death of two six months heifers. Mr. Dahlman had tied the two heifers, one on either end of a four foot nailed up board, in an ordinary cow stall. During the night, the heifers had evidently broken the board loose and wandered about the barn until they straddled one of the horses lying down with the board over his back. When the horse got up, both heifers were literally "strung up" on either side of the horse and were found dead in that position when Mr. Dahlman entered the barn the next morning.

Bills in Legislature Would Alter Handling of Moneys and Credit Tax

With measures pending in the legislature to place collection of money and credits taxes under the state tax commissioner, the Citizens' Tax Relief Association in St. Paul this week made public a report which showed that money and credits assessments in most counties run far behind bank deposits in those counties.

Total money and credits assessments reported for 1940 in Pennington county were $917,305. Bank deposits in this county on June 30th, 1940, were $1,806,193.

Taxpayers are supposed to report and assessors are expected to assess as money and credits all moneys, securities not specifically exempted from tax, bills receivable and other credits. That this is not being done in most counties is evident from the study.

Jersey Breeders Will Meet at Bemidji Mar. 31

A meeting of importance to Jersey Cattle Breeders of Parish No. 8 comprising 18 counties will be held at the Information Building, Highway 71, Bemidji at 10:30 A. M. Monday, March 31.

Speakers include W. J. Keegan, fieldman for the American Jersey Cattle Club and Ramer Leighton, extension dairyman, University Farm, St. Paul.

Mr. Keegan will discuss problems of special interest to Jersey breeders. These will be the Star Bull program, its significance as it relates to selective registration of Jersey bulls which becomes effective January 1, 1942, in addition to other national policies.

248 Drinking Drivers Lose Licenses During First 2 Months of '41

Two hundred and forty-eight motorists, who during the first two months of 1941 mixed drinking and driving despite the fact that Minnesota is in the midst of a statewide safety campaign, will not be driving a car at all for a while.

One hundred and twenty-one of them won't be driving for at least a year for their licenses have been revoked, and another 127 have been placed under suspension, since January 1 for the same offense, driving while intoxicated, according to the February report of revocations and suspensions issued by the drivers license bureau of the state highway department.

Sixty-one licenses were revoked and 60 suspended during February for driving while intoxicated. Total driver's license forfeitures for the month included 107 revocations and 238 suspensions.

Revocations listed included, besides intoxication, four for speeding, two for driving while under suspension, 14 for habitual inebriacy and 18 for operating a motor vehicle without the owner's permission, a polite term for driving a stolen car.

Drivers license suspensions during February imposed chiefly upon traffic offense "repeaters," included 90 for speeding, 80 for reckless driving and three each for incompetency, failure to have drivers license in possession, and running through stop signs or signals. Six motorists' driving permits were suspended for refusal to supply a doctor's statement of results of eye tests.

From January 1 to the end of February, 311 driver's licenses have been revoked and 502 suspended for various offenses.

A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

1 A $21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.

2 We are building a new $800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.

3 Army reconnaissance cars — military vehicles of an entirely new type — are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.

4 The government has given the "go-ahead" and work is now under way for the fast construction of an $11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

MINNESOTA HISTORICAL SOCIETY

MAKE ANALYSIS OF MINNESOTA EXPENDITURES

State Institute Reviews Operations for Period of Nine Years

EXPENSES DECLINE $4,000,000 IN 1940

Tremendous Increase in Outlay Due to Relief and Social Security

A comprehensive analysis of the state's fiscal operations during the last nine years, revealing that the current costs for 1940 dropped four million dollars below the peak expenditure of $102,938,000 in 1939, was made public Monday by the Minnesota Institute of Governmental Research. The report was presented to the legislature by Governor Stassen.

For the first time since 1933, the 1940 total of $98,911,000 marked an "about face" in the steady rise of state governmental costs, the institute report points out.

Emphasized is the fact that dedication of revenues and "erroneous allocation of accounting functions" were obstacles to sound fiscal operation. Revision of Minnesota's present financial system in line with approved modern methods, as well as abolition of the practice of setting up numerous funds separated by "water-tight compartments," are badly needed in the opinion of the research institute.

Especially noticeable in the report is the reduction in highway costs from $30,875,000 in 1939 to $28,491,000 in 1940 despite increases in gas tax aid to counties and in charges for debt retirement.

The other major reduction — from $33,052,000 to $31,561,000 —was in welfare costs, principally as the result of a decrease in debt service requirements in 1940 as compared with 1939.

"The general reduction effected in 1940 does not, however, alter the outstanding fact that state costs have risen by more than half over the nine-year period," the institute stressed. "As compared with the total of $65,165,000 for 1932, the 1939 total represented an increase of 58 per cent, and the 1940 total an increase of 52 per cent."

Three forces which brought about the enormous expansion in the costs of state government were cited by the governmental research institute as follows:

Relief problem arising from the depression, which has brought the state into a field which, prior to 1932, was almost exclusively a concern of local governments.

Federal social security program, which has brought large sums of federal money into the state, but has also entailed large expenditures by the state to qualify for grants for old-age assistance, aid to dependent children, and other aspects of the program.

Increased contribution on the part of the state toward relieving local governments of the cost of highways, welfare and education.

Significant is the fact that current costs for highways in 1940 ($28,491,000) were approximately the same as in 1932 ($28,875,000). During the nine-year period however, there were wide fluctuations, with a peak of $35,370,000 being reached in 1938.

Stamp Plan Here Given Approval

Took Part in Regional

LLOYD ALNES

Lincoln high school student who recently won top honors in the extemporaneous speaking division of the district speech contest at Crookston, by virtue of which victory he participated in the regional event held Monday at Fosston. Judges gave him a rating of "Very good," only one point behind the winner of first place in his division.

John X. Lynskey, executive secretary of the Pennington County welfare board, received word today from the Surplus Marketing Administration office in St. Paul that Pennington County will be officially designated today for participation in the federal food stamp plan for the distribution of surplus farm products. Marshall, Polk and Red Lake counties also have been approved for the plan.

Robert A. Anderson, program organizer for the Surplus Marketing Administration who will be in charge of setting up the program in Pennington county, announced that organization work will start within the next week or ten days, and that the plan would be in operation in this county by the middle of May.

Executive Secretary Lynskey announced that 600 cases, representing about 2,400 persons will be eligible to participate in the plan in this county. Eligibles will be permitted to buy orange food stamps in an amount representing approximately their past expenditures for food, and they will receive blue food stamps free at the rate of $.50 for each $1.00's worth of orange stamps thus purchased. Thus the participants will receive $1.50 worth of food purchasing power for each $1.00 invested in stamps.

The orange stamps are good for any food while the blue stamps are good only for foods designated as being in surplus by the Secretary of Agriculture.

The Civic & Commerce association has been active in the campaign to secure the extension of the plan to this county.

THREE CHURCHES PLAN JOINT GOOD FRIDAY SERVICES

Stores Will be Closed from 1:30 to 3 on Friday, April 11

Annual joint Good Friday services will be conducted in the municipal Auditorium Friday afternoon, April 11, at 1:30 under the auspices of the Trinity, Zion and First Lutheran churches. Local stores will cooperate by remaining closed that day between the hours of 1:30 and 3 o'clock, it was announced by President Roy Oen of the Civic and Commerce association.

The theme of the services will be "Christ's Passion Prayer", based on the 17th chapter of John. Various phases of the theme will be discussed by Rev. R. M. Fjelstad, Rev. C. W. Erickson and Rev. E. L. Tungseth.

Each of the participating churches will supply a musical number on the program.

ECONOMIST WILL ADDRESS C. AND C. GROUP APRIL 10TH

Wilken to Speak in Behalf of Raw Materials National Council

The speaker for [illegible] regular meeting of the Civic and Commerce association next Thursday, April 10, will be Carl H. Wilken, economic analyst for the Raw Materials National Council of Sioux City, Iowa. His appearance here is being sponsored by the Minnesota Parity association.

Mr. Wilken is an Iowa farmer, who as a young man attended the University of Iowa before entering the army during the World War. Later he engaged in farming until four years ago, when he became connected with the raw materials council as economic analyst.

The council completed its research work last September with a trading statement of all business in the United States from 1910 to 1939. It is ready with an answer to the current economic riddle. The subject of Mr. Wilkens' address here will be "Our Economic Riddle and Its Solution." He has spoken before business groups in many of the larger cities in the nation.

Turkey Survives Storm After Being Buried in Snowdrift for 13 Days

The Goodridge correspondent of the Times this week reported another survivor of the record-breaking March 15 blizzard that came to light after being imprisoned in a snowdrift for thirteen days. Orris Olson of the Goodridge community had missed several turkeys following the storm, and had assumed they had perished until last Friday his dog happened to run across a huge drift near the turkey roost. The dog broke thru the crust and immediately one of the missing turkeys flew out, alive and well. Ernest Swanson of the same locality also recovered a missing bird that came out from under the brooder house after being imprisoned eleven days.

CAPACITY CROWD HEARS LECTURE BY FATHER HUBBARD

Explorer of Alaska Speaks Tuesday Night in H. S. Auditorium

A capacity audience in the Lincoln high school auditorium Tuesday evening heard Father Bernard Hubbard, professor of geology at Santa Clara university in California, recount his experiences gained on numerous exploratory trips to Alaska. He spoke under the auspices of the Catholic Men's Council of St. Bernard's parish.

Alaska, he said, with a wide range of climatic conditions, is too big to generalize about. He pointed out the country's vast resources in coal, iron, copper, forests and fisheries, and said that the present population is only 75,000, while it could sustain 75,000,000. He stated that the Matanuska project is reasonably successful.

Exploding some popular myths, Father Hubbard declared that few Alaska citizens have ever seen an Eskimo, of whom there are less than 2,000 purebloods. His research convinced him, he said, that the Eskimos were refugee members of Tartar tribes who had immigrated from Asia in the thirteenth century.

He refuted the popular belief that there is danger of Alaska being invaded from Asia, and said no Russian bases have been installed in that area. Constantly stormy weather over the Aleutian Islands, he added, would preclude the possibility of an air invasion.

In connection with his lecture, Father Hubbard showed motion pictures taken by his party of volcanoes in the Aleutians, Eskimo life and other features of Alaska life.

LEGISLATURE RECEIVES LAST BATCH OF BILLS

77 Measures Introduced on Monday, Final Day for Filing Bills

TWO PER CENT SALES TAX BILL IS ENTERED

Local Option Liquor Bill Is Approved by Senate Committee

Minnesota's legislature turned Tuesday toward the home stretch of its 90-day session with no additional measures permitted to come before it without special request of the governor but still burdened by a heavy file of proposed laws.

As usual, a flood of bills were brought in to beat the deadline Monday, 77 being received in the house during its four hour session. These included a measure to tax individual incomes up to one and a half percent in Minneapolis, St. Paul and Duluth to meet relief costs.

Others included bills to tax chain stores and mail order houses up to $1,200 each, depending on the number of stores and to create an interim committee to study "social and economic problems" in the north central and northeastern part of the state. The interim committee measure also was brought into the senate.

Rep. R. G. Johnson, Forest Lake, presented the tax bill which he said embodied the "Louisiana plan." The other came from Reps. Thomas D. Vukelich, Gilbert; J. William Huhtala, Virginia; A. C. Thompson and Ed McKeever, Duluth.

Huhtala also introduced a bill to create an interim committee to investigate amounts spent for travel and expenses in the state game and fish division.

Rep. Claude Allen, St. Paul, chairman of the house appropriations committee, presented the huge appropriation bill carrying allowances totaling $11,001,683. Two years ago the allowance was $[illegible], including $825,000, for county sanitoria and $95,000 for a new building at Walker which are not incorporated in the present measure.

Reversing its previous action, the house reconsidered and passed a bill permitting certain summer resort to sell liquor, voting 74 to 45 in favor of the measure. Rep. George Kiefer, Lewiston, author, explained the bill was intended to encourage tourist business. The bill was defeated last Friday, 75 to 61.

The two per cent sales tax bill introduced in the house Saturday, was presented to the senate by Senator William L. Roepke, Faribault. This measure would apply the estimated $20,000,000 annual revenue to paying the state debt and would cancel the levy when the indebtedness is paid off.

Another last minute bill by Senator Lewis E. Berg, West St. Paul, would call for a constitutional amendment to convert the two branches of the legislature into a one assembly unit effective in 1945. Membership would be limited to 32 and the salaries could not exceed $3,600.

The senate liquor control committee Tuesday approved a bill already passed by the house permitting municipalities in dry counties to vote on proposals for municipal liquor stores. The measure was recommended for passage by the senate group by a 7 to 3 vote. Senator Henry Stiening, Moorhead, is sponsor of the plan in the senate.

13 Selectees Will be Honored This Evening

Thirteen Pennington county young men who will leave this city in three contingents for a year's selective service training will be honored with their parents at a farewell party in the Palm Garden cafe this evening at 6:15, it was announced today. Sponsoring groups will include the Lions club, Junior Chamber of Commerce and the American Legion post, the latter group supplying the program.

Leaving tonight for Fort Snelling are Arthur L. LaFleur, Lewis L. Stenseth and Arthur W. Peterson of the Thief River Falls community; Enoch Thullen of McIntosh and Olaf Olson of Trail.

Three replacements scheduled to leave Wednesday, April 9, include Louis C. Larson, Paul D. Murray and Vernon L. Warnecke, all of this community.

Departing Monday, April 14, will be Michael J. Cosgrove, Arville L. Liden and Donald A. Hanson, all of this city; and Irvin M. Arne and Kenneth A. Kratz, both of Hazel.

The current contingents make a total of 64 young men who will have entered selective service to date. Included in the group are 56 volunteers, the remaining eight having been drafted. A total of 124 will have been inducted by the end of June, according to the present schedule.

CHARLES GUSTAFSON

Who represented Lincoln high school in the oratorical declamation division of the regional speech contest in Fosston Monday, and who won the highest rating, "Superior." Charles had previously won the local and district contests in his division.

TAXPAYERS GROUP DISCUSSES MANY MATTERS FRIDAY

Vote to Hold Next Meeting in Goodridge Late This Month

Forty members, most of them from the rural sections of the county, last Friday evening attended a meeting of the Pennington County Taxpayers association, and participated in a discussion of various matters of public interest.

Those present expressed gratification that the association had apparently succeeded in its efforts to avert favorable legislative action on a proposed bill to increase the salaries of county commissioners in Pennington county.

Among other matters discussed were the existing huge bonded indebtedness of the county, the proposed WPA project for work on county roads, and assessment procedure in the city and county.

It was voted to hold future meetings of the association in various parts of the county, and to conduct the next session in Goodridge late in April.

MISS GUNNELSON RESUMES DUTIES AS 4H CLUB AGENT

Plans Under Way for Annual Banquet Sponsored by C. & C. Assn.

Four-H club activities in Pennington County again are under way under the direction of Miss Margaret Gunnelson, who is beginning her fourth year of work as club agent. Miss Gunnelson resumed her work as club agent in Pennington county this week.

Plans already are under way in most of the 4-H clubs in the county for interesting events and activities for this year. Nine or ten of the clubs have held regular meetings throughout the winter. Several of these have been working on dramatics and music, and have in mind to take part in the county one-act play and music contest which will be held early in May this year. Quite a number of the members have begun their project work for this year.

Highlight of the year for the 4-H members will be the annual banquet which will be held the middle of April. Last year's 4-H members who completed commendable project work will be the guest of the Thief River Falls Civic and Commerce association, which sponsors the annual banquet for the young people.

Many of the club members already are grooming their 4-H livestock animals, keeping feed records, and giving special attention to their projects. Likewise, many of them have begun their baking and clothing projects and their other 4-H work.

PTA COSTUME PAGEANT WAS HUGE SUCCESS

'The American Album' Draws Capacity Audience to H. S. Auditorium

GIVES CLEAR PICTURE OF U. S. DEVELOPMENT

Production Was Directed by Mrs. E. F. Wright and J. R. Carlson

A most pleasurable experience for a capacity audience in the Lincoln high school auditorium Monday evening was the presentation of the historical costume pageant, "The American Album", under the auspices of the Parent-Teacher association, with Mrs. E. F. Wright and James R. Carlson directing the elaborate production.

Revealing sidelights on the development of this nation were presented in a series of twelve scenes presenting appropriately costumed characters from the time when the American Indian was in his heyday down to the modern youth.

Intervening scenes presented in a highly effective manner included the Pilgrim Fathers, Colonial America, To the West, Civil War era, the Gay Pioneer, Victorian Age, the American Melting Pot, the Gay Nineties, the Turn of the Century and the Jazz Age.

The various numbers received much applause from the audience, particularly the realistic old-fashioned square dance, Norwegian dances by a group of members of the Daughters of Norway, the Florodora sextet, and a [illegible] by a quartet including Dr. J. H. Nesse, Dr. A. E. Jacobson, W. M. Ferguson and Elmer Larson.

A prologue and running commentary on the various scenes was supplied by Mr. Carlson, Betty Ann Brake and Richard Biddick, while Harold F. [illegible] furnished incidental piano music.

Following the program an informal reception was held in the home economics rooms, where lunch was served by a committee of members of the association.

The [illegible] PTA [illegible] for the pageant [illegible] D. Hartz, Mrs. V. C. Noyes, [illegible] J. A. Johnson, Miss Ruth E. [illegible]son, Mrs. R. A. Burrell, Mrs. Willis Powell, Mrs. W. G. Clafly and Alfred Sharstad.

BIRTHS INCREASE IN PENNINGTON CO. DURING PAST YEAR

Total of 415 Births and 150 Deaths Reported for Year 1940

A total of 415 births were recorded in Pennington county in 1940, compared to 377 in 1939, while there were 150 deaths last year compared to 145 in 1939, it is revealed in the annual report of the Minnesota department of health and vital statistics filed recently with Henry Sterling, clerk of court.

Thief River Falls, with its two hospitals and approximately half the population of the county, accounted for 368 births and 118 deaths.

G. BALLINGRUD IS RENAMED HEAD OF LOCAL ELKS LODGE

Charles Warner Is Elected Secretary Succeeding O. C. Paulson

In the annual election of officers conducted by the local Elk lodge last Thursday evening Gordon Ballingrud was retained in the office of exalted ruler, while Charles Warner was elected secretary, succeeding O. C. Paulson who had served in that capacity for the past fourteen years.

Other officers named include Peter Westergaard, esteemed leading knight; Tom Peck, esteemed loyal knight; Ole Engelstad, esteemed lecturing knight; C. W. Vorachek, treasurer; Cliff Storholm, tiler; and Fred Protz, trustee for a three-year period.

Mr. Ballingrud will, by virtue of his office, be delegate to the grand lodge convention this summer.

LEGION POST WILL BID FOR DISTRICT CONVENTION IN '42

Post Considers Sponsorship of Building Show in City in Spring

At a meeting Friday evening of Elmer J. Eklund post of the American Legion, it was definitely decided to invite the Ninth district American Legion to hold its 1942 convention in Thief River Falls. The invitation will be formally submitted at the 1941 convention in Fergus Falls in June.

Post Commander Alex Cloutier was authorized to appoint a committee to confer with local business establishments relative to the advisability of staging a building show this spring.

It was voted to cooperate with the Crookston Legion post in arranging the annual Legion outing at Maple lake this summer, and also to raise funds to send a musical organization to the annual reunion of the International War Veterans alliance in Winnipeg late in June.

Hugh Carlson Car in Collision with Horse

While proceeding on Highway 32 near the south county line Monday night at 11:15, the Hugh Carlson car driven by Mr. Carlson and accompanied by Mrs. Carlson and their daughter Jaclyn collided with a stray horse that ran out onto the highway, killing the animal. Mr. and Mrs. Carlson sustained bruises, while their daughter suffered a cut on the head, from which she was recovering yesterday. The car was badly damaged.

There's very little chance of anybody making a fool out of you without your help.

Two-Hour Parking to be in Force Again April 15

With the advent of spring accompanied by the increased use of automobiles, two-hour parking restrictions will go into effect on downtown streets Tuesday, April 15, Police Chief A. B. Stenberg announced today. Signs, which were taken down for the midwinter months, will shortly be installed in the affected area.

Hazel Residents Stage Old-Style Bee, Painting Interior of Creamery

A score of residents of the Hazel community staged an old-fashioned community bee Tuesday and Wednesday of last week when they assembled at the plant of the Hazel Cooperative Creamery association and spent the two days scraping and painting the interior of the building and its equipment. Included in the cooperative-minded group were Henry Sandberg, Roger Kratz, E. F. Erickson, J. E. Peterson, Earl Peterson, Carl Peterson, Carl Alberg, O. J. Snetting, Harvey Odegaard, Walter Odegaard, Erling Anderson, F. W. Peterson, Arthur Gunstad, Ed Anderson, Idor Urdahl and A. Arne.

Old-Fashioned Gowns Were Right in Style Monday Evening at PTA Pageant

Pictured above is the grand finale of "The American Album," a costume pageant presented under auspices of the Parent-Teacher association before a large gathering in the Lincoln high school auditorium Monday evening. The pageant was successfully staged under the direction of Mrs. E. F. Wright and James R. Carlson with the assistance of a PTA committee. Many favorable comments were made on the high quality of the production.

Burglars Get No Loot in Local Garage Office

Burglars who broke into the office of Thief River Motors, Inc., last Friday night attacked the safe with an acetylene torch, but failed to open it and escaped apparently empty-handed, it was reported by Police Chief A. B. Stenberg this week.

Civic & Commerce Assn. Will Meet This Evening

This week's session of the Civic and Commerce association will take the form of an evening meeting in the association rooms tonight at 6:30, L. W. Rullen, secretary, announced today. Motion pictures depicting the work of the Salvation Army will be shown by the local unit of the organization.

Junior Chamber Will Plan Apr. 19 Dance at Session This Evening

A business meeting of the Junior Chamber of Commerce will be held this evening in the Palm Garden cafe, immediately following the sendoff party for departing selective service men, the junior group being co-sponsor of the affair. Final arrangements will be made for a post-Lenten dance to be staged in the Auditorium Saturday evening, April 19, the proceeds of which will be used for the construction of a municipal dock in the river pool. At a special meeting of the junior group Tuesday noon, guests included Sam Huron of South St. Paul and Joe Sekula of Bemidji, respectively president and vice president of the state junior chamber organization.

School Board Awards Roof Repair Contract

At a special session of the local board of education Monday evening, Art Greenberg of Grand Forks, on his low bid of $222, was awarded the contract to make necessary repairs to the roof of the industrial arts wing of the Lincoln high school building, the contract price including all labor and necessary materials. Two other bids were received.

Lucelle Lindblom Is Wed To Gerald Yonke Sunday

The First Lutheran Church was the scene of a simple wedding on Sunday, March 30, when Miss Lucelle Lindblom became the bride of Gerald Yonke, son of Mr. and Mrs. William Yonke of this city. The ceremony took place at 12:30 o'clock in the presence of the immediate relatives, with Rev. Charles W. Erickson officiating. Miss LaVida Yonke, sister of the groom, and Carl Lindblom, brother of the bride were the couple's attendants.

The bride wore a medium blue street-length dress trimmed in white, and a shoulder corsage fashioned of pink sweetpeas and white carnations. Her bridesmaid was dressed in navy blue trimmed in white, and wore a similar shoulder corsage.

Immediately after the double-ring ceremony was performed, a reception was given at the home of the groom's parents. The table was centered with a three-tiered wedding cake topped with a miniature bride and groom. At either end of the table was a vase of sweet peas.

The couple left the same day on a wedding trip to the Twin Cities.

BIRTHS

To Mr. and Mrs. Fritz Christianson, city, March 28, a boy.

Kitty's Kitchen Klatter

Last fall I received one of my biggest thrills, when kicking through the new fallen snow on the pansy bed, I beheld a cluster of deep purple blossoms under the white covering as fresh and lovely as they can be on a dewy summer's morning.

Pansies bloom early in the spring until late in the fall, the plants living through the winter. They seed themselves, and with a little care you can always have a bed of pansies. They like a place that has shade, the hottest part of the day.

Pansies always remind me of a little girl who once had a most peculiar wish. You know how an eight year old can sometimes become possessed by the queerest ideas, or to them the "so very important" wishes. This little Miss wondered why she had not been born with pansy colored eyes. Of all colors, that one was so beautiful!

It was so vitally important to her, she shed bitter tears over it, and questioned a cruel world in a heart to heart talk with her father. And a very understanding dad he was! Instead of laughing at her tale of woe, he tipped up the little tear wet face to gaze fondly at her while he caressed the long blond braids.

Seriously he looked down at her saying, "Child, the Dear Lord made your eyes to fit that small face, just as He made the pansy to match its stem and leaves.

Your daddy wouldn't like it one bit if you awoke one morning to find yourself with your wished-for eyes, but these braids, the color of a pansy's stem and these rosy cheeks the green of a pansy leaf."

A dream wish vanished, leaving a little girl quite happy to have gray eyes.

Buggy Stolen

Sheriff William J. Emig, San Jose, Calif., was called upon to perform a new duty for his department when he was informed by Peter Suma that his buggy—not an auto—had been stolen. It was the first time the theft of an old-time buggy had been reported within the memory of the department.

Bond Payments to Take $3,882,000 Portion of 1941 Highway Revenues

A $3,882,105 slice of Minnesota's 1941 state trunk highway revenues a sizeable sum that will never go to build a new mile of road or help maintain an old one—was set aside this week to meet principal and interest obligations coming due this year on state highway and county reimbursement bonds issued and expended in the past.

As required by law, the state board of allotment, comprising State Treasurer Julius Schmahl, State Auditor Stafford King, and Highway Commissioner M. J. Hoffmann, earmarked sufficient of current highway department income to meet the debt charges coming due between April 1, 1941 and April 1, 1942.

Debt charges which must be met during the coming twelve months are $390,904 lower than those which came due during the past year, because of maturity of a smaller amount of principal, but next year they will soar again and require approximately $4,850,000 before any part of the current motor vehicle license fee revenue can be made available for construction or maintenance operations.

Even after these 1942 payments have been made, there still will remain outstanding approximately $29,000,000 in state highway and county reimbursement bond principal to be redeemed and nearly $4,000,000 in fixed interest charges to be paid, during the ten-year period between 1942 and 1952, out of current road user taxes for those years.

After setting aside money for this year's bonded debt costs, the allotment board recessed, pending legislative action on highway revenue measures now under consideration. It will reconvene later to apportion available reserves and anticipated revenues from the 1-mill road and bridge tax and the 1-3 share of the gasoline tax among the state's 87 counties.

LeRoy Maidment Suffers Bullet Injury in Leg

While seated on a haystack at the Pomerenke farm near Mavie, where he was visiting, LeRoy Maidment, 19, engaged in target practice with a .22 rifle, Monday afternoon rolled over on the rifle in such a manner as to cause it to discharge the bullet into his leg below the knee. He is being treated for the injury at a local hospital.

University Scientists Advise Against Spring Burning of Grass Land

A world-wide error that dates from the primitive days of the Indians in America and the practices of wild tribes in other regions is still believed in by many Minnesota farmers and should be stopped. This is the idea that benefit is received from early spring burning of brushland and meadows. The slight gain from "earlier appearance of green grass" due to clearance of dead grass and slight deposits of potash and other fertilizers from the burning is much more than offset by losses in the opinion of University of Minnesota scientists.

Primary among the losses, especially in woodlots, is the immediate destruction of all seedling trees. Just as the grazing of woodlots does, burning of all such areas destroys natural reproduction of trees, which alone at nursery prices for young trees involves a very heavy loss. Small bushes are burned with the trees, causing a further decrease in the natural conditions that keep a woodlot, or a pasture, healthy and in normal balance.

Another major loss is sustained in the almost complete destruction of the spring nests of all game birds and other species of birds that nest on the ground or in bushes and small trees. Among Minnesota game birds only the mourning dove is a tree nester, and though it seems that the mourning dove should be classed as a game bird. This is ignoring the wood-duck, which is so scarce. Quail, prairie chickens and all other types of grouse, and pheasants, now Minnesota's principal "crop" of game birds, are all ground nesters, and the destruction of these species from spring burning is tremendous. Destruction of small birds kills the enemies of insects.

PETERSEN-BENSON FIGHT UNDER WAY FOR F-L CONTROL

One-Time Governor Resents Editorial Appearing in Party Paper

Factional strife in the Farmer-Labor party further widened Tuesday the breach between Hjalmar Petersen and other leaders with his accusation that an opposing faction had betrayed the late Governor Floyd B. Olson in "the dirtiest page in Farmer-Labor history".

Petersen's statement came in answer to an editorial last week in the Minnesota Leader, Farmer-Labor publication, denouncing him for criticizing events of the party's convention last January.

The party's nominee for governor in 1940 indicated he is practically done with the party as now constituted, but declined to say whether he will follow other leaders into the Democratic party fold. One of his associates on the so-called conservative side of the party, Charles Munn, resigned Tuesday as vice chairman of the party central committee but indicated he is not stepping out of the party.

Petersen and former Governor Elmer A. Benson have been battling for control of the Farmer-Labor organization since their primary fight for the governorship nomination in 1938 which led to Benson's defeat by Governor Harold E. Stassen.

Trinity Church Choir Gives Fine Rendition of 'Great Deliverance'

The Trinity Lutheran church choir, comprising forty voices, gave an effective rendition of the Easter cantata, "Great Deliverance", before a large audience in the church Sunday evening under the direction of Mrs. Glendon E. Ahre. Soloists included Mrs. Arthur Berg, Mrs. O. C. Granum, Mrs Ahre, Robert J. Lund, H. M. Hitterdal and Harold Holmquist, In addition to numbers by a trio, ladies' sextet and a mixed octet. Other features of the program were a violin and organ selection by Justus Larson and Mildred Engen Hamilton, and a brief sermon by Rev. R. M. Fjelstad, pastor of the church.

Votes Coming in for Rural School Contest

Farm Windbreaks Will be Topic of Meeting at Court House April 9th

Attention of farmers is called to a meeting that is being held to discuss farm windbreak planting. The meeting will be held at the courtroom of the courthouse in Thief River Falls at 1:30 p. m. Wednesday April 9. Clemens Kaufman, agricultural extension forester from University Farm, will attend the meeting and will discuss planting, varieties, and care and protection of farm windbreaks. The A. A. A. committee also announce that again they are offering a $15 tree-planting payment which may be earned in addition to the regular soil building allowance on any of the farms in the county.

Gary Cooper Is Coming to Falls Sunday in New Film, "The Westerner"

Gary Cooper plays the leading role in "The Westerner", which will be presented at the Falls theatre Sunday, Monday and Tuesday, with a midnight prevue Saturday evening at 11:15. Principal supporting parts are taken by Walter Brennan, Fred Stone and Doris Davenport.

"Honeymoon for Three", a brisk comedy, will be the offering at the Avalon theatre Sunday and Monday, with George Brent and Ann Sheridan in the stellar roles. Also in the cast are Charlie Ruggles, Jane Wyman and Osa Massen.

Father Hubbard Rotary Club Speaker Tuesday

Father Bernard Hubbard, the "Glacier Priest", famed for his explorations in Alaska, was the guest speaker at the Rotary club meeting Tuesday noon in the Evelyn hotel. He dealt briefly with some of his experiences in the far north.

LOCAL TOWNSEND CLUB TO MEET SUNDAY AFTERNOON

The local Townsend club will meet next Sunday afternoon, April 6, at 2:30 in the Civic and Commerce association room, it was announced today by Eli Peterson, president.

Developments during the past week in the rural school contest sponsored by Thief River Falls merchants in cooperation with the Times included the entry of 13 additional schools, bringing the list to a total of 63, together with the first influx of votes in the contest.

Teachers in the school competing for the various pieces of playground equipment offered as prizes are requested to bring in their votes without delay, so that the first announcement of standings in the race can be made in the Times next week. The total number of votes included in each package should be plainly marked on the outside.

Following are the latest schools to enter the contest:

Pennington County

Cheerville, Norma Ortloff, teacher, Rocksbury.

Dist. No. 4, Bonnie Williams, Smiley

Dist. No. 37, Vivian Johnson, Highlanding

Washington, Mary Blakey, Dist. 221.

Willowdale, Mable E. Dimmen, Norden.

Pleasant View, Rachael Diehl, Deer Park.

Marshall County

Rosebank, Elin J. Lindberg, Rosewood.

Dist. No. 120, Clara Tharaldson, Goodridge.

Pioneer, Clarice M. Plymire, Holt.

Goodwill, Lucille A. Hetland, New Maine.

Sunnyside, Judith Wold, Agdar.

Independence, Henry O. Fjeld, Grand Plain.

Pleasant View, Mrs. Grace Stordahl, Rollis.

HARRYET LUFKIN SEES FIRST ROBIN ON SUNDAY

Miss Harryet Lufkin was the first local resident to report to the Times having seen a robin, definite harbinger of the arrival of spring. She saw the welcome spectacle Sunday in the R. D. Munt yard.

NO DAMAGE FROM CHIMNEY BLAZE IN LYNSKEY HOME

The fire department was summoned Wednesday afternoon to the John X. Lynskey residence at 335 Crocker av. N., where a chimney fire broke out, no damage resulting.

Hay Bales Make Refuge in March 15 Blizzard

When a truckload of baled hay was blown off the road by the force of the wind in the March 15 blizzard, Arthur, Harold and Paul Aap of the Mavie community, traveling south from Mavie toward Thief River Falls, made a shelter out of the bales and remained there until 5 o'clock in the morning before they were able to make their way to more comfortable quarters.

Load Restrictions for Truckers Now in Effect on Northwest Highways

With the spring breakup now under way, roads in this section of the state were posted late last week, F. A. Rinkel, chairman of the Civic and Commerce association road committee, was advised by Lee Boyd of Crookston, district maintenance superintendent. Posted for a seven-ton limit were Highway 32, Red Lake Falls to Greenbush and Fertile south: No. 1, Thief River Falls to Alvarado; No. 75, Ada south, Euclid to Warren and Donaldson to Hallock; and No. 89, in Red Lake county. A six-ton limit is in effect on No. 11 from Roseau to Roosevelt.

Minneapolis Pastor to Campaign for $1,000,000 Norwegian Relief Fund

Named executive secretary for Norwegian Relief in Minnesota is Rev. Elias Rasmussen, pastor of Norwegian Lutheran Memorial Church of Minneapolis, it was announced today by Randolph Haugan, state chairman.

Rev. Rasmussen has been granted a leave-of absence by his congregation and has volunteered his services to the Norwegian Relief cause without pay. He has already arranged for more than a score of speaking engagements throughout the state and will aid in the organization work for the spring campaign.

Immediate goal of the spring campaign throughout the nation has been set at $1,000,000 by June 1, it was announced by Rev. Orlando Ingvoldstad, Chicago, national executive secretary of Norwegian Relief.

Prayer services will be held on April 9, the anniversary of the Nazi invasion. On this date, Rev. Ingvoldstad and Rev. Rasmussen have urged Norwegian churches to offer prayers for the welfare of the Norwegian people.

Mrs. Francis A. Gross of Minneapolis, Mother of Mrs. Roy M. Barzen, Dies

Mrs. Francis A. Gross of Minneapolis, mother of Mrs. Roy M. Barzen of this city, passed away unexpectedly Monday at her home. She was 66 years old. Funeral rites were conducted this morning from the family home, followed by rites at St. Joseph's church. The surviving family includes Mr. Gross; two daughters, Helen Gross, Minneapolis, and Mrs. Barzen; and four sons, Rome, Carl and Frederick of Minneapolis, and Francis of Burbank, California. Also surviving are two sisters, a brother and five grandchildren.

Peter Parenteau, 40, Dies Sunday, March 30

Last rites were conducted Wednesday, April 2, for Peter Edgar Parenteau, 40, who passed away at the sanatorium on Sunday March 30. Services were conducted by Father Merth at 9 o'clock at St. Bernard's Church, and interment was made in the church cemetery. Mr. Parenteau was born in this city on December 9, 1900 and has lived here all his life. He was never married. His father, one brother and three sisters preceded him in death, while he is survived by his mother, Mrs. Philomene Parenteau; two sisters, Kathryn of this city, and Carmel of Red Lake Falls; two brothers, Charles of Minneapolis, and Michael of Calipatria, Calif.; and one niece, Mrs. Forrest Johnson of Crookston.

High School Interclass Basketball Title Will be Decided This Evening

The high school interclass basketball championship will be decided tonight when the sophomores meet the seniors. Last night the seniors, coached by Jimmy Conner and Gordy Rierson, nosed out Don Berg's and Armand Pederson's freshmen, 16 to 15; and in a game filled with bodily contact and rough stuff, the lanky sophomore team, coached by Johnny Parbst and Lenny Lorentson, defeated the juniors, coached by Tommy Carlisle and Orrin Pederson, 16 to 12. The intramural basketball program reached its climax with the championship game last Tuesday noon, and Vernon Ostrom's team, with a 16 to 13 win over Dake Ayers noon-hour team, won the title.

Northrop School Takes Grade Basketball Title by Whipping Washington

For the first time in nearly ten years the city grade-school basketball championship will belong to the Northrop school. That was decided in the high-school gymnasium Tuesday afternoon, when an aggressive and smooth-passing team of Northrops defeated Washington, 8 to 4. Clever-dribbling Larry Hylden, captain of the winners, played a fine game for Northrop, scoring three field goals and playing a smart floor game.

The summary:

Northrop (8)					
Hylden, f	3	0	1	0	6
Storhaug, f	0	0	1	1	0
Powell, c	0	0	0	0	0
Magnuson, g	1	0	0	0	2
Amundson, g	0	0	0	2	0
Lynd, g	0	0	0	0	0
Ekern, g	0	0	0	0	0
Totals	4	0	2	3	8
Washington (4)					
Cerny, f	1	0	0	1	2
Rye, f	0	0	3	1	0
Olson, c	0	0	0	0	0
Gullingsrud, g	1	0	2	0	2
Hanson, g	0	0	0	0	0
Totals	2	0	5	2	4

Score at the half: Northrop 6, Washington 2.

RECREATION HIGHLIGHTS

The recreation program is *sponsored by the City Council* in cooperation with Works Project Administration recreation leaders.

Puppetry

Another puppet show is scheduled for this afternoon at 4:20 in the arena puppet theatre. This week's production will be "The Wishing Well". Along with the main show, several shorts will be shown. Over two hundred and sixty were on hand for last week's show. Scattered throughout the crowd were persons of all age groups. Mothers were there with pre-school children as well as grade, junior and senior high school students. All are welcome to attend this week's show.

Handicraft

Two classes have been established in handicraft work. One is for junior high school students; the other for high school and older. Great interest has been shown in handicraft work. Girls are now busy making wooden belts for sport wear. These belts are a chain of wood squares, each having a colorful design, attached together with braided string. Many other interesting articles have been made, and future plans indicate that a great many more will be made.

Woodcraft

Hundreds have taken advantage of the new tools in the craft shop. Reports from participants indicate the shop is very satisfactory. At the present time a bird house contest is being held for boys under the age of 15. Large and small homes for birds are being built. Several contestants are making two, three and four houses of different design. Other contests will be held as times moves on. These contests have as their purpose the creation of interest in craft activities.

Game Room Activities

Preschool children are coming in larger numbers to the play room on weekday afternoons. The whole play rooms is theirs from one to three o'clock each afternoon. Their play is directed by Camille Dostal. Participants of all ages using the game room where ping pong, checkers, various card games, etc. are available.

County CCC Enrollment Set for Monday, April 7

A CCC enrollment will be conducted in Pennington county next Monday afternoon, April 7, L. G. Larsen, in charge of registration, announced today, adding that the county quota is five. Young men interested in enrolling are asked to communicate with Mr. Larsen at once.

Highest Suspension Bridge

The highest suspension bridge in the world is in Colorado which spans the Royal Gorge canyon. The floor of the bridge is 1,053 feet above the bed of the Arkansas river. The main span is 880 feet long and the total length, exclusive of approaches, is 1,200 feet.

"Honey-for-Breakfast" Week Opens April 13th

The third annual "Honey for Breakfast" week—sponsored by the American Honey Institute—begins Easter Sunday, April 13th. Supported by 800,000 members and affiliates, throughout the United States, the Honey Institute stresses the idea of getting a right start for the day by eating honey for its energy and food value. Uses of honey for breakfast, the Institute points out, are honey on fruit, honey on cereals, honey with hot biscuits or toast and honey to flavor and sweeten coffee, tea or cocoa. For a heavier breakfast, the Honey Institute recommends griddle cakes or waffles flooded with honey.

TIMES AD GETS RESULTS QUICKLY FOR VIKING MAN

By using an inexpensive ad in the classified section of the Times last week, I. M. Pederson of Viking recovered a tire and wheel which he had lost recently. "That ad was a good investment", Mr. Pederson commented.

Medical Association Opens Campaign Against Fear in Cancer Ailment

The fear and hopelessness that have so long been associated with the word, cancer, are not justified by the facts. This is the text of *a statement issued by officials of* the Minnesota State Medical Association today announcing that the month of April will be devoted by the association to a campaign of public education on the facts about cancerous disease.

"There is a better hope for a complete cure for cancer patients who are discovered and treated early than there is for patients with serious heart, circulatory ailments, diabetes and many other less dreaded ailments of middle age," the doctors declare in this announcement. "Death may often be put off indefinitely in the other diseases; but there is no hope of permanent cure or of a complete return to normal living.

"In the large majority of cases with cancer, on the other hand, surgery or x-ray or radium will bring about a complete cure, provided the growth is found early and before cell fragments have escaped to set up new growths in other organs of the body. No disease and no complications remain when the growth is removed."

Schoolmen's Week Opens at University Monday

School workers from all parts of Minnesota, including principals, supervisors, superintendents, research workers and teachers in many different subjects, will gather on the campus of the University of Minnesota Monday, April 7, for the three days of the annual Schoolmen's Week and superintendents and principals short course conducted by the college of education.

This is the year's largest meeting of school men and women on the university campus and second only to the Minnesota Education Association convention among school meetings in Minnesota.

Cooperating agencies include the Minnesota state department of education, Minnesota Council of School Executives, Minnesota Society for the Study of Education, Minnesota Association of Secondary School Principals and the supervisors and directors of instruction.

What can the Norden do that beats that?

Can it drop a bomb from 30,000 feet that will put the flower-pot back together again?

Growing With Your Child

Institute of Child Welfare, University of Minnesota

She Used Forethought

"Having had some experience with friends whose children handled everything when they came to visit, I was interested in seeing just how my child would react when visiting. Knowing that it annoyed me to have my things touched by other children, I was determined to try to prevent this when we went visiting our relatives and friends.

I had been given a book on child guidance, which I read and tried to follow. I took the child in my arms and carried him around the house, letting him touch and handle everything he was interested in—just so he could know how everything felt.

Very delicate articles were placed back from the edge and not on insecure little tables. There were certain things he enjoyed more than others. One was iridescent goblets. These were kept in a little cupboard, low enough for him to reach. I was busy in the kitchen one day when Bill came, pulled at my skirt and said, "See! See!" I went to the dining room and found a dozen goblets arranged in a row near the edge of the table. My heart was in my mouth, but I realized if I said, "No, No," he might get them out again and might possibly break them the next time. I sat down and had him bring them all back, one by one, place them in the cupboard and close the door. They were never touched again.

When we visited we went around and looked at the various articles new to him. We usually found something for him to play with. At his grandmother's he had a drawer in the pantry for his toys. Other places we took our own. This child learned early in life, without the word "don't" that there were certain things for him and other things that he was not to play with."

Apparently it is possible to teach very young children about property rights, without sternness and many prohibitions! Having a plan, and carrying it out constructively, as this mother did, is half the battle.

Little children are bound to be curious about things that they see that are new to them. This eagerness to know, to find out, is a very desirable thing; but it does have to be carefully guided. If we let children experiment at will they'll soon be termed "brats" by our friends and neighbors; but if we provide a setting in which they have much opportunity to explore and experiment, they will be much more reasonable when we explain that there are some things too valuable to be handled by anyone but the owners.

Why didn't the two year old who put his mother's choice glasses on the table get them out of the cupboard again? Because by her cleverness she avoided centering his attention on their importance to her. Because, having had the fun of arranging them on the table (as I suppose he had seen his mother do), having imitated her behavior in setting the table, he "got it out of his system," and was no longer interested.

Widow's Mite

Most commentators are of the opinion that the coin was the lepton, a coin of ancient Greece, the value of one-third of an English farthing, or about two-thirds of an American cent. Other commentators think it is a still smaller coin with a value of one seventy-second of an English penny. In both cases the coin would be copper.

IN DEFENSE OF MINORITIES

The red hot argument in state political circles this week is over the action of the management of radio station WCCO in cancelling the time that had been allotted to Senator George Lommen for a political talk. Senator Lommen, leader of the Farmer-Labor party minority in the senate, had been given 15 minutes for his speech. His manuscript had been approved, indicating that it probably was neither obscene nor profane. Then shortly before he was scheduled to go on the air he was informed that the station management feared a libel suit if they broadcasted his talk.

Not having read the speech we of course are not qualified to pass definite judgment on the action taken by the management but in our opinion it would have to be pretty terrible to justify such action. After all, Senator Lommen is a public official who, as a minority leader, has a right to be heard.

We have no love, and little respect, for Senator Lommen. In politics he is a violent partisan, the type of lawyer-law maker Thomas Jefferson said we had too many of in our legislatures, who, according to Jefferson, "admit nothing, deny everything and talk by the hour." Whatever Senator Lommen would have said in his radio talk probably would have been only distantly related to fact. Regardless of that, however, he should not have been denied the right to say it.

There would be little justification for criticism of the management of station WCCO if Senator Lommen had abused the courtesy offered to him by the station. Denying him the right to speak after having offered him the time free of charge, on the grounds that what he would say might be proven untrue, appeals to us an assumption of censoring authority that is unwarranted and contrary to traditional and accepted American political theories. Majorities can take care of themselves but the right of minorities must be respected if we are to continue as a nation of free people and the greatest possible latitude should be extended to the leaders of minorities in the expression of opinions on public matters.

MINNESOTA FOLLY
(Country Gentleman)

As evidence that the warlike spirit abroad in the world today has reached this country, we point with sadness and alarm to a bit of news from Minnesota. As we write these lines, a community farm club in that state is about to debate the question: "Resolved, that men are better cooks than women."

Doubtless it is the nature of the human animal to court unnecessary danger now and then. But if the men of the farm club wanted a little excitement to relieve the tedium of a northern winter, they could have gone in for something noncombative like parachute jumping. They didn't have to start a civil war.

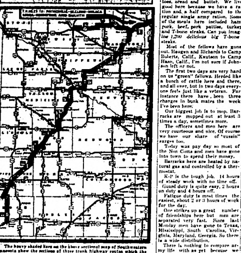
There are, of course, plenty of arguments on both sides. The men naturally will point out that all the renowned chefs have been male gender, that a man wrote the first real book on cooking, that creative genius is found more often in men than in women. They will smack their lips, in memory, over the meals they themselves have cooked over campfires. They will strut and crow and talk in positive accents, as males are apt to do when courage is bolstered by the presence of other males. And after the debate is over they'll wish they hadn't.

On the other side of the question, the ancient retorts of women will be dragged out for an airing. Surely some men can get up a palatable meal, and why couldn't they? Put a man in the kitchen and he trims off and hands the cat all but the choicest parts of a steak. He literally bathes his raw materials in butter and runs through enough cream and other rich, expensive materials for three meals. Isn't economics a part of successful cooking? After all, a household budget isn't the national treasury.

And what about variety? Maybe a man can prepare one good meal, but what about doing it three times a day, seven days a week? Doesn't a wide repertoire have a place in the picture? And if the affirmative doesn't believe these self-evident facts, how would it like to have a rolling pin served around its boastful neck tomorrow morning for breakfast?

There's no telling what will happen in that Minnesota community by the time the spring thaw sets in. As for this publication, it hereby straddles the fence completely and brazenly. And if any reader who considers himself a tough fellow wants to tempt fate by taking sides, let him speak his piece for our letters column.

3 CHANGES IN TRUNK HIGHWAY ROUTE NUMBERS



The heavy shaded lines on the above sectional map of Southwestern Minnesota show the sections of three trunk highway routes which the State Highway department announces will be renumbered about May 1, 1941, in order to make T. H. 23 a continuous diagonal highway from Duluth to the southwest corner of the state. Old, existing route numbers are shown in squares, the new numbers in conventional circles.

Looking Backward

1931—TEN YEARS AGO

Bemidji defeated Warren in the local Auditorium to win the Region 8 basketball title.—P. O. Myhrum was named manager of the retail store of the Thief River Falls Seed House. —Mr. and Mrs. Ed M. Evenson, pioneer residents, celebrated their golden wedding March 24.—Mrs. J. M. Bishop filled several speaking engagements in the Twin Cities.—Robert J. Lund was reappointed to serve as manager of the local wool pool this spring. —W. H. Mann succeeded Dr. A. E. Jacobson as president of the Rotary club. —A large attendance was registered at the fifth annual spring exposition and automobile show in the Auditorium.

1921—TWENTY YEARS AGO

The Sons of Norway lodge bought property near the river on Third st. with the intention of erecting a lodge hall there. —The Thief River Falls Legion post basketball quint closed its season with 14 straight victories. —N. J. Silk was appointed a member of the park board by Mayor John Bratrud. —A tag day in the city netted $117 for relief of starving Chinese. J. T. Simley of Rugby, N. D., was named superintendent of the local schools.—A dinner party was given by the library board at the T. L. Melgaard home honoring Miss Gena Granum, librarian, who will soon be married to Alfred Skarstad.—Edward Fiterman left for Minneapolis to participate in the state oratorical contest.

PUBLIC OPINION

Willie Randorf of this community submitted to the Times the following letter from Representative Walter E. Day relative to the proposed bill increasing salaries of Pennington county commissioners:

The petition in regard to salary increases in the offices of county commissioner and county auditor was received some days ago, and certainly the Taxpayers association did a good job in the coverage of the county, as I think I received a petition from every township in Pennington county.

I want to say that I was certainly glad to get the views so completely from Pennington county, and, as in the past, I am perfectly willing to be guided by them. I am only sorry that I couldn't have the views of as many people in the county on every question that comes before this body.

Salary increases are very unpopular in this session. There have been a few adjustments made as between different offices in the county and between the same offices in the different counties.

The county commissioners bill has already been killed. The auditor's bill, I understand, is on general orders in the senate and likely will not pass. I also want you to know that I am writing this letter to you and it is the only one that will be written to the signers of your township, so I am in hopes you will tell your neighbors who signed with you the nature of my reply.

Rep. Walter E. Day.

Editor The Times:

A little view of army life: Leaving Thief River Falls by Pullman was quite an experience but even then it didn't promote much sleep. We had breakfast at the depot. Then we had our first ride in a bouncing army truck.

We started in our examination at 8 o'clock p. m. and had finished by noon. At noon we had our first army mess. The plate in front of us had of all things, Beans, but a later course brought ham, potatoes, bread and butter. We live good here because we have a ration and a half compared to the regular single army ration. Some of the meals here included ham, pork, beef, pork patties, turkey and T-bone steaks. Can you imagine 1,200 delicious big T-bone steaks.

Most of the fellows have gone out. Haugen and Richards to Camp Roberts, Calif., Knutson to Camp Haan, Calif., I'm not sure if Johnson left or not.

The first two days are very hard on us "green" fellows. Herded like a bunch of cattle here and there, and all over, but in two days everyone feels just like a veteran. For instance there have been three changes in bunk mates the week I've been here.

Our biggest job is to mop. Barracks are mopped out at least 3 times a day, sometimes more.

The officers and men here are very courteous and nice. Of course we have our share of "cussin" sarges too.

Today was pay day so most of the Non Coms and men have gone into town to spend their money.

Barracks here are heated by natural gas and controlled by a thermostat.

K-P is the tough job. 14 hours of steady work with no time off.

Guard duty is quite easy, 2 hours on duty and 4 hours off.

Fatigue duty is most times the easiest, about 2 or 3 hours of work for the day.

One strikes up a great number of friendships here but men are separated very fast. Since last Monday men have gone to Texas, Mississippi, South Carolina, Virginia, Maryland, Georgia. So there is a wide distribution.

There is nothing to compare army life with as yet because we havent any drill. However each morning we have "Snipe-Patrol" picking up cigarette butts and matches. We have been getting up each morning, however, at 4:30, in bed at 9:00. A wholesome life but so much of a change it is hard to get used to.

Tuberculosis Affects Girls Age 15-25 Most Severely, Survey Shows

Girls between 15 and 25 have lagged far behind young men of the same ages, in the improvement of the tuberculosis death rate; 66 per cent more girls die from the disease each year than brothers, boy friends and husbands in the 15-25 age bracket, according to a study by Northwestern National Life Insurance Company.

In the United States tuberculosis does its deadliest work nowadays among women of child-bearing ages, the population segment most vital to America's present and future, the study points out.

Biological differences—the greater changes in the female organism at adolescence—make girls and young women naturally more susceptible to tuberculosis; this susceptibility has undoubtedly been aggravated by modern trends: "slimming" diets, late hours, wider use by women of alcohol and tobacco, and by industrial competition between women and men based on the false assumption that the two sexes are physically equal, the study states.

Although the death rate from tuberculosis among the general population has declined enormously since 1900, girls and young women have shared less in that improvement than any other age-and-sex group, the study shows.

Though in 1900 the tuberculosis death rate among girls from 15-19 inclusive was 43 per cent higher than that of boys of the same age, the young girls' death rate today is 82 per cent above that of the boys.

Trolleys in New York.

The first street railway was built in New York city in 1832, the tracks being laid on the Bowery and Fourth avenue from Prince street to Harlem, the rail consisting of strips of flat iron laid on granite blocks. This railway was put into operation in June, 1833, the first cars running from Prince street to Murray Hill. The cars resembled the stagecoach then in use and were mounted on flanged wheels.

We Specialize in the Large Type English White Leghorn

In 1940 Land O' Lakes Hatcheries purchased 1300 hatching eggs from the world famous J. A. Hanson pedigreed Leghorn farm at Corvallis, Oregon. These eggs were from Hanson's U. S. Certified High Pedigree Old Hen Matings, eggs from hens with trapnest records of 250 to 275 eggs and these hens mated to U. S. R.O.P. males from 300- to 352-egg dams.

All Land O'Lakes Special Grade S. C. White Leghorn Breeding Flocks are Headed by R. O. P. Males Hatched from Those Eggs.

During the past years we have used males from Tancred, Ghostly, Wycoff, Tom Barron, and Hollywood strains of White Leghorns.

By crossing these famous strains we obtain the rugged vitality which is so noticeable in Land O'Lakes White Leghorns.

Eight tons of roses are needed to make a pound of oil of roses, worth about $175. Synthetic oil of roses, using coal and oil products, costs only $22.50. Some experts say it's almost impossible to detect any difference.

NYA HI-LITES
By Tom Benson

Whew! How time flies! Bet you didn't realize that it was April till you felt like kicking yourself for falling for some old April Fools gag.

The Commercial Class held at night in the Lincoln High School is giving eager students a chance to learn the necessary preliminary training for entering the business world as accountants, stenographers or filing clerks.

Boys working in the NYA Industrial Arts woodshop are doing some commendable work under Paul Perrault. Their work can be seen at the shop almost anytime and look at it would be well worth your while.

With joyous hearts we welcome the coming of spring, for the promise of lovely weather it brings is the universal champion of trouble healers, and harbinger of the happiest season of the year. As is always the case however, we find that for everything we gain, we must sacrifice something, this time it is students. Several boys have left and others are leaving to jobs already acquired, or to find work. Like all the fellows here they are all-right guys and we hope that good fortune will shadow them on their individual life's journey. The departure of these students is just a gentle reminder of course completion time, when each boy will pack his war bag, and with newly acquired trade as his cayuse, seek another range.

A. Nelson, Resident cook, has proved the saviour of more than one romance. When an unfortunate youth finds himself with a heavy date and on the verge of bankruptcy, he immediately seeks out Nels, as he is affectionately called, and explaining his plight, Nels, like the good Samaritan that he is digs into his jeans and makes the bankrupt youth a good will loan, demanding neither interest or security. Guys like that must be born on Sunday.

MORTGAGE FORECLOSURE SALE

Default has been made in the conditions of that certain mortgage made, executed and delivered by Louis W. Borchert and Ethel D. Borchert, husband and wife, as joint tenants, and Shirley Anderson [illegible], a widow, mortgagors, to First Federal Savings and Loan Association of Thief River Falls, a corporation, of Thief River Falls, Minnesota, dated July [illegible], 1937, and filed for record in the office of the Register of Deeds of Pennington County, Minnesota, on the 27th day of July, 1937, at [illegible] o'clock P. M., in Book [illegible] of Mortgages on Page [illegible]; that no action or proceeding has been instituted at law to recover the debt secured by said mortgage, or any part thereof; that said default consists in the failure of the said mortgagors to pay the monthly payments when due for the months of February and March, 1941, each in the sum of Twenty-four ($24.00) Dollars, and to pay the taxes and insurance in the sum of Ninety-nine and 51-100 ($99.51) Dollars, making a total delinquency at the date of this notice in the sum of One Hundred Forty-seven and 51-100 ($147.51) Dollars; that by reason thereof the undersigned mortgagee does hereby elect to exercise its option to declare all unpaid indebtedness evidenced by this note and mortgage immediately due and payable, and the same mortgagee does hereby declare that there is due and claimed to be due upon said mortgage, including taxes, insurance, and interest to date hereof, the sum of One Thousand Five Hundred Sixty-seven and 67-100 ($1,567.67) Dollars.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to-wit:

Lots Thirty-[illegible] and Thirty-six ([illegible]), of Block Eighteen (18), Townsite of Red Lake Rapids, now a part of the City of Thief River Falls,

will be sold by the Sheriff of Pennington County, Minnesota, at public sale, to the highest bidder for cash, at the East Front Door of the Court House in the City of Thief River Falls in said county and state, on the [illegible] day of May, 1941, at 10:00 o'clock A. M. of that day, to pay the debt then secured by said mortgage and taxes, if any, on said premises, and the costs and disbursements allowed by law, subject to redemption within twelve (12) months from said date of sale.

Dated this 25th day of March, 1941.

FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION OF THIEF RIVER FALLS,
By Paul A. Lundgren,
Attorney for Mortgagee.

Came Too Late

A letter and a package of gifts were received at the Columbia, S. C., state prison for Clayton Crans. Prison officials were puzzled over what to do with the gifts. Crans was one of six prisoners electrocuted last March.

The Fertile Crescent

Civilization was cradled in Egypt and in the "Fertile Crescent." Prof. James H. Breasted of the University of Chicago coined the phrase, the "Fertile Crescent." It applies to the region, crescent shaped on the map, between the Persian gulf and the Mediterranean, which includes Mesopotamia, Palestine, Phoenicia and Syria. These were the ancient lands where the soil was fertile though on every side they were surrounded by deserts.

CLIFF GUSTAFSON TO HEADLINE MAT CARD HERE APR.15

Former Big Ten Champion to Meet Jim Wright of San Antonio, Texas

Big Cliff Gustafson, 242-pound Gonvick lad, the wrestler that all the "organization" grapplers are afraid to meet in a "shooting" match, will feature promoter Bill LaFave's April 15th wrestling card in the local Auditorium.

It will be the first time that Gustafson, a University of Minnesota graduate and a former Big Ten and A. A. U. heavyweight wrestling champion, will perform before the "home folks". Gustafson's opponent in the main event will be Jim Wright, a six foot four inch grappler from San Antonio, Texas.

The semi-final match will pit Earl Wampler, 214-pound Scranton, Pa., wrestler against Don McIntyre, 220-pound Missouri grappler. In the preliminary bout, Ralph Garibaldi, 218-pound veteran from St. Louis, Mo., will meet Stan Myslajek, 217-pound Minneapolis lad.

MUCH SNOW DISAPPEARS AS RESULT OF MILD DAYS

With temperatures ranging up above the 40-degree mark over the past week-end, heavy inroads were made on the winter accumulation of snow in this locality. Rain fell Tuesday evening, followed by a light snowfall.

The annual meeting of the Thief River Falls Athletic association will be conducted next Monday evening, April 7, at 8 o'clock in the Civic and Commerce association room, Ole Engelstad, secretary, stated today. Three directors will be elected, in addition to which a report on hockey team finances is to be submitted, and a proposed wrestling program will be discussed.

Pennington Sportsmen's Club Will Sponsor Crow Hunt Ending June First

Arrangements for a spring crow hunt were completed Wednesday evening at a meeting of the Pennington County Sportsmen's club, with 125 persons in attendance. The hunt will get under way at once and will continue until June 1, with Helmer Ness and Ole Ness as opposing captains. The program for the evening included the showing of Minnesota conservation films dealing with wild geese and the Carlos Avery game refuge north of the Twin Cities. Arthur Hambeck exhibited an attractive rug made from the pelt of the huge black bear shot last fall by him and other members of his hunting party.

China which produces each year 2,600,000,000 bushels of rice is also the world's largest consumer of rice.

LOCAL JR. HOCKEY TEAM HONORED AT DINNER THURSDAY

Goalie Johnny Robarge Is Presented with Five Dollar Award

The local voiture of the 40 & 8 honored the Hornets, the Junior hockey team, at a turkey supper in the Pine Cave of the Palm Garden cafe last Thursday evening. Joe Maruska, chef de gare of the 40 & 8, welcomed the group in behalf of the voiture, and then turned the gathering over to Dr. A. R. Hulbert, who presided as toastmaster.

Alec Campbell, manager of the hockey team, gave a brief summary of the past season, and then introduced the following team members to the assembly: Lloyd Johnson, Irvin Wilson, Morris and Johnny Efteland, Don Waag, Marlin Dorn, George Effinger, Don Baker, Robert Prota, John Robarge, Douglas Snelling and Don Wedin. Mr. Campbell read a communication from coach George Beverly, in which Beverly stated that it was his opinion, and that assistant coach Jimmy Bronson concurred, that goalie Johnny Robarge should be given the award for the player showing the most improvement during the season, and Mr. Campbell presented Robarge with five dollars in currency.

As a memento of the past season the 40 & 8 presented each of the team members with an emblem. Wm. LaFave, who has been very active in behalf of local junior athletics, presented each of the players with a team photograph.

L. S. Miller, Crookston, past president of the Northwest Junior Hockey Association, addressed the gathering and spoke on the future of the 40 & 8 program with regard to hockey. He emphasized the fact that the state high-school league constitution prevents the sponsorship of athletic teams by outside groups, but that this provision could be amended so that responsible parties, such as the 40 & 8, would be able to sponsor such sports as hockey. Mr. Miller also informed the gathering that the Cathedral high school team of Crookston, after careful deliberation, had been awarded the sportsmanship trophy at the recent junior hockey tournament held in the local arena.

W. E. Dahlquist, speaking as a member of the community, concluded the program with remarks on the community's reactions to the 40 & 8's Junior hockey program. He congratulated the voiture and the hockey team on their success during the past season, and predicted that their prospects for future successes were bright.

2 Local Bowling Teams Victorious in Matches Here Friday and Sunday

Local bowlers were successful in two total pin matches rolled on the Mint alleys during the past week. On Friday night the Jung's Bakery quint defeated the D-X's of Alvarado, 2373 to 2176; and on Sunday the Thief River Falls Coca-Cola, with Art Langseth bowling a 544 total, defeated the Crookston Coca-Cola's, 2520 to 2383.

Bowling Tournament

We're putting on a handicap singles bowling tournament on the Mint alleys during the week-ends of April 12th-13th and 19th-20th; and we'd like to have all the A. B. C. Sanctioned bowlers in town entered. It's difficult to put on such an affair without doing an injustice to some of the bowlers, and there are some complaints that a handicap tourney will penalize the high average bowler, the guy with an average of 180 or more, and benefit the medium and low average bowler. But perhaps that's the way it should be, for the high average bowlers have been collecting the gravy for a long time and it's now the turn of the 'forgotten' bowler to get in his licks. But at that the percentages, with all bowlers rolling their averages, will be in favor of the high average men. Frankly, the tournament is 'wide open'.

Why not make it a point to enter? It's to be a four game affair; rolled on four alleys; 190's to be the scratch; and all the entry money, except for the bowling and incidental expenses, is to be awarded to the winners.

Thanks, Boys

Don Olson's Soo Cafe team, by running through the Demolays for a 66 to 40 win last Wednesday night, copped the city basketball championship, and made me look like a million. Several months ago I picked that outfit as the city champs, but immediately after my prediction the boys ran into some 'Saturday night on Main and LaBree' trouble and dropped three or four games in a row, and the smart guys around town were making boorish remarks about my 'city champs'. But in last weeks' title play-offs, with Deane Schoenauer, Plummer's gift to the team, on a red-hot streak of basket-shooting, the Soo Cafes romped in to the title.

The Prowlers for 1941-42

Perhaps I'm stretching the basketball season too far by this mention of the Prowlers' prospects for next year; but the boys are still playing basketball at the high school. Tonight the inter-class tournament will have its finals, in the boy's and girl's divisions. And next week Coach Lindenmeyer will call out a squad of future Prowlers for a couple of weeks of spring basketball. Of the twelve boys that won basketball letters this year—Eddie Flasch, Dabe Peterson, Johnny Parbst, Armand Pederson, Jimmy Conner, Tommy Carlisle, Denny Althoff, Russ Garness, Lenny Lorentson, Orrin Pederson, Don Berg, and Gordy Reierson—only three, Lorentson, Berg, and Orrin Pederson, will return for next season's play. Lenny and Orrin are Juniors and Don's a sophomore. But there's considerable varsity material in such juniors as Johnny Campbell, Orlin Gjernes, and Owen Borchert; and in such sophomores as Jack Melby, Bob Powell, Gus Paulson, Bob Abbott, Milt Reierson, Homer Matheson, Bob Wright and Don Olson. With normal development these boys should, by next tournament time, make the Prowlers again the team to beat. The Prowlers and the Pirates, that is, for Crookston's small, fast squad will only lose Bill Bakken by graduation.

The Good Old Days

And speaking of basketball. I was at the gym Tuesday afternoon and watched my Alma Mater, Northrop school, win the city grade-school basketball title. That game brought back memories of the time when I was a member of the school's first team. Kind of dates me, doesn't it? Back in those days we used to have our practice sessions in the hay lofts of old barns, with McGinn's barn and Mogenson's barn being the favorites. Those were the days when the Northrop team of Luke Loken, Herb Kedne, Orrin Storholm, Lloyd Bennes, Walt Larson, Mark Olson, Francis Ohm, Millard Myrin, and I were the scourge of the city.

It's the Surest Sign

A surer sign of spring than the arrival of crows or robins, or kids playing marbles, is the fact that Muriel (Mrs. Ed) Carlson has hung up her skates and has begun to exercise her golf swing. You can bet that there's not enough skating ice left to chill a 'coke' when that happens, and that the winter season is officially at an end.

Miscellany

The Commercial bowling league continues in a three-way tie; the Hartz Office, the Times, and Our Family, each lost two games last Monday night. That mysterious bowler who is operating under the pseudonym of 'the Royal Bohemian' is none other than Frank Kobliska. Soldier Heinie Waag has been transferred to Fort Sill, Okla.

BUHL QUINT TAKES STATE TOURNEY BY DOWNING RED WING

Bemidji, 8th Region Champ, Was Eliminated in Semi-Finals

The 1941 Minnesota high school basketball championship went to the Iron Range in the final game of the state tournament in the Minneapolis Auditorium Saturday night when a scrappy Buhl team nosed out Red Wing by a score of 31 to 29. Approximately 35,000 persons attended the three-day event.

In first round play last Thursday, Bemidji defeated Moorhead by the decisive score of 42-23; Red Wing won from Austin 45-29; Buhl nosed out victory over Mankato 37-35; and Minneapolis Washburn defeated Lester Prairie 30-19.

Buhl won a narrow 33-29 victory over Washburn in the semi-finals Friday evening, while Bemidji was eliminated by Red Wing 37-24. In the consolation game Saturday night Mankato won from Austin 41-33, while Washburn won third place by defeating Bemidji 47-30.

Diamondball Meeting Set for Monday Night

As an added reminder of the arrival of spring, announcement was made today by Ole Engelstad, manager of the local diamondball league, that a meeting to discuss plans for the coming season will be held next Monday evening, April 7, at 7:30 in the Civic and Commerce association room. Secretary Charles Dostal will submit a report covering last year's league operations.

SOO CAFE WINNER OF CHAMPIONSHIP IN CITY CAGE LOOP

Defeat DeMolays 66 to 40 in Title Contest Last Wednesday

Driving through their lighter and younger opponents for numerous close-in shots, the Soo Cafes, with forward Deane Schoenauer popping in 14 field goals for 28 points, and center Arnie Karlstad collecting 16 points, trounced the DeMolays, 66 to 40, last Wednesday night, to win the championship of the city recreation basketball league.

Earl Nicholson, with 8 field goals and 4 free throws, and Wayne Bredeson, with 3 field goals and 4 free throws, were the most effective point-getters for the orange-jerseyed DeMolays.

RURAL ELECTRIC LINES HOOKED UP WITH 260 FARMS

E. F. Kiland, Co-op Manager, Says Members Are Well Pleased

Announcement was made Wednesday of last week by E. F. Kiland, manager of the Red Lake Electric Co-operative, Inc., that some 260 members have been serviced on the lines, and the members are expressing much satisfaction with the electric service, says the Red Lake Falls Gazette.

During the past ten days two crews have been putting in long hours in their effort to get the lines energized and they have completed their job well ahead of schedule. Mr. Kiland states to date all possible members are hooked up for energy, that is, all those who have had their premises wired, inspected, and okayed for service. There are still a few farms which have not been energized, but these will be, as soon as the necessary details are complied with.

August Bourque and Martin Healy of Red Lake Falls, and Lawrence Best and Earl Jorgenson of Thief River Falls, have done the work of energizing the lines and Mr. Kiland states that they have done a splendid job, completing their work in little more than a week.

Survey Shows Tourists Spent 173 Million in Minnesota During 1940

Vacation travel spending in Minnesota during 1940 totaled $173,636,511, the Conoco Travel Bureau reports on the basis of a recently completed nationwide survey.

This bureau, maintained by the Continental Oil Company, a concern doing business throughout the United States and several foreign countries, has been making these surveys and reports for several years and is regarded as an authority in this field.

It now reports that 3,757,045 persons spent their vacation, or part of it, in Minnesota last year. This state places sixth in the amount of cash spent here during the year, and 13th in the number of vacationists entertained.

NUTRITION GROUP TO ORGANIZE FOOD RESOURCES HERE

Committee Is Appointed to Conduct County-Wide Project

Abundant food and adequate nutrition for all Pennington county families is a goal of a program now taking shape in this county, linked closely to the nation-wide effort to strengthen Americans by increasing food supplies and improved food habits. In the county the activity will be directed by a local nutrition committee consisting of individuals from various organizations and groups in the county. The local steering committee met for a meeting last Friday evening.

Schools, governmental agencies, welfare organizations and civic groups will be enlisted in the effort to promote better understanding of foods and their importance. Information on improving the food supply will be supplemented by educational material on balanced diets and common sources of vitamins and food elements needed by the body. The details of the procedure will be worked out later.

Methods of successful gardening, canning, vegetable storage, preparation of dairy foods and meats will be given careful consideration in the 1941 program for the family. Food needs to promote healthy growth in children and useful energy in adults, sources of food supply on the farm such as fruits, vegetables, dairy, meat, and poultry products will be looked into on this program.

The county committee will consist of the following individuals: Richard Dablow, John Lynskey, Miss Rosine Dahlen, M. R. Graham, Richard Olson, Mrs. S. E. Hunt, Mrs. Freeman Allen, Mrs. Albin Peterson, Mrs. Ed. Korstad and Mrs. Emil Larson.

GLASS UNBROKEN IN 20 FOOT FALL

Waseca— Unblemished, unbroken, uncracked was the condition of a two-pane storm window which fell 20 feet from a second story window to the frozen ground beneath and was found leaning up against the house after last Sunday's 85 mile an hour gale. So states Wm. R. Hill, Waseca postoffice clerk, from whose home the window was blown although men who have broken a window pane with a putty knife and women who have broken a glass by putting it in hot water, will find it difficult to believe.

IN THE STATE SENATE

By Senator E. L. Tungseth

Yesterday was one day when we succeeded in making big headlines as far as news was concerned. The Senate found itself very much deadlocked under call and during the completion of a roll call, we were kept quite idle for nearly four hours until the one absent Senator finally arrived. There have been many versions of this situation given in the press—some of them with attempted sincerity and others, of course, with a goodly display of humor. It was, at best, a ridiculous situation which need not have occurred as our rules are specific enough to cover a situation of this kind, but when political maneuvers are "important" one might expect most anything.

The most reasonable explanation is the fact that some of the Senate leaders wished to injure the standing of Senator Weber who, at that time, was absent, he being in the lead of the fight for legislation which provides economical and tax-free tractor fuel. These "leaders" directed the Lieutenant Governor to make a very peculiar ruling, and when the leaders tried to have him change that ruling, of course, he refused. Under our rules the Senate cannot be held under call when the question concerned has been disposed of by a majority vote. The absence of one or more senators on a question that has been decided, is not serious and only when there is a tie vote can the Senate or the holder of such a call insist on having the very last man brought in. Mr. Weber was absent, having been excused, as he thought, for all day which excuse was recorded only for the morning session.

I am glad to inform our many readers that we are making real progress in preparing such legislation as will provide our farmers throughout the State with what, apparently, is a very good tractor fuel and which will not be subject to State tax. Of course, even though a tax were placed on it, such a tax would be refunded on proper verification, but if the fuel can be used only for tractors, such a tax and tax refund service will only be a nuisance and expense. This bill will, no doubt, be passed by the Senate either today or early next week.

Repeal of the homestead lien provision of the old-age assistance law was defeated in the House yesterday and unless a reconsideration in that body will be attempted and will be successful, then our attempt to repeal the homestead lien provision will be a lost cause in this session. Neither body attempts to act on any measure which has been killed or defeated by the other body. The homestead lien provision has proven itself unpopular even as it is very unfair, and I have never been able to appreciate this provision as it makes poor sense and certainly is poor business. We do, however, hope to effect some liberalization this session with reference to rules and regulations under which the lien clause operates.

We are still in the thick of the battle for increased gasoline tax. It may become necessary to compromise with the opposition by repealing the Dunn one-mill tax levy for highway purposes in order to obtain additional gasoline tax. Just what the final outcome will be is difficult to determine as yet. There is, however, considerable sentiment for a compromise in case the gasoline tax can be set at 4½c, and provided an additional percentage from gas tax revenues can be given towns and counties so that the actual benefits of the 1 mill tax shall not be lost to our rural sections of the state.

40,000 GAME BAG REPORTS FILED BY STATE HUNTERS

Cooperation of Minnesota newspapers publishing department of conservation requests for return of 1940 game license reports manifested itself in a new record this week. Officials announced that approximately 40,000 license reports were received. This exceeded by 10,000 the previous high.

Crops on Increase

The South's pig crop increased from approximately 13,000,000 head in 1929 to 18,000,000 in 1938.

MAVIE

Birthday Parties

Miss Gloria Ingberg was pleasantly surprised at her home Friday evening when her friends and schoolmates gathered there on the occasion of her birthday anniversary. The guests brought a lunch which was served buffet style at a table centered with a decorated birthday cake. Chinese checkers and cards were the diversion of the evening and the honor guest was presented with many lovely gifts by the assembled group, which included Mary Ann Oski, Dorothy, Kenneth, Viola, Pearl, Goldie and Frieda Habedank, Archie Ptacek, Ralph Klockman, Jerry, Stanley and George Hruby, Harold and Verle Ingberg and Dale Svensgaard.

Mrs. Fred Hincik was honored on the occasion of her 67th birthday anniversary at her home Sunday afternoon. Those present were Mr. and Mrs. Ferd Hincik, Mr. and Mrs. A. W. Oski and family, Mr. and Mrs. C. V. Roller and family and Mr. and Mrs. Roger Anderson and family. A social time was enjoyed and lunch was served.

Mr. and Mrs. Melvin Hamre and family and Mr. and Mrs. Frank Kainz, Dale and Jeanine were guests at the John Aandal home Saturday evening where they assisted Roy celebrate his 14th birthday anniversary.

Mrs. E. W. Baumann and daughter Marilyn of Garfield visited at the N. F. Seebach and Oscar Nelson homes on Tuesday. Rev. and Mrs. J. W. Stehr and family of Wylie were also guests at the Seebach's. Rev. Stehr delivered the mid week Lenten services at the Zion Church in the afternoon and at Grygla in the evening.

Dinner guests at the Newton home Sunday were Mr. and Mrs. Olaf Newton and Doris and Iver Gonnering of Grygla and Mr. and Mrs. Harry Ristau and family.

Emil Sanders, Charles Svensgaard and Mr. and Mrs. A. W. Oski motored to Thief River Falls Friday evening where they attended a taxpayers meeting and Mrs. Oski attended the show.

Word was received that John Anderson of Bellingham, Wash., formerly of Mavie has returned to his home from a hospital there where he recently underwent an appendectomy.

The Mavie Four-H club will meet Thursday evening, April 10th at the Edward Ristau home, in place of Friday night as formerly announced. Gloria Ingberg, Jerry Hruby and Dorothy Habedank are on the program committee and lunch will be served.

Mr. and Mrs. John Phillip, E. H. Pomerenke and daughter Jean, Violette Nelson and Ruth Ristau motored to Crookston Thursday where they attended the commencement exercises at the Northwest Agricultural school. They were accompanied back by Vern Phillip, Richard Nelson and Eli Pomerenke, who have attended the college and the latter being one of the graduates.

Harry Ristau and Einar Christianson were business callers in Thief River Falls Saturday.

Miss Mildred Anderson returned to Thief River Falls Monday after spending the week end at the Frank Kainz home.

Mrs. John Philip and sons James and Earl motored to Fargo, N. D. Saturday where they attended to business matters and also visited with Mr. and Mrs. Erwin Haughom. Mrs. Haughom was the former Estelle Phillip.

Mr. and Mrs. Frank Kainz visited at the John Graff home near Goodridge Thursday.

Mr. and Mrs. Oble Sabo and Phyllis of Goodridge visited at the E. O. Sabo home on Friday.

Mr. and Mrs. Emil Sanders and family were business callers at Bemidji Saturday. Enroute they also called at the Marmoren farm at Gonvick.

NORTH

GRYGLA

Co-Operative Store Day

The annual store day which was held last Wednesday was a big event; the whole town was teeming with crowds of people who were here to enjoy the day. Free lunch tickets were distributed to everyone. In the afternoon the annual meeting of the stockholders of the Grygla Co-Operative Store was held at the local hall and vice president T. J. Lillevold conducted the meeting in the absence of Peter Bakken, president. Irvin Anderson read a detailed report of audit. Some of the interesting facts brought out are that the Grygla Co-operative company is financially one of the best in the state with available cash to pay all liabilities, and compared very favorably to 93 other stores affiliated with the Central Co-operative Wholesale. This store numbers 315 stockholders and 500 patrons and has a personnel of 5 directors, a manager, one bookkeeper and four clerks. Following the auditor's report, Irwin Anderson read a suggested set of by-laws which were later accepted. An amendment which stated, "No Member Shall be eligible to serve on board of directors if said member has someone in his or her immediate family in the employee of the store", was also accepted. It was decided that delegates be sent to the annual stockholders meeting of the C. C. W. at Superior, Wisconsin. A loud speaking system will be installed for use at the next annual meeting.

Abner Jones, district fieldman of C. C. W. gave a short talk on "What Part Grygla Plays in the Co-operative World of Today". Moving pictures showing industry in Sweden were shown.

Irvin Anderson and Henry Nygaard were re-elected for a two-year period. Peter Bakken was re-elected for one year, and Sofus Bjertness chosen as a new director for one year.

Louis Mattson Rites at Gully

Louis Mattson, who passed away Wednesday at his home south of town, after an illness of several months was buried on Saturday afternoon at the Haugaard cemetery near Gully. Funeral services were conducted from the Haugaard church by Rev. C. J. Field and a song, "Some Day the Silver Cord Will Break", was rendered by Rudolph Hanson and Miss Bergland. There were several memorial gifts to Mission societies. Pallbearers were O. B. Hanson, Julius Sather, Einar Olson, Rudolph Hanson and Lathard Jacobson, all of Gully and Melvin Sorenson of Grygla. Those from here who attended the funeral were Mr. and Mrs. Emil Anderson, Mrs. Ida Anderson, Melvin Sorenson and Martin Olson of Grand Forks, who has spent the past two months at the Emil Anderson home.

Louis Mattson was born in Dalarne, Sweden on Feb. 11, 1853 and came to this country at the age of 25 years, settling at Cokato. In 1890 he moved to Alexandria where he was engaged in farming for the next five years. In 1903 he homesteaded at Gouvick, where he lived until October 1939 when he came to Grygla where he made his home with his sister, Mrs. Ida Anderson, until his death at the age of 88 years, 1 month and 25 days. Mr. Mattson voted for Garfield in the presidential election of 1880 and he cast his vote for Roosevelt last November which was 60 years later. Mr. Mattson who never married, leaves to mourn his passing, two sisters, Mrs. Ida Anderson of Grygla and Mrs. Martha Olson of Sweden, three nephews, Emil Anderson of Grygla, Louis Olson of Gonvick, and Martin Olson of Grand Forks and several nieces and nephews in Sweden. He was preceded in death by a brother at whose side he was lovingly laid to rest. We join the many friends and neighbors in this community in expressing our sincere sympathy to the bereaved relatives.

Mr. and Mrs. Gunder Grovum, M. R. Levorson and Minnie Loven, all of Thief River Falls and Mr. and Mrs. Otto Johnson of Warren were here for Store Day last week.

Ed Mattson and Ruby and Evelyn, and Gudrun Sandland motored to Minneapolis last week. Evelyn Mattson remained for medical treatments and Gudrun Sandland remained to be employed. Mr. Mattson and Ruby returned Friday. Mr. and Mrs. Palmer Holte stayed at the Mattson home during their absence.

Pioneer Mother Passes On

Mrs. Dina Braseth, a resident of this community for the past 39 years, passed away at her home in Benville last Wednesday morning, death coming after a heart attack. Funeral services were conducted by Reverend S. T. Anderson Saturday at one o'clock from the home and at two o'clock from the Valle church. Interment was made in the church cemetery. Pallbearers were John Liknes, Tom Smith, Carl Olson, Ole Tollefson, Martin Sandemark, and P. A. Nordby.

Mrs. Braseth was born in Trondhjem, Norway, December 18, 1871 and came to this country in 1888, coming to Hawley, where she was married to Elias Braseth in 1890. She came with her family to Benville township in 1902 where she lived until death at the age of 69 years 3 months and 7 days. She leaves to mourn her passing her husband, one daughter Selma of Climax and three sons, Edwin and Alvin at home and Elmer of Moorhead.

She is also survived by two sisters, Mrs. Charles Erickson of St. Paul and Mrs. Olaf Bartness of Moorhead, and a brother, Nels Langaard of Detroit Lakes. She was preceded in death by seven sons and two daughters, also one brother and two sisters.

A memorial gift of $5.50 was presented to a home for the aged by neighbors and friends. Relatives from a distance who attended the funeral were Selma Braseth of Climax and Elmer Braseth and Mrs. Olaf Bartness of Moorhead.

Mr. and Mrs. Gus Magnuson and James and Mrs. George Holbrook and Donnie and Dorothy spent Saturday at Thief River Falls where Mr. Magnuson attended a L. O. L. Feed and Seed meeting and a meeting of the Minnesota-South Dakota Wool Growers Association while the rest of the group enjoyed a show and visited at the Mike Conley home.

Peter Bakken was a business caller at Erskine on Friday.

Mr. and Mrs. C. H. Doran visited relatives at Holt and Thief River Falls Saturday.

Mrs. Olaf Olstad Entertains

Mrs. Olaf Olstad entertained a group of neighbors and relatives at her home on Sunday afternoon in honor of the first birthday of her son Curtis. After a pleasant social time the hostess served a lovely two-course lunch featuring a white birthday cake topped with one pink candle. Curtis received a number of nice gifts in honor of the day. Those present besides the Olstad family were Mr. and Mrs. Hans Hanson and family, Mr. and Mrs. Peter Sletten and family, Evelyn Smebey, Christ Aasgrude and Martha and Henry Hvorm.

Announcement....

We have now installed a new Gustafson Ceresan grain treating machine, and invite farmers to bring in their wheat, barley, oats and flax for cleaning and treating.

Cleaning seed, testing for germination and treating with Ceresan should be regular farm practices, and are important steps toward satisfactory yields.

Hummingbird

The hummingbird is especially attracted to columbine, petunias, larkspur, trumpet-vine, honeysuckle and nearly all red or long-spurred flowers. Hummingbird filling stations—small tubes of red, yellow or blue glass filled with sweetened water—hung near flowers will not only attract many hummers, but will make them quite tame.

Red Cross Shipping Two Loads of Flour to France

Two shiploads of whole wheat flour, valued at more than $1,000,000, will leave New York harbor this month for Marseilles, France, where the American Red Cross will supervise distribution in unoccupied areas in which widespread shortages of bread have been reported. The flour, amounting to 13,500 tons, purchased with U. S. Government funds, will be made available through arrangements completed by the U. S. State Department with the British Ministry of Economic Warfare, and the Vichy Government. British authorities have agreed to pass through the blockade two vessels of French registry now idle in New York.

SAFETY COUNCIL CONFERS AWARDS IN ST. PAUL APR. 6

More Than 700 Expected to Attend Annual Event in St. Paul Hotel

More than 700 city and county officials, safety council members, legislators and others will attend the annual award presentation dinner of the Minnesota Safety Council to be held Tuesday evening, April 8, at the Saint Paul Hotel in Saint Paul.

Awards to four cities and four counties, winners in the 1940 Minnesota Traffic Safety Contest, will be made at this meeting. Twenty-three towns and cities that do not receive awards emblematic of top place will be given special honors for having gone through the entire year without traffic fatalities.

In the afternoon a number of sectional safety conferences will be conducted. Elden Rowe, chief officer of the state highway patrol, and Clinton Hackert, chief of police of St. Paul, will be in charge of an enforcement section. T. A. Erickson, chairman of the farm safety section of the state council, will join with Dr. R. N. Barr, chairman of the home safety section, in conducting a farm and home safety round table. Traffic safety, under the leadership of W. F. Rosenwald, traffic engineer of the state department of highways, will include engineering and educational features. Clerks of court, deputy registrars and others having to do with the subject will discuss driver license matters under the chairmanship of H. B. Thomas.

A. V. Rohweder, president of the Minnesota Safety Council, is in general charge of the award dinner. J. Russell Wiggins, managing editor of the St. Paul Dispatch-Pioneer Press, will serve as toastmaster.

Community Club Meetings

The Smiley Community club will commence their monthly meetings beginning this month with the first meeting of the year being Friday evening, April 25. A dandy program is in the making by the program committee consisting of the Rollie Haynes family as chairmen, the L. O. Stenseth family and Will McCrum. Refreshment committee for the same evening will be the Walter Lendobeja family and Orton Olson. The booklets will be ready for distribution to club members that evening.

Miss Edith Stenseth arrived last Monday from Lincoln, Nebraska. She plans to visit the home folks, her parents, the L. O. Stenseths, and sister, Mrs. Rollie Haynes until after the Easter holidays. Miss Stenseth is employed with the Postal Telegraph Co. in Lincoln.

Mr. and Mrs. John Ranum and sons Ray and Ferrl were visitors at the Pete Mellem home in Rosewood a week ago Saturday. They arrived home just as the great storm came on.

Mrs. Ole Torkelson had a stroke Tuesday. She is still confined to her home. Smileyites hope for Mrs. Torkelsons' recovery.

Dr. Lynde of Thief River Falls was summoned to the A. B. Newton home Tuesday morning to attend the little Mary Swedberg who was quite ill. She is coming along nicely now. Little Mary is the daughter of Mr. and Mrs. Lee Swedberg of Minneapolis who are visiting indefinitely at the Newton home. Mrs. Swedburg is the former Theresa Newton.

Louie Larson arrived Monday from Bellingham, Wash., where he has been employed through the winter. He will visit his parents, the Krist Larson's and other relatives before leaving to start training in the United States Army.

Mr. and Mrs. Ted Lendobeja of Kratka were Monday evening visitors at the Adam Lendobeja home, other guests including Mrs. Ada Jorde and son Clifford of Steiner, Mr. and Mrs. Lloyd Johnson and youngsters of near St. Hilaire.

Joint Birthday Fete

Two honor guests at a lovely birthday party at the Elias Angell home Thursday, March 27 were Mrs. Elias Angell and her granddaughter, Dellys Marie DePuy. Both "honorees" had their birthday that day. It was young Dellys Marie's first birthday. Refreshments and gifts were the main attraction of the afternoon which was spent socially. Those who participated in the celebration were Mr. and Mrs. Edwin Helgeland and daughter Joyce, Mrs. L. O. Stenseth, Mrs. Rollie Haynes, Mrs. Johnny Nelson, Mrs. Rudolph Hanson and children of Kratka, Miss Edith Stenseth of Lincoln, Nebraska and Lewis Stenseth.

Mrs. Willie Roese and son Ervin, accompanied by Mrs. Roese's mother, Mrs. W. F. Chapman of Silverton motored to Grand Forks Tuesday. They were called to Grand Forks unexpectedly by the tragic death of Mrs. Orland Bailey who lost her life in the great storm. Mrs. Bailey's husband and Mrs. Roese are cousins. The Roeses and Mrs. Chapman returned home Thursday.

Mr. and Mrs. Jim McCrum attended the very interesting lecture by the Glacier priest Father Hubbard in Thief River Falls Tuesday evening.

Mr. and Mrs. Mark Olson and son Wayne, Clara and Orton Olson were Sunday visitors at the John Burtness home in Silverton. The Olsons' and Burtness' were former neighbors when the latter lived in the Nels Burtness place several years ago.

Sunday dinner guests at the Walter Lendobeja home were Mr. and Mrs. Harold Ingberg and family of Mavie. Mrs. Ingberg and Mrs. Lendobeja are sisters. Mr. Ingberg is the instructor in the Mavie school this term.

Mrs. A. B. Newton, daughter Mrs. Ida Bjorge and son Morris spent Friday at Highlanding at the home of another daughter of Mrs. Newton's, Mrs. Palmer Wold and her family.

Week end visitors at the Krist Larson home were the Larson's son-in-law and daughter, Mr. and Mrs. Fred Bjornson (Evelyn) and son Lorenzo of Mankato. Dinner guests at the Larson home Sunday including the Bjornson's were Mr. and Mrs. Perry Borgie and sons, and Louie Larson of Bellingham, Washington.

Lewis Stenseth is leaving Thursday evening of this week for Fort Snelling. He is one of the five men from Pennington county who was chosen for selective service, providing he comes through the medical exam O. K.

Mrs. Mark Olson and her sister Florence Waller spent Wednesday with their aunt Mrs. Carl Johnson in Thief River Falls while Mrs. Olson's husband attended the Lane auction sale near Viking that day.

Mrs. John Ranum received a telegram Friday from Bemidji announcing the sudden death of her nieces young son, Burnon McNamar. Mrs. Ranum's niece is Mrs. Rose McNamar.

Mr. and Mrs. L. A. Stenseth and sons Lewis, Lynn, Melvin and daughters Mrs. Rollie Haynes and her three sons, Miss Edith Stenseth of Lincoln, Neb., were Sunday guests at the home of Mrs. Stenseth's sister, Mrs. Alfred Skjerping and her family in Holt.

Word has been received by the Stenseth family that their son Johnny arrived in Los Angeles last week. Johnny left two weeks ago with a group of boys from Thief River Falls for the West. They travelled by car and took their time about it. After arriving there, Johnny enrolled as a student mechanic in the airplane field. He was quite enthused about it. Smiley folks feel confident that he will make good.

Summer School

The "Bugle Call" has again been released by the pupils and teacher, ~~Miss Clara Swanson. In this issue~~ is a fine mystery novelette written by Kenneth Brekke. It is called "The Mind of No Return." Delores Beiswenger was the pupil who received perfect attendance and library award. She also had the most seals on her honor record. Kenneth Brekke, Lloyd Brekke and Robert Haynes rated high in scholastic honors.

Four pupils from this school entered the Sectional declamatory contest. They were Lloyd Brekke with his selection "Little Willies' Christmas"; Kenneth Brekke with "Pa's New Car"; Delores Beiswenger with "Me and Mamie go to the Movies"; and Frances Offerdahl with "What She Saw at the Game". The new set of books from the city library include two good mystery stories and two books on Lincoln. All residents in Dist. 50 are welcome to read the books.

The eighth graders have been studying about seeds in their general Science Class. All pupils sent for and received a penny package of seeds each.

Twenty members have joined the Bird Club. Each members received books of the Prof. Lange bird stories, a club pin, and a certificate of membership. The school received the book "This is Our Land". This book is being circulated among the families belonging to the club.

Pupils at Sunnyside school welcome Katherine and Louis Rehm, the new scholars.

Kitty's Kitchen Klatter

Housecleaning! The very word breathes a sort of madness. You have paint in your hair, paste on your nose, your senses reel from the fumes of turpentine and the odors of cleansing solutions.

You think and talk in terms of quarts of paint and yards of wall paper. Your house is in a turmoil. You're positively at your wits end.

But gradually the whirlpool subsides—order begins to form out of the chaos.

Finally one day you see fresh, crisp curtains hanging at sparkling windows. Walls are immaculate and your floors gleam with a new luster. The fresh perfume of cleanliness wafts at you from every nook.

It's a glorious feeling to know your housecleaning is finished!

SILVERTON

Mr. and Mrs. Paul Peterson had as week end guests, their daughters Evelyn Peterson and Mrs. Alf Larson and sons of Pelican Rapids, also their son LeRoy of Crookston. Mrs. Larson and LeRoy have returned but Evelyn will remain for two weeks vacation. Mrs. Larson and sons visited also at the Clarence Peterson home.

Arthur Peterson was honor guest at a farewell party Sunday evening at his home. Arthur will leave Thursday evening for Fort Snelling. Those present included Arthur Peterson, Marina, Earl and Everett Yonke, Iris Ayres, Clarence, Benhard, Judith and Reuben Wold, Mrs. Alf Larson, Evelyn Peterson and Mr. and Mrs. Paul Peterson and family.

HICKORY

LOAD LIMITS NOW ARE EFFECTIVE ON STATE HIGHWAYS

Restrictions Are Posted on 4,620 Miles up to Tuesday

Road restrictions, the seasonal imposition of maximum weight limits upon 5% of the traffic in order to preserve road surface for both the immediate and year-around benefit of the other 95% of the traffic—will be required this year on an all-time high mileage of Minnesota's rural trunk highways, the state highway department indicated this week.

Up to Tuesday morning, April 1, load limits had been posted on 4,620 miles of gravel and bituminous trunk routes, approaching the previous all-time record of 1939 when approximately 4,645 miles were restricted, and surpassing by 820 miles the total restrictions effective last spring.

Spring break-up conditions were so threatening on still other routes that state highway engineers anticipated the total may go to around 5,000 miles.

In addition to routes restricted to varying load limits, 120 miles of trunk highways are now listed as impassable. These are chiefly either older roads which have had only rudimentary improvement, or comparatively short sections of new grades where work has recently been performed but on which there has not yet been opportunity for compaction and surfacing.

Load limits imposed vary from 4-ton to 10-ton maximums, depending upon the determination by highway maintenance engineers as to how heavy a load the road will be able to support without undue destruction to surfaces and subgrades. Such damage, if not restrained, not only results in excessive replacement costs, but also impairs the roads' service value to unrestricted passenger car and light truck traffic for a far longer period of time.

Virtually all of the more stringent restrictions, as represented by the four and five-ton maximum gross weight limits, are in the eastern portion of the state, lying east of a north-and-south line which would pass just westerly of St. Cloud.

The mileage restricted under the various classes of maximum load limits are as follows: four-ton maximum, 893 miles; 5-ton maximum, 875 miles; 6 tons, 976 miles; 7 tons, 826 miles; 8 tons, 315 miles; and 10 tons, 626 miles.

Although some of the older concrete pavements have also shown unusually severe effects of the extraordinary soil moisture and temperature factors which combine to cause heaving and "spring-break-up" conditions, no paved mileage have required load restriction.

University of Missouri employment officials say that men students are more in demand than girls as nursemaids to watch children while parents are out at night.

Game Wardens of State Are Now Equipped with Forest Green Uniforms

Minnesota game wardens were uniformed and armed with .38 calibre revolvers this week by the department of conservation.

It marked the first time in the history of Minnesota conservation that officers in charge of enforcing wildlife protection laws had uniforms and sidearms in keeping with the status of their offices.

Provided at department expense, the uniforms are forest green with gold buttons on which is emblazoned the Great Seal of the State.

Black leather Sam Brown belts and holsters to match, caps, shirts, trousers, and a mackinaw make up each outfit. The revolvers are of the latest repeating .38 calibre type. Uniforms and sidearms were provided for each of the 135 wardens on the force.

Is Your Automobile in Good Shape? Defects May Kill Many During 1941

What shape is your car in for spring driving?

That is the safety question asked by the Minnesota Editorial association's "Save 100 Lives" committee this week, as it offers evidence from state highway department records to indicate that approximately 40 people will be killed and 450 seriously injured this year because of faulty brakes, lights, tires, steering gear and other mechanical defects.

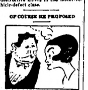
Upwards of 1,000 cars will betray their drivers into becoming either involved in or the victims of traffic crashes this year, an analysis of Minnesota accident reports for 1940 indicates.

The highway department's show that one out of every 74 definitely non-defective cars involved in a traffic accident results in death, but with known defective cars, one out of every 24 involved in an accident causes one or more deaths. In other words the fatality hazard of a mechanically defective vehicle is more than 200% greater than that of a vehicle free from defects.

Last year 952 mechanically defective motor vehicles contributed to 39 fatal traffic accidents each of which resulted in death to one or more persons. They also were to blame in 446 personal injury accidents and in 468 severe property damage crashes. These figures include only defects specifically noted in accident reports, and do not include any of the 5,092 vehicles which were involved in 2,821 accidents, of which 99 were fatal and 814 caused personal injuries, but in which the condition of the vehicle was neither stated as defective or non-defective.

As a warning to those who expect their cars to take them safely through the journeys of the present years' impending heavy travel season, the Editors' Safety committee points out that faulty brakes were the most ruthless and destructive killers in the motor-vehicle-defect class.

OF COURSE HE PROPOSED



He—And suppose I should propose?

She—Oh please do! You don't know what pleasure it would give me to refuse you, Jim!

HONORED ON SILVER WEDDING ANNIVERSARY

Mr. and Mrs. G. A. Iverson were honored Sunday at their home by a very large group of friends and relatives. A short program was given consisting of a talk by Prof. P. J. Iverson of Fargo, a solo by Mrs. Norman Hanson, a humorous reading by Mrs. Hanson and hymns by the audience. Mr. and Mrs. Iverson received a beautiful 52-piece set of silver from their children, and a large purse of money from their friends and relatives present. Also other gifts from friends unable to be present. Three large wedding cakes formed the center piece for the table. A bounteous buffet dinner was served. The gathering was an occasion long to be remembered.

Mrs. Florence Stenvick and son Robert and niece Joan Stenvick were among the many who had a narrow escape in the storm. Coming from her parental home, Mr. and Mrs. Ben Rindahls. Going north she was struck by the storm near the Manderud mail box. She sat in the car for a while thinking the storm would abate but was forced to leave for better shelter. Leaving the lights on the car she left it, took the two children and followed the pasture fence until she was near the drive way of the Manderud home. She then smelled smoke which enabled her to follow to the house. Nearly exhausted, she finally reached the steps of the house and called for help. The two children nearly gave up several times. Being given first aid for frost bites and put to bed at Manderuds she remained there until the following day when she proceeded to her home in Reiner.

1,200 PRESENT AT 1941 N. W. SCHOOL COMMENCEMENT

174 Students in Three Classes Are Given Their Diplomas

The gymnasium at the Northwest School of Agriculture was filled with 1200 persons on Thursday afternoon, March 27, to hear Dr. Guy Stanton Ford, president of the University of Minnesota, and to witness the graduation of 174 students from the three classes. President Ford answered, in his address, the question "What is Success"? President Ford in answering the question quoted from unpublished letters of the late Dean Royal N. Chapman of the Graduate School that success was not attainment of wealth but rather the engaging in a constructive work that gives opportunity for service and self-expression. The speaker pointed out that the old-fashioned virtues of truth, honesty, work, and perseverance are still the attributes of success in life.

Music for the Commencement exercises was provided by the combined boys' and girls' glee clubs and a brass sextette. The school band and orchestra played "March Romaine" by Gounod as the processional. The Reverend Mr. Abner S. Haugen of Crookston pronounced the invocation.

Alton Knutson of Ashby, president of the Senior class, in his address paid tribute to the parents and members of the faculty for the support and encouragement given the class.

Superintendent T. M. McCall urged the members of the graduating classes to ever maintain their student attitude in the study of life's problems. Diplomas were granted ninety-nine students in the regular course, sixty-five certificates of graduation were given to members of the Advanced class and ten business training certificates were issued to graduates of the business training department.

Scholarship awards, medals, trophies and plaques for the year were awarded by Superintendent McCall.

The Northwest School Alumni Scholarships of $25.00, awarded each year to the outstanding student of the freshmen and junior classes, were awarded to Jaroslav Kruta of Gatzke, freshman, and Donald Milner, Clearbrook, junior.

The LaVoi-Widseth Athletic-Scholarship medal was awarded to Lloyd Lund of Thief River Falls.

Crude Tractor Fuel to be Sold without Payment of Gas Tax by Farmers

Rushing their action in anticipation of the early approach of the spring planting season, members of the Minnesota legislature pushed through both houses this past week the much debated crude petroleum tractor fuel bill to allow farmers to purchase an improved farm tractor fuel without the necessity of paying the state gasoline tax and obtaining refunds.

The bill sets up specifications for a fuel of a higher grade than that admitted tax-free under the 1939 law and would allow all companies to bring in such a fuel, whether refined or in the natural state, and sell it to farmers tax-free. Demand for such a fuel has been widespread among the farmers and some was brought into the state by one company but the state tax department concluded that it could not be admitted under the present laws being subject to tax.

Sponsors of the bill, made up of rural members, contended that farmers should be entitled to have this higher-grade tractor fuel and obtain it tax-free, without having to pay the state gasoline tax on it and wait for refunds.

WINDBREAKS ARE HELD ESSENTIAL IN PENNINGTON CO.

Farmers Can Earn Allowance for Planting Under '41 AAA Program

Farmers again this year have many reasons for undertaking tree planting and windbreak improvements. On many farms in Pennington county the windbreaks are far from adequate to give good windbreak protection. Because of drought conditions in recent years, and "old age" overcoming many of the old windbreaks, many of them are becoming less effective each year. Every farmer has an opportunity of earning a special allowance of $15 in addition to the regular soil building allowance, *for* planting trees under the 1941 AAA program.

The county agent reports that good progress was made last year in windbreak improvements in Pennington county. According to the AAA records, 58 acres of trees were planted. In addition to these new plantings, a considerable number of old windbreaks were improved. The new plantings that were made last spring should be checked this year and necessary replacements made.

The payments will be earned at the rate of $7.50 per acre for planting 680 trees per acre for forest purposes or 800 trees per acre for windbreak. The trees must be planted in accordance with good tree culture and maintained throughout the year. For maintaining a good stand of at least 800 trees per acre, planted July 1, 1937 and July 1, 1941, by cultivation and weed control a payment of $3.00 per acre may be earned.

County Agent Advises Utilizing Brome Grass for Excellent Pasture

Brome grass has the qualities needed to become one of the favorite pasture grasses on Minnesota farms, says W. W. Brookins, extension agronomist at University Farm. The crop is long-lived, resistant to both cold and drouth, and it yields well in mixtures as well as alone. Of the grasses listed in the AAA docket to go with legume plantings, brome has the best recommendation from Minnesota agronomists.

County Agent Lester A. Lerud urged Pennington county farmers to give careful consideration to hardy brome grass in mixtures to be planted this year. He points out two characteristics of brome that must be taken into consideration when seeding the crop. In the first place, brome has a chaffy seed that is hard to handle, calling for special pains to get a satisfactory distribution at planting. Secondly, brome is slow to take hold. It shows up very little the first year and makes its best growth from then on. When a good stand takes over in the second year, the farmer is well repaid for the extra trouble.

Brome gets its highest recommendation as a partner for alfalfa when the mixture is intended for hay and pasture or all pasture. Ten pounds of brome seed may be used to 8 to 10 pounds of alfalfa. The two should be planted in separate operations, because the bulky brome will not feed evenly through most broadcast seeders.

ST BERNARD DOG IS MOTHER OF TEN

Laverne —Probably nothing is more thrilling to a child than the whimpering of a new born puppy and so Lorene Mann, daughter of Louis Mann of Laverne, received an extra thrill recently when she found that her giant St. Bernard was the mother of ten fluffy puppies, each almost half the size of an ordinary dog when born. The mother dog weighs 135 pounds, stands 35 inches tall, and this was her first litter of youngsters.

No Rain for Him

Tired of being drenched by sudden rains or covered with summer dust, Stoyan Vitalitch now motors under a white tent.

As he rides the streets of Belgrade, Jugoslavia, only one wheel and a license plate may be seen in front. The collapsible celluloid front shield and fan-shaped tent cover everything else. They may be raised or lowered at will.

The idea is widely admired, but does not seem destined for extensive imitation.

SENATE PASSES BILL PROVIDING 4-CENT GAS TAX

One-Mill Dunn Road Levy Cancelled by Action of Both Houses

FIREWORKS BANNED AFTER AUGUST 1ST

Governor Proposes New Levy on Cigarettes and Tobacco

Knocking down all attempts at compromise, the senate Thursday pushed through final passage a highway finance program calling for a 4-cent gasoline tax and repeal of the old Dunn one-mill road and bridge property levy.

Two roll calls, after much debate, did the trick. By a vote of 39 to 20 the senate turned down a move to reconsider the vote by which it had previously approved the 4-cent gas tax.

By the other roll call, 37 to 29, the body upheld its former vote repealing the one-mill levy, on which reconsideration has already been voted. Then, without opposition, the third measure in the program was okayed, to authorize transfer of $1,200,000 from the counties' gas tax allotment to their road and bridge fund to take the place of the revenue they will lose through repeal of the one mill levy.

All three bills already had passed the house, but the gas tax must go back there for concurrence in technical senate amendments to specify details of the change-over from the present 3 cent rate to the 4 cent levy. The tax becomes effective 20 days after the governor signs the bill.

Final legislative approval of the bill banning general use of fireworks was given by the state senate Friday.

Without objection, the upper chamber re-passed the measure which had been amended in the house to omit necessity of bonding groups permitted to give public displays.

The bill prohibits all fireworks for individual purposes except cap pistols.

Sponsors of the plan said it is necessary to eliminate injuries, many of them fatal, in connection with shooting fire crackers and tended the law would curb Young America's right to celebrate as did their forefathers.

The bill does not become effective until August 1 this year. This provision is designed to protect firms stocked up for this year's business, mainly on the Fourth of July.

A state-wide tax on cigarettes and tobacco, to raise an estimated $2,500,000 for direct relief purposes, was proposed by Governor Harold Stassen Tuesday.

The governor said the tax, which he suggested should be the same as that now levied in Wisconsin, should be used to pay off bonds that the state would issue to help meet relief needs in Minneapolis and St. Paul.

It would be augmented by enabling legislation permitting the cities to levy wheelage taxes, gross earnings taxes on utilities (already in effect in St. Paul) and possibly occupational taxes on vending machines.

He estimated Minneapolis could raise about $1,500,000 locally through these assessments.

The sales tax was pushed out of the picture entirely by the governor's announcement. He said he foresaw no need for it during this session of the legislature, if the tobacco tax is enacted. The new proposal will go to the house tax committee tomorrow, he said.

Supt. Bye Is Attending State Schoolmen's Week

Supt. Morris Bye left Monday for Minneapolis to attend Minnesota Schoolmen's Week, which will end its sessions today in the Coffman Memorial Union on the University of Minnesota campus. Mr. Bye appeared on the program Wednesday afternoon, discussing the national defense training program now under way in the Thief River Falls high school.

Rotary Club Is Host to Boy Scout Troop Tuesday

A dozen members of the Boy Scout troop sponsored by the local Rotary club were guests of the club at its luncheon meeting Tuesday noon. The boys were introduced by William Borchert, assistant Scoutmaster, and members of the group reported on progress made in recent months.

Checking School Votes Slow; Report Delayed

An unexpectedly large return in the School Vote contest conducted by Thief River Falls merchants and the Times has resulted in a delay in making the first report of results to date. Because of the many double and special votes included in the returns, the task of checking in the returns, the task of checking was slowed down and only a partial list was available at press time.

Arrangements are being made to secure additional checkers however and by next week a fairly complete report should be available. Merchants report a great deal of interest in the contest and judging by the bundles already turned in, the pile of sales slips, advertisements and bread wrappers that count as votes will require a lot of room for storage by the end of the campaign.

Land O'Lakes Manager

JOHN LAGER
Field man for Land O'Lakes in District 17, who took office April 1 as manager of the Thief River Falls Land O'Lakes plant, succeeding C. C. Brahs. Mr. Lager will continue to devote a portion of his time to his former duties.

MEN LEAVING FOR SERVICE IN ARMY GUESTS AT PARTY

Supt. Morris Bye Delivers Address Thursday Evening

The American system of government, which makes it possible for citizens to develop their full potentialities and to decide their own problems, is well worth fighting for, Supt. Morris Bye told a group of departing selective service men at a farewell party in the Palm Garden cafe last Thursday evening.

Ninety persons attended the party, over which Dr. A. E. Jacobson presided as toastmaster. The invocation was given by Rev. Charles W. Erickson, and greetings were extended by Dr. Jacobson in behalf of the Legion post, Don Mattson for the Junior Chamber of Commerce, and H. O. Chommie for the Lions club. Mrs. E. F. Wright led the group in community singing, while Dr. A. R. Hulbert introduced the honored guests.

Leaving Thursday night for Fort Snelling were Arthur L. LaFleur, Lewis L. Stenseth and Arthur W. Peterson of the Thief River Falls community; Enoch Thulien of McIntosh and Olaf Olson of Trail.

Three replacements leaving Wednesday, April 9, include Louis C. Larson, Paul D. Murray and Vernon L. Warnecke, all of this community.

Departing Monday, April 14, will be Michael J. Cosgrove, Arville L. Liden and Donald A. Hanson, all of this city; and Irvin M. Arne and Kenneth A. Kratz, both of Hazel.

Local draft board headquarters announced that seven men will go from Pennington county in the next call set for Monday, April 21.

Represent Local School at State Senate Hearing

Supt. Morris Bye and C. E. Hellquist, member of the local board of education, were in St. Paul Wednesday of last week to attend a hearing conducted by the senate education committee relative to state aids for schools. The local men joined with other school men from throut the state in requesting payment of state aids in full. Mr. Bye also attended a hearing Tuesday evening conducted by the senate committee at the capitol relative to the report and recommended bills of the interim committee on education.

Public Offices, Banks Closed on Good Friday

With Good Friday designated as a legal holiday in Minnesota, public offices and banks will remain closed tomorrow, April 11. Local stores, however, will remain closed only between the hours of 1:30 and 3 o'clock in the afternoon while joint Good Friday services are in progress in the municipal Auditorium. The postoffice will give its regular services Friday, Postmaster Andrew Anderson announced.

CHANGES MADE IN ORGANIZATION OF L. O'L. PLANT HERE

Brahs Named Hatchery Supervisor; Lager Manager of Local Plant

Carl C. Brahs, manager of the Thief River Falls Land O'Lakes plant for the past several years, has been promoted, effective the first of this month, to the position of supervisor of Land O'Lakes hatcheries in the state, it was announced this week. He will retain his headquarters in this city, at least for the present.

Mr. Brahs will be succeeded as manager of the local plant by John Lager, Land O'Lakes field man in District 17 since 1935. Mr. Lager will continue to give a portion of his time to the duties of field man, and will be assisted in the work by the field man in District 14.

At the same time Clarence Sande, head of the seed department, has taken over supervision of sales in the feed department in addition to his other duties.

COUNTY HIGHWAY SYSTEM INCLUDES 486 MILES ROADS

Engineer Erickson Reports on Distribution of County Roads

The Pennington county highway system comprises a total of 486 miles of state aid and county aid roads in addition to 70.85 miles of trunk highways, it is revealed in a summary completed last week in the office of J. A. Erickson, county highway engineer.

Included in the total are 118 miles of state aid roads and 368 miles of county aid highways, of which 222.75 miles are improved and 145.25 miles are unimproved.

The total mileage of state and county aid roads is divided among the rural commissioners' districts as follows: First district, 160.25 miles; third, 166.87 miles; and fifth, 162.88 miles. The average mileage in each commissioners' district is 162 miles.

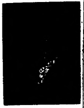
County Agent Resigns



LESTER LERUD
County agent in Pennington county during the past six months, who Wednesday resigned his duties to accept a position with the Agricultural Marketing Service of the U. S. department of agriculture at South St. Paul. The county extension committee will meet next Monday to name a successor to Mr. Lerud, whose numerous friends will learn with regret of his departure.

WARREN, ROSEAU SUFFER FLOODS AS SNOW THAWS

Situation Is Aggravated by Heavy Rains During the Past Week

The city of Warren escaped with damaged basements as water receded Monday after a serious flood situation Saturday night and Sunday due to melting snow and steady rains.

The Snake river at Warren, winding around the city, was filled with packed snow through which water could not cut a channel and as a result the stream cut across the southeastern section of the city, finding the river channel again southwest of town. Basements in that section were flooded including the basement of the courthouse which for a time had three feet of water. The fairgrounds were entirely under water and basements of many homes were flooded.

By Tuesday all danger appeared to have passed as the river channel opened, allowing the run-off water from the east to take its normal course. Land to the west of Warren, however, was still flooded.

At Roseau the Roseau river started it's rise Friday, going from a normal winter stage of 5.7 feet that day to 6.12 feet Saturday, 7.98 feet Sunday morning, 10.48 feet Sunday night, 14.06 Monday night and 16.3 feet Tuesday and it was still rising. Observers there said the river could rise four more feet before very serious damage would result.

This Hen House Tenant Likes Electric Lights

An industrious hen on the Halver Waale farm in Kratka, now served by the rural electric lines, apparently wants to use the lights to lengthen its working day, according to the Times Kratka correspondent. Whenever members of the Waale family went to the hen house either to feed the birds or to gather eggs, they would find the lights turned on in some mysterious manner. The mystery was solved when they caught an enterprising biddy in the act of jumping for the button on the pull cord, thus turning on the lights. Temptation has now been removed for the hen.

4-H MEMBERS TO BE FETED AT DINNER APR. 16

Civic and Commerce Association Hosts at Fifth Annual Banquet

MORE THAN 350 ARE INVITED TO ATTEND

T. A. Erickson, Long-Time State Club Leader, Will Give Address

The Civic and Commerce Association will be host to Pennington county 4-H club boys and girls and their adult leaders at their fifth annual banquet in the municipal Auditorium on Wednesday evening, April 16, at 6:30.

T. A. Erickson, former state 4-H club leader, has been asked as the speaker for the evening. Mr. Erickson has been state club leader for the past 28 years and is now associated with General Mills Inc.

Recognition of club members and leaders for their work of the past year will be given through awards presented by Mrs. V. C. Noper, president of the county leaders group.

Patriotism has been chosen as the theme for the banquet, and decorations will center around this theme. Entertainment features will be furnished by the Civic and Commerce association rural youth and local 4-H clubs.

A total of 350 club members and thirty leaders have been invited to attend the banquet, which is the highlight of the year for 4-H club members. Cooperating in arrangements for the affair are Miss Margaret Gunnelson, county club agent, County Agent Lester Lerud and the agriculture committee of the Civic and Commerce association.

2 LOCAL MEN HURT IN SMASHUP NEAR CROOKSTON FRIDAY

Fisher and Lechelt Injured When Truck Crashed into N. P. Train

Two Thief River Falls men sustained injuries, one serious, when their truck, with a load of sweet clover seed, was struck by the Northern Pacific passenger train at the Harold Station crossing near Crookston Friday afternoon.

Injured and receiving treatment in a Crookston hospital Saturday were Frank Fisher, 56, with a puncture near the eye, three fractured ribs, and severe bruises. Alfred Lechelt, 58, with bruises, cuts and superficial injuries.

The men had been traveling on a highway running parallel with the Northern Pacific tracks, at a distance of about 50 feet from the tracks, and turned at the Harold Station crossing, directly into the path of the oncoming passenger train, which was traveling at the rate of about 55 miles an hour. The train struck the truck, with its ton load of sweet clover seed, just behind the rear wheels. The truck was dragged for a short distance, and its load strewn over the landscape by the impact.

Fisher was thrown from the cab of the truck and was picked up about 20 feet from the scene of the accident. Lechelt was still in the cab of the truck. The train picked up the injured men and brought them into Crookston.

It is good to live in a country where barbed wire is used only for building fences.

These Young Men are Future U. S. Soldiers

Pictured above are ten young men of a group of 13 making up three contingents leaving Pennington county this month for selective service. The photo was taken by the Times photographer at a farewell party in their honor in the Palm Garden cafe last Thursday evening. Shown left to right are Vernon Warnecke, Paul Murray, Arville Liden, Michael J. Cosgrove, Arthur LaFleur, Olaf Olson, Irvin Arne, Arthur Peterson, Kenneth Kratz and Lewis Stenseth. Not present were Enoch Thulien, Donald Hanson and Louis C. Larson.

Good Friday Rites at Auditorium Tomorrow

With the Lenten observance approaching its Easter Sunday climax, the annual joint Good Friday services will be held in the municipal Auditorium Friday afternoon at 1:30 under the auspices of the Trinity, Zion and First Lutheran churches, it was announced today. Stores of the city will cooperate by remaining closed between the hours of 1:30 and 3 o'clock.

The theme of the services will be "Christ's Passion Prayer," based on the 17th chapter of John, with pastors of the three cooperating churches discussing various phases of the theme.

Rev. R. M. Fjelstad has selected for his topic, "To be glorified thru suffering and death," while Rev. Charles W. Erickson will talk on the topic, "To be glorified thru believing witnesses", and Rev. E. L. Tungseth's topic will be "To be glorified thru a victorious church."

Each church will contribute a musical number to the services.

FRED PROTZ NAMED PRESIDENT VALLEY LETTER CARRIERS

Thief River Falls Man Was Elected at Moorhead Saturday

Fred Protz of Thief River Falls was elected president of the Letter Carriers and Ray McAloney of Breckenridge was chosen to head the Postal Clerks at separate meetings of the Red River Valley District Association at Moorhead Saturday night.

TAXPAYERS GROUP SENDS DELEGATES TO STATE SESSION

Represented at Capitol Session by Thronson, Parnow and Ihle

At a meeting of the board of directors of the Pennington County Taxpayers association held last Friday noon in the Palm Garden cafe, T. M. Thronson, secretary, and Otto Parnow of the Erie community were delegated to represent the association at a statewide meeting of the Minnesota Taxpayers association at the Lowry hotel in St. Paul Tuesday of this week.

The St. Paul meeting had been called to discuss tax bills now awaiting action in the state legislature, with a view to making known to the members of that body the recommendations of the taxpayers' organization.

Also discussed at Friday's session was the program to be presented at the next meeting of the association to be held in Goodridge late this month. It was indicated that various phases of taxation and public finance will be discussed by A. J. Rau, president; Mr. Thronson, E. M. Bennes, O. L. Ihle and Lincoln Arnold.

The delegation to the St. Paul meeting, which also included O. L. Ihle, reported on their return Wednesday that the meeting was attended by 115 delegates from 63 Minnesota counties. After hearing addresses by J. P. McDonnell, president, and Norman Borgen, secretary of the state association, and Leslie Gravlin, state commissioner of administration, the delegates spent the afternoon conferring at the capitol with members of the legislature from their respective districts.

Dr. B. Borreson Named on Tuberculosis Committee

Twenty-one physicians, leaders in tuberculosis and health work in Minnesota, have been appointed members of the state-wide committee for the 1941 early diagnosis campaign of the Minnesota Public Health association, according to an announcement made Saturday by Dr. R. Donald Engelstad Thanks Firemen for Saving Dog

When "Spot", canine pet of Donald Engelstad, went thru the ice in the river pool last Thursday, the fire department came to the rescue with an extension ladder and recovered the dog, none the worst for his experience. Donald asked the Times to publish the following notice; "I wish to take this means of thanking the firemen who so kindly ventured out upon the ice to save my dog "Spot'. Donald Engelstad". The firemen also rescued another dog from the river pool last Thursday and a third Tuesday of this week.

CITY BUSINESS IS TRANSACTED TUESDAY NIGHT

Various Civic Improvements Discussed at Meeting of City Council

BUILDING PERMITS TO HARTZ AND FORSBERG

Ask Paving of Alley in Block West of Main av., South of Third St.

Discussion of a wide variety of proposed civic improvements and approval of the first major building permits featured the regular April session of the city council Tuesday evening.

Permits were approved for L. B. Hartz, covering alterations and improvements to the Hartz Stores grocery warehouse at a cost of $3,000, and for Fred Forsberg & Sons to construct a new building to be used in the manufacture of seed cleaning equipment at a stated cost of $3,000. The structure will be located on the Soo Line right-of-way. Several minor permits also were approved.

Roy Barzen, president of the park board, appeared at the meeting to seek a remedy for the present practice of parking old cars permanently along the borders of the west side park, creating an unsightly appearance and interfering with parking facilities for shoppers. City Attorney Theodore Quale said a city ordinance bans the parking of cars for longer than 24 hours, and the council indicated steps would be taken to enforce its provisions.

Mr. Barzen also suggested the installation of several lights in the Elks memorial park, and council members agreed that the proposal should be carried out.

The council authorized the execution of a formal agreement to comply with the regulations of the federal food stamp plan shortly to be put into effect in Pennington county.

A petition was submitted by property owners along Horace av. between Third and Fourth sts. requesting the extension of [illegible] that block. Other similar [illegible] tions are on file, and the [illegible] was referred to the light committee for investigation and recommendations.

Another petition signed by a majority of property owners in the affected area asked that the alley in the rear of the Montgomery Ward store and extending south to Second st. be paved. Engineer L. E. Quist was instructed to draft a statement of estimated costs, and the council voted in the meantime to call for bids on a carload of cement for this and other projects. The cost of the alley improvement will be assessed against the benefited property owners.

Petitions also were filed for two short sewer extensions, one on Ninth st. and one south of the Great Northern tracks to serve the cooperative elevator.

The ordinance fixing August 1 as the date of expiration of liquor licenses was given its third and final reading and adopted, while the second reading of the proposed ordinance regulating the sale by truckers of fruits and vegetables at wholesale was deferred pending further study.

The council voted to call for bids on a power lawn mower for use on the sewage disposal plant grounds, which will have an extensive lawn.

Easter School Vacation Gets Under Way Monday

The coming of the annual Easter vacation, which got under way Monday in the public schools of the city, was particularly well timed, this year, Supt. Morris Bye reported, explaining that the condition of the roads on the routes served by the school busses was such that only one bus would have been able to traverse its route this week. School sessions will be resumed next Monday morning.

Request Improvement of Rural Mail Boxes

Postmaster Andrew Anderson announced today that the post office department in Washington has designated the week beginning May 5 as "Rural Mail Box Improvement Week". It is the desire of the department, he said, that patrons of the rural mail service provide suitable mail receptacles placed in such manner that they will be accessible to the carrier and present a neat appearance.

Women's Group Starts Campaign for Funds to Combat Cancer Ailment

The Women's Field Army of the Minnesota Society for the Control of Cancer will launch its fifth annual membership drive April 14, according to a bulletin issued this week by Mrs. Marlow Hanson, acting State Commander. The drive will continue through April 30, with women throughout Minnesota participating in the effort to raise funds to carry on the fight against one of our most dreaded and feared diseases.

The Woman's Field Army's purpose is to reduce the number of unnecessary deaths from cancer through informing people of the facts regarding this disease. Memberships of one dollar may be mailed to state headquarters at 481 Lowry Medical Arts Building, St. Paul. The field army is a non-profit organization whose only revenue is from enlistments. Mrs. Hanson emphasized that seventy per cent of funds gathered in this state is used for work in Minnesota. The remainder applies to cancer control efforts affecting the nation as a whole.

Mrs. Minnie Kirby Feted at Farewell Parties

Mrs. Minnie Kirby was the honored guest at a farewell party at the Zion Lutheran Church Sunday evening, March 30, which was given for her by members of the Zion Ladies Aid and the Zion Sewing Circle. The party was in the form of a reception, about seventy-five guests being present. Luncheon was served buffet-style, and a bouquet of snapdragons centered the honored guest's table. Mrs. Kirby was presented with an appropriate gift from the group.

On Tuesday evening Mrs. H. Overvold and daughter, Miss Orpha Overvold, were hostesses at their home at a dinner party for Mrs. Kirby. A lovely three-course dinner was served by the hostesses at 7 o'clock, after which they presented the honored guest with a going-away gift. Guests were Mrs. Minnie Kirby, honored guest, the Mesdames E. L. Tungseth, Oscar Vigness, John Haughom, Marie Bakke and Miss Edna Olson.

Farewell Party Honoring Mrs. N. J. Maehren Thurs.

Mrs. N. J. Maehren was the honored guest at a farewell party in the form of a handkerchief shower given in the Log Cabin of the Palm Garden Cafe last Thursday evening. Hostesses were Mrs. Henry J. Hanson and Mrs. Oscar L. Cerny. Bridge was the diversion with high prize being won by Mrs. Ray Kiland and low by Miss Dora Dunham. At 11:30 a two-course luncheon was served at tables centered with bouquets of snapdragons, after which a pretty cellophane-wrapped basket containing the handkerchiefs was brought in and presented to the honored guest. Guests present besides Mrs. Maehren were the Mesdames Henry Monson, Palmer Anderson, J. N. Nesse, Harold Eide, L. V. Johnson, Oscar Monsebroten, Helmer Carlson, O. C. Peterson, Ray Kiland, and the Misses Hanna Lauha and Dora Dunham.

Mmes. Williams-Christensen Joint Hostesses at Shower

Mrs. Dave Christensen and Mrs. C. L. Williams were joint hostesses at the Williams home last night complimenting Mrs. Lloyd Nereson at a shower. A midnight buffet luncheon was served from a table charmingly decorated in pink and white with tiny baby buggies as favors and a miniature cradle as the centerpiece. Mrs. Nereson received many lovely gifts from the hostesses and the following guests: the Mmes. Ed Noto, Robert Petersen, Albin Hanson, Marvin Borgen, Gust Vad, Ira Nicholson, Christ Saustad, Werner Rasmussen, Lester Larson, Minnie Shaller and R. Kangas, the latter of New York Mills; and the Misses Jeanette Quist, Valarie Olson, Eva Roharge, Gladys Wold and Doris Weiner.

School for Meat Cutting

Said to be the first of its kind in this country, the state department of industrial relations has started apprenticeships in meat cutting, with headquarters in San Diego, Calif.

The youths—34 have already enrolled—study at the San Diego Vocational school, and then apply what they learn on jobs in meat establishments in the city, who are cooperating in the program.

More than 1,000 youths are enrolled in the apprenticeship program which includes plumbing, electrical work, carpentry, brick-laying and sheet-metal working.

Dimple in Cheek

'Tis a fact, but no person, possessor of a charming dimple in cheek, has ever been known to commit a major crime, according to Max Thiza, police councilor of Miskolc, Hungary.

The police councilor further states that such an indentation indicates a high moral and mental standard and also indicates that he is reliable and an all around asset to humanity.

U. S. P. on Drugs

U. S. P. on drugs means United States Pharmacopoeia, a work containing a list of accepted drugs and established standards for their purity, with directions for making preparations from them. The first edition of the U. S. P. was compiled in 1820 and has been revised every 10 years by a committee of physicians and pharmacists. It was made the legal standard by the national food and drug act January, 1907. The initials U. S. P. after the name of a drug means that the drug comes up to the official standard.

Growing With Your Child

Institute of Child Welfare, University of Minnesota

His Own Room

"Not being able to have a real nursery when our first child was little, we did the next best thing—arranged a room with gayly colored curtains, pictures cut from magazines, simple furniture that we painted, small table and two chairs, book shelf and box on casters for toys. This last I had seen in kindergarten so made it from an old packing box. (Shelves would have been better, but at the time I had no shelves available and couldn't make them without some expense.

"As we could not afford a large rug, I removed the small braided ones I had used before so that the child would not stumble over them. A wooden gate at the head of the stairs prevented his falling down the stairs and gave him the freedom of the second floor. An old wooden box, covered with oil cloth served as a step or stool at the window so child could look out at the birds, trees and passing cars. Another such box was provided for use in the bathroom so child could reach basin and wash his hands. Tooth brush and holder were placed low on the wall so he could reach it, hooks in the closet arranged for his convenience, and shelf placed low in the closet for shoes and slippers.

"In this room he could ride his kiddy-car without having to receive constant warnings about bumping into the furniture. Everything in the room, practically, was washable. An inexpensive piece of blackboard gave him the satisfaction of drawing, and helped him to learn not to mark on the walls.

"When sister came along she shared this room with her brother and more play materials were added as needed. The two were happy together and shared their toys. They seldom lacked for something to do. They could entertain themselves without assistance from an adult. They loved their room, their little beds and toys."

Although this mother says she was not able to have "a real nursery," I wonder how anything could be more "real" in its satisfaction of a child's needs than these simple surroundings that the child felt were his very own? A nursery should be a place where a child can have freedom to do the things that he wants to do, rather than a show place that is exclaimed over by visitors. As a matter of fact, intelligent visitors doubtless did exclaim over this room, for it was a shining example of what can be done when there is a minimum of money but a big supply of initiative, originality, and ingenuity.

Ford Lauds Men Over 40

Henry Ford doubts that there are "enough brains under 30 (years of age) to supply the management needed in industry."

"My own opinion is that men do not come to full usefulness until they are 40," said Ford.

"For years I have advocated the employment of men over 40 because their experience, steadiness and judgment are absolutely necessary to the best success of industry."

Planes Capture Insects

In an effort to stamp out plant insects before they reach the ground and do millions of dollars damage to crops, the United States agriculture department is constantly sending planes in the air in search for the insects. This innovation is proving successful, according to a report which states that boll weevils have been captured 2,000 feet in the air. Other insects captured in the air included cucumber beetles, leaf-hoppers and mosquitoes.

Clubs for Service Men are Goal of $10,000,000 Campaign to Open Soon

Immediate launching of a $10,764,000 program of service to soldiers, sailors and defense personnel, funds for which will be raised in a nation-wide campaign, was announced yesterday by six national agencies which are cooperating as the United Service Organizations for National Defense, Inc. The plans were made public by Walter Hoving, President.

The agencies are the Y. M. C. A. the National Catholic Community Service, the Salvation Army, the Y. W. C. A., the Jewish Welfare Board and the National Travelers Aid Association. The solicitation of gifts among individuals of large means and leading corporations will begin immediately. June 3 has been set as the date for opening the general campaign to solicit all citizens.

The agencies are planning service club facilities in 339 places adjacent to camps, naval stations and defense centers throughout the United States and its overseas bases. The government will provide buildings, it was explained, and the U. S. O. will provide funds for their operation and the accompanying program of welfare, education and religious activities.

COUNTY NUTRITION PROJECT WILL BE STARTED SHORTLY

Miss Inez Hobart to Conduct Series of Meetings for Leaders

Miss Inez Hobart, state extension nutrition leader will come to Pennington county once a month for three months, April, May and June, to conduct leader training meetings in "Food Planning" and "Food Buying." Those whose community group enrollment is not already in the county or state office are asked to send it in at once. There will be three meetings:

April: Planning the family food supply. Each member works out her own plan as to food needed for coming year. How much to produce, how much to can or store, and just what must be purchased to maintain the family in health and vigor. How much should this food supply cost? How can savings be made? This is a unit in which all members of the family are keenly interested.

May: Marketing for canned fruits and vegetables. How do you select a can of peas? What is the brand name? What information would you like to have stated on the label? Does price reflect quality? What size can is a good buy? What protection does the consumer have? What does she need?

June: Wise buying of staple foods. How much of your food dollar do you spend for cereals and so-called staple foods? Since an adult consumes approximately 1,500 pounds of food a year, an understanding of grades, values and price differences may result in real savings to the wise buyer. Exhibits of staple foods are used.

Take Only Essentials, Is Warning to Draftees

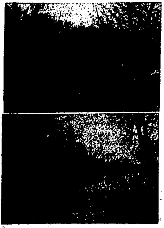
"Travel light. Take nothing but essentials. And you'll save yourself a lot of inconvenience."

This is the advice given by Lt. Col. J. E. Nelson, state director of selective service, to men selected for military training who are preparing to leave for army induction stations.

Colonel Nelson said that one suitcase should be sufficient to carry everything a selectee would need until he is outfitted by the army—"change of underwear and socks, shaving set including the type of razor he is accustomed to using, tooth brush and other toilet articles, and things like those."

"Put them all in one suitcase", he advised, "and do not take along bags, boxes and loose articles, or you only will be causing a lot of inconvenience for yourself and others while you are on your way to the induction station and afterwards."

Large Area in Warren Flooded Early This Week



The Marshall county court house and jail was nearly surrounded by water Sunday afternoon when the upper picture was taken from the intersection of Third street and Highway No. 1. The picture shows the water crossing Third street. The fire department pump was used to drain the basement of the court house.

The Marshall county fairgrounds was a huge lake all Sunday and Monday. All buildings were surrounded by water. Sunday afternoon Dr. F. C. Bakke brought his motor boat out to the "lake" and gave numerous residents boat rides. Practically all of the water had drained into the river by Wednesday. It was from the fairgrounds that the water started across the southeast part of town which inundated the entire residential area in that section of the city.

The picture below shows a Warren street scene with houses entirely surrounded by water.

St. Lukes Hospital Will Join in Observance of Hospital Day May 12th

Participating in the 21st observance of National Hospital Day Monday, May 12, will be St. Lukes hospital of this city, it was announced this week by Hulda Hultquist, superintendent, who added that open house will be held from 1 to 4:30 o'clock the afternoon of that day, which is the anniversary of the birth of Florence Nightingale, famed nurse. To assist in arranging the program for the occasion a committee has been named including Mrs. Carl Christofferson, Mrs. H. K. Helseth, Mrs. Edward Bratrud, Mrs. O. C. Paulson, Mrs. W. W. Prichard, jr., Mrs. H. H. Hedemark, Mrs. Gaston Word and Mrs. Robert J. Lund.

RECREATION HIGHLIGHTS

By Ferd B. Elstad

The recreation program is sponsored by the City Council in cooperation with Works Project Administration recreation leaders.

Craft Shop

Kites, boats and bird houses are being made in the shop at the present time. Adults and children alike are taking advantage of the new equipment recently installed in the craft shop. Kites of many designs are being constructed by the children. The same is true with the bird houses which will be entered in the current bird house contest. All boys and girls interested in this contest are invited to come to the shop and inquire about participation in the event. With the coming of spring and the call of the wild, adults have turned to boat-making. Two large boats are being built now. It took a long time for some of the new equipment to arrive, but it is all here now, and the shop is complete.

Puppet Show

One hundred and ninety people were on hand for last week's presentation of the "Wishing Well". Abigail Thomas, Clarice Dickens, Joan Broten, Alice Broten, Jeanette Grinde, Ellene Grinde, Jane Hunt, Mary Copp and Eunice Molstad assisted with the show. This week's show, to be presented today at 4:20 o'clock in the arena theatre is "Peter Rabbit Changes His Name". Everyone is invited.

Girl's Club

Members of the Triple L's Club met Monday night in the arena. The session was mainly of a business nature. In addition, eggs were colored for Easter. Plans for the next meeting to be held on Monday were discussed. Plans for a mixed party to be held in the near future were also discussed.

Handicraft

Wooden belts are still being made in these classes. Decorating eggs for Easter is also a part of the present work. Nothing new will be started now until Miss Lucille Thomas returns from the Bemidji Recreation Training school.

Recreation Center and Game Room—As soon as the ice is removed from the arena and the floor is repaired, athletic games will be played. The same setup that was in the arena last fall will be had during the remaining weeks of the spring season. In other words, volleyball, basketball, shuffleboard, table tennis, etc. will be available soon. In the meantime, however, many of these games may be played in the arena game room. All are invited to take part in these activities.

Collects Hands

Six years ago, Miss Ellen Strider of Cleveland, Ohio, wandering through New York city's Metropolitan museum, saw Rodin's "The Hand of God" pointing its marble fingers ceilingward. She bought a model of it and came home to start a collection now among the rarest of such hobbies because so few collectors gather hands.

IN CASE THEY WON'T EAT FISH

Lent brings many problems. Especially to hostesses who find that some of their guests will not be eating meat . . . while others, they know, have no love for fish. The following menu is designed for just such an emergency.

Please do not get the idea it's the sort of dish you'd serve only in an emergency. These Egg Croquettes with Tomato Sauce need no apology. They were so good that they were awarded a prize in the one-dish meal class of a recipe contest not long ago.

What Do You Serve With Them?

Because so many times when I've suggested these croquettes I've been asked, "But what do you serve with them" . . . I'm going to suggest a menu with Egg Croquettes as the main dish before I tell you how to make them.

Egg Croquettes with Tomato Sauce
Tray of Fresh Vegetable Relishes
Buttered Broccoli
Hot Muffins Plum Jam
Floating Island Molasses Cup Cakes
Coffee

EGG CROQUETTES

4 tbsp. butter
5 tbsp. flour
½ tsp. salt
½ tsp. celery salt
⅛ tsp. pepper
⅛ tsp. paprika
1 cup milk
6 hard cooked eggs, chopped
½ cup Swiss cheese, diced
½ cup roasted peanuts, chopped
Fine bread crumbs
1 egg, slightly beaten
2 tbsp. water

Melt butter in saucepan. Blend in flour and seasonings. Remove from heat. Add milk slowly, stirring constantly. Return to heat and cook until thickened, stirring constantly to prevent lumping.

Remove from heat. Stir in eggs, cheese and peanuts. Cool.

Shape into croquettes, the size of an egg. Roll in the dry bread crumbs. Dip in mixture of slightly beaten egg and water. Roll again in bread crumbs.

Fry In Deep Fat

Fry in deep fat until lightly browned. The fat will need to be at 375° F. . . . when a cube of bread browns in 60 seconds just before the croquettes are dropped into it. You see the fat cools a bit as soon as the cold croquettes are in it . . . so you'll find if you have it at 375° F. when they are dropped in they will be frying at about 360° F. which is the right temperature for croquettes.

Fry them for 2 to 3 minutes . . . according to the size. Then drain on brown paper and keep hot in the oven until time to serve. Serve hot with tomato sauce.

This recipe makes 12 croquettes . . . that is 6 servings.

Tomato Sauce

Melt 4 tbsp. butter in saucepan. Blend in 4 tbsp. flour, ½ tsp. salt, and few grains of pepper. Remove from heat. Slowly add 2 cups tomato juice, stirring constantly. Return to heat and cook until thickened, stirring constantly to prevent lumping.

SEED VEGETABLES EARLY, CO. AGENT LERUD SUGGESTS

Plant Them as Soon as Soil Is in Shape to Work Well, He Says

There is much to be gained and little to be lost by rushing the season a bit in planting the family garden, says County Agent Lester A. Lerud. As soon as the soil is in shape to work well, it is frequently a good idea to plant many of the common vegetables, even though the danger of frost is not past.

E. M. Hunt, extension horticulturist at University Farm, says that many garden plants do best in the cool weeks of spring. Furthermore, they show a surprising resistance to frost.

If a late killing frost should destroy them, there is no great loss because the garden can be planted over.

There are several good reasons for getting in the garden early, Hunt points out. In the first place, garden greens are most welcome in the spring months after a winter diet which is usually deficient in many essential food elements. Most garden plants will be more tender and tasty if grown to eating stage before the drouth and heat of summer. These also escape the insect pests and diseases which have a way of multiplying as the season progresses.

Kenneth Maidment Found Innocent in Dist. Court

Kenneth Maidment, charged with hitting a man with his car while driving thru St. Hilaire December 1, 1940, and then not returning to the scene, was found not guilty in district court March 29 by Judge Oscar R. Knutson, who tried the case without a jury, by agreement. The prosecution failed to prove that Maidment was involved in the accident.

When every citizen looks out for himself the nation is apt to succumb.

Donovan Mattson Named Head of Newly Created NYA Advisory Committee

The local advisory committee of the National Youth administration met in Supt. Morris Bye's office Tuesday night with John C. McDougall, deputy state youth administrator of St. Paul, to organize its activities and elect a permanent chairman. The purpose of the committee is to serve in an advisory capacity to the area and local NYA offices and to promote such activities in the community as will improve conditions among youth.

The committee personnel consists of Donovan Mattson, chairman; Dr. A. E. Jacobson, H. F. Harrison, Mrs. Gunder Legvold, Rev. R. M. Fjelstad, Mrs. E. F. Wright, Ray Oen, Mrs. J. Arthur Johnson, Mr. Bye, Fr. C. J. Cloutier, Lynn Stenseth, Oscar Vignes and Thomas Benson. Regular meetings will be held the third Monday of each month.

The committee will attempt to correlate the community needs with the youth needs through the various activities available under the National Youth administration's out of school work program. Frank Govednik, director of the boy's resident center, has general supervision of NYA activities in Thief River Falls.

Hans Swanson, Former Mayor of Warren, Dies

Hans Swanson, 74 years of age, pioneer Warren businessman and former city mayor, passed away Sunday evening at the Warren hospital following an illness of several weeks. He is survived by his wife.

Mr. Swanson has been a resident of Warren since the early 1890's. He installed the first telephone system in the city. This telephone system grew as the community grew and many improvements to the service, including automatic switchboards were made before he disposed of his property to retire from active work a few years ago.

The pioneer business leader also made numerous improvements in the city. He was a director of the State Bank of Warren and the Warren Building and Loan Association.

Funeral services for Mr. Swanson will be conducted this afternoon from the Strand theatre commencing at 2:00 o'clock.

Pyramids Looted

Although the Pharaohs built pyramids and other monumental tombs to insure absolute seclusion of their bodies upon death, most every one of their burying vaults were looted long before modern times. Only the tomb of Tut-Ankh-Amen escaped of all the greater known kings. When his vault was entered in modern days, great treasures were found. But it is believed that alongside the fabulous wealth buried with Cheops, builder of the Great Pyramid, "King Tut's" riches were comparatively insignificant.

Bees Meet Waterloo

Attacking a windmill-shaped wind-charger of the radio set of I. M. O'Kennedy in Moorreesburg, Cape Colony, a large swarm of bees met their match. The whirling blades of the charger, atop O'Kennedy's house, wrought havoc among the bees, but they rallied and continued to attack until the entire swarm was wiped out. The wind-charger was not affected and continued to whirl merrily, but the roof and the ground round the house were covered with dead bees, all "killed in action."

Keeping Score

.... With BUCK OLSON

He's Some Boy

That is, if a young fellow 36 years old can be termed a boy. But Cliff Gustafson—and promoter Bill LaFave scored a ten-strike when he signed Gus for the main event on Tuesday night's wrestling card—is as widely-famed for his livestock judging feats as he is for his championship wrestling. In 1934 as a member of the 4-H club's non-collegian judging team from Minnesota, Gustafson was individual high scorer of the nation in the livestock judging contest at the International Livestock Exposition in Chicago, and was awarded a $500.00 University of Minnesota scholarship.

In 1935 he repeated, this time as a member of the U. of M. judging team, something unparalleled in the history of the event. And in addition, in 1935, with a rating of 99.4%, he was judged the nation's healthiest boy in the national health contest sponsored by the 4-H clubs.

So you'll be seeing something more than a championship wrestler when you watch Gustafson in action Tuesday night.

It Happen Every Year

There are two things that happen along about this time—every year. The one is that the ice goes out of the river; and the other is that Walt Larson claims the diamondball championship for his Land O'Lakes team. Walt declares that he has signed fast-ball pitcher Ham Myhrer to his club this year; and that fact, if it is a fact, has added a couple of degrees to Walt's diamondball fever. You should hear him recite the Land O'Lakes catalog: "prospects are very bright", "incomparable pitching", "young and aggressive players", "smart management from the bench", "hard hitting, clever base-running, and nifty fielding", "and Jim Kelly for chatter". In fact Walt is considering making the league a handicap affair this year, with his Land O'Lakes team spotting each of the other clubs a couple of runs a game; and in the case of Ole Ness' Kiewel team, Walt would add the provision that the Kiewel's, whenever they came to bat, could start the inning with Ole on third base, and that's the closest they would come to scoring, for he would "die" there.

Plenty of Rough-house

The interclass basketball tournament held in the gym last Wednesday and Thursday developed into a rough-house affair, with the boys getting in some spring football practice in addition to deciding the class championship. Particularly filled with "sock 'em", was the Sophomore vs. Junior game on Wednesday, with Orlin Gjernes and Johnny Campbell exchanging body blocks with Homer Matheson. And there was plenty of bodily contact in the Junior vs. Faculty game on Thursday. In one instance Lindenmeyer and Luther Fjelstad collided, with the coach letting Luther ride his hip, and Luff given a personal for charging. It was his fourth foul, and did he howl when he was called on that one. Babe Peterson, the referee, missed it, for at the worst it should have been a double foul.

Oh yes, by a 13 to 9 score, the Seniors won the championship by defeating the favored Sophomores. The Sophomores had a good team, and that night they played the better basketball; but I don't think that they were the best team in the tournament.

Just a Slip-up

In my all-city basketball selections last week I forgot to make an allowance for an "honorable mention" department. And in that special niche I had intended to place the Soo Cafe's Jess "Jay Bee" DuChamp, giving him honorable mention at guard, forward, and center. Jay is particularly sensitive about such slights, and he's been moody and melancholy all week. But I can assure him that this slip-up of mine was entirely intentional.

Note to Plummer's Kruegar

The boys are beginning to talk baseball up here; and if we don't lose all of our players through the draft we'll be in the league. Wally DuChamp, the state's best center fielder—and he's got clippings to prove it—is already doing road work. And pitcher Hemmy Sohl is looking for a warm-up catcher. Hemmy, by the way, has a low draft number and may be called into the service sometime this summer. What's this rumor we are hearing about Louie Benson returning to Plummer this year?

Park Rapids Woman Dies March 27 in 106th Year

Death came recently to one of the oldest residents of the state when Mrs. Rachel Rowland of the Park Rapids community passed away March 27 in her 106th year. She was born in Kentucky June 27, 1835. Mrs. Rowland comes from a long-lived family, her mother having attained the age of 108 years.

NYA HI-LITES

By Tom Benson

John Grimley, our congenial auto shop foreman, after a hectic week of wrestling with bolts, burrs, transmissions, and etc. fell prey to the flu and spent the week-end convalescing in bed.

Miss Puhlman and Miss Haman, directors of the N. Y. A. Resident Center at Warren stopped and discussed vocational problems for a few minutes with Mr. Govednik before leaving for northern Minnesota towns to interview possible future enrollees.

Last night at 10:30 the boys in the National Defense training course had completed 100 hours of work, or in other words one third of their entire training.

Mr. Mahnke, N. Y. A. Area Director from Bemidji, made a business call to the Resident Center last week, spending the night and the greater portion of two days here.

Boys on the Farm Security Administration projects say that if the roads get any worse they are going to swap the truck for a couple of canoes and go to work via ditches.

Art Generau's 1931 Convertible Chevrolet hasn't been officially christened, but some wise student suggested calling it "Ichabod" the catch being that "Ichabod", means (its glory faded). Almost any Resident boy however can tell you its fun-having possibilities haven't even been dampened with its age.

GAMBLE'S GREATEST TIRE SALE CONTINUES
73,000 Tires at Prices That May Never Be Repeated!

You have seen tire sales before, but we believe that this is the greatest sale you've ever seen! Right now, in the face of rising prices, Gamble's bring you their greatest money saving tire values. 73,000 quality tires offered at prices below anything we have ever seen on tires of comparable quality. These tires are not obsolete or discontinued lines. They are brand new, safe tires; new in design, new in construction and made in new molds.

Compare Quality—Compare Values
We ask you to make any and every comparison that you desire. Check construction specifications and guarantees . . . you'll agree that these tires are built to meet modern driving needs. Every Elite tire has the words "First Line" molded into the sidewall as the manufacturer's guarantee of quality. The Crescent tire is built of quality materials, but of lighter construction than the Elite. The Rex tire is built for those who must have new tire safety at lowest possible price. See our guarantee below at left.

Combined Savings Bring You These Unmatchable Values
Gamble's huge purchase plus savings in overhead and profit, savings in transportation, savings in selling expense and savings in credit losses are all combined to bring you these tires at seemingly impossible prices.

IN FAIRNESS TO THE MEN

Editor Sanford Golz of the Welcome Times is headed for the army, being one of the many inducted into service for a period of one year. Before leaving he must dispose of his business. This he is willing to do. But in commenting on his problem he makes a justifiable complaint. The local examining board has pronounced him physically o. k. and on the strength of this examination he is required to adjust all his personal affairs and be ready to go when called. But Mr. Golz has noticed that many who have been approved by the local examiners are rejected when they are examined by the regular government officials, and this is the thing that worries him. He must dispose of his business without being certain that he will be accepted, and if he is rejected then his personal sacrifice will injure him without accomplishing any good purpose.

In commenting on this case the Fairmont Sentinel makes several sensible suggestions that should be given serious consideration by those who are responsible for the administration of the selective service law. Says the Sentinel:

> There have been many cases like this, several in this county.
>
> It isn't right. Something should be done about it.
>
> Obviously the thing to be done is to give inducted men their final physical examination before they leave home.
>
> It is true that the local, unpaid, volunteer examiner gives the men only a "once over." All that is expected of him is an opinion whether or not he considers the man fit for military service. He cannot be fairly blamed because some men whom he passes get the ax higher up.
>
> The government is not dealing fairly with men who in the belief that they are called to arms for a year, make disposal of their civilian interests for that period. Often this is at great loss as well as inconvenience.
>
> The selective service act or regulations thereunder should be amended to provide complete and final physical examinations before the men leave their home county.

Things are bad or good in the Balkans according to the point of view. Those who hope Hitler will suffer a crushing defeat in this new campaign probably will be disappointed. The odds in his favor are too great, especially in a pitched battle where his superior equipment gives him a decided advantage. But Hitler can win many battles in the Balkans and still lose the campaign; his armies may take many cities without gaining control of the country. In the mountains of Serbia and Greece the Nazis may meet the kind of opposition their mechanized units are unable to penetrate and a type of warfare that will be expensive in both men and supplies. The thing we like about the present situation in the Balkans, discouraging as the reports may be, is that the developments are less gratifying to Hitler than they are to us. He failed to bluff his way through this time and the opposition he is meeting there is delaying the rest of his program, adding to his difficulties.

Robert Updegraff, who gets paid for telling business men what's wrong with them, thinks the most important cause of business failure is lack of self-discipline. "This applies to the use of time, energy, money, authority, and what have you," he says. "For every five thousand persons who can work under the discipline of a boss or organization, there is only about one who can supply the discipline to run himself or a business of his own. During the past ten years, since I have been on my own, scores of men have come to me to discuss going into business. I have seen quite a number of them try it and only two or three out of the group have succeeded; the rest have lacked the necessary self-discipline." Whatever truth there is in Mr. Updegraff's observation probably applies equally well to the management of a farm or a home.

Neighboring communities are suffering from floods, caused not so much by any excess of water but rather by ice-choked ditches and streams. Encouraging thought is that floods at this time of the year are not nearly as expensive as those that come occasionally during the crop season.

Don't forget to remember that the two hour parking limit goes into effect again next Tuesday.

RAILROADS ARE NEEDED
(Long Prairie Leader)

Action taken by the Commercial club at its meeting last week when it went on record as favoring the limiting of the amount of gasoline that can be hauled by trucks on the highways, throws an interesting sidelight on the attitude of the business man toward the railroads.

Railroads are no more worthy of having business legislated their way than any other enterprise. It is true that to some extent the position in which the railroads have found themselves of recent years has been part of their own doing. It must also be admitted that of recent years the railroads have instituted many changes in an effort to serve the public to the greatest possible extent.

One fact, however, cannot be escaped. The nation cannot get along without the railroads. There are many commodities that cannot be transported except by rail and in the present emergency the importance of the railroads has become even greater.

Continued nibbling at the business that should go to the railroads and which they can handle as efficiently and quickly as other carriers, will only mean that eventually the volume left for the railroads will be so reduced that even with increased rates they cannot be operated. A continuation of that kind of a policy can only result in so weakening the transportation lines that they cannot stand ready to serve not only in normal times, but in times of emergency.

It was this fact which prompted the business men in the decision they made in addition to the fact that motorists generally believe that highway traffic safety cannot be materially improved so long as restrictions are not placed on truck carriers.

What the eventual solution of the problem will be, we do not presume to say. However, this much is certain. So long as the nation cannot get along without its railroads these carriers should have consideration commensurate with their responsibility.

FARM HELP
(Minneota Mascot)

Just what these "defense jobs" are that city people are registering for already is unusually plain enough—those involving mechanical skills in workshop, factory or on the assembly line. The skilled worker is clearly the favored one in any recovery gains so far registered through the defense program. There are openings here and there, of course, where young men are drafted into military service.

One field hard hit and likely to assume the proportions of a real problem is that of the farm hand. Farmers have been complaining about the difficulty of hiring young men, since they know that most of them will be called by the local draft board if not while spring work is at its height, then during the peak loads of corn cultivating or harvest work, at the latest.

Farming was considered a "defense job" in itself at the time of the World War. There are deferments for some young men actively engaged in farming now. But the hired hand working on the farm is being taken without any thought of exemption, and the problem of available workers may become a critical one.

The state employment service placed over 15,000 farm workers in jobs last year—a 50 per cent increase in its placement service in that field over the 1939 record. It is preparing to do more of the same work, but there are evidences already that it may be handicapped by a real shortage of men able and willing to do farm work.

Topics of the Times
By M. A. H.

Considering the mileage bills the members of the state legislature allowed themselves, one would conclude that they lived in the vicinity of the North Pole.

With the use of the metal being restricted owing to the defense program, aluminum pots and pans soon will command a premium.

Maybe Thief River Falls folks shouldn't complain. Wadena had a total snowfall of more than five feet during the past winter.

The gap between yearning and earning, they tell us, can be bridged by perspiration.

The kids have been busy recently looking for puddles deep enough to go over the top of their boots.

Something to think about—The average American family owes about $2,500 for its share for the public debt.

Hitler must be rubbing his hands in glee on hearing of the strikes now plaguing American industry.

A wee little lady of our acquaintance referred to Easter Sunday, appropriately enough, as the bunnies' Christmas.

Simile—As serene as the Minnesota Farmer-Labor party under the guidance of Chairman Elmer A. Benson.

This is breakup time on the highways, we are advised. Cars, however, continue to get broken up all during the year.

Paradoxically, spring, the season of hope, is the time of year when all the wars break out.

It doesn't take much study, says a colleague, to discover that this New Order in Europe isn't new and it isn't order.

DRIVES CAR DESPITE A BROKEN BACK

Willmar—Music teacher George Miller of Wahpeton, North Dakota, on a business trip recently, slipped and fell in Fergus Falls but despite the shock of the fall, managed to walk to his car and drive to his home. Upon arriving in Wahpeton, however, he found he was unable to step from the car and attracted the attention of passersby by honking his horn. He was assisted to his apartment where it was found upon examination that two vertebrae in his back were broken.

WARDEN MECK DISPLAYS FREAK RACCOON PELT

Wykoff—Game Warden Calton L. Meck of Wykoff is displaying to sportsmen a freak raccoon pelt presented to him by Henry Pekup whose dog killed the animal. The raccoon was natural in every respect except that its fur was solid dark brown in color, closely resembling beaver, instead of bearing the usual raccoon markings.

Looking Backward

1931—TEN YEARS AGO

In connection with a revision of its articles of incorporation, the Commercial club adopted the name of the Civic and Commerce association.—The mercury rose to the 80-degree mark April 8, L. M. Rayson, local observer, reported.—Henry Falk was appointed manager of the J. C. Penney store at New Rockford, N. D.—Eugene Hess, Robert Korstad and Clifford Newland won the regional debate title for Lincoln high school. —The local unit of the Daughters of Norway observed the 20th anniversary of its founding at a party.

1921—TWENTY YEARS AGO

Dan Patterson, pioneer St. Hilaire resident, died in St. Paul at the age of 72.—The Elks lodge held its first dance in its new quarters in the Citizens bank block.—The public school faculty scored a hit with the presentation of "Charlie's Aunt"—Only 13 of the 56 contracts with teachers in the local schools were signed and returned within the stipulated period.

Johns Hopkins Hospital

It is named for Johns Hopkins, a financier and philanthropist, born in 1795, died 1873. He became a grocer in Baltimore at 17, and in 1822 founded the house of Hopkins & Brothers, building up an almost monopolistic trade in Maryland, Virginia and North Carolina. He used his large fortune in railway and banking operations, and gave over $3,000,000 to found the Johns Hopkins university.

THIS THIEF WONT TOOT HIS OWN HORN

Sleepy Eye—A thief who plied his trade in Redwood Falls recently will have a hard time blowing the horn he stole from a local music store inasmuch as he left behind two very essential parts of the instrument, a clarinet, namely the tuning barrel and the mouthpiece. The theft was accomplished while the proprietor was busy with a customer in the rear of the store, but the thief defeated his own purpose by being in too much of a hurry.

April 10-17-24
Order for Hearing on Petition to Determine Descent of Land
State of Minnesota, County of Pennington—ss. In Probate Court

In the Matter of the Estate of Agnes Elofson, Decedent.

Helen Kulseth having filed in this Court a petition representing, among other things, that said decedent died intestate more than five years prior to the filing thereof, leaving certain real property in Pennington County, Minnesota and that no will of said decedent has been proved, nor administration of her estate granted, in this State and praying that the descent of said real property be determined and that it be assigned to the persons entitled thereto;

IT IS ORDERED, That the hearing thereof be had on May 5, 1941, at 10:00 o'clock A. M., before this Court, in the Probate Court Room, in the Court House, in Thief River Falls, Minnesota, and that notice hereof be given by the publication of this order in the Thief River Falls Times and by mailed notice as provided by law.

Dated April 9th, 1941.
HERMAN A. KJOS, Probate Judge.

SO. ST. PAUL LIVESTOCK
(By U. S. Department of Agricultural Economics and Minnesota Department of Agriculture)

South St. Paul, Minn., April 8, 1941: The week's opening trade in the hog division was sharply higher and a new top which dated back to September for an equal, was established at $8.60. The trend was reversed on Tuesday, according to the Federal-State Market News Service, and a large part of the earlier gain was erased. Compared with the close of last week Tuesday's market was 10 to 25c higher. The top dropped to $8.35 paid freely on Good and Choice 170 to 240 lb. Barrows and Gilts with the bulk 180 to 240 lb. averages going at $8.25 to $8.35. Similar grades 240 to 270 lb. hogs moved at $8.00 to $8.25, while 270 to 300 lb averages were disposed of at $7.85 to $8.15. Most 300 to 360 lb. offerings brought $7.60 to $8.00, with only occasional extreme weights down to $7.50. Good and choice 140 to 160 lb. averages cleared at $8.10 to $8.25, and Good Sows of all weights sold mainly at $7.25 with a few to $7.35.

No material price changes developed in the market for slaughter Steers. Buyers again were held in check by the bearish beef trade, but light supplies continued to aid the selling side. Some strength developed on light weight steers, and the stock also showed a firmer trend. Bulls were strong to 25c higher. Vealers held steady. Stockers and Feeders were steady to strong, demand being broad. A few choice yearling Feeder Steers brought $12.00, with bulk medium to Good kinds at $9.50 to $9.75. Good to Choice 1200 lb. slaughter steers topped at $11.15.

Light supplies of Slaughter lambs here sold at mostly steady prices this week but a touch of weakness developed on Tuesday. Good and choice grades of wooled [illegible] at $10.50 to $10.85, a few Spring Lambs at $11.50. The best [illegible] Shorn lambs went at $9.75. Wooled ewes brought steady prices with Good and Choice grades at $6.00 to $7.00. Feeding and shearing lambs were limited to small lots, mostly natives, that cleared at $9.00 to $10.25.

Hue and Cry

Hue and cry was a phrase used in English law to signify the old common law practice of pursuing a criminal with horn and voice. It was the duty of any person aggrieved, or discovering a felony, to raise the hue and cry, and his neighbors were bound to turn out with him and assist in the discovery of the offender.

BRIEFLY

He—Can I come in for a few minutes?
She—Yes—if you'll then go out for a few years.

IMPROVING

He—You are more beautiful every day.
She—Hardly that, I think. It is just that your qualities of perception and taste are growing better.

USELESS CHAP

"Tom doesn't know what to do with his hands."
"Useless chap! He can neither make love nor play cards."

CONSIDERATE

"Are you going to the Jones-Smith wedding?"
"No; I don't like to see people suffer, whether they are conscious of it, or not."

PERFECT GENTLEMAN

"Paul is a perfect gentleman."
"Right you are; he never thinks of kissing me without first asking permission."

PETTED TOO MUCH

"The meat you sent me yesterday was spoiled."
"Perhaps so, marm, for it came from a prize lamb that was petted a great deal."

Andersen Museum

At Odense, Denmark, there is a Hans Christian Andersen museum built around the cottage where the author was born in 1805. On exhibition there are many editions of his fairy tales in nearly all the European and Oriental languages, including Eskimo. Relics and tributes from all over the world have been sent there to honor him.

PUBLIC NOTICES

In Memoriam

In memory of our dear husband and father who passed away five years ago, April 4.

When the evening shadows are falling,
And with our hearts we sit alone,
To our hearts there comes this longing,
If he only would come home.
But though our hearts are broken with sorrow
With the grief so hard to bear,
We will meet you, some bright tomorrow
In the upper garden there.

Sadly missed by Mrs. Magda Blakkestad, Elma Blakkestad, Mr. and Mrs. I. R. Geving and family, Mr. and Mrs. Odwin Blakkestad and family, Mr. and Mrs. Adolph Blakkestad, Mr. and Mrs. Orin Drangstveit and family. 15p

TIMES HANDICAP BOWLING TOURNEY OPENS SATURDAY

Singles Event on Mint Alleys Will Continue Thru Two Week-ends

Bowling in the first annual Thief River Falls Times handicap singles bowling tournament will begin on Saturday on the Mint alleys. The tournament, which is scheduled for the week-ends of April 12th and 13th and 19th and 20th, will find the keglers shooting at a guaranteed first prize of $40.00.

The affair, which is arranged on a handicap basis with 190 pins as scratch, will have the bowlers rolling four games over four alleys, and the bowler with the highest aggregate total, actual pins and handicap, will be declared the winner. Handicap will be allowed on a basis of two-thirds of actual handicap based on league averages as certified by the local secretary, but in no case will the handicap exceed 25 pins per game.

Julian Brus, one of North Dakota's top-ranking bowlers, will lead a delegation of Fargo bowlers, bowling on the 2:45 P. M. shift on April 20th. It is expected that entries also will be received from Grand Forks, Crookston, Ada, Warren, Fosston, and Bemidji.

Let's view our smash hits on the stage and not on the highway.

Athletic Association Elects 4 Directors at Meeting Monday Night

At the April meeting of the Thief River Falls Athletic association Monday, A. M. Senstad and Jack Dempster were reelected to the board of directors for three-year terms, and Ole Ness was named a member succeeding Richard Dablow, while Russell Olson was elected to serve out the unexpired term of Walter Ekeren, now in the army. The board will elect officers for the ensuing year at its organization meeting to be held next Thursday, April 17.

Detroit Lakes Bowlers Lose to Fashion Shop

Dolores Urdahl's 482 total, with a 201 game in her score, paced the Fashion Shop team of the women's city league to an easy total pins victory over the Rexall Drugs of Detroit Lakes. The Fashion Shop rolled a 2181 total to the Drugs 1880, Gladys Beck's 430 score being the high bowler for the Lakers.

Gustafson Features Mat Card on Tuesday

In Semi-Finals Tuesday

EARL WAMPLER

207-lb. wrestler from Scranton, Pennsylvania, who will compete in the semi-finals of the wrestling card in the Auditorium next Tuesday evening, April 15, against Don McIntyre, 220 lb., of Otterville, Missouri.

Clifton "Cliff" Gustafson, 26 year old, 242 pound Gonvick farmer-wrestler, and one of the foremost contenders for the heavyweight title, will headline the attractive wrestling program that promoter Bill LaFave has arranged for the athletic show in the municipal Auditorium next Tuesday night, April 15th. Big Gus, who was undefeated Big Ten and A.A.U. wrestling champion in 1937 and 1938, will meet Jim Wright, six foot four inch Texas Cowboy, in the main event.

In the semi-finals match, Earl Wampler, veteran 207 wrestler from Scranton Pa., who has appeared in Thief River Falls before, will meet Don McIntyre, 220 pound Scotch farmer-wrestler from Otterville, Mo.

In the preliminary event, Ralph Garibaldi, 215 pound wrestler from St. Louis, Mo., and one of four famous wrestling brothers—Gino, Chick, Tony, and Ralph—will meet Stan Myslajek, young 218 pound Polish grappler from Minneapolis. Ralph, whose "dropkick" and "flying tackle" are among the most effective offensive maneuvers in wrestling, has replaced Gino as the No. 1 man of the Garibaldi clan.

In securing Cliff Gustafson for the main event, promoter LaFave has obtained what he, and many others, believe will be the next heavyweight wrestling champion, and that Gustafson right now has the ability and the stamina to wrest the title from Bronko Nagurski, could he but lure the titleholder into the ring. Gus is a grappler that features an aggressive style, for it is method to keep boring in, riding his opponent and using a variety of holds rather than one or two "pets", which eventually become so well known that everyone is on the look-out for them.

Big Gus follows the same procedure of his amateur days, moving in all the time and clamping on whichever holds fit the situation, headlocks, hammerlocks, keylocks, toeholds, hiplocks, or scissors hold. So far his head scissors hold has been one of the most effective of his varied assortment, and Henry Ordeman, former world's heavyweight champion, is authority for the statement that Gustafson is the best scissors man since the days of the famed Joe Stecher.

.97 Inch of Rain Falls Locally During Past Week

After nearly a week of rainy weather, during which a total precipitation of .97 inch was recorded on the power plant rain gauge, the sun finally broke thru the clouds Wednesday and the mercury mounted during the afternoon to the 65 degree mark. Virtually all of the remaining snow disappeared during the week, and the moisture thus created raised havoc with side roads throut this area.

Marine Corps Recruiter at Crookston Tuesday

The officer in charge, U. S. Marine Corps Recruiting Station, Minneapolis, announces that a recruiting party from that office will be at the postoffice in Crookston on Tuesday, April 15, between the hours of 9:00 a. m. and 4:00 p. m. for the purpose of interviewing and examining all men interested in making application for enlistment in the U. S. Marine Corps. The recruiting office in Minneapolis has 100 vacancies open to young men between the ages of 18 and 30 years who have had one year high school or the equivalent, in good physical condition and with the consent of parents or guardian if under 21 years of age. The term of enlistment is for four years.

Ed Flasch Again Leads Prowlers for Season's Scoring with 224 Pts.

For the second year in succession, the individual scoring honors for the Prowlers 1940-41 basketball season, went to rumple-haired Eddie Flasch. Eddie, marking up 86 field goals and 52 free throws, amassed a 224 point total, for one of the highest scoring records in the history of Prowler basketball. Russ Garness, big center, and who did not join the local team until after the Christmas holidays, scored an even 100 points to take second place.

Hartz Bakery Men Down Detroit Lakes Bowlers

By 104 pins the Hartz Bakery team defeated the Carlson Dairy team of Detroit Lakes on the Mint alleys Sunday. The match, which was pretty much a gathering of the Carlsons, with each team having two Carlsons in their line-up, saw the Hartz pile up a 2575 total to the Dairy's 2471. Ed Carlson was the high man for the match, rolling a 549 total, with Clarence Offerdahl collecting 543 pins.

SENIORS DEFEAT SOPHOMORES AND WIN SCHOOL TITLE

Ferguson and Ostrom Star for Winners in Game Thursday Night

Led by the fine all-round play of Jimmy Ferguson, and the one-handed shooting of Vernie Ostrom, the seniors, by a 13 to 9 score, defeated the highly favored sophomore team to win the interclass finals game played in the high school gymnasium last Thursday night. Jack Melby and Lincoln Carlson played the most effective ball for the losers.

In a preliminary game a high-scoring faculty team swamped Johnny Campbell's junior class team, winning by a 48 to 24 score. Chet Nelson, with 16 points, and Howard Balderstone, with 15 points, were the high-point men for the faculty; while Johnny Campbell's 8 points was high for the juniors.

STATE OPENS BIDS ON NEW PROJECTS TO COST $600,000

St. Paul Contractor Is Low Bidder on Red Lake Falls Job

With the 1941 construction season not yet begun, the Minnesota Highway department now has more than $2,600,000 in new road projects awaiting only the "go" signal from the weatherman, following the announcement this week of low bids on 10 new projects to cost $604,840.

According to Commissioner M. J. Hoffmann, combining this with approximately $2,500,000 in contracts awarded in 1940 but not yet completed, the department now has a total of more than $5,000,000 in improvements to the state's trunk highway and secondary road systems which will be launched as soon as weather conditions permit.

Included in the latest letting are 15 miles of concrete paving, 2 bridges, 8.1 miles of bituminous surface treatment and 5 miles of bituminous wearing surface. Two of the largest projects are "strategic necessity" improvements on T. H.s 23 and 52 at Waite Park in Stearns county and on T. H. 69 in Freeborn county. The projects include Red Lake County: T. H. 32—Grading paving, stabilized aggregate base and bituminous surface treatment for 1.3 miles in Red Lake Falls and ½ mile E., W. A. Patterson of St. Paul, $41,220.

Advises Registrants Rejection Is Possible

Minnesota local boards have been instructed by Lt. Col. J. E. Nelson, state director of selective service, to warn all registrants ordered to report for induction under the selective service system to arrange their affairs so as to prevent undue personal hardship if they are rejected at army induction stations. Pointing out that there are instances when men sent to induction stations by local boards are rejected on physical or other grounds by army examiners, Colonel Nelson said that it is the intention of state headquarters to reduce to a minimum any injustices to registrants involved in such cases.

PUREBRED SETTER HAS LITTER OF 16 PUPS

Alexandria—Proud parents of 14 healthy pups are Patsy and Ranger Boy, two beautiful pedigreed Irish setters belonging to W. T. Schluter of Alexandria. The original litter consisting of eight males and eight females was born March 2, since which time one of each has died. The whole family will appear at the Northwest Sportsmen's Show this month in Minneapolis where Ranger Boy has won many championship ribbons.

Mud Lake Game Refuge Holds Open House Week of April 14

UNSAFE at HOME
Sure-Fire trouble!
NATIONAL SAFETY COUNCIL

Open house will be held at the Mud Lake National Wildlife Refuge in Marshall county during National Wildlife Restoration Week which is being celebrated *April 14-19 throughout the country,* sponsored by the National Wildlife Federation, it was announced by C. B. Vogen, refuge manager of the Fish and Wildlife Service, United States Department of the Interior.

Individuals and private organizations who wish to visit the refuge may make arrangements with the management at the refuge headquarters located 11 miles east of Holt.

With an area of 66,000 acres, the Mud Lake National Wildlife Refuge was established primarily for the protection of waterfowl, upland game birds, and shore birds. This refuge is one of 263 administered by the Fish and Wildlife Service throughout the United States, Alaska, Puerto Rico, and Hawaii, Vogen said.

These refuges have a total area of about 13,500,000 acres, ranging in size from 1-acre islands to the Aleutian Islands National Wildlife Refuge in Alaska, which comprises almost 3,000,000 acres and extends 1,200 miles westward from the Alaska Peninsula.

Establishing refuges is, of course, only a beginning, Vogen added. Many of the areas obtained were only prospective refuges at the time and required a great deal of development. Improving refuges, he explained, is one of the service's objectives.

Much of the work, Vogen, said, has been carried on with the aid of the Civilian Conservation Corps. Help has also been given by the W.P.A. and N.Y.A. On the Mud Lake National Wildlife Refuge the work has been done with the help of CCC.

"While all wildlife refuges protect the many forms of wildlife found on the sanctuary," Vogen said, "each area is usually particularly beneficial to certain birds or mammals." He added that 176 refuges in the nation-wide system were established primarily for migratory waterfowl, 50 for colonial nongame birds, 24 for migratory birds, small upland game, fur animals, and other wildlife, and 13 for big-game animals.

"The refuge system plays an important role in the conservation of our wildlife resources," declared Vogen. "Since the establishment of these areas there has been a decided return of species that had been close to the point of extirpation and even extinction."

LOCAL JOB OFFICE REPORTS ON WORK FOR PAST MONTH

Decline Is Noted in Claims for Unemployment Compensation

The undertone of the employment picture in Thief River Falls is strong, according to a monthly summary of the local activities of the Division of Employment and Security. The March report of C. J. Sjolander, local manager, shows a sharp decrease in job insurance activities.

Initial claims for unemployment compensation totaled 106. This number is 10 per cent below the total for March of 1940.

Field visits by the local office—largely employer contacts—were 40 per cent more than a year ago. The Thief River Falls placements during March were 15, which activity compared with 16 in February and 18 in March of 1940.

The 417 new applications received were 7 per cent more than a year ago and 13 per cent more than in February.

Initial claims for job insurance during the month were 17 per cent less than in February, according to figures obtained from Stuart V. Russell, district director in Bemidji.

DOESN'T LIKE SCHOOL; HIDES OUT FOR THE NIGHT

Jordan—Because he said he "didn't like to go to school" little Willie Maus of Jordan gave his parents quite a scare on a recent evening when he failed to come home from school—in fact didn't come home all night long. A search for the missing lad ended in a small shack several miles from town where the young runaway was found hiding.

WALLET LOST IN NOVEMBER RECOVERED LAST WEEK

Atwater — Nels Blomberg of Atwater is $79 richer today than he ever expected to be—or at least he isn't the $79 short he had resigned himself to being since last November. It happened during the Armistice blizzard while Blomberg was shoveling snow to release his stalled truck. His wallet slipped unnoticed from his pocket and a search later failed to reveal any sign of it. Last week, however, spring thaws revealed the missing wallet which was returned, with the $79 intact, to the grateful owner.

TWINE SAVER SAVES 44 MILES OF STRING

Luverne — Over 44 miles of string, all in one piece, is the result of 18 years of conscientious effort on the part of Mrs. A. C. Ridenour, postmistress at Steen, South Dakota. Mrs. Ridenour has carefully saved each piece of twine in which bundles of mail have been wrapped since she became postmistress on January 16, 1916. The result is a ball of twine weighing 125 pounds, 31 inches in diameter and 93 inches in circumference. It is estimated that there are 114,000 knots in the string.

NEW TAX BILLS ALREADY PASSED IN 1941 SESSION

State Taxpayers Association *Reports on Work Done to Date*

With less than two weeks to go, the present session of the Minnesota legislature has speeded up to reach several important measures still pending. Already a great many laws have been passed which affect the tax situation in the state.

Among the bills dealing with taxes which have become laws to now are several which have been listed by Norman A. Borgen, secretary of the Minnesota Taxpayers Association, as follows:

One to prohibit the state or its political subdivisions from selling anything to employees.

A new law requiring that all candidates for office in cities and villages must hereafter file a statement of their election expenses, just as candidates for state and county office must now do.

A law to provide for ten-year installment paying of delinquent taxes, similar to one passed at previous session has been enacted.

Another law provides that any person confessing judgment for delinquent taxes, who has defaulted in payment thereunder, may remove the default and reinstate judgment by paying all past delinquent installments with interest along with current taxes.

The mortgage moratorium law was repassed at this session. The present bill covering such mortgages made prior to April 18, 1933, extends the time of redemption to March 1, 1943.

The new bank bill imposes a tax of eight per cent instead of 6 per cent on taxable net income of national and state banks. Money collected under bank taxes will be returned to counties, cities, villages, and school districts on the same basis as personal property taxes.

Motor vehicles of persons in active military service will be exempt from taxes during the time they are in service and for 40 days after, but such vehicles must not be used on any highway in the state during exemption period.

With two weeks to go, the legislature still has several hundred bills under consideration. The present session will end April 23, Mr. Borgen pointed out.

Increase Dairy Income Here by Providing Good Pastures, Lerud Advises

Pennington county dairy farmers will find good pastures one of the best ways of increasing the dairy income, says County Agent Lester A. Lerud. Pastures from early summer to late fall is one of the most important factors in producing a lot of milk at low cost. Studies made of the feed supply from an all-season pasture program in leading dairy states show that pasture furnishes about one-third of the total feed consumed by cows for the year at about one-seventh of the total yearly feed cost.

"A good pasture produces more feed per acre and more butterfat at lower cost than any other crop except alfalfa. Wind, rain, or hail storms may ruin grain, hay or corn crops, but not pasture," says E. A. Hanson, extension dairyman at University farm.

Young fast-growing pasture grass is very high in feeding value. It contains all the food materials necessary for development and growth of young stock, gain in weight for beef cattle and high milk yield in dairy cattle. The digestibility of grass is high in comparison with other feeds. Because grass is rich in protein, minerals, vitamins and other important food elements, good pasture is a most valuable feed for all classes of stock.

IN THE STATE SENATE

By Senator E. L. Tungseth

We are rapidly approaching the closing days of the present session of our legislature and while a large number of bills has been passed and approved, there still remains a much larger number *still* to be considered and most of our major legislation with reference to appropriations, taxation, and education still remains pending. I have heard from quite a large number of our people relative to legislation affecting state aid for our public schools.

I want to take this means of assuring our people that while it may be impossible to increase the appropriation for state aids beyond the present 17½ million dollars it may be possible to effect a better adjustment of such aid so that it may be more practical and applied where most needed. I trust that we can defeat the Interim Committee's recommendation to eliminate state aid for rural schools conducting eight month terms since our eight month schools have after all been doing a very good job and many of our rural districts avail themselves of one month or more of religious education. This religious education month will be quite impossible in connection with a nine month term.

I also trust that we may retain our one-year teachers' training departments since many of our teachers who are being trained there can not afford to attend an institution far away from home. Our one year training departments have done very good work in turning out well qualified teachers and since the state is necessarily interested in economy this is an economy measure. It is also an economy measure for our taxpayers when necessary to conduct eight month terms.

This letter is being written Friday, April 4th and this week we have had the major bills before us relative to the gasoline tax and other highway revenue measures. The one-mill Dunn levy for highway purposes has been repealed and the gasoline tax will be raised from 3c to 4c a gallon. Rural districts were generally supporting a 4½c gasoline tax and on that basis would accept a repeal of the one-mill levy on the real property. Our Governor voiced definite opposition to more than a 4c tax on gasoline and no doubt his expressed views on this matter had some influence on votes in the legislature.

The Governor's contention was that a 4c tax on gasoline now will equal the revenue formerly received when the tax was 4c plus the proceeds from the one-mill levy. Here, as in many other instances, figures disagree. The figures which many of us had on hand from the state highway department indicated that we would still need the one-mill tax in order to regain highway revenue equal to the amount we had previous to 1940. However, the battle is now over and the result is a repeal of the one-mill levy and fixing the gasoline tax at 4c a gallon.

An important issue in this connection was the allocation of gasoline tax revenue to replace the apportionment for state aid to towns and counties by the one-mill levy. Everything considered, we are at least better off with the new arrangement than we have been since the reduction of the gasoline tax from 4c to 3c a gallon went into effect.

The Senate has already voted on several major bills of moral importance. Among them may be mentioned the roadhouse bill, the slot machine bill, and also the Finstad bill which would require the State Liquor Commissioner to cancel liquor licenses for places where slot machines are retained. How these bills will fare in the House is problematic. I hardly need to assure our readers that I have supported legislation of this kind as all of my past record will reveal an active interest in support of all such good constructive legislation. The forces of evil are sufficiently strong without the support of the law.

The "Fireworks" Bill was given its final passage this morning. The local option bill has been passed by the House and was this week also voted out of the Senate Liquor Control Committee. Whether or not this bill will pass the Senate in case we reach it with a vote is very uncertain. Such legislation as the liquor people are interested in usually has a way of gaining considerable support.

MAVIE

One-Act Play

The Mavie Four-H Club have selected the play "Life Begins On the Farm" to be given at the one-act play contest which will be held by the various county 4-H clubs, Friday, May 16th. The main plot of the play is a visit to the prosperous Duncan farm by their city relatives and the young Duncans introduce their cousins to the joys of their 4-H club. Even snobbish Aunt Laurayne has to admit that life on the modern farm may offer as many advantages for comfortable and social living as life in the city.

The characters are as follows: Dennis Duncan, prosperous farmer, Richard Ristau; Dulcie Duncan, his wife, Helen Nelson; Delia Duncan, the daughter, Beulah Lehrol; Bob, an unusual hired man, Jerry Hruby; Dennis Duncan, Jr., the son, Howard Ristau; Laurayne Lester, Dulcie's sister from city, Violet Nelson; Horace Lester, Laurayne's husband, Kenneth Habedank; Lucia Lester, their daughter, Jean Pomerenke; Lillian Lester, their daughter, Fern Nelson; Maurine Miles, Delia's friend, Ruth Ristau; Alice Ormsby, Delia's friend, Dorothy Habedank.

The play cast met at the Roger Anderson home Sunday evening. Mr. and Mrs. Ed. Ristau were also guests there. The 4-H meeting and play practice will be held at the Ed Ristau home Thursday evening, April 10th.

Gladys Sabo accompanied Mrs. Gust Ristau of Goodridge to Thief River Falls Wednesday where they attended a parcel shower for Mrs. A. Bugge at the home of Mrs. H. Bugge. Guests present besides the above mentioned were Mrs. Ole Vraa, Mrs. George Lindbloom, Mrs. Martin Olson, Mrs. Leo DuChamp, Mrs. H. Timm, Mrs. Bill Bugge and the Misses Ina Omundson, Tilda Byklum, Cassine Quinlog, Ida Byklum and Minnie Loven.

Mr. and Mrs. Frank Kains and Melvin Hamre made a business trip to Grand Forks on Monday.

The community singing club met at the home of Mrs. Helen Bendickson Saturday evening. Those present were Mr. and Mrs. Roger Anderson, Mrs. A. W. Oakl and Mary Ann and Mr. and Mrs. C. V. Roller and family. Lunch was served including a birthday cake honoring Mrs. Roller.

Mr. and Mrs. Obie Sabo and Phyllis and Mr. and Mrs. Gust Ristau and Carol Jeanne of Goodridge spent Sunday afternoon at the E. O. Sabo home where they assisted Mrs. Sabo celebrate her birthday anniversary which occurred the previous day. A five o'clock dinner was served including a birthday cake which was brought by the guests and Mrs. Sabo received several lovely gifts.

Malvin Newton left Tuesday evening for Duluth where he will look for employment.

Edward Svenagaard who has been employed near Northome during the winter months arrived Wednesday to spend several days with his home folks.

Miss Mary Rolland, student of the Bemidji State Teachers College arrived on Saturday to spend a week's Easter vacation at the home of her parents, Mr. and Mrs. Severin Rolland.

Miss Mina Anderson returned to Duluth Sunday, having visited since Wednesday at the home of her brother and sister-in-law, Mr. and Mrs. Roger Anderson.

Mr. and Mrs. Frank Kains and Galleen were callers in Thief River Falls Saturday. They were accompanied home by Mildred Anderson, who will spend her Easter vacation with them and her parents, Mr. and Mrs. Albert Anderson.

Charles and Edward Svenagaard were business callers in Crookston Thursday.

Mrs. Pearl Danielson and daughter, Boyd Hanson and Orvin Halverson of Thief River Falls visited at the Newton home Sunday.

Rev. E. O. Sabo visited on Saturday with Mr. and Mrs. G. A. Sandland of Grygla who are both patients at a hospital at Thief River Falls.

Cows on Increase

Agricultural economists report the number of milk cows in the United States is on the increase.

Glass Writing Board

A glass writing board in various colors which will improve the illumination and appearance of schoolrooms has been evolved. The board has an extremely low reflection from the surface, is well adapted to the use of chalk or crayon, and is permanent in finish so that it will not develop a polished reflecting surface on continued use.

Patty Doran Has Birthday Party

Mrs. Clarence Doran was hostess last Thursday afternoon in honor of her daughter, Patty's 4th birthday. Patty and her friends spent the afternoon playing a number of amusing indoor games after which the hostess served a lovely two-course luncheon. Places were laid at a table, nicely decorated in the Easter theme, for the little guest of honor and sixteen of her playmates, who were present. The beautiful two-tiered birthday cake, decorated in pink and green and topped with four candles, formed the centerpiece.

At five fifteen the birthday bells were sung for Patty over radio station KFJM and Patty was told where to find her large assortment of gifts. Those present besides Patty and her mother and father, were Vernon Olson, Marlyn Lunde, Ramona Johnson, Patty Lou and Sheldon Peterson, Audrey Austad, Helen Thorson, Mrs. George Holbrook and Donnie, Mary Maney, Elda Benitt, Clara Lillevold, Mrs. Ervin Holbrook and Sharlene and Larry, and Virginia Swanberg.

Joint Birthday Party at Ralph Bush Home

The Hunt Is On

A large gathering of local sportsmen met at the local hall recently to hear William Borchert, game Warden of Pennington county speak on "Conservation and Its Relationship to Sportsmen's Clubs." After Mr. Borchert's address several communications from the Department of Conservation were read as well as a large number of letters of appreciation from pupils of surrounding schools, who were privileged to see the wild life films shown at the local school house last February 18.

This meeting was held for the purpose of organizing the annual predator hunt, which is already in progress and will continue until the deadline on June 1. L. A. Knight and John Bonnering were chosen as captains of the two teams and Gordon Englebert is again the keeper of the Golden Pencil. Points for either side will be gained as follows: Crows and rats, 25 points; woodchucks, 10 points; crow eggs, 25 points; horned owls, 50 points; and gophers, 1 point. For every new member signed up by either side 100 points will be counted. The person who has the highest total number of points at the end of the hunt will also be awarded a prize.

Anyone who may be interested in the planting of millet for the wild birds may get millet seed in sufficient quantity to plant two acres. Two thirds of the crop may be kept for the farmer's own use while the other third is to be left in shocks for the birds. Anyone interested should see Leonard Hoack or Clarence Doran.

This year's hunt promises to be just as exciting as in former years. Several ladies as well as the men are signed up on both sides and we hope to be able to publish the weekly rating of both sides in this column.

Benefit Card Party

The Fourtowns hall was the scene of a Progressive Whist party last Saturday evening, the proceeds of which are to be used for the Spruce Grove 4-H club. Whist was played at five tables with high score for ladies and men going to Elda Benitt and Roland Sundberg, respectively. Robert Verbout held the lucky ticket for the door prize. At a late hour a free lunch was served by the 4-H club.

Word was received recently by relatives here of the birth of a baby girl to Mr. and Mrs. Merrick Conroy of Milford, Michigan on Thursday, March 27. Mrs. Conroy is the former Irma Newton who is a former resident of this community. The Conroys have named their daughter Sharon Ethel.

Mr. and Mrs. John DeVries of Puposky spent a few days of this week at the home of the latter's parents, Mr. and Mrs. Ben Anderson.

Maxine Porter, who teaches in the West Spruce school, left on Friday to spend her Easter vacation at her home at [illegible] River.

Bennie Vigen of Greenbush was a caller in town Thursday.

Valle Project Checkup

The members of the Valle home management project met at the local school house last Friday evening for the final checkup meeting. All the reports were filled in with the aid of the leaders, Mrs. George Holbrook and Mrs. Hans Strom.

Following the checkup the ladies and their husbands, who were also present, spent the remainder of the evening having a social time. The entertainment began with several amusing stunts after which progressive Bunco was played at several tables. Mrs. Adolph Erickson received the prize for ladies high score and Mike Teigland received the prize for men's high score.

At a late hour a very delicious lunch was served by the ladies. The leaders and assistant leaders, Mmes. George Holbrook, Alfred Swanberg, Erwin Nelson and Hans Strom, were each presented with a lovely pair of pillowcases as a token of appreciation from the members for their work.

The evening entertainment had been planned and arranged by Mmes. O. P. Armstrong, Robert Thorson and Ervin Holbrook while Mrs. Harold Bush and Mrs. Herbert Moore planned the lunch.

Mrs. John Marratteck Honored

Members of the O. J. Peterson, Erick and Roland Sundberg, Orrin and Barnett Benson, George Carlson, Fred Tressalt, Ben Anderson and John Stolpe families gathered at the John Marratteck home on Sunday afternoon and pleasantly surprised Mrs. Marratteck on the occasion of her fiftieth birthday. Visiting formed the afternoon's diversion after which the self-invited guests served a sumptuous lunch featuring a lovely three-tiered birthday cake topped with one large gold candle. Mrs. Marratteck received a linoleum rug from her guests in honor of the day.

Party for Mrs. George Rogers

Mrs. George Rogers was pleasantly surprised on Sunday afternoon when a group of relatives and neighbors came to her home to honor her on her birthday. Ski enthusiasts "swing" on their way from Rome and other southern cities to northern Italy. Italian railways announced third class sleeping coaches will be equipped with hammocks. The railroads are giving a 50 per cent reduction on all tickets for ski parties this winter.

City of Flowers

The Mexico City of the Spanish conquest and the Mexican capital of today deserves to be called the city of flowers. Even in the canals about the palace, the Spanish Conquistadors found floating gardens which the Aztecs had made of earth supported in intertwined roots and branches. After a while these floating gardens took root, became the island-gardens the visitor sees now.

Announcement....

We have now installed a new Gustafson Ceresan grain treating machine, and invite farmers to bring in their wheat, barley, oats and flax for cleaning and treating.

Cleaning seed, testing for germination and treating with Ceresan should be regular farm practices, and are important steps toward satisfactory yields.

Kitty's Kitchen Klatter

There never is a dull moment on the farm!

Right now everyone is busy with brooder houses and baby chicks.

You prepare a place for your chicks by scrubbing the house with lye solution to kill all germs that menace the lives of those wee bits of cheeping white fluff.

You test your brooder stove to see if the thermostat works O. K., and get it going to dry and warm the house.

The litter is added and that litter business makes many a chicken raiser puzzled. The little fellows eat most everything. Covering what ever you use, with paper keeps them from eating it until they get used to the feed in the feeders. You must have plenty of feeders and many water fountains. But you must watch that paper! In a very few days, they'll start in stripping that paper and eating that. Not because they're hungry, but from the sheer fun of it. You have to watch them closely. They often get into mischief. Give them half a chance and they'll devour each other!

You'll have to have some evil tasting red stuff on hand. At the first sign of cannibalism, put it on many of them so they all get a taste. They won't pick anything red after a taste of that.

Finally when the weather gets nice, you can let them out of doors, in a small pen at first until they get used to going in and out of the small doors in the brooder house.

Now you think, "I don't have to watch them so closely". But, one day you hear an awful commotion by the brooder house— chickens flying in all directions! And a big gray tommy cat in the center with a chick in his mouth!

Hubby gets the "twenty-two" and there is one less menace to that chicken flock of yours!

Hawks will take a toll—some chicks will meet with accidents. If you have them on clean ground, you may escape by losing only a few. Disease takes the heavy toll, and the best cure for that is a preventative, and that is cleanliness, clean quarters and new ground.

All your worries and troubles are forgotten when you set that first platter of golden brown fried spring chicken on the dinner table. And when you sink your teeth into the tender deliciousness of a drumstick encased in a crisp crust of egg and cracker crumbs fried to a delectable brown! Yum! Yum!

HOLT

Opal Warner who is attending college at Moorhead, spent the week end with her parents here, Mr. and Mrs. Renie Warner and Ruby Warner, who attends Lincoln high school at Thief River Falls, also spent the week end at home.

No Harsh Hop Bitterness

ALL over the Northwest beer lovers hail a brew which is free from harsh hop bitterness—a brew with extra grain goodness due to revolutionary methods of brewing—HAMM'S BEER.

We use pick-of-the-market barley and hops—pay premium prices to get the best. These choice hops are steeped only ⅓ the usual time, so HAMM'S BEER is free from harsh hop bitterness resulting from long steeping.

We brew this beer by a method which is the marvel of the brewing world. It retains in the brew the delicate flavors of these finest ingredients, delightful flavor elements formerly lost in brewing just as goodness escapes from foods in cooking.

To enjoy a beer with extra goodness with no harsh hop bitterness, ask for HAMM'S BEER today. Theo. Hamm Brewing Co., St. Paul, Minn.

THE RECORD .... Facts That Concern You No. 26 of a Series

ARE YOU SEEING ONLY PART OF THE PICTURE?

The great majority of beer retail establishments are clean wholesome places.

Yet it is the once-in-a-while exception—the anti-social, law-violating tavern that everybody notices.

Such undesirable retailers give beer a bad name it doesn't deserve. Furthermore, by arousing public indignation, retailing abuses endanger your right to enjoy good beer, *the beverage of moderation*. They also endanger the benefits that beer has brought to Minnesota 34,573 persons employed since re-legalization, an annual payroll of $29,866,962 and $1,926,921.61 taxes paid last year.

While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell it under wholesome conditions, nevertheless the brewing industry wants anti-social retailing eliminated entirely.

You can help us by (1) patronizing only the legal and reputable places where beer is sold and (2) by reporting any law violations you may observe to the duly constituted law enforcement authorities.

Buick SPECIAL *6-passenger Sedanet, $1006. White sidewall tires extra.**

Make your Power as you need it

THE only way to get power out of an engine is to burn fuel in it.

And it wouldn't be smart to burn enough gas to develop a hundred-plus horsepower all of the time — when it usually takes only a small part of that to give you the performance you want.

The sensible thing to do is to develop power as you need it — and that is precisely what the Buick FIREBALL eight with Compound Carburetion† does.

As long as one of the two carburetors in this system will do the job, that is the only one that functions.

But when you need extra power, extra pressure on the foot throttle throws an extra carburetor into action, feeding more fuel mixture into your engine and pouring more horsepower out.

You thus make your power as you need it. You know the lift and life of plenty-power when it's wanted.

And you get such frugal operation over the whole range of your driving that two carburetors give as much as 10% to 15% more mileage than the same engines once gave with one!

Interesting? We think so too — especially now.

See your dealer and learn about FIREBALL design and Compound Carburetion out on the road.

$915

†Slight extra cost on Buick SPECIAL models, standard on all other Series.

**delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices subject to change without notice.*

Miss Mildred Selem, who teaches at Argyle, spent the week end at the parental home here.

Mr. and Mrs. Harold Klefsen and daughter Barbara left Sunday for the Twin Cities where they are visiting this week.

Mrs. Beth Hammand left Sunday for her home in Staples after a week's visit at the home of her sister, Mrs. R. D. Whisman.

Mrs. Leslie Schwarten of Braham arrived Tuesday afternoon for a short visit at the home of her uncle, Dr. C. M. Adkins.

Dr. and Mrs. C. M. Adkins have as their guests the former's sister, Mrs. D. L. Wisehart and her son Donald of Cass Lake, who arrived Sunday.

Mrs. I. C. Benson of Glendive, Mont., arrived Monday morning to spend the Easter holidays with her father, H. Simonson, and other relatives and friends here.

Miss Margaret Werstlein left Friday for Winona where she is the guest of Miss Patty Patterson, formerly of this city. She is expected to return Saturday.

Miss Imogene Mattson, who teaches school at Verdi, arrived here Tuesday morning to visit during the Easter holidays with her parents, Mr. and Mrs. C. W. Mattson.

Robert Quale arrived Friday from Bemidji where he attends the State Teachers College to spend this week at the home of his parents, Mr. and Mrs. Theodore Quale.

Mr. and Mrs. A. P. Robinson returned Saturday morning from California where they visited relatives in Oakland, and their son Harry in San Diego. They were gone about three weeks.

Mr. and Mrs. D. V. Snelling motored to Euclid Sunday. On their return they were accompanied by Mrs. Thomas Harding and daughter Mary and son Tommy who will visit this week at the Snelling home here.

Mr. and Mrs. Clifford Hedeen and son Charles Peter returned Wednesday from Minneapolis where Mr. Hedeen transacted business, and Alexandria where they visited Mr. Hedeen's mother, Mrs. Hanna Hedeen.

Rev. Charles W. Erickson has three of his sons visiting here during the holidays; Everett, who is principal of schools at Waubun; Willis, who attends high school at Winthrop; and Lester, who is a sophomore at Gustavus Adolphus College in St. Peter. They arrived home Monday from St. Peter where they attended the funeral of their grandfather, A. P. Sjostrom, on Sunday.

Mrs. Roy Oen and son Richard left Saturday for Superior, Wisc., where they will spend the Easter holidays with the former's parents, Mr. and Mrs. P. S. Patton, former residents of this city. They were accompanied as far as Bemidji by Miss Brunell Erickson, who was a guest Saturday evening at the wedding of Miss Ruth Woods of Bemidji and Ed Lund of Minneapolis, and at the reception which followed. She returned Sunday evening.

Mike Connelly of Thief River Falls was a visitor at the Jim McCrum home Monday.

SMILEY

Word has just been received at this writing that little four year old Lorraine McCrum, daughter of Mr. and Mrs. Wesley McCrum, former residents in Smiley passed away Sunday in a hospital in Astoria, Oregon. Little Lorraine was severely burned a couple of months ago on her back. Every effort was made to save her but to no avail. The Smiley folks are extremely shocked and grieved for the Wesley McCrum's on their sad loss. Sincere condolences are extended to them out in Astoria.

Garden Club

Since the roads were in such a terrific state last week, the organization meeting of the newly formed Garden Club was poorly attended at the home of Mrs. Freeman Allen last Tuesday. Nevertheless, ten women signified their desire to belong in "missives" sent to Mrs. Allen. So the club begins the season with ten peppy members. Mrs. Allen, who will conduct this garden club, has been selected as one of the county committee of fourteen people in Pennington. This committee will tie up with a national committee on Nutrition. The first meeting was held in Thief River Falls Friday evening which Mrs. Allen attended. It was sort of a planning committee to get the publicity before the people to make them more nutritional and garden minded with the Defense theme in mind. This committee will try and organize garden clubs throughout the county this spring for both adults and school children. The newly organized Smiley Garden Club will be the first club in the county to start organization. A nutrition expert spoke to the planning committee the other evening who mentioned that lack of phosphate in our soil makes for deficiency in our food and that accounts for poor teeth in this part of the country. Gardens should be supplied with phosphate. Growing of huge amounts of tomatoes should be encouraged to supply vitimins so found in such citrus fruits. It was also mentioned that the average family garden can be valued between $200 to $250. That is just about what it would cost a family without a garden, to buy the vegetables for the year. It pays to have a garden, all right! More members are sincerely urged to join the Smiley Garden club. Just simply drop Mrs. Allen a card signifying your wish to join. It will be fun too. Seeds will be exchanged in the fall as well as oodles of ideas from one gardener to another.

Bonnie Williams, teacher in Dist. 4, spent the week end with home folks in Thief River Falls.

Mr. and Mrs. Ted Markus and the Ed Vigen family attended the farewell party at the Zion Lutheran church in Thief River Falls on Sunday evening. The party was in honor of Mrs. Minnie Kirby who is departing for California this week.

Helperettes Club

Mrs. William Grundhaus was the lovely hostess to the members of the Helperettes club at her home Tuesday afternoon. She had the women sew together carpet rag strips which will later be weaved. After a couple of hours of this work the women were rewarded with a very delicious lunch served by Mrs. Grundhaus. Two new members joined at this meeting. They were Mrs. Ray Chester and Mrs. Violet Kraemer. The next meeting will be at the home of Mrs. Carl Lindholm Tuesday, May 6.

Russell Schenk who has been at the Jim McCrum home all winter left Sunday for Grand Forks to be employed indefinitely.

STATE AUDITORS'S RECORDS CLEAR UP DEFICIT DISPUTE

Benson Term Ended with Big Deficit, Stafford King Reports

To clear up a dispute over condition of the state general revenue fund in 1938, accountants in the office of State Auditor Stafford King dug into the records this past week and produced figures to show that there was a deficit of $8,582,020 in the state general revenue fund at the close of the Benson administration in 1938.

The argument was precipitated by statements in speeches by farmer-labor speakers that there was a cash balance in the general revenue fund in 1938, that "a cash balance of $4,300,000 was laid in Governor Stassen's lap."

The $4,300,000 balance was for July 1st, however, examination of the auditor's records showed, and that before the end of 1938 it had been replaced by a large deficit. "In the last six months of the Benson-Farmer-Labor administration in 1938," Governor Harold E. Stassen said of the auditor's figures, "the greatest raid of all time was made on the state treasury, and the four million dollar cash balance of July 1st, 1938, was changed to a deficit of $8,582,020 before our administration took office."

Governor Stassen advised members of the legislature recently that substantial progress is being made in wiping out the deficit inherited from the previous administration. During the first full fiscal year of the present administration, ending July 1st, 1940, the overdraft in the general revenue fund had been reduced to $2,807,879, and he expects that the state will be able to close the present year July 1st, with the overdraft completely eliminated.

A report of the Minnesota Institute of Governmental Research, issued the past week, showed that expenditures of the state have been cut more than $4,000,000 below the amount spent in the last year of the previous administration, and that debts have been cut more than $10,000,000.

Let a want ad be your salesman. Inexpensive, yet a go-getter.

Big Cliff Gustafson, 242-pound Gonvick lad, will be the headliner on the wrestling program in the Thief River Falls Auditorium Tuesday evening, April 15. Gustafson, former Big Ten and AAU wrestling champion, will be pitted against Jim Wright, six feet four inch grappler from San Antonio, Texas.

NYA Workers Required to Register Names at Employment Service

The National Youth Administration is requiring every youth employed on its work projects as well as those youths who have applied for employment to register with the offices of the Minnesota State Employment Service. This is in connection with the nation-wide drive to secure a complete record of all persons who have skills or experience that may be adapted to the national defense program.

A large number of youths who have acquired, as a result of the work on the NYA projects, certain work experience, will have this information added to their previous records at the employment service. While experience gained on NYA work projects may not have made skilled workers of these youths, they have acquired valuable work experience, some of which is undoubtedly needed in the defense set-up.

Youths living in the vicinity of Thief River Falls will register at the local employment office, April 17, 18, 24 and 25. Youths now employed on NYA work projects will be required to present to their project supervisors the registration card from the employment service indicating their registration when they return to work for the first period after the above dates.

SPRING PUDDLE IS PUT TO WORK

Perham—Because removing mud and ice from the undercarriages of a school bus is a tough, as well as a nasty job, garage employee Joe Waldorf hit upon a happy solution by making use of a big puddle of water a foot deep and over a block long. Joe got up speed and splashed the bus thru the full length of the pond, waited a moment for the water to drain off and then roared thru it again. After a few good dives the undercarriage was clean as a whistle.

163 FAMILIES IN COUNTY AIDED BY U. S. HOUSING ACT

State Director Comments on Activities During Past Seven Years

A total of 163 families in Pennington county made property repairs or started on the road to home ownership under the National Housing Act in the period from 1934 when the agency started through 1940, it was reported today by Daniel J. Fouquette, Federal Housing Administration state director for Minnesota, North and South Dakota.

Included in this total were 137 property improvement loans insured under Title I amounting to $35,091 and 26 small home mortgages accepted for insurance by FHA amounting to $97,900.

"This volume of small repairs and new and existing homes mortgage insurance reflects confidence in the future," Mr. Fouquette stated. "Home buyers at the same time are meeting their mortgage obligations in almost perfect order".

Under Title I of the National Housing Act, repairs, alterations and improvements may be made to homes and other structures with money provided from private lending institutions. Under Title II, money for buying a new or existing home may be obtained from private lending institutions with the mortgage, if all conditions are acceptable, insured by FHA.

Over Two Million Trees to be Planted in State by CCC Camps This Year

Over two million trees will be planted this year by state CCC camps. This is in accordance with plans drawn up for the seventeenth work period which gets under way in Minnesota this month.

The camp work programs are divided into six-months periods which correspond roughly to the spring and summer and the fall and winter seasons. The seventeenth period will end on October 1.

The state division of forestry has been allotted ten camps, but this number may be reduced, due to the demand for CCC camps on national defense projects.

During this period most of the field planing will be done, as well as construction work. Game and fish buildings will be erected at Brimson, Big Fork, Orr and Big Falls. The division of forestry plans to have a few small buildings erected on administrative sites in the camp work areas.

Approximately 500 miles of telephone line construction or reconstruction will be completed this summer.

FROZEN FOODS IS APRIL SHORT COURSE SUBJECT

Newest developments in frozen food lockers, from the point of view of both the operator and the patron, will be discussed at a three-day short course to be held April 21-22-23 at University Farm, St. Paul. Arrangements are now being completed by J. O. Christianson, director of short courses at the University. The Minnesota Refrigerated Locker association is giving its endorsement to the course.

PUBLIC OPINION

Tucson, Arizona

Editor the Times:

My mother, Mrs. Oluf Omlid of Goodridge, Minnesota, sent me the Thief River Falls Times as a gift a year ago. I have received such great enjoyment reading it each week since then that I have decided not to dispense with it. The renewal is enclosed herewith.

Tangible and intangible memories are always associated with my natal state, Minnesota, even though I have been away for several years. My new home, Arizona, the Valley of the Sun, is a delightful place to live. Its climate, geography and civilization is so vastly different than found any other place I have ever lived. This is a very aggressive town and more metropolitan than most larger cities, and I must add, very cosmopolitan.

I am in the Orthopedic profession and business is very fine. Right now, this town is teeming with winter guests, from all parts of the world, who are either health seekers, or merely vacationing and enjoying our wonderful climate. Also, the Preparedness Program is very definitely affecting us—the new air base and bombing base being located shortly out of town and Fort Huachuca, the Army Training Post, is not far away. Occasionally, we become the location for Hollywood movie making—the most recent being "Billy the Kid," an M-G-M production.

In spite of the foregoing, I consider Minnesota as having many distinctive beauty features that cannot be duplicated anywhere—its waters and sports, and naturally, my many "Landsmen"—Good ol' Minnesota!

Very truly yours,
Theo Omlid.

Expect 200,000 at N. W. Sports Show Apr. 12-20

More than 200,000 visitors from Wisconsin, Iowa, the Dakotas, Canada and Minnesota are expected at the Northwest Sportsmen's Show which opens Saturday April 12 at the Minneapolis Auditorium and continues through April 20.

This was the estimate today of F. W. (Nick) Kahler, manager, who anticipates an increase of some 15,000 persons over the all time high of 185,000 in 1940.

Feature of the show will be Sharkey, the trained seal. He is the first seal that has ever appeared in a New York Stage Play. Sharkey won his laurels as he clapped his own fins in "Higher and Higher" and is being brought to the Sportsmen's Show for the first time. Mark Hulling puts his animal through an unbelievable act in the huge tank on the main arena floor.

WAS HIS FACE RED? CAR IN PERFECT ORDER

Belgrade—When his car became stalled in a deep rut recently and rested on the differential housing, Albert Bierman of Belgrade arrived at the conclusion that he had broken the axle shaft as one wheel turned freely while the other was stationary. Forthwith he hitched a team of horses to the car and hauled it into town where his son, getting into the car to steer it into the repair shop, stepped on the starter and found that the car was in perfect running order.

LEGISLATURE WILL ADJOURN ON WEDNESDAY

Packed Calendar Confronts Lawmakers With Only Few Days Left

MORE THAN 200 BILLS AWAIT DISPOSITION

House Approves $28,000,000 Education Measure Monday

A jam-packed calendar, one of the largest in history, greeted Minnesota legislators when they returned to their labors Monday with only a little more than a week of the session remaining.

In the house alone 227 bills, already passed out of committee, are on general orders awaiting consideration with a similar number in the senate. In addition the house calendar contains 13 other bills, five on special order.

Most of the measures on general order are expected to die there before the session adjourns Wednesday, April 23. Morning, afternoon and evening sessions are planned until adjournment.

During the past week 58 bills were given final passage by the legislature including the one-cent increase in the state gasoline tax and the ban on fireworks. A total of 117 bills have been passed and signed by the governor thus far in the session.

With the University of Minnesota made subject to a possible cut-back in its funds, the lower house of the legislature Monday passed the big $28,000,000 education appropriation bill.

In a surprise move and without a record vote, the house of representatives adopted a motion by Representative Charles Halstad, Brainerd, making the university's appropriation for maintenance subject to the quarterly allotment provision of the state reorganization act.

Under the provision, the commissioner of administration is empowered to hold back part of various department appropriations if quarterly income falls below expectations.

Action in the house Tuesday included:

Final passage of a bill to permit issuing bonds against earnings of municipal utilities.

Receipt of a bill authorizing expenditure of up to $1,000,000 to enlarge Camp Ripley should the federal government decide to establish a training center there for defense forces.

The senate made preliminary steps toward taking control of the state highway patrol away from Chief Elden Rowe of the bureau of criminal apprehension, to the accompaniment of considerable shooting for and against his patrol administration.

DISTRICT 35 ODD FELLOWS SELECT LEADERS TUESDAY

Herb Jung Endorsed for District Deputy Grand Master Post

The Odd Fellow lodges of District No. 35, which is made up of the lodges of Fisher, Red Lake Falls and Thief River Falls, held their annual meeting and election of officers on Tuesday evening at The Odd Fellows hall here. Iver T. Dugre, president of the district, gave a report of the activities of the past year, and the incoming president, R. T. Adams outlined the work ahead for the coming year.

The new officers elected were, R. T. Adams of Fisher, president; Alfred Bredeson, vice president; Otto Steinert of Red Lake Falls, second vice president; and Ray Hollands, secretary treasurer. C. Herb. Jung was again recommended as district deputy grand master for the coming year.

A feature of the program was the conferring of the initiatory degree by the degree team of Young Pine lodge. Lunch was served after the meting.

To Address Townsend Club Meeting Monday

Ira H. Ross of Minneapolis, authorized speaker for the Townsend National Recovery Plan, will speak in the Civic & Commerce room in the basement of the Auditorium Monday evening at 8:00 p. m. The public is cordially invited to attend.

Awarded Prizes at 4-H Banquet Last Night

Prizes won during the past year were awarded to 4-H club members at the annual Civic & Commerce Association banquet held at the Auditorium last night. Third from the top pictures Mrs. Noper presenting county medals for project accomplishments to Morris Engelstad, Marion Larson, Doris Ose and Duane Walsberg.

In the bottom picture are Mrs. Noper and winners of awards given by the American Guernsey Cattle Club, left to right, Warren Blakey, Morris Engelstad and Dennis Hanson. The young lady seated in the foreground in these pictures is Margaret Gunelson, county 4-H Club leader.

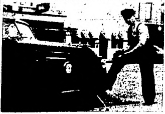
Local People Invited to Attend Open House at CCC Camp April 27

Local citizens who are interested in activities at the Middle River CCC camp east of that village are invited to attend open house at the camp Sunday afternoon, April 27, commemorating the eighth anniversary of the establishment of the institution, Captain Arnie Stenslie, company commander, announced today. Beginning at 1 o'clock that day, inspection trips will be made over the camp grounds thruout the afternoon.

Lt. Larry Berg Child Injured in Fall from Porch on Second Floor

While playing early Saturday evening on the second-floor porch of the family apartment, Ronald Berg, five-year-old son of Lieutenant and Mrs. Larry Berg, had the misfortune to fall over the railing, sustaining grave injuries when he landed on the cement sidewalk below. His injuries included a skull fracture and the fracturing of three upper vertebrae. The little boy was rushed to a local hospital, and hope is held out for his ultimate recovery.

Then the Judge Says, "That'll Be $1"



Officer John Munt renewed enforcement of the two hour parking limit Tuesday and in the course of the afternoon found it necessary to write many tickets, a task he was performing in front of the Post Office when the Times photographer snapped this picture. There was a marked increase in available parking space in the business section of the city Wednesday.

Benefit Dance Will be Held in Arena Saturday Sponsored by Jr. C. C.

Arrangements are now complete for the post-Lenten benefit dance to be staged in the arena Saturday evening, April 19, under the sponsorship of the Junior Chamber of Commerce. Music will be supplied by Lloyd Martin and his orchestra. Proceeds of the dance will go into a fund to finance the construction of a municipal dock in the river pool and to promote the river bank beautification project supported by the junior group. Committee chairmen handling various details in connection with the dance include Glen Christie, Pat Braitland and John Mattson.

BANKS TO SPONSOR HOUSING MEETING MONDAY, APRIL 28

Men from Minneapolis FHA Office Will Address Session

How a home may be bought under the Federal Housing Administration Plan of insured mortgage financing will be fully explained at a meeting to be held Monday evening, April 28 in the Thief River Falls Civic and Commerce room, it was announced today by D. J. Fouquette, director of the Federal Housing Administration for the states of Minnesota, North and South Dakota.

The meeting, first of its kind to be held in Thief River Falls will be under the sponsorship of the Union State Bank and Northern State Bank, and the general public is cordially invited to attend. No charge will be made, and the proceedings will get under way at 8:00 p. m.

Interest in FHA's program of home ownership locally prompted the arrangements for the meeting, and speakers will include representatives of the Minneapolis insuring office of FHA.

A number of homes have been bought through FHA insured financing locally and a number of others have been repaired, altered or modernized through this agency's property improvement credit plan.

Under FHA'S program of home ownership, many thousands of homes throughout the entire country have been bought on terms never before available, it is announced. Under the program, only one mortgage is permissible, and second and third mortgages never come due to bother the home buyer with high renewal fees or exorbitant charges. Moreover, it is explained, the interest rates on mortgages are now lower than ever before, due largely to FHA's influence. The present rate permissible under FHA-insured financing is 4½ percent.

SEVEN MEN WILL LEAVE ON MONDAY FOR ARMY SERVICE

Contingent to be Guests at Informal Stag Party Before Leaving

With one young man leaving this city today for a year's military duty under the selective service act, the next contingent of seven men is scheduled to depart next Monday evening, it was announced this week at local draft board headquarters.

Leaving tonight is Donald A. Noel of this city, while Monday will see the departure of Lester J. Winklesky, Walter H. Kingborn and Reuben F. Styrlund, all of Thief River Falls; Carl A. Johnson and Melford J. Han of Goodridge; Raymond E. Halvorson, Trail; and Axel E. Rasmussen, Hazel.

Preceding their departure next Monday, the young men will be guests at in informal stag party sponsored jointly by the Lions club, Junior Chamber of Commerce and Elmer J. Ecklund post of the American Legion.

Limited Parking Rule Brings 12 into Court

The fact that two-hour parking became effective on downtown streets again Tuesday after the winter recess, evidently escaped the attention of some local motorists, for no less than an even dozen of them were haled into municipal court Wednesday morning for violating the regulation, each of the motorists paying a $1 fine.

SCHOOL BOARD PREPARES FOR 1941 ELECTION

Two Directors to be Elected by District Voters May 20th

HELLQUIST, DOUVILLE TERMS WILL EXPIRE

All Members but One of Public School Faculty Sign Contracts

The local board of education at its April session Monday evening made arrangements for the annual school district election scheduled to be held in the municipal Auditorium Tuesday evening, May 20, between the hours of 7 and 9 o'clock.

Filings for the two positions as members of the board to be filled this year will be received starting Monday, April 21. Terms expiring this year are those of C. E. Hellquist and W. J. Douville. Named by the board to serve as judges of election were Mrs. Ray Kiland, Palmer Pederson and L. G. Larsen, while alternates will be Alfred Skarstad, Mrs. A. C. Matheson and Ward Long.

The board voted to advertise for bids to be opened May 12 on the purchase of a new school bus to replace equipment which has been operated for a distance of approximately 80,000 miles.

Mr. Bye informed the board that all members of the public school faculty had signified their intentions of continuing in their present positions for next year, with the exception of Miss Mary F. Cook, instructor in the Lincoln junior-senior high school, who tendered her resignation, effective September 1, after 37 years of service as a teacher, including 16 years in Thief River Falls.

The board adopted a policy of allowing a year's leave of absence to men faculty members who may be drafted for military service. None have been called for duty up to the present time.

It was voted to file with the state department of education an application for the continuance of the teacher training department in the local high school.

Coming school events include the fourth annual circus to be presented by the physical education classes Friday evening, April 18; district music contest at Crookston April 26; PTA open house and style show May 5; and senior class play May 9.

ASSESSORS HOLD ANNUAL MEETING TO DISCUSS WORK

All Assessors are Attending '41 Session at Court House Today

Getting under way at the court house this morning is the annual meeting of Pennington county assessors, preliminary to the start of their 1941 activities on May 1.

The 1941 assessment is made only on personal property and on such real estate as has changed its status in the past year. This will include real estate to which improvements in excess of $100 have been made, and new structures, which will be added to the tax lists. Structures which have been destroyed or removed will be taken from the tax list.

Assessors will also take into consideration any property which may have undergone a change with respect to homestead classification. They will grant homestead assessment rates to homes now occupied by their owners, and also determine if any existing homestead classifications should be transferred to non-homestead rates.

Following is the list of Pennington county assessors:

Bray, George G. Swanson; Black River, Irving McKercher; Cloverleaf, E. A. Pomerenke; Deer Park, Ed Rustan; Goodridge twp., Theo Kusmak; Hickory, T. A. Taas; Highlanding, Justin Hanson; Kratka, O. O. Hafdal; Mayfield, William Jesperson.

Norden, Albert Spilerud; North, T. H. Bjerke; Numedal, Winton Knutson; Polk Centre, J. E. Johnson; Reiner, Christ Tangen; River Falls, Ferdie Swenson; Rocksbury, H. I. Finstad; Sanders, Jesse Bakke; Silverton, Syvert Hanson.

Smiley, James McCrum; Star, H. A. Dahlen; Wyandotte, Andrew Arne; Thief River Falls, T. M. Thronson; Goodridge village, Carl H. Christianson; St. Hilaire, Leo Carpenter.

4-H Club Members and Leaders Given Awards

Individuals receiving medals at the 4-H club banquet Wednesday evening for project accomplishments in records and demonstrations during the past club year included the following: Morris Engelstad and Harry Oen, Rocksbury, dairy production demonstration; Lois Swanson, Highlanding, canning; Marion Larson, Steiner, home economics record; Doris Ose, Northfield, home beautification; Ruby Engelstad, Rocksbury, family meal; Duane Walsberg, Rocksbury, potatoes; Veral Moosbeck, Bray and Polk Centre, corn.

Fifteen girls placed in the blue ribbon group at the County Dress Revue received pins:

CHILDS' PHYSICAL EXAMS PLANNED IN SUMMER ROUNDUP

Pre-School Children Will be Examined from May 1 to May 15th

Plans for the summer roundup of children who will enter school for the first time next fall were completed at a committee meeting Tuesday at Lincoln high school.

Differing from the past, no clinic will be held at the high school this year, but each child will go to the office of his family physician, where a complete physical examination will be given. Vaccination against smallpox and innoculation against diphtheria will be given, for the nominal fee of fifty cents during the period from May 1 to May 15.

Saturday, May 3, from 1:30 to 4 o'clock, has been set aside by local dentists for the usual dental examinations at their respective offices. Calls will be made by the sponsoring committee at the homes of all known kindergarten children. Any parent not receiving a call or the necessary report forms are asked to call Mrs. Andy Williamson, chairman, or Mrs. Clara Paulson, school nurse.

Serving on the committee with Mrs. Williamson are Mrs. Lincoln Arnold, Mrs. Clarence Knudsen, Mrs. Tom Mehegan, Mrs. Norquist, Mrs. Howard Patten and Mrs. Otis Wold.

To Retire from Teaching

MISS MARY F. COOK

Whose resignation, effective September 1, was accepted by the board of education at its April session Monday evening. Miss Cook, who has given 37 years of conscientious service to the teaching profession, has been a member of the faculty of the Lincoln junior-senior high school for the past sixteen years.

WARREN MAN WILL SUCCEED LERUD AS PENNINGTON AGENT

Ernest Palmer Will Assume New Duties in County Next Monday

Ernest Palmer, a native of Warren and with several years experience as county agent preceded by a successful career as a 4-H club worker will assume the post of Pennington county agricultural agent next Monday, April 21, succeeding Lester Lerud, who is leaving today to accept a federal position in South St. Paul.

Mr. Palmer, who was appointed by the county extension committee at a meeting Monday evening, was graduated from the University of Minnesota college of agriculture in 1933, following which he served three years as county agent in Red Lake county.

In 1938 he entered the employ of the Federal Land Bank, continuing in that capacity until last fall, since which time he has served as assistant agent in Clearwater, Mahnomen and East Ottertail counties.

Mr. Palmer's career as a 4-H club worker was climaxed in 1928 by his exhibiting of the champion baby beef at the Junior Livestock show in South St. Paul.

Feeding the 400 Kept Big Crew Busy

Feeding the 400 at the annual Civic & Commerce 4-H Club banquet kept a big crew busy. Top picture shows the meat carvers at work slicing the baked hams that were consumed to the last morsel. Left to right, they are Walt Jung, Louis DeCremer, Mrs. Alma Anderson, Bill Ferguson and Erling Torgerson. In the lower picture waitresses Ethel Connet and Grace Mikalsky are having plates filled at the serving table behind which, left to right, are Red Berglund, Erling Torgerson, E. M. MORE THAN 350 4-H CLUBBERS GUESTS OF C. C.

County Members and Leaders are Guests at Banquet Wednesday

AWARDS GIVEN FOR 1940 PROJECT WORK

T. A. Erickson Declares 4-H Clubs Are Bulwark of Democracy

The fifth annual Pennington county 4-H banquet staged in the Auditorium Wednesday night was, like preceding similar affairs, an outstanding success. Well over 350 rural boys and girls, together with their adult leaders, were guests at the affair, which was sponsored by the Civic and Commerce association.

Representatives of local business firms were seated with the young people at the various tables, while other businessmen assisted in serving the excellent dinner.

H. O. Chommie presided ably as toastmaster over the program which opened with the invocation by Rev. R. S. Ol-- followed by spirited community singing led by Robert J. Lund and accompanied by Harold F. Harrison.

Roy Oen, president of the civic group, delivered the address of welcome, expressing the pleasure of the association in being able to entertain such an outstanding group of boys and girls. Orvin Oen of the Rocksbury 4-H club made the response, saying the club members were glad the importance of the work they are doing is appreciated, and briefly outlining the scope of club activities.

Mrs. V. C. Noper, chairman of the 4-H leaders' group, made the presentation of awards to those members who had faithfully completed their projects undertaken in 1940 or had otherwise distinguished themselves.

T. A. Erickson, former state 4-H club leader, delivered the principal address, declaring that 4-H work makes ours a stronger democracy thru strengthening the home, the primary unit of democracy, and thru teaching the members how to do things. Mr. Erickson presented "America's Creed" to Mr. Chommie in behalf of the civic group and to a number of leaders in the county 4-H movement.

Others who spoke briefly were retiring County Agent Lester A. Lerud and H. A. Pflughoeft, district club leader.

Various clubs presented enjoyable numbers as a feature of the evening's entertainment. The Northfield club presented a solo, the Mavie club an accordion solo, the Falls club a "Bicycle Built for Two" skit, the Steiner club a monologue, the St. Hilaire club a musical selection, the Bray-Polk Centre club, interpretations; the Goodridge club a trio, and the Rosewood club a guitar number.

Completing the program, a Lincoln high school tumbling team presented an excellent demonstration.

SCHOOL CIRCUS IN LINCOLN GYM SET FOR FRIDAY NIGHT

Varied Program to be Given by Physical Education Classes

Appearing in the fourth annual circus in the Lincoln high school gymnasium Friday evening, members of the physical education classes directed by Chester Nelson and Miss Gladys Berntsen will present a wide variety of acrobatic and novelty stunts.

A group of 19 boys from the seventh, eighth and ninth grades will appear in the largest pyramid-building act ever staged in the gym. Other acts to be staged by the boys include numbers of the flying rings, parallel and horizontal bars, long horse and clown acts. Outstanding gymnasts are Ervin Mellem and Donald Halvorson.

A group of ninth grade girls will present a Dutch couple dance, while seventh and eighth graders will appear in a tumbling act. Bouncing Billy, the animal trainer, will feature his trained Mickey and Minnie Mouse in a twirling exhibition, and his four-rope-skipping monkeys.

Seventh and eighth grade girls will perform a Norwegian mountain march, and Jewell Warner will appear in a novelty act.

Mr. and Mrs. D. I. Froiland entertained on Easter Sunday, at a farewell dinner in honor of the latter's brother, Arville Liden, who left the following evening for army camp. Only the immediate relatives were present. A red, white and blue color scheme was carried out, and a toy drum filled with gifts for the honored guest was used as the centerpiece.

Mae Moline, Ray Eiden Nuptial Vows Spoken On Monday, April 14

At a pretty candlelight ceremony at the First Lutheran Church on Monday, April 14, at 5 o'clock p. m. Miss Mae Moline, daughter of Mr. and Mrs. H. A. Moline of Thief River Falls, became the bride of Raymond Eiden of this city, son of Mr. and Mrs. J. P. Eiden of Alexandria. The single ring ceremony was conducted by Rev. Charles Erickson in the presence of fifteen relatives of the couple. Easter lilies and candelabra were used as decorations.

A navy blue dressmaker suit with matching accessories was worn by the bride. Her shoulder corsage was fashioned of gardenias. Miss Ruth Moline of Minneapolis, sister of the bride, was her only attendant and wore an antique tan afternoon dress with a beige fitted coat and matching hat. Her accessories were of antique tan and she wore a corsage of yellow tea roses and gardenias. Orville Eiden of Alexandria, brother of the groom, was his attendant.

The bride's mother wore a navy blue redingote with harmonizing accessories, and her corsage was of sweet peas and carnations. The groom's mother wore a navy blue ensemble with matching accessories and a similar corsage.

Following the ceremony a 6 o'clock dinner was given for the bride and groom by the bride's parents in the Florentine Room of the Evelyn Hotel. The table was centered with a two-tiered pink and white wedding cake topped by a tiny wedding bell. At either end of the table were lighted tapers, and bouquets of snapdragons. About 15 guests were present.

The couple left that evening on a wedding trip to Minneapolis, and will return about April 18, after which they will be at home at 319 West Fifth Street in this city. The bride is a graduate of the Lincoln High School and has been employed for some time at the Klefson Jewelry Store here. The groom was graduated from Alexandria High School, and is manager of the Falls and Avalon theatres here.

RURAL ELECTRIC ENERGY USE TO BE TOPIC NEXT WEEK

University Farm Speaker to Address Meeting Here Next Tuesday

"How to make the best use of electric energy" will be the subject for discussion by Norton Ives, extension engineer from University Farm, at two meetings in Pennington county next week. "What kind of lights, motors, washing machines, and electrical equipment will be most economical and most practical" will be some of the problems discussed at the meetings.

Mr. Ives will illustrate a part of his discussion with pictures and a projector. He will give several helpful pointers to keep in mind when selecting electrical equipment. Emphasis will be placed on equipment for the farm home and the farm.

The meeting on Tuesday evening, April 22, will be held at the Civic and Commerce Rooms at the Thief River Falls Auditorium at 8:00 P. M. The meeting on Wednesday, April 23, will be held at the Goodridge Community hall at 8:00 p. m.

Lyell Gives up Appeal to the Supreme Court

"Finis" has been written to the famous Jack Lyell arson case, which was tried last year and which was the longest case in the history of Roseau county, when attorneys for Mr. Lyell abandoned an appeal to the state supreme court, says the Roseau Leader. Mr. Lyell is serving a prison term at Stillwater for complicity in burning down the potato warehouses at Roseau six years ago.

FARM SECURITY PROJECT TIED UP TO U. S. DEFENSE

Agency Aids in Rehabilitating Farm Families, Says Manager

The Farm Security Administration of the U. S. Department of Agriculture has been designated as a national defense agency, according to word received this week by Hilding W. Thelander, Marshall and Pennington counties FSA supervisor.

Federal programs contributing directly or indirectly, or both, to national defense have been given a defense rating. Mr. Thelander said a chief contribution of Farm Security to national defense is its rehabilitation of farm families who have suffered the plight of economic insecurity.

"The Farm Security program is helping such families to achieve a 'stake' in democracy", said Mr. Thelander.

FSA makes short term, low interest loans to farmers unable to obtain credit from any other source. A farm and home management plan is worked out with each borrower family, with emphasis on diversified, "live-at-home" farming which enables the family to produce much of its own food supply and feed or livestock.

Look at the FORD TRUCKS ON MAIN STREET!

IN VILLAGE, town, and big city—on farms and on the highways . . . wherever you look, you see Ford Trucks at work. There are *more Ford Trucks at work on the nation's hauling jobs than trucks of any other make!*

There are definite reasons why. Truck owners want a truck with the power, performance and dependability that Ford Trucks deliver. They want economy that starts with low first cost and continues with low operating and low maintenance cost. In Ford Trucks they *get what they want!*

It's no wonder Ford Trucks are as popular on Main Street as on Broadway! And they'll add to their popularity once you try them on your job. See your Ford Dealer today.

Myrna Loy and Melvin Douglas Come to Falls Sunday in New Comedy

Myrna Loy proves herself to be far from a perfect wife in "Third Finger, Left Hand", in which she is starred with Melvyn Douglas at the Falls theatre next Sunday, Monday and Tuesday, with a midnight prevue Saturday evening at 11:15. Other principal roles are filled by Raymond Walburn, Donald Meek and Bonita Granville.

"Little Men", screen version of the famous book by Louisa M. Alcott, will be the film offering at the Avalon theatre Sunday and Monday. Kay Francis plays the principal feminine role, while male members of the cast include Jack Oakie and George Bancroft.

Large Audience Joins in Good Friday Rites in Auditorium Friday

An audience that nearly filled the municipal Auditorium participated last Friday afternoon in joint Good Friday services sponsored by the Trinity, Zion and First Lutheran churches. Rev. R. M. Fjelstad, Rev. E. L. Tungseth and Rev. Charles W. Erickson, pastors of the three churches, each delivered a brief sermon on the general theme of "Christ's Passion Prayer". Each of the three churches supplied a musical selection.

Ask Correct Reporting of Social Security Tax

As the deadline for filing another quarterly social security tax return approaches, Frank H. Daly, manager of the Bemidji Social Security Board office, reminds employers to make certain they report each employee's name and social security account number correctly. In this way, he said they will save the time and expense of later having to check back on their pay-roll records to correct any errors. Mr. Daly pointed out that the law makes the employer responsible for maintaining a record of the employee's name, account number, and wages and for reporting them correctly to the government. The next quarterly social security tax return is due on or before April 30.

Fire Department Gets Inhalator for Cases of Drowning, Asphyxiation

An inhalator was recently added to the equipment of the local fire department for use in the resuscitation of drowning, smoke and gas victims, as well as those suffering from electric shock. At a meeting of the firemen and police force last Wednesday night Dr. W. E. Anderson, assisted by Boy Scouts, gave a demonstration of artificial respiration, use of which is essential in connection with the operation of the new equipment. The inhalator is available for use in this city and nearby communities, it was announced.

Offer Cure for Ills of U. S. Economic Status

"In less than two years time the United States can have an earned national income of 100 billions dollars, a balanced budget, and a job at decent wages for everyone who wants to work," was the assertion made by Carl H. Wilken, economic analyst for the Raw Materials National Council of Sioux City, Iowa, at the meeting of the Civic and Commerce association last Thursday.

Parity prices, parity tariffs and new industries to consume surpluses of materials and labor released by technological advances are all that are required to produce this economic miracle, he said, presenting figures from his thirty-year audit of all business in the U. S. to prove it.

Terming his findings "stranger than fiction, but based on the actual account of the U. S. as a business," he remarked that the human race is made up of skeptics, pointing out that it took Columbus 30 years to borrow the money to make his voyage of discovery to America.

"You can wait as long as you want to, but if we don't get parity we won't maintain our democratic form of government," he said.

"If we can solve our economic riddle we can preserve our government. Fighting a war won't help. If we fight another war to save democracy and do not solve this riddle, we can kiss our form of government goodbye. Democracy depends on economic freedom."

Explaining that parity means equality which is the essence of Democracy, he asserted that by bringing about parity, the nation can have prosperity whenever it wants it.

Wilken found in his audit that national income depends on farm prices and that factory payrolls are always in direct ratio to those prices. From his audit, a mathematical formula developed. He discovered that for every dollar of farm income there is one dollar of factory payrolls and seven dollars of national income.

When the price of corn drops from 80 to 40 cents a bushel, the loss is $2.80 on every bushel of corn produced in the U. S. Applied to the entire corn crop the loss assumes fantastic proportions, but nevertheless true. At eighty cents a bushel the normal corn crop of two and a half billion bushels brings the farmer two billion dollars, which will mean two billion dollars of factory payrolls and fourteen billion of national income. If we allow the price to drop to forty cents the farmer can get only one billion dollars for it, then there will be only one billion dollars of factory payrolls and your national income has dropped to seven billion dollars. Therefore we lose seven billion dollars of income on our crop when we allow the price to drop from 80 to 40 cents.

"We have 132 million people, plenty of raw materials, plenty of factories, fine transportation systems, sufficient labor and everything of a physical nature to produce prosperity, yet one-third of the people are going without the actual necessities of life and the other two thirds are going without many of the things they would like to have, simply because they do not have the purchasing power and do not get the proper price for goods and services they produce", he asserted.

In 1933 one of the government's major steps, he reminded his audience, was to set the price of gold at $35.07 an ounce.

"Today we have caves full of gold we don't know what to do with and no parity. We do one half of all the business of the entire world within our own borders and we haven't had any gold for eight years."

"If we can say gold is worth $35.07 an ounce, why don't we have the right to stipulate that a bushel of wheat or corn is worth a certain number of cents?"

Farm parity prices would not be rigid, but would be elastic as world tariffs, he explained. These and the establishment of new industries such as the manufacture of rayon, plastics, nylon, synthetic rubber and similar materials are the answer to our economic riddle, "and there is no other."

"This nation need never have a depression," he concluded.

Mr. Wilken was introduced by Mr. L. J. Lauerman of Olivia, president of the Minnesota Parity association, which sponsored his appearance here. He was also accompanied by Mr. E. I. Strom Jr., of Montevideo, secretary of the association, who was here about ten days ago and arranged for his appearance.

Also introduced were R. J. McKercher, representing the county farm bureau, and Mr. Ferguson of Anoka, the latter making a plea for businessmen to support the work of the Minnesota Farm Bureau federation.

Funeral for John Linde at Trinity Church Today

Funeral services will be conducted at 2 o'clock Thursday afternoon April 17 from the Trinity Church for John O. Linde, 70, who died in a local hospital on Monday, April 14. Rev. R. M. Fjelstad will conduct the service and interment will be made in Greenwood cemetery.

Mr. Linde was born in Sogn, Norway on March 20, 1871 and came to this country in 1888 to settle in Sundberg, Minn. He later moved to Belgrade, Minn., and was married there to Miss Katolina Romness. In 1911 they moved to this city where Mr. Linde has made his home ever since. He was a retired Soo Line employee, and a member of the Sons of Norway Lodge.

Surviving him are two sons, Oscar at Neche, N. D., and Colman at Chicago, Ill.; two daughters, Mrs. Charles Lovell at Salem, Ore., and Mrs. Gynther Teppum at Berkely, Calif., one sister, Mrs. Anna Carlson of Siren, Wisc., several grandchildren, and relatives in Norway.

PHOSPHATE FERTILIZER
For Your Field or Your Lawn

The present late season makes the use of fertilizer of DOUBLE BENEFIT. Besides increased yields you can usually expect 6 to 10 days earlier maturity on all phosphated crops compared to unphosphate crops. This one advantage of hastening maturity may mean your success or failure toward harvesting a good crop in this late season. By all means we think you should USE PHOSPHATE ON YOUR CROPS THIS YEAR.

Does Phosphate PAY?

Here are a few of your neighbors and results they have obtained in former years in tests conducted under supervision of County Agent:

GAMBLE'S GREATEST TIRE SALE CONTINUES

73,000 Tires At Prices That May Never Be Repeated!

You have seen tire sales before, but we believe that this is the greatest sale you've ever seen. Right now, in the face of rising prices, Gamble's bring you their greatest money saving tire values. 73,000 quality tires offered at prices below anything we have ever seen on tires of comparable quality. These tires are not obsolete or discontinued lines. They are brand new, safe tires; new in design, new in construction and made in new molds.

Compare Quality — Compare Value

We ask you to make any and every comparison that you desire. Check construction specifications and guarantees . . . you'll agree that these tires are built to meet modern driving needs. Every Elite tire has the words "First Line" molded into the sidewall as the manufacturer's guarantee of quality. The Crescent tire is built of quality materials, but of lighter construction than the Elite. The Rex tire is built for those who must have new tire safety at lowest possible price. See our guarantee below.

Combined Savings Bring You These Unmatchable Values

Gamble's huge purchase plus savings in overhead and profit, savings in transportation, savings in selling expense and savings in credit losses are all combined to bring you these tires at seemingly impossible prices.

SAVING AGRICULTURE

Carl H. Wilken, Iowa farmer-economist and leader of a group now being organized to improve agricultural conditions by establishing a fixed relation between the prices of basic farm commodities and living costs, explained his program in an interesting address at the Civic & Commerce Association luncheon last week. According to his own explanation of his plan, the remedy he proposes will permanently restore a proper balance between the various economic units of the country, improving the conditions of all groups and increasing the national income by the simple expedient of increasing the buying power of the farmers.

Mr. Wilken bases his program on the theory that national income is determined by farm income; that a fairly definite relationship exists between farm income, factory payrolls and national income. This relationship, he says, is 1-1-7; that for each dollar of farm income there is a dollar of factory payroll and a total national income of seven dollars. Farm income is the basic factor in this relationship and as farm income increases or decreases there is a corresponding increase or decrease in the incomes of other groups.

Farm income would be stabilized on a parity basis, maintaining the relationship between farm commodity prices and the cost of finished products that existed at some specific time in the past, these higher farm commodity prices to be maintained by a control program somewhat similar to the McNary-Haugen plan.

In theory Mr. Wilken's plan is reasonable but there are many factors and a few disagreeable human equations that must be recognized in the consideration of any program of this kind. There are more food consumers in the country than there are food producers; more people wanting lower food prices than higher food prices. Any program of price increases that is to be dependent on political strength faces a severe test in the polls of public opinion. The farmers have many sympathetic friends but few who are willing to prove that friendship by voluntarily paying more for pork chops than they have to.

Increased farm income would increase the income of labor as a class, and this might put more people to work. But then again it might not. It is quite probable that that class of labor that is highly organized would demand, and receive, higher wages to meet the increased cost of food, which in turn would increase the cost of the goods produced by labor, throwing the farm income out of balance again and adding further to the difficulties of that class of labor that is unemployed. Total farm income might increase and total labor income might increase but the basic inequalities would continue.

There is a possibility, in our opinion, that we are approaching this problem of saving agriculture from the wrong angle. The farmer is selling his services on an open and highly competitive market, accepting what someone is able and willing to pay. In buying, however, he pays the prices demanded by a protected market. In selling he competes with the markets of the world. In buying he pays a price that loose thinking has come to associate as essential to the maintenance of a so called American standard of living.

We can see nothing in Mr. Wilken's program that will solve our present difficulties any more effectively than they would be solved if we doubled the national income by declaring that the fifty cent piece would henceforth be called a dollar. Increasing our dollar income alone will not materially change our condition or solve our problems.

Production is the basis of our national wealth and our national income. The more goods we produce the more goods are available for our use. Any factor that retards production decreases our wealth and lowers our standard of living. It is the abundance of goods and services available to the greatest number that determines a standard of living and not the size of a pay check in terms of dollars and cents.

Producing and buying power are unequally distributed. Half of our farmers produce 90% of the farm products that are marketed and the other half market only 10%. A large group of labor is unemployed, living on a subsistance dole. Another large labor group is paid far out of proportion to the earnings of other labor groups. Some of us receive too much and others receive too little. Some of these inequalities are no doubt due to natural causes. But others are due to artificial restrictions and restraints that have become barriers to a free exchange of goods and services and, as we see it, these artificial barriers are the cause of most of our troubles at the present time.

We have imposed most of these barriers upon ourselves by law, granting special favors to various pressure groups. They are concessions given to organizations of business, the professions and labor. They have come gradually and almost without notice. Until these barriers have been removed we doubt very much that the economic machine can be made to function satisfactorily. To remove them will be a painful process and one to which we probably will not submit voluntarily. We probably will keep on trying headache tablets of various descriptions until nature finally administers the necessary emetic that will relieve us of our poisons.

Daughters of Norway Note 30th Anniversary

The Daughters of Norway Lodge celebrated their 30th anniversary Tuesday evening, April 15. A 6 o'clock banquet in the Terrace Room of the Rex Cafe preceded a business meeting at the hall, after which the following program was presented: singing by the audience, accompanied on the piano by Mrs. N. C. Lindberg; a review of the lodge by Mrs. Bernhard Knudsen; several songs by Paul and Olga Aasby; two humorous readings by Betty Simonson; presentation of charter members, the Mmes. Bernhard Knudsen, Laura Dybvig, Gunda Gulrud and Peter Engelstad. Each charter member was presented with a corsage, and an appropriate song was sung by Mrs. Selma Flattum. The Lodge drill team, Mrs. Thora Nelson, captain, then performed.

A social time was then enjoyed and lunch was served at a late hour, with Mrs. A. Gulseth and Mrs. C. L. Williams in charge of the serving. Others composing the various committees were Mrs. N. C. Lindberg, Mrs. J. A. Erickson, and Mrs. R. Duckstad, committee in charge of arrangements; Mrs. Iver Aasby and Mrs. Bernhard Mrs. Lizzie Rasmussen and Mrs. Betsey Haugen, reception committee; and Mrs. Ole Yetsund and Mr. Selma Flattum, tickets. The hall was beautifully decorated, and bouquets of fresh cut flowers were used throughout. About 42 members were present.

In Memoriam

In loving memory of our dearly loved son and brother, Joe F. Vakoch who died two sad years ago April 20.

Two years have passed since that sad day,
The one we loved was called away,
When the evening shadows are falling,
And with our thoughts we sit alone,
To our hearts comes this longing,
If he only could come home.
But tho' our hearts are broken with sorrow,
With the grief so hard to bear,
We will meet you some bright tomorrow,
In the upper garden there.

Dearly loved and sadly missed by his parents and sisters, Mr. and Mrs. Joseph Vakoch and family. 16p

CLIFF GUSTAFSON WINS MATCH WITH WRIGHT OF TEXAS

Small Crowd out Tuesday for Wrestling Program in Auditorium

After 19 minutes of rough-house and toss-and-bounce wrestling, Cliff Gustafson, 242 pound Gonvick, wrestler was declared the winner over 255 pound Texas Jim Wright in the main event of promoter Bill LaFave's wrestling program in the Auditorium Tuesday night. The crowd, which was disappointingly small, only half-filling the spacious Auditorium, saw Gustafson out-maneuver his taller and heavier opponent, and reveal flashes of the power and skill that has made him one of the foremost contenders for Bronko Nagurski's heavyweight crown.

The most exciting and crowd-pleasing match on the card was the duel between Earl Wampler and Don McIntyre in the semi-finals. The two battlers kept the crowd on edge during their match, which went the full thirty minutes to a draw. Wampler and McIntyre forgot that they were billed as wrestlers and engaged in a slugfest, bouncing in and out of the ring, kicking and biting, and rolling over the fans in the ring-side seats.

After a series of body slam had weakened the veteran Missouri wrestler, Stan Myslajek, Minneapolis grappler, threw Ralph Garibaldi, St. Louis, to win the preliminary event.

In two junior matches, which opened the program, Morris "Mouse" Efteland, 135 pounds, threw Harry Paul Long, 130 pounds; and Orrin Pederson, 174 pounds, tossed "Moon" Mullens, 170 pounds.

Harold Stroble, Warren, refereed the junior matches; Werner Rasmussen officiated the preliminary bouts; and Harry Johnson was the third man in the ring for the main event.

TIMES HANDICAP BOWLING TOURNEY WILL END SUNDAY

Ray Olson Leads in Opening Play with Aggregate of 823

Ray "Streamline" Olson, local Commercial league bowler, carrying a 24 pin handicap on his 154 pin league average, and bowling grand aggregate of 823, took the lead in the first annual Thief River Falls Times handicap singles tournament being rolled on the Mint alleys.

Ray, who bowled on Sunday afternoon, relegated Bill Dahlquist, who had collected a 782 total rolling in the 7:30 p. m. shift Saturday night, to second place. Third place in the tourney is being held by Johnny Jaranson who rolled a 753 actual pins count and with his handicap of 24 pins had a total of 777.

The tournament will conclude with next week-end's bowling, Saturday and Sunday, with a large number of local bowlers having made reservations for the Saturday night shifts; and the Sunday shifts being reserved for out-of-town bowlers.

Bowlers with an aggregate of 700 or more, actual pins plus handicap, follows:

Ray Olson, T. R. F.	727	96	823

Commercials End in a Tie

The Commercial bowling league, which has been a dog-eat-dog affair all year, ended its seasons' schedule Monday night, with the Hartz Office and the Times teams in a deadlock for the league championship, necessitating a roll-off. After much conversation it was decided that a seven game match will be rolled next Monday night and the team winning four of the games will be declared the league champions.

The Times team had their hands on the championship gold-plate Monday night, but the pressure was too terrific, or something, for they dropped their third game to the Creamery by 15 pins, 797 to 812. The Hartz Office, bowling the Our Family Foods team on the same shift that had the Times bowling the Creamery, rolled three fine games, 874, 937, and 864, but they could only take two games from the hard-luck Our Family quint, losing the last game to the Family's 861 score. The Times, with scores of 866 and 868, had taken two games from the Creamery, and they were in the 5th frame of their final game with the butter boys, holding a small lead, when they learned that the Hartz Office had lost their last game, and that a win would give the Times the title. The boys began to press their shots, riding high into the head-pin; and the Creamery, on a "turkey" by Al Weber, nosed out the paper men, 812 to 797, and forcing the championship into Monday night's roll-off.

He Deserved It

At a meeting of the high school basketball lettermen Monday afternoon, Eddie Flasch, veteran high-scoring forward, was elected honorary captain of the 1940-41 district championship Prowlers. Eddie, who ended his prep play this year, was one of the finest all round basketball players that the local high school ever had, and it was only fitting that he should conclude his high school career with the Prowler captaincy.

Golf Season Officially Open

The road to the golf links north of town is in various stages of impassability, but that did not stop Dr. Bratrud, Dr. Hedemark, and Hans Chommie from opening the golf season last Sunday. They made a "lease-lend" deal for Ole Ekerens' boat and motor-boated up the river to the course. The trio played the seven "east side" holes, and the report is that their scores were "normal" for early season play.

Bowling Tournament Notes

Don't forget, you fellows, that the handicap singles tourney ends on Sunday. You all have a chance to roll into the money. For instance, we had to coax "Streamline" into the tournament, and he proceeded to roll a 823 total that carried him into first place.

Some of the tournament's best bowling was done by Fred Sibell and Clarence Offerdahl. They only had two "blows" apiece. Sibell dropped the twin pin in his first game, and picked a "cherry" in his second game; while Clarence, who racked up 27 spares in his four games, had his two "blows" in his first game.

Incidentally, this was the 25th tournament that Sibell, the veteran Grand Forks bowler, has entered this year, and he still has eight or nine tourneys in which he plans to roll. He bowled an 864 total in for fourth place. Sibell, by the way had the most pronounced watch-me-crawl-up-on-this-baby approach of all the bowlers that rolled the alleys Saturday and Sunday. John Mark, Fergus Falls trundler, was another of these "creep" approach bowlers.

Doc Hedemark has been the tournament's hard luck bowler. He carried a 100 pin handicap on his 148 pin average, and was considered one of the "dark horses" in the meet; but Doc rolled into 12 splits, and ruined his total.

Louie Benson at Crookston?

Comes the report that Louie Benson, who had been rumored as being in a Plummer suit this year, will play his baseball with Crookston as a catcher. He was up here last week and had a conference with the Pirates manager, Ray Oppegaard, and while Louie couldn't sign a contract, being still a student at Gustavus and on the college baseball team, he did reach an understanding with the Crookston management. Well, if Crookston picks up a couple more players like Louie they will have a team with plenty of hustle and color.

It's Spelled Myslajek

And pronounced Mays'-lak. I've been having so much trouble with the pronounciation of this wrestler's name that I had to ask Stan himself how it was pronounced. He said, Mays-lak.

CITY RECREATION LEADERS TO FORM BASEBALL LEAGUE

Boys Interested in League for Midgets are Urged to Turn Out

Greater emphasis will be placed on baseball and archery this year, according to plans of WPA-city recreation officials. It is the hope of these men that interest in these activities will be high, so that the local recreation program might broaden in scope.

In addition to the Legion baseball team of last year, a league for midgets will be formed. This will be run similar to the midget hockey league of the past winter. All boys interested int he sport are boys interested in the sport are playground and work out.

A recreation leader will be at East-side park to handle the preliminary training for all those wanting to play baseball. At a later date a man will be named to coach the Legion juniors, who will have a regular schedule to go through during the season. The season will be followed by tournament play.

Archery ranges will be set up at East-side park and the fairgrounds. Last year in the fall months archery got off to a good start, but cold weather nipped it in the bud. Already this spring interest is high in the sport. A local church group has chosen archery as one of its spring activities. The sport is suitable for people of all age groups; no one is left out. An archery-golf course will be laid out at the fairgrounds. This activity will be used as a variation. As soon as the grounds are dry equipment and supervision will be made available at these places.

STATE TAXPAYERS ASK LEGISLATORS TO HALT SPENDING

Make Final Appeal for Economy at St. Paul Session Last Week

As the legislature is about to windup its present session, a final appeal for greater economy was voiced by delegates from 81 counties attending a state-wide meeting of the Minnesota Taxpayers association in St. Paul, last week, who went later to the capitol to see legislators.

"There are numerous places where the top-heavy set up of government throughout the state could be modified to save millions of dollars, if the legislature had the determination to make the needed changes," James P. McDonnell, president, stated in his opening talk to the delegates.

A trophy was presented to Joseph J. Stumvoll of Sherburne county for outstanding work on taxes during the year, and in accepting the cup he pointed out "that reduction of taxes in Minnesota is needed more today than ever in the history of the state and should be the main objective of legislators."

Leslie Gravlin, state commissioner of administration, who was the invited speaker at the dinner, pointed out that "reduction of governmental expenditures is the best way—perhaps the only way—to gain reduction of taxes. But that way often seems to be overlooked by officials and others seeking tax cuts."

Norman A. Borgen of Excelsior, secretary, gave a resume of new tax laws that already had been passed at this session, and expressed the belief that the state appropriations would be about the same size at this session as they were two years ago.

Others speakers were C. D. Tearse, Winona; Harold A. Van Slyke, Dakota county; J. E. Odegaard, Sherburne county; R. R. Gould, Crow Wing county; N. V. Torgerson, Mower county; Theo. M. Thronson, Pennington; D. L. Crimmins, Redwood; and J. I. Johnson, Blue Earth.

Druggists to Convene in St. Paul Apr. 21-24

Druggists of the entire Northwest will assemble in Saint Paul during the annual convention of the Minnesota Pharmaceutical Association which is held this year concurrently with the Great Northwest Drug Show, April 21 to 24 inclusive. Over one hundred exhibitors and attractions have been assembled for the four-day session and topnotch merchandisers representing the largest manufacturers and distributors in the industry, will be on hand to discuss with retailers the advancement and betterment of their joint services to the public.

PLANS MADE FOR 1941 SCHOOL PATROL CAMPS

News for 325 school safety patrols and their sponsoring American Legion posts was contained this week in announcement that the Sixth annual Minnesota Safety and Conservation Training camps for school patrolmen will be held in June at "Legionville", Lum park, near Brainerd. The camp will be held in two sections, the first 160 boys being accommodated from June 15 to 22 and the second section from June 22 to 29.

NOT BOMB; JUST REMAINS OF NEW YEAR'S EVE DISPLAY

Breckenridge— Excitement prevailed in the city of Wahpeton when somebody discovered an "unexploded bomb" near the courthouse. Just before the F. B. I. were called in, however, certain businessmen of the city, who were enjoying a hearty laugh among themselves, enlightened the populace and disclosed the fact that the "bomb" was merely the remains of the Owls Club New Years' Eve fireworks display and was one of several colorful but harmless "bombs" which evidently failed to explode that night and had since lain hidden beneath the snow.

"HERE'S ANOTHER PLACE WHERE RESEARCH HELPS KEEP DOWN TELEPHONE COSTS"

More than 400,000 vacuum tubes are used in the Bell System—most of them to amplify voice currents on long distance calls.

The Bell Telephone Laboratories have improved the vacuum tubes used in furnishing telephone service, so that they now use only one-fifth as much electricity and last 20 times as long as they did. This is one of many telephone research developments which help to improve service and to keep down its cost to the public by partly offsetting higher taxes and other increased expenses of providing it.

CONCRETE
CAN TAKE IT

'TWAS A HARD SPRING FOR ROADS

WITH the spring rains many roads have become almost impassable from mud, wash-outs, washboards, ruts, bumps and chuck-holes.

You see load restriction, warning and detour signs—while repair crews spend the equivalent cost of miles of needed new pavement! . . . But on concrete roads, please notice, there was no spring break-up. Year after year concrete roads can take it—with lowest maintenance.

Twelve months a year concrete carries you swiftly, safely, economically, saving gas, tires and car wear every mile you drive.

FOR ALL-WEATHER ROADS INSIST ON CONCRETE!

Load restrictions, impassable roads, rough and muddy roads—all cost money. Minnesota needs more concrete highways. Concrete saves money for all road users.

Concrete IS THE BEST LOW COST ROAD

Northwest farmers sell us their finest barley to give HAMM'S BEER
EXTRA GRAIN GOODNESS

LAST year our partner, the Northwest Farmer, sold us direct over a million bushels of his choicest barley . . . to give Hamm's Beer extra grain goodness.

Then we malted it in our own giant plant, so every step was under watchful control. Each batch of malted barley was certified "properly aged" to produce the full richness of the malt.

See what a difference in flavor this finer barley gives—ask for Hamm's "Smooth and Mellow." Theo. Hamm Brewing Co., St. Paul, Minn.

Kitty's Kitchen Klatter

Morning on the farm! A spring morning on the farmstead is a beautiful wonder to behold. The first rays of the sun lift the dark mists and the black curtains of night seem to be pulled back by the Master's Hand, preparing the stage for the spring morning's symphony, the clarion call of the meadow lark, the cheery "cheer-up" of the robins and the warbling of a flock of blackbirds, all seemingly set to the rhythm of the drumming of prairie chickens far off from a meadow.

The sun rises higher and soon new noises of an awakening farm yard adds to the music of morning; the rustling of the chains of stanchions of cattle feeding, the neigh of a horse anxious for his morning oats, the cackle of the busy hens in the chicken yard, the "gobble, gobble" of the monarch in the turkey lot, all proclaiming to the world that a new and busy day for the farmer has already begun.

You don't have to tell a good woman that she is; and you better not tell any kind that she isn't.

PLAN FOR 9-MILL LIMIT FOR STATE LEVY ADVOCATED

Plan, If Successful, Will Cut State Tax One Mill Below 1941

With members of the legislature ready to take up and pass on major financial problems of the state in the closing days of the session, support increased for the proposal to put a ceiling of nine mills on the state tax on property so that property owners will receive full benefit, at least so far as the state is concerned, of the reduction indicated in elimination of the one-mill Dunn road tax.

The state tax on property has been limited to 10 mills for some years, but since the legislature has taken off one mill in abolishing the one-mill road tax, many of the legislators contend, a ceiling of nine mills now should be placed on the state levy.

"There is widespread support for the proposal to limit the state tax to nine mills," Roy E. Dunn, majority leader in the house, said. "Many members feel that one of the major reasons for taking this one-mill road tax off the books was to afford some relief to property owners, and that we should not now replace it with a levy for some other purposes. I personally feel this way, and I think most of the members will endorse the proposal. If additional money is needed, we should get it from some other source."

Governor Stassen has said also he feels the state tax should be kept down to nine mills.

SMILEY

There isn't much "going on" in and around Smiley this time of the year. Everybody is so busy. The roads are so muddy one can hardly "go places and do things" without getting mired in some mud hole some place. Our mailman, Ted Beulke, has had a tough time this spring getting his route covered. He has been having three men assist him. Pike Kraemer takes a portion of the mail from the John Johnson corner east of Carl Lindholm's, Marion Cater takes some of the mail from the St. Paull church corner straight east to the Anton Peterson corner. Bill Rehm also has some of the mail which he gets at the Casie Wiener corner and takes it out east to the Kratka corner somewhere. It may be some time yet before Mr. Beulke will manage to make the entire route alone.

Mr. and Mrs. Nelius Johnson and family of Goodridge were Tuesday visitors at the home of Mrs. Johnson's sister, Mrs. Willis Roese and her family.

Easter Sunday dinner guests at the L. O. Stenseth home were Mr. and Mrs. Alfred Skjerping and family of Holt, Mrs. Rollie Haynes and sons and Miss Edith Stenseth of Lincoln, Nebraska. Miss Edith plans to return to Lincoln the latter part of this week after a month's vacation at her parental home. Lewis Stenseth, who left for Fort Snelling two weeks ago as a selective draftee, writes that he passed the medical examination and expects to be transferred shortly to some other army camp.

Pat Culkins, Orton Olson, Jim McCrum, and Mark Olson motored to the Erie vicinity Sunday where they were business callers at the Hans Solberg farm.

Mr. and Mrs. Gust Gustafson and two daughters left last Tuesday by car for Rio Linda, Calif., Mrs. Gustafson's folks live there. They are the Oscar Peterson's who formerly lived in Smiley. The Gustafson's plan to make their home there for some time as Mr. Gustafson will enter into the trucking business with Mr. Peterson. The Gustafson farm, which is directly across the road south of the Carl Alberg farm, will be run by Edwin Nelson this summer. Smiley folks hope the Gustafson's will be happy in this new venture.

Sunday visitors at the Jim McCrum home were Mr. and Mrs. O. N. Olson, Clara and Orton Olson, Mr. and Mrs. Mark Olson and son Wayne, Mr. and Mrs. Pat Culkins and sons of Hazel.

A visitor at the Ed Ness home Saturday was Mrs. Swedburg she visited a former school chum, Mrs. Sedlacek (Hilda Ness).

Young Lois Nelson, daughter of Mr. and Mrs. Edwin Nelson has been quite ill the past week. She is recovering nicely at this writing.

A week's vacation was highly welcome last week in Dist. 4, since the roads and weather were so bad. School work was resumed again this week. Miss Gunda Engen has been re-hired for the Hiawatha school, Dist. 28, for the next school term. Miss Clara Swanson has resigned from the Bummer school, Dist. 31. She has taught three terms there.

The ice on the river broke up and sailed down last Thursday. There wasn't anything exciting about it this spring, the ice chunks were quite small and no damage whatsoever has been reported.

Mr. and Mrs. Arthur Angell and Miss Effie Angell paid a visit to the Elias Angell home Sunday. Mr. Angell is an instructor in the public school at Wells and Miss Effie teaches at Strandquist.

A doctor often has inside information but that doesn't mean he can cure the meanness in some fellows.

BIG INCREASE IN PROSPECT IN INCOME TAXES

Federal Government Plans to Raise Over 3 Billion in New Taxes

WOULD ADD SURTAX ON SMALL INCOMES

Continuation of Present Tax Exemptions Planned by Treasury

A system of greatly increased income taxes, providing an effective levy of 16.5 per cent on the lowest tax bracket, was disclosed Tuesday in Washington to be part of a treasury program for raising $3,600,000,000 in new revenue.

The present effective rate is 4.4, including a defense "supertax" amounting to ten per cent of the "normal" levy of 4 per cent of taxable income.

The new system, built around steeply increasing surtaxes and estimated to produce $1,517,100,000, would boost to $72 the income levy of a childless married couple with an earned net income of $2,500. Such a couple now pays $11.

The house committee, meeting behind closed doors, is considering ways of raising the $3,600,000,000 of additional revenue. Committeemen told reporters Monday that the treasury had proposed an increase in the effective individual income tax from 4.4 to 6.6 per cent but a typewritten statement of the treasury proposal, released unofficially Tuesday, was considerably different from Monday's oral reports.

The treasury summary, as made public Tuesday, would continue the 4 per cent normal tax but would add to it surtaxes starting at 11 per cent on the first $2,000 of taxable income. To the sum of the normal taxes and surtaxes would be added the ten per cent supertax. In other words, to this 15 per cent total would be added a 1.5 supertax making a grand total of 16.5 per cent.

At present the surtax is applicable only to taxable income above $4,000.

Exemptions would continue as at present, under the department's [illegible]. The present ten per cent credit for income earned, as against that derived from investments, would be continued for purposes of the normal tax but would not apply to the surtaxes.

TRAINEES GUESTS AT SENDOFF PARTY MONDAY EVENING

Group of Seven Men Leave for Year of Service in U. S. Army

A group of nearly fifty men assembled in the Palm Garden cafe Monday evening for a stag party in honor of seven young men leaving the city that evening for a year's army service. H. O. Chommie presided over the affair, which was arranged jointly by the Lions club, Legion post and Junior Chamber of Commerce.

Following the serving of dinner, Mr. Chommie spoke in behalf of the Lions club, while Commander Alex Cloutier represented the Legion post and Frank Govednik spoke for the Junior Chamber of Commerce. H. M. Hitterdal, president of the Ninth district Legion band, extended greetings in behalf of that organization to Lester Winkleskey, for four years a member.

Dr. A. R. Hulbert introduced the guests of honor who included, in addition to Mr. Winkleskey, Walter Kinghorn and Reuben F. Styrlund of this city; Carl A. Johnson and Melford J. San of Goodridge; Raymond F. Halvorson, Trail; and Axel E. Rasmussen, Hazel.

Only one man will leave Pennington county in the next call, scheduled for Sunday, May 4, it was announced this week at headquarters of the local draft board.

Municipal Dock Fund Gets $25 from Dance

The dance staged in the arena Saturday evening for the benefit of a fund for the erection of a municipal dock in the river pool netted slightly more than $25, it was announced today by Don Mattson, president of the Junior Chamber of Commerce, sponsor of the affair.

Girl Scouts Sell Cookies for Camp Funds

Girl Scouts are active on their annual cookie sale to pay the expenses of another summer outing. The girls are busy and the pressure is on. In the picture Scout Darlyne Helle is making a sale to M. G. Peterson, manager of Montgomery Ward, as Mrs. Mary Warner Dryden looks on.

N. W. Bankers Conduct Quarterly Meeting in Holt Saturday, Apr. 19

All banks in this district were represented at the quarterly meeting of the Northwest Clearing House association Saturday afternoon at the school house in Holt. Following the business session those present enjoyed a dinner served by the Lutheran ladies' aid in the church basement, after which Judge Oscar R. Knutson of Warren addressed the gathering. It was voted to hold the annual summer outing at Wheeler's Point near Baudette late in June or early in July. Present at the Holt meeting from Thief River Falls were George Werstlein, E. O. Peterson, Reuben Johnson and Kenneth Lindbergh.

St. Bernard's School to Present Two-Act Comedy in Auditorium Tuesday

"Paint and Patches", a two-act musical comedy, will be presented at the municipal Auditorium next Tuesday evening, April 29, at 8 o'clock with pupils of all grades of St. Bernard's school participating. The little tots, trained by the sisters, will present a varied array of songs and dances. The play production is an annual event on the school calendar.

LOCAL TOWNSEND CLUB TO MEET SUNDAY AT 2:30

The local Townsend club will conduct a meeting in the Civic and Commerce association room next Sunday afternoon, April 27, at 2:30, it was announced today.

Dog Licenses Become Payable on May First

Dog owners residing in Thief River Falls were reminded today by City Clerk P. G. Pederson that dog licenses are due and payable at his office May 1. The fee for male dogs is $2 and for females $6. Topper, cocker spaniel belonging to H. A. Baumann, has the distinction of wearing license No. 1.

A total of 115 young musicians from Lincoln high school will journey to Crookston Saturday in three school buses to participate in the District 21 music contest, Supt. Morris Bye announced today.

Groups participating will include the mixed chorus, band, girls' sextet, boys' octet, flute quartet, mixed clarinet quartet, brass ensemble and French horn ensemble.

Twenty members of the Lincoln band will be included in the district band of 100 pieces which will present a festival concert Saturday evening along with the district chorus. A group of soprano solos will be rendered by Mrs. Gertrude Boe Overby, soloist with the St. Olaf college choir of Northfield.

Milton Diedrich of Bemidji State Teachers college, will serve as judge of the instrumental numbers competition, and will direct the massed band in its four selections on the evening festival program. Mr. Diedrich, director of band and orchestra at the Bemidji college, was chosen after J. A. Holvik, Concordia college band director, asked to be released from the engagement because the Concordia band will be on tour this week-end.

Oscar Overby of St. Olaf college, Northfield, is to judge the vocal competition.

AUDIENCE OF 1700 WITNESSES CIRCUS LAST FRIDAY NIGHT

Excellent Performance Is Given by Physical Education Classes

Fully 1,700 school children and their elders packed the Lincoln high school gymnasium Friday evening to witness the fourth annual school circus staged by pupils in the physical education classes under the direction of their instructors, Miss Gladys Bernsen and Chester A. Nelson.

The young performers demonstrated a high degree of gymnastic proficiency in tumbling, pyramid-building, as well as on the high bar, parallel bars and rings. Mr. Nelson also gave an excellent demonstration on the parallel bars and rings.

A Dutch dance and Norwegian mountain march in costume were attractive spectacles presented by the junior high school girls. The antics of a half-dozen clowns supplied comedy, as did a burlesque twirling act by a group of boys with Luther Fjelstad as drum major.

Future Farmers Chapter Stages Fathers and Sons Dinner Wednesday Night

The second annual Fathers and Sons banquet sponsored by the local chapter of the Future Farmers of America was held at Lincoln high school Wednesday evening, and attracted an attendance of nearly fifty persons. Stanley McMahon, chapter president, officiated as toastmaster and introduced the various numbers on the brief program, including the invocation by Rev. S. S. Olafson; welcome to the fathers by Gene Nelson; response by Paul Engelstad; a discussion of opportunities in farming by Kenneth Melin; and the principal address by Supt. Morris Bye, who stressed the importance of sons learning to understand and appreciate their fathers.

LEGISLATURE IS HOLDING FINAL MEETING TODAY

Goes into Overtime in Effort to Balance the State Budget

NEW CIGARET TAX FAILS OF PASSAGE

Rural Credits Refinancing Program Adopted by Both Houses

With Wednesday scheduled as the final day of the session, the Minnesota legislature today was working overtime on a jammed calendar of important measures awaiting final disposition.

The way the revenue picture stood just before midnight, the legislators knew where an [illegible] $40,000,000 was coming from. State officials could show them that gross earnings taxes would toss in better than $16,000,000; liquor taxes, $10,600,000; income taxes $13,000,000, and miscellaneous sources, a little better than $10,000,000.

That left $15,000,000 to be supplied somehow. It seemed unlikely that any part of it would come out of the state property tax, since for four years all the returns from this source have gone to debt retirement and special purposes. The cigaret tax was out, eliminating $2,500,000 to $3,000,000 from the possible revenue.

All that was left as a new source was iron mining occupation and royalty taxes. A conference committee was working on this but if it was to be the sole source of revenue the rate would have to be a flat 12 or 18 per cent.

Talk was for a rate of about 11 per cent, which would produce a net of $12,500,000 for the revenue fund, leaving the deficit about $2,500,000.

Pennington Co. Chapter of Red Cross to Hold Its Annual Meeting Tuesday

The Pennington county chapter of the American Red Cross today extended to its members an invitation to be present at the annual meeting to be held in the public library next Tuesday evening, April 29, at 8 o'clock. Mrs. C. M. Adkins, secretary, announced that reports will be given on work accomplished during the past year, and work to be carried on in the future will be discussed. Members of the executive board also will be elected at the meeting.

Alfred Skarstad Files for School Board Post

Alfred Skarstad Tuesday entered his name as a candidate for one of the two positions on the board of education to be filled at the School District 18 election Tuesday evening, May 20. Mr. Skarstad is a former member of the board. Neither of the two incumbents whose terms expire this year, C. E. Hellquist and W. J. Iverville, has filed as yet. The filing period will continue until May 9.

DEFENSE BONDS ON SALE MAY 1 AT POSTOFFICE

Savings Stamps Also Will be Sold for as Little as Ten Cents

BONDS HAVE MATURITY VALUES OF $25 AND UP

Proceeds Will be Used to Aid in Financing U. S. Defense Effort

New United States defense savings bonds and postal savings stamps will be placed on sale in the post office here at the opening of business on Thursday, May 1, as part of the national effort to make America impregnable.

Postmaster Andrew Anderson announced today that plans are nearly completed for this community, along with thousands of others from coast to coast, to do its full part at the opening of the savings program.

The new defense savings bond is similar to the familiar "Baby Bond", of which more than five billion dollars worth have been bought by more than two and a half million Americans since 1935.

A defense bond may be purchased May 1, or thereafter, for $18.75. In ten years, this bond will be worth $25.00. This is an increase of 33 1-3 per cent, equal to an annual interest return of 2.9 per cent, compounded semi-annually. Any time after sixty days from the date of purchase, the bond may be redeemed for cash, in accordance with a table of redemption values printed on the face of the bond.

To spread investments widely among all the people in America, a limit of $5,000 has been set on the amount of these bonds to be bought by any one person in one year. The bonds are in denominations of $25, $50, $100, $500 and $1,000, all of which are sold for 75 per cent of their maturity value and all of which mature in ten years.

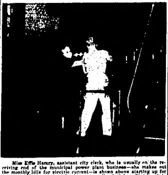
For the smaller investor who wants to buy a government bond on an easy payment plan, the post office will have a new series of postal savings stamps, at 10c, 25c, 50c, $1, and $5. Each purchaser of any savings stamp higher than 10c will be given, free of charge, an attractive pocket album in which to paste his stamps until he has enough to buy a $25 bond or one of higher denomination. Thirty million of these albums are now being prepared.

Secretary Morgenthau said that even a boy or girl who saved 10c to buy a Savings Stamp would help the country. He added that "you can safeguard your own money and your own future, while helping the national defense, by buying United States Savings Bonds now."

Future Farmers Plan Orange Sale Saturday

The local chapter of the Future Farmers of America will conduct its fourth annual orange sale in the city Saturday, April 26. Proceeds of the sale will help defray expenses in connection with the groups North Shore trip this summer.

New Busch-Sulzer Diesel Unit Swings Into Action



Miss Effie Harary, assistant city clerk, who is usually on the receiving end of the municipal power plant business—she makes out the monthly bills for electric current—is shown above starting up for a test run the huge new 1,700 horsepower Busch Sulzer Diesel unit in the local plant. Shown with her is Carl Johnson of St. Louis, Missouri, erecting engineer, who had charge of the installation of the new unit.

The Pennington County Taxpayers association will hold its next meeting in Goodridge Friday evening, May 9th at 8 o'clock, it was announced today by A. J. Rau, president. This is the first of a series of meetings planned to be held in various sections of the county.

Speakers and their topics will include E. M. Bennes, school taxes; Lincoln Arnold, county indebtedness; O. L. Ihle, rural real estate values; T. M. Thronson, assessment procedure; and Mr. Rau, who will discuss the aims and objectives of the taxpayers association.

The meeting will be held under the auspices of the Goodridge Community club.

State Auditor Reports Pennington Tax Bill Is $353,518.90 for 1940

With a total value of $3,650,062 for all property in Pennington county, taxpayers of the county for the year 1940 had an aggregate tax bill of $353,518.90, it is revealed in an abstract prepared in the office of State Auditor Stafford King.

Marshall county property was valued at $4,717,401, with total taxes of $486,858.01, and Red Lake county property values were placed at $1,542,887 with a total levy of $178,987.80.

In Minnesota as a whole the tax levy for 1940 aggregated a total of $114,229,335.57, compared to $115,806,240.09 for the preceding year.

Ban Taking of Fish Near Local Power Plant Dam

Published elsewhere in the Times this week is an official notice from the state department of conservation prohibiting the taking of any fish in the river pool here for a distance of 300 feet above and below the dam at the power plant before May 14, the area having been reserved for fish propagation. The order is signed by W. L. Strunk, commissioner of conservation, and L. E. Fiero, director of the division of game and fish.

50 SCHOOL MEN AT MEETING IN CITY TUESDAY EVENING

Dr. C. P. Lura of Moorhead Principal Agassiz Club Speaker

Fifty school men from thruout this section of the state assembled in the Palm Garden cafe Tuesday evening for a meeting of the Agassiz Schoolmasters club, with H. H. Kohl of Crookston, vice president, in charge of the session.

The principal address was delivered by Dr. C. P. Lura of the faculty of Moorhead State Teachers college, who discussed the legal responsibility of teachers to their students.

Groups of instrumental numbers were supplied by the Lincoln high school clarinet quartet, including Barbara Jacobson, Marilyn Noper, Edward Peterson and Charles Gustafson; and by the French horn quintet made up of James Skarstad, Donna Lou Kriel, Genevieve Hess, Robert Paulson and Homer Matheson.

A. F. Berge Appointed to Succeed LaBree as Member of Draft Board

A. F. Berge, member of Elmer J. Eklund post of the American Legion and active in civic affairs, this week was appointed to serve as a member of the Pennington county draft board to succeed W. J. LaBree, who resigned Wednesday of last week. Named to succeed Mr. LaBree as chairman of the board was Owen Olson of Goodridge, while A. G. Hallstrom continues to serve as secretary.

Legion Reaches Quota; to Celebrate Friday

At a meeting Friday evening in the veterans memorial rooms, members of Elmer J. Eklund post of the American Legion will celebrate the post's achievement in attaining its membership quota. A short business session will be held, and tentative plans for the observance of Memorial Day will come up for discussion. At the close of the evening a pancake supper will be served under the direction of Ray King, a new member of the post.

BYE TO MINNEAPOLIS

Supt. Morris Bye will leave Friday for Minneapolis to attend a meeting of the executive board of the Minnesota Education association in the Coffman memorial union on the university campus.

HOUSING TO BE MEETING TOPIC MONDAY NIGHT

2 Banks Sponsor Community Session in Civic and Commerce Room

MINNEAPOLIS FHA MEN TO ADDRESS MEETING

To Outline Plan for Insured Financing thru Local Agencies

How a home may be bought under the Federal Housing Administration Plan of insured mortgage financing will be fully explained at a meeting to be held Monday evening, April 28 in the Thief River Falls Civic and Commerce room, it was announced today by D. J. Pouquette, director of the Federal Housing Administration for the state of Minnesota, North and South Dakota.

The meeting, first of its kind to be held in Thief River Falls will be under the sponsorship of the Union State Bank and Northern State Bank, and the general public is cordially invited to attend. Cooperating with the banks are local building supply and household appliance dealers.

Interest in FHA's program of home ownership locally prompted the arrangements for the meeting, and speakers will include representatives of the Minneapolis insuring office of FHA.

A number of homes have been bought through FHA insured financing locally and a number of others have been repaired, altered or modernized through this agency's property improvement credit plan.

Under FHA'S program of home ownership, many thousands of homes throughout the entire country have been bought [illegible] never before available, it is announced. Under the program, only one mortgage is permissible, and second and third mortgages never came due to bother the home buyer with high renewal fees or exorbitant charges. Moreover, it is explained, the interest rates on mortgages are now lower than ever before, due largely to FHA's influence. [illegible] is 4½ percent.

LES IHLE NAMED ON STATE GRAIN APPEALS BOARD

Appointment by Governor to Become Effective May First

Following his recent appointment by Governor Harold E. Stassen, Lester Ihle of this city next Thursday, May 1, will take over his duties as a member of the state board of grain appeals with headquarters at Duluth, it was learned here today.

The board, appointment to which is for a three-year term, has the responsibility of handling appeals from grain shippers dissatisfied with the grade given samples at the terminal markets.

Mr. Ihle, who left this city Sunday evening to familiarize himself with his new duties previous to taking office, has been active in Young Republican league circles in recent years, and is former Ninth district chairman of the league.

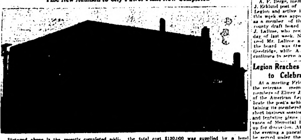
Rural Credit Division Sells 4 County Farms

Four Pennington county farms have been sold recently by the Minnesota department of rural credit, it was announced this week. M. Wilkens purchased the Bjerken farm near Goodridge, and K. Knutson bought the L. Hemmestvedt farm in that vicinity. F. Kraemer was the buyer of the J. O'Brien farm near Thief River Falls, while the Hegreness farm near this city was sold to K. Byfuglin.

Lincoln Loses to Duluth in Inter-Region Debate

The Lincoln high school debate team, winner in the regional event, went down to defeat by a two-to-one verdict of the judges in the inter-regional contest with Denfeld high school of Duluth in the latter city last Friday afternoon. The local team, including John Dahlgren and Lloyd Alnes, upheld the negative side of the question, "Resolved, That the powers of the federal government should be increased."

Fine New Addition to City Power Plant Now Completed



Pictured above is the recently completed addition to the municipal power plant which, in addition to housing the new 1,700 horsepower Diesel unit, has accommodations for another unit of like size.

Johnson-Gillanders company of Grand Forks carried out the contract for the building and engine foundation, while the Busch-Sulzer company of St. Louis installed the engine. The total cost of the project was $150,543, of which $20,449 represents the cost of the structure, and the remainder the cost of the equipment and engineering service. Of the total cost $130,100 was supplied by a bond issue, while the remainder was taken from current funds of the water and light department.

The new unit provides an adequate power reserve for the first time in several years, the three units in the plant supplying a total output of 2,2[illegible] kilowatts compared to the peak load last December of 1,345 kilowatts. Supt. Ole Legvold of the water and light department announced that the new Diesel will not be put into regular use as long as the water supply is adequate to operate the turbines.

Angeline Augustine and Lawrence Lubitz Wed

The marriage of Miss Angeline Augustine, daughter of J. P. Augustine of Holt, to Lawrence Lubitz of Thief River Falls took place at the Lutheran parsonage in Holt on Thursday, April 17 at 3 o'clock. Rev. T. C. L. Hanson officiated at the single ring ceremony at which Miss Evelyn Bengston and Marian Augustine, brother of the bride, were attendants.

The bride wore a navy blue crepe afternoon ensemble and a shoulder corsage of pink and white carnations and sweet peas. Her bridesmaid wore a navy blue street dress and a similar corsage.

Following the ceremony Mr. and Mrs. J. P. Bowitt entertained 16 guests at their home at a reception honoring Mr. and Mrs. Lubitz. The bridal couple then left on a wedding trip to southern Minnesota, and will return April 27 after which they will be at home on the groom's farm. The bride's travel costume was a blue and tan sport dress with harmonizing accessories.

The bride attended the Northwest School of Agriculture at Crookston from 1937-1940.

Mr. and Mrs. John Erickson entertained the following at a 7 o'clock dinner at their home Wednesday evening: Reuben Strylund, honored guest, Miss Mae Carlson, Miss Marion Ulvin, Miss Edla Erickson, and Mr. and Mrs. Mendell Erickson.

Reuben Strylund was the guest of honor at a farewell party Thursday night given by the members of the choir of the Swedish Mission Church at the A. V. Brodin home. A program was presented and lunch was served about 11 o'clock. Mr. Strylund was given a farewell gift from the group. About 22 guests were present including Miss Vivian Skoglund and Verner Anderson both of Roseau.

Mr. Strylund was also entertained at a party at Viking Friday evening.

Mrs. Dan Grim Entertains Sewing Club Monday

Mrs. Dan Grim entertained the members of her sewing club at the O. A. Melby home Monday evening. This meeting was the final one of the year. A tray luncheon was served at 10:30. Present besides the hostess were the Mmes. Gordon Lewis, Carl Lee, and Bob O'Hara, and the Misses Carol Hovland and Florine Schneider.

Mabel Christianson and Ernest Helquist Marry At Simple Home Wedding

Simplicity and the intimacy of a home ceremony were characteristic of the wedding of Miss Mabel Christianson, daughter of Mr. and Mrs. Ole Christianson of this city, and Ernest E. Helquist, son of Mr. and Mrs. C. E. Helquist, also of Thief River Falls, which took place at the bride's home at 1 o'clock, Sunday, April 20. Rev. C. W. Erickson officiated at the single ring ceremony in the presence of forty guests. Miss Violet Christianson, sister of the bride, was her attendant, while Leonard Helquist, brother of the groom, was best man.

Preceding the ceremony, Miss Edla Erickson sang "O Promise Me" accompanied at the piano by Miss Palma Jahr. Lohengrin's wedding march was played by Miss Jahr, and the bride was given in marriage by her father. After the nuptial vows were spoken Miss Erickson sang "I Love You Truly" accompanied by Miss Jahr.

An aqua blue silk afternoon dress trimmed with white lace was worn by the bride. Beige accessories completed the costume, and her shoulder corsage was fashioned of yellow tea roses and white sweet peas. Her bridesmaid wore a rose and white silk street dress with beige accessories and a shoulder corsage of white carnations and sweet peas. The bride's mother wore a street length dress of navy blue silk mesh with matching accessories. A navy blue tailored suit with harmonizing accessories was worn by the groom's mother, and both Mrs. Christianson and Mrs. Helquist wore shoulder corsages similar to the bride's.

Following the ceremony a reception was given by Mr. and Mrs. Christianson for the couple. Luncheon was served at 2:30. Centering the table was a three-tiered wedding cake topped with a miniature bride and groom and trimmed in pink, blue, and white. At either end of the table were bouquets of sweet peas. About forty guests were present.

The couple then left on a short wedding trip to Grand Forks, N. D. They returned the following day, and will be home in their apartment at 605 North Main Ave. after May 1.

The bride was graduated from the local high school in 1937, after which she attended the Interstate Business College at Fargo, N. D. She is now employed as a clerk at the J. C. Penney Co. here. Mr. Helquist was graduated from the local high school with the class of 1933, and also attended Macalester College in Minneapolis and the University of North Dakota at Grand Forks. He is now employed as a salesman at the Gamble Store.

Emma Gustafson and Marius Waldal Wed Wednesday

Emma Gustafson and Marius Waldal were married at a simple ceremony at the First Lutheran Church parsonage by Rev. Charles W. Erickson on Wednesday evening, April 23, at 8 p. m. Mr. and Mrs. Leon Morehouse were their only attendants. Mrs. Waldal wore a lavender knit afternoon dress with black accessories, and Mrs. Morehouse a cream and navy blue ensemble. A 9 o'clock dinner was given for the bridal party at a local restaurant after the ceremony. Mr. Waldal lives near Plummer, but is well known in this community as he is a former member of the state legislature.

Mrs. Ray Novak Feted at Bridal Shower

Mrs. Ray Novak was the honored guest at a bridal shower at the Joe Novak home last Thursday evening. Luncheon was served at 11 o'clock after which the honored guest opened her gifts. Woman's Club Notes

MRS VORACHEK HONORED—

One of the most important questions of today is the conservation and restoration of our natural resources. As a part of the Minnesota Federation of Women's Clubs program of conservation, the George Washington Memorial Federation Forest has been set aside on the Ely-Finland road in northern Minnesota. The local Women's Club is planting an acre of pine trees in this forest in honor of Mrs. C. Vorachek, 9th District President. Mrs. Vorachek's name will be placed on a scroll at the headquarters of the Minnesota Federation in Minneapolis.

An interesting program was presented at the last meeting of the Penates on Tuesday, April 22: "An Open Secret" by Huntington Woodman sung by Mrs. B. Abbott; "The Life of Johan Julius Christian Sebelius" given by Mrs. George Paulson; "The Valse Triste" by Jean Sebelius, piano solo by Mrs. Eva Myhre; "The Rosary" by Ethelbert Nevin, cello solo by Mrs. George Paulson accompanied at the piano by Mrs. Myhre. Mrs. H. Hoffman was the hostess.

W. C. T. U. News Notes

The local Women's Christian Temperance Union, at the April meeting at the home of Mrs. C. H. Jung, named four delegates to attend the district convention to be held at Bemidji May 1 and 2 at which Mrs. Alice May Stuart of Tenstrike, district president, will be presiding officer. Mrs. Ethel Baker of Minneapolis, state W. C. T. U. president, will be guest speaker. Wesley Flannery, instructor in alcohol education, and state scientific temperance instruction field worker, will give chart talks on "Scientific Facts on What Alcohol is and What it Does".

The "Union Signal", official organ of the national Womens' Christian Temperance Union, of Evanston, Ill., in their "Washington Weekly Letter", states: "A resolution was passed in the House memorializing congress of bill 860, which protects our boys in military camps. Each section of the bill begins 'In the interest of the common defense—' "

The W. C. T. U. is bereft in the passing of Senator Morris Sheppard, and pays tribute of respect and affection to him.

Mrs Oscar Seeland Entertains for Mother

Seek Applications from Campers for State Parks

Many choice camping dates are still open for group camps in state parks of Minnesota in spite of the fact that May 1 is the deadline for assignments. Last year group camps at Itasca, Camden, Lake Shetek and Sibley provided accommodations for 1581 campers. This year facilities will be available for twice that many. Camping groups occupied tents, trailers, motor coaches and cabins. Necessity for making reservations for camping dates early is urged by Harold Lathrop, director of state parks.

Auto Lamp Adjusters School to Train Men for Headlight Drive

Heralding the coming spring drive against faulty automobile lights as frequent causes of traffic deaths and injuries, the state highway patrol this week announced an official, certified headlamp adjusters' course, open to all motor vehicle mechanics, to start May 12.

Completion of the courses will qualify men, and garages where they are employed, to operate official adjusting stations under requirements of state law. The school will be held at Dunwoody Institute, Minneapolis, under auspices of the Highway Patrol. Applications must be made at least two weeks in advance of opening date, and payment of a five dollar fee for the courses must be made by May 1. All mechanics of two years, automotive experience and over 21 years of age are eligible. Entrance blanks are available by mail either from the Highway Patrol in St. Paul or Dunwoody Institute, Minneapolis.

Courses will include classroom and shop practice instruction in Minnesota Traffic Act, principles of lighting systems, procedures of lamp adjustment, set-up, checking and use of all approved testing devices; physical condition of lamp circuit, focusing and aiming of lamps, and remedies for poor lights.

Beltrami-Pine Island Area Leased to State

Among measures recently passed by the Minnesota legislature is one approving a fifty-year lease by which the state acquires control of the Beltrami-Pine Island wild life development area north of Red Lake from the federal government. Approximately 140,000 acres of federal land will be under state development by terms of the lease.

LAWBREAKERS AROUND IN CITY OF LUVERNE

Luverne—Police Chief Paulson of Luverne could have a regular picnic if he started arresting all the lawbreakers in Luverne. It was discovered recently when City Attorney Engan started digging through the old ordinances of the city which are still on the books. Among other things, it was found that anybody who exceeded the speed limit of 8 miles an hour was liable to arrest, as was anyone who built bonfires within 300 feet of a building, posted bills within the city limits, allowed water to discharge from their roof onto sidewalks or pavement or sold fireworks or any sort of explosive within the city limits.

LEGISLATURE GETS INTO JAM AS TERM DRAWS TO A CLOSE

(Continued from page 1)

To meet the remainder might mean an increase instead of a decrease in the state property tax rate. The governor has wanted a 9-mill top rate.

Main problem confronting the legislators—those of them who were anxious to do a job of it after more than three months of slow going—was to bring the income up to the proposed outgo. Conference committees were shaping up the spending bills—those for schools, state departments, social welfare, state institutions, and other activities—with indications pointing to a total appropriation for the two years to be financed from the revenue fund of $68,500,000.

The house gave final approval Wednesday night o the $40,000,000 rural credits refinancing program. With only two dissenting votes, the lower house chamber sanctioned a senate approved plan to levy one and one-half mills to cover issuance of $1,250,000 in certificates of indebtedness each year.

Overturning pleas of its majority leader and recommendations of the governor, the state house of representatives late Tuesday defeated a tax on cigarets and cigars by a vote of 50 for it to 68 against.

Characterizing the measure as "a bill to relieve the steel trust, not to help city relief", Rep. Carl M. Iverson, Ashby, led opposition to the tax.

Other bills passed by the lower house Tuesday included:

Tax on vending machines.

Reclassification of farm property for tax purposes.

The vending machine measure, part of the tax committee program, is estimated to raise approximately $500,000 a year, Rep. R. C. Johnson, Forest Lake, tax chairman, said. The funds are earmarked to pay off relief bonds.

Under the bill, machines which dispense merchandise are taxed at 3 per cent of their earnings, while those furnishing merely music or amusement are taxed at 10 per cent of their earnings.

On motion of Rep. George Hagen, Crookston, machines operated by blind organizations were exempted from the tax.

The farm tax bill, already passed by the senate, re-assesses farm stored grain at ten per cent instead of 33 1-3 per cent. It raises farm machinery, now assessed at ten per cent, to 20 per cent, and cuts livestock from 33 1-3 per cent to 20 per cent.

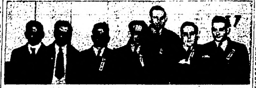
One of the biggest routine jobs of the legislative session, the $15,000,000 state departmental appropriation bill, cleared the senate with few amendments.

The measure met house demands for a $170,000 appropriation for operation of the state civil service system. Opponents of proposal to reduce it said it would "sabotage" the department to slash the appropriation.

The senate tax committee reported the iron ore occupational tax bill out with a 9 per cent rate, in contrast to the 15 to 8 per cent sliding scale okayed by the house.

Senator Karl G. Neumeier, Stillwater, tax group chairman, said this rate on occupational and royalty taxes would yield the state general revenue fund about $5,050,000 on the basis of an anticipated 55,000,000 ton shipment—precisely the amount of money Gov. Stassen said is necessary to keep the state budget on an even keel.

Seven More Army Trainees Given Sendoff



The seven men pictured above, who reported at Fort Snelling Tuesday for a year's selective service in the army, were honored at a farewell party in the Palm Garden cafe Monday evening. Pictured left to right are Carl A. Johnson and Melford San of Goodridge; Raymond E. Halvorson of Trail; Axel E. Rasmusson of Hazel; and Reuben Styrlund, Lester J. Winkleskey and Walter Kinghorn of Thief River Falls.

Nature Guides Will be on Duty in State Parks

Several state parks in Minnesota will have nature guides this season, according to plans announced by Harold Lathrop, director of state parks. A conference held last week with representatives of the University of Minnesota, Macalester College and the University Farm School, resulted in the decision to offer this type of employment to university and college students who are working on biology or zoology theses. Parks that will be provided with this service are Itasca State Park, Interstate Park and Jay Cooke Park.

MAN WINS IN ENCOUNTER WITH VICIOUS MUSKRAT

Farmington — Attacked by a muskrat, Clayton Nielson of Farmington, finally won out after kicking the animal for nearly a block about 8 p. m. one evening while walking home from a meeting. The animal ran towards Clayton on a street in Farmington and instead of passing him when he stepped aside, bit him in the leg. Clayton returned the compliment with a well placed kick and the battle was on. Unarmed, Nielsen kicked the animal nearly a block before it was finally subdued and killed.

Traveling with a Child

"In 1938 we decided to visit some friends in Montana, taking in the Black Hills, Yellowstone Park and other points of interest on the way out there. We knew we would travel about 2500 miles, and after considerable deliberation (our 7 year old boy was not a good traveler), we talked the whole thing over with the boy. My husband told him that he felt quite sure that W. would enjoy the trip tremendously and that he would see many sights and meet many people. He also told W. that there would be stretches which would be uninteresting, and that when we came to a place of interest, we would stop and take in the sights. W. felt quite sure he could be a good boy on such a trip. We then planned the whole route, marking points of interest we knew about.

"The first day passed uneventfully. We stopped about every 150 miles, took a short hike around, and everybody felt refreshed enough for another stretch. The second day was hot, and W. had just about reached the limit of his endurance when we ran into a swarm of grasshoppers. Hundreds of thousands of great big insects filled the air. In no time the car radiator was boiling. W's interest was aroused. Question after question was fired at his Dad, and when we finally limped into a town, he watched the cleaning of the radiator as if his life depended upon it. He was greatly interested in the procedure of putting a bug screen on, asking many questions about the value of such a screen, and about the damage the pests were doing in that vicinity. From the very first he had been collecting stickers from all the different gas stations, and he now marked this one the grasshopper sticker.

"Another time when interest was at low ebb, we crossed the time line. As we corrected the time on our watches the avalance of questions started. Why did we have to change time? Why was the time on one side of the river different from that of the other?

"We stopped many times, taking pictures and allowing him to add to his collection of rocks, petrified wood and flowers. An old book, taken along for the purpose, served as a press for the flowers.

"The trip ended very pleasantly and we were later amazed at the accuracy with which he described many events and scenes, many of which we had considered quite trivial. He made a scrap book of his stickers, maps and literature collections, mounted the wild flowers and sorted the rock collection."

Young children can't be expected to be "good" on a long journey unless their needs are planned for. By thinking the problem through" in advance, a child's interest may be aroused in many of the places and things he is going to see. Reading up beforehand on the points of interest that are to be visited equips the parents with much information that may be used to while away otherwise tedious hours in a car. Providing oneself with a list of games that can be played while driving is a good idea. Any good game book contains many suggestions for quiet games, such as word games, that are entertaining, and educational as well.

Don't start on a trip without a number of tiny little toys and objects that young children can "fool" with. Little dime store cars and planes, some wee dolls, an old catalogue with lots of pictures will more than pay for the small space they take up.

Mrs. Hannah Swenson Dies At Age of 89 Saturday

Mrs. Hannah Swenson passed away at her home in Sanders Township on Saturday April 19 at the age of 89 years, 9 months and 27 days. Rev. J. O. Jacobson conducted the funeral services from the chapel of the Erickson & Lund Funeral Home on Wednesday, April 23 at 2 p. m. and interment was made in the Greenwood cemetery.

Mrs. Swenson was born on June 22, 1851 in Lund, Sweden and was married there in 1876 to Benght Swenson. They came to America in 1882 and settled at Pittsburgh Pennsylvania where they lived until moving to Des Moines, Ia., the same year. In 1893 they moved to Crookston where they lived for a short time until they settled on a homestead at Sanders Township. They moved to Thief River Falls in 1920, and in 1934 Mrs. Swenson moved back to their farm in Sanders Township where she has since lived.

Her husband, one daughter, and one son preceded her in death, while she is survived by six daughters, Mrs. Betty McCline of Sanders, Mrs. Anna Thompson of Montevideo, Mrs. Marie Sampson of Minot, N. D., Mrs. Alma Tucker of Montesano, Washington, Mrs. Emma Hicks of Thief River Falls, and Mrs. Selma Krick of Seattle, Washington; two sons, Swen and Nels Swanson both of Sanders and twenty grandchildren; and seven great-grandchildren.

Mrs. Katie Vakoch Passes Away Friday, April 18

Funeral rites were conducted by Rev. S. S. Olafsson from the Community Church at 2 o'clock Monday afternoon for Mrs. Katie Vakoch, who died at her home at 602 Conley Avenue South on Friday, April 17 at the age of 72. Interment was made in Greenwood Cemetery.

The deceased was born on March 23, 1869 at Shakopee. She was married to Joseph Vakoch at Vesleyville, N. D. on January 12, 1892, and they lived on a farm near that city for about five years after which they moved to Germantown where they farmed for the next 38 years. In 1932 they moved to Thief River Falls where they have since lived.

Survivors are her husband, Joseph Vakoch; three daughters, Mrs. Frank Horejsh of Whitman, N. D., Mrs. Joe Cernosek of Warren, and Mrs. Alex Kasanda of East Grand Forks; two brothers, Frank Matcha and Tom Matcha of Grafton; two sisters, Mrs. Mary Karnik at Vesleyville, N. D. and Mrs. Cecel Vatova at Grafton, N. D., and eight grandchildren. Her parents, one sun, one daughter, one brother are deceased.

The Viking 4-H Club will hold their meeting Monday, April 28. Lunch will be served.

To List Youths for NYA Work in Red Lake Falls

In order to ascertain the number of youth in the vicinity of Red Lake Falls interested in part time employment on the National Youth Administration's Work program, W. W. Christopherson, area supervisor of youth personnel, will be in Red Lake Falls to take applications one day a month. Carl F. Mahnke, area director of NYA of Bemidji, announces several activities are planned in Red Lake Falls dependent upon the number and type of youth indicating a desire to be employed on NYA. These Youth workers earn $15.84 for 48 hours of work per month on worth while projects.

SHOVEL HITS "ROCK"; "ROCK" IS SKELETON

Milan—Mike Eskierka, Jr., of Johnsdale, N. Y. A. project worker near the Rum River dam just west of Onamia, had an experience recently he will not soon forget. As he was shoveling dirt close to the surface, his shovel hit something hard which turned out to be a complete skeleton in an excellent state of preservation. No one ever having been reported as missing in the Onamia vicinity, it was Sheriff Dahl's opinion that it was probably the skeleton of an Indian buried there a number of years ago.

Learns Names by Camera

Applying his subject to the daily task of taking roll call, Dr. Charles Marsh, psychology instructor at Stephens college, learned to call his 200 students by name within three weeks. Theretofore he had felt fortunate if he learned them all by the end of the semester.

Dr. Marsh used a miniature camera and took pictures of all the students. He pasted each picture in the roll book alongside a name.

By associating the name with the picture he soon was able to call each girl by name upon sight.

Women Cooler

Women are cooler than men, according to a survey recently made by the American Industrial Hygienic association. The weaker sex have feet and hands five degrees cooler; their arms four degrees cooler and their legs and head, almost a degree cooler, the survey indicated.

Bicycle Origin

A crude, two-wheeled vehicle propelled by the feet was invented in 1816 by Bar von Drais, chief forester to the grand duke of Baden, and called draisine in honor of him. It consisted of two wheels of equal size, arranged tandem and connected by a perch.

Official Paper of Pennington County and City of Thief River Falls

A. R. MATTSON, Business Manager

May the members of the Junior Chamber of Commerce be successful in their efforts to build a public dock in the city. There would be more boats on the lake without a name if dock facilities were provided. And with the river put to more general use there would be greater interest in the possibilities of river beautification. We seem to be moving in that direction.

There will be two elections this year, the city election next Fall and the annual school meeting next month. It seems like a long time since we enjoyed the heat of a political campaign and we rather look forward with interest to the arguments of the next few weeks.

Deserving of support is the Girl Scout cookie sale, on this week. Profits help defray expenses of next summer's camping trip. The idea deserves encouragement not so much because of the amount of money that will be earned but rather because of the effort put forth by the members themselves to help pay their own way. We have many fine youth programs in this country but some of them would be better if they required a little more sacrifice from the youngsters for whom they are provided. So help the Girl Scouts to help themselves. Buy some cookies.

While developments in the Balkans are discouraging, let's keep in mind that Hitler's success in Greece is less of a success for him than his conquest by intimidation of other Balkan countries. It certainly is encouraging to know that he finally met with resistance and that the resistance was overcome only at a heavy cost in men and materials. Each Hitler victory brings the war closer to us. There is some difference of opinion on the subject but we can see no merit in the idea that we should sit back and wait for our turn to be slaughtered. As long as we have neighbors who are sacrificing everything in their efforts to check the fire that is sweeping our way we certainly should do everything possible to help them in the fight. It will cost us less to give them what they need now than it will if we wait until we stand alone.

We have heard a lot of good arguments in favor of the use of phosphate in this territory and so far we haven't heard any good argument against it. It must be that the stuff has some merit. Of course, like all good things, it costs a little, but the practical tests that have been made in this community and the experience of those farmers who have used it over a period of years all indicate that the slight cost is a good paying investment. At any rate it doesn't cost much to try it on a few strips through the fields. There may be a few farms in this territory that do not need it but the chances are that your farm is not one of these few.

Old timers have told us of years of early seeding that brought big crops and they have told us of years of late seeding that brought big crops. So having a lot of faith in the observation of people who have lived a long time, we are inclined to be cheerful about the present prospects. It always rains after a dry spell and it always drys up after a wet spell—if you wait long enough.

Dog licenses must be paid by the end of the month but city clerk Pederson does not anticipate any difficulty in handling the rush of applicants during the next few days. There are very few dogs in Thief River Falls—officially.

To build or not to build is a question *that may be decided for several individuals* at the FHA meeting, sponsored by local banks, to be held next Monday evening. It is a question that each family must decide for itself and what may be good judgment for one individual could be bad judgment for another. Home ownership is a desirable thing. Under present circumstances we believe it is especially desirable. Regardless of how uncertain the future of other forms of investment may be, improved real estate always will have some value. Our guess is that families of fairly certain earning power, who build within their means and within their ability to pay, probably will not regret their investment.

We still hear an occasional lament on the evils of installment buying. And there are evils. But by and large, installment buying has proven itself to be more good than bad. If used with a reasonable amount of common sense the results are generally good. Most of us are unable to save unless we are forced to, and installment buying, if it means paying for something that has enduring value, is one good way of forcing many of us to save. Foolish people use installment plan credit foolishly of course, and get themselves hopelessly involved in obligations they never can hope to meet. But there are many people who have used installment buying wisely and who have acquired property they could never have paid for if the requirements of meeting a regular payment had not forced them to sacrifice a few other so-called necessities.

PARITY PRICES

(Milan Standard)

Who understands how to figure prices for agricultural products that will place them on a parity with prices received for goods produced by American industry? We don't! Many people, no doubt, are willing to confess to similar ignorance.

But when we read that 15½ cents a pound for cotton, 82 cents a bushel for corn and $1.15 a bushel for wheat have been designated as parity prices, we instinctively recognize them as fair in view of the wages and salaries earned by workers in factories, in offices and in other occupations.

Congressional farm leaders in a recent conference with President Roosevelt and Secretary of Agriculture Claude R. Wickard discussed four plans for bringing parity to agriculture.

These were according to Senator John Bankhead and others representing the farm block in congress: (1) High loans, (2) a modified processing tax, (3) a price-fixing plan, and (4) a direct appropriation. The report is that no conclusion was reached.

All of these plans involve a more or less complicated federal governmental machinery. There may be other methods that would gain approximately the same results without too much of a strain on our cherished democratic way of life. That's a matter that needs investigation and careful study.

A concurrent resolution has been introduced in the Minnesota legislature creating an interim economic council to study the situation of the people of this state particularly in relation to the prices of the basic products of Minnesota and the goods produced by industry.

This sounds like a timely suggestion. During the next two years momentous changes may take place in our economic life due to the warfare raging throughout the world.

An official body representing this state authorized to investigate economic conditions especially as they affect agriculture, would be of immense benefit if ably directed by aid of research experts, economists and engineers and other competent help as needed.

To spend $50,000 for such a purpose sounds like a good proposition to this writer. We hope the resolution passes.

And after such an interim committee has finished its labor maybe the parity proposition that we hear so much about and understand so little will then be reduced to components so simple that he that runs may read.

CHICKEN UNDAUNTED BY WINDOW GLASS

Howard Lake—A piece of window glass a quarter of an inch wide and an inch long failed to disturb the normal manufacturing processes which are carried on within every full-fledged hen. And so it was that Donald Olds, 12, received a very unpleasant shock when he bit into the sliver of glass as he was eating a hard boiled egg laid by a hen on the farm of his father, Arthur Olds, near Middle River.

MANY NYA STUDENTS IN THE UNIVERSITY

All but eight of Minnesota's 87 counties are represented by NYA students at the University of Minnesota, which is to say, students who are paid for campus work with funds provided by the National Youth Administration. There are 1,059 such students, of whom 734 are men and 325, women. Administration of the broad federal youth program is in the hands of Dean Malcolm M. Willey and Dorothy G. Johnson, employment bureau head.

COURAGEOUS BERRY PLANTS BLOOM BENEATH THE SNOW

Eagle Bend—Several badly confused little strawberry plants in the patch belonging to Mrs. Ed Hess of Eagle Bend got their dates mixed and ventured to send up green shoots above the ground unaware that winter winds were still raging three feet above ground above the snow level. Undaunted, however, the plants took root and when Mrs. Hess discovered them, one plant had produced a berry with another stem supporting a full blossom and a bud.

FOUR LEGGED TURKEY HATCHED AT WINDOM

Windom—Of interest to those whose favorite bit of turkey is the drumstick is the little turkey poult hatched out at the Worthington Creamery and Produce a short time ago. Employee Andy Schoone took the poult from the incubator and noticed that the little fellow had four well-developed legs and seemed perfectly hale and hearty. There ought to be a real market for these "four drumstick" turkeys.

GRANDPARENTS TWICE ON THE SAME DAY

Granite Falls—Becoming grandparents twice in one day was something new for Mr. and Mrs. J. H. Hanson and Mr. and Mrs. F. T. Velde of Granite Falls. On Friday, April 4, a son was born to the former's son and wife, Mr. and Mrs. Irv Hanson, the latter a daughter of Mr. and Mrs. Velde and a couple of hours later, Mrs. Kermit Velde gave birth to a son. Mrs. Velde is a daughter of the Hansons and he, a son of the F. T. Veldes.

PIG IS CANDIDATE FOR HORACE HEIDT'S BAND

Minnesota Lake—Chris Abrahamson of Minnesota Lake may be able to interest Horace Heidt, famous band leader, in a freak pig born recently on his farm inasmuch as the pig was born with three tongues and Horace's band is famous for its "triple-tongue" manner of playing the trumpets. The pig was born with two mouths, with two tongues in the regularly placed mouth and a completely formed mouth just below.

MORTGAGE FORECLOSURE NOTICE

Default has been made in the conditions of that certain mortgage made, executed and delivered by Lincoln Arnold, as administrator of the estate of Andrew Torgerson, also known as Andreas Torgerson, decedent, mortgagor, to Northern State Bank of Thief River Falls, a corporation, of Thief River Falls, Minnesota, mortgagee, dated March 21st, 1939, and filed for record on the 22nd day of March, 1939, at 9:30 o'clock A. M. in Book 56 of Mortgages, Page [illegible], which said mortgage was thereafter assigned by the Northern State Bank of Thief River Falls to Ruth G. Lundgren, by written assignment dated April 19th, 1941, and filed for record in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of April, 1941, at 4:00 o'clock P. M. in Book 83 of Mortgages, Page [illegible]; that no action or proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; that said default consists in the failure of the said mortgagor to pay the principal and interest due thereon in the sum of Fifteen Hundred Ninety-four ($1,594.00) Dollars on the 1st day of April, 1941, pursuant to the extension agreement dated April 11th, 1940, and filed for record in the office of the Register of Deeds, Pennington County, Minnesota, on the 19th day of April, 1940, at 9:00 o'clock A. M. in Book 82 of Mortgages, Page [illegible]; that there is due and claimed to be due upon said mortgage, principal and interest to the date hereof, the sum of Fifteen Hundred Ninety-four and [illegible] ($1,594.[illegible]) Dollars.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to-wit:

The Southwest Quarter of the Southwest Quarter (SW¼ SW¼), the East Half of the Southwest Quarter (E½ SW¼) and the Southwest Quarter of the Southeast Quarter (SW¼ SE¼), all in Section Three (3), Township One Hundred Fifty-three (153), Range Forty-three (43), less, however, the strip of land One Hundred (100) feet wide, running through said premises and used as a right-of-way for the Minneapolis, St. Paul and Sault Ste. Marie Railway Company,

will be sold by the Sheriff of Pennington County, Minnesota, at public sale, to the highest bidder, for cash, at the East front door of the Court House in the City of Thief River Falls, in said county, and state, on the 6th day of June, 1941, at 10 o'clock A. M. of that day, to pay the debt then secured by said mortgage, and taxes, if any, on said premises, and the costs and disbursements allowed by law, subject to redemption within twelve (12) months from said date of sale.

Dated this 23rd day of April, 1941.

Looking Backward

1931—TEN YEARS AGO

Walter Jung was installed as exalted ruler of the local Elks lodge, succeeding Charles Eicher. —Gasoline prices dropped a cent to 17.1 cents including three cents tax.—Residents along Main av. N. petitioned for paving the street from Sixth st. to the city limits. —Construction of a new highway from Thief River Falls to Holt got under way.—Rev. H. L. Sjogren of LaFayette accepted a call from Augustana Lutheran church of this city.—Lloyd Bennes signed a contract to continue another year as athletic coach in the Owatonna high school.

1921—TWENTY YEARS AGO

Following a tour of inspection local businessmen recommended the retention of the Pembina trail route for the Jefferson highway.—A three-hole golf course for practice purposes was being laid out in the old millyard.—The local Legion post was making plans for a mammoth Fourth of July celebration.—A. P. Fox was named head of the local baseball organization.—The city band was reorganized with George Loken as president.—O. D. Ostby succeeded the late Dan Patterson as a member of the board of directors of the First National bank.—The Odd Fellows lodge was to celebrate the paying off of the mortgage on the lodge home.—The St. Hilaire creamery association was planning the erection of a new building.

PUBLIC OPINION

Editor the Times:

We wish to thank you very much for your pep message we received at the state basketball tournament. We all know you are great sports fans and wish to thank you for thinking of us, even if we did beat your boys in one of the toughest kind of games. I think the regional tournament was the best one ever held —how about it? Thank you again.

SO. ST. PAUL LIVESTOCK

(By U. S. Department of Agricultural Economics and Minnesota Department of Agriculture)

South St. Paul, Minn., April 22, 1941: Sharp downturns were enforced in prices for slaughter steers, the general market losing 25-50c during the first two days of the week. Even at the lower level demand was narrow and any steers with weight met unreliable outlet, according to the Federal-state Market News Service. Heifers were fully 25c lower and cows and bulls declined similarly. Vealers were mostly 50c lower, a few strictly Choice vealers making $11.50, but bulk Good and Choice moved at $9.00 to $11.00. Stockers and feeders slumped fully 25c in sympathy with the drop in slaughter classes. Two loads Choice 1362 lb. steers sold at $11.00 Tuesday to establish the week's top. Top for feeder cattle was $10.15 on Good to Choice 1053 lb. steers.

Hogs continued market-ward in liberal volume during the early days of the week but also met with a rather broad demand and the first two days of trading found prices holding near steady with the close of last week. Some sales were off 5c to 10c on Tuesday. Feeder pigs encountered a narrower outlet and lost 25c. The practical top of the market at $8.40 was paid quite freely by all interests, largely for 180 to 230 lb. barrows and gilts. Sows were wanted by shippers as well as by major packers. Feeder pigs declined to a $8.00 top with most late sales at $7.75.

The trembling fat lamb price structure limped into the lowest price ground recorded locally in several months. Downturns enforced locally were largely 15c to 25c, but other major centers burdened by a material increase in receipts shaded prices downward to as much as 50c. Dull and featureless activity prevailed at eastern dressed lamb centers. The meager fat lamb display comprised mainly offerings of Medium to Good grade, best wooled lambs selling at $10.00 in sizable lots and shorn kinds at $8.80.

BIRD STARTS FIRE WITH CIGARETTE

Waseca—Birds in the city of Waseca have taken to arson as a pastime and started a blaze recently in the awning of a Waseca cafe. Passersby noticed this particular bird as it picked up a burning cigarette from the sidewalk and carried it to the awning which soon burst into flames but was extinguished without the help of the fire department.

$50 Cash Prizes

Another Corn Growing Contest for 1941

The results of our last year's corn growing contest were interesting and we believe of benefit to many, so again this year we shall offer the same prizes.

Let's get into it and make it bigger and better for 1941. Now is the time to make your plans.

It is not our intentions to show you how to grow corn, nor tell you what to do and we have no selfish motive. It's just a matter of trying to encourage what we believe is a good program and if we get together on this we can learn from each other.

We are spending the $50.00 in cash prizes and we want every one interested to register at our office and then we can plan one or two interesting tours during the summer and fall. It was fun and interesting last year and it will be this year, so let's get into it.

Then late this fall we will set a date and all get together and talk corn and have fun when we award the prizes. We can plan the program later.

—RULES—

To enter the contest you must register at our office on form as below and register before June 15th.

Anyone entering the contest must plant at least 5 acres of corn.

That all entering must check-row the corn planted entered in the contest.

Anyone within the trade territory of Thief River Falls may enter the contest.

That a matter of ten ears be required for the entry at time of awards.

Prizes will be divided, first $15.00; 2nd $10.00; 3rd, $8.00; 4th $6.00; 5th $5.00; 6th $3.00; 7th $2.00; 8th $1.00.

We realize it is not the amount of the prizes, but there will be something to learn and interesting.

We shall appreciate if you will fill in the following blank and mail it or bring it to us.

Automobiles and Trucks

1941 brings people to our store. More than ever before. Nash and Studebaker automobiles this year in the lowest price field, are the great attractions.

Never before has so much automobile value been offered as in the Nash and Studebaker for 1941.

They are switching to Nash and Studebaker this year, and for that reason we have the finest assortment of used car values ever offered.

Right now we have 35 used cars in our stock. Many of them 1939 and 1940 models in Chevrolet, Ford, Plymouth and almost all makes.

We recondition our trade-ins and we sell them right.

The new K line 1941 International trucks are beautiful jobs. Greatly improved in riding quality and easy handling. Far superior to anything of the past. Maintaining all the reputation of sturdiability to International trucks of the past.

We have some very outstanding bargains in used pickup trucks from $125 and up. Also two 1½-ton trucks ready for service.

In Memoriam

Dedicated to Mrs. Joseph Vacoch by her husband, children and grandchildren.

Our parting was so sudden,
You gave us no goodby,
In just a moment you had gone
To meet the Lord on high.

We know you're not alone up there,
For those who went before
Have welcomed you with open arms
When you met at Heaven's door.

Your generous spirit would not permit
One soul to be in need,
So cheerfully you gave your all
In doing some kind deed.

In many loving tender ways
You showed us your devotion,
You thought of us unceasingly
While crossing o'er life's ocean.

Our hearts will have that empty spot
That time cannot erase,
Until we are in heaven above
And meet you face to face.

(By one of the grandchildren) 17p

Unnamed Lakes

Most of us think the United States is pretty well settled and there are no uncharted lands. To some extent, this is true, but, according to the Michigan department of conservation, there are some 1,000 unnamed lakes in the state. Most of them are located in the wilderness of the North.

WOMEN SCHEDULE HANDICAP SINGLES BOWLING TOURNEY

Event Will be Conducted on Mint Alleys Sunday Afternoon

Thirty feminine bowlers have entered the handicap singles tournament which will be rolled over the Mint alleys next Sunday afternoon. The tourney is a "closed" affair, being restricted to members of the W. I. B. C.

Each entrant will bowl four games over four alleys, with handicaps being based on a 150 pin scratch. The bowlers will receive a handicap of two-thirds the actual pins between their league average and the tournament scratch; but with none of the bowlers being permitted a handicap of more than 25 pins per game.

The first shift of eight bowlers will take the alleys at 2:55 p. m., with the second shift scheduled to bowl at 3:55 p. m. Other shifts are to bowl at 5:15 P. M. and at 7:00 p. m.

Northern Minnie League Meeting in City Friday

G. A. Krueger, Plummer, president of the Northern Minnesota baseball league, announced that a league meeting will be held in the Civic and Commerce room of the local Auditorium Friday night. The purpose of the meeting will be to organize the league for the coming season, adopt a constitution, draw up a schedule, and elect officers. Jack Dempster, Clarence Hallstrom, Chuck Dostal, and Wally DuChamp will represent the local club at the meeting.

Hockey Team Awarded Championship Trophy

League president Phil Larson this week presented to Art Benstad, manager of the local hockey team, a new trophy emblematic of the States-Dominion hockey league championship. This attractive new trophy replaces the original trophy which was destroyed in a fire at Hallock several years ago. Teams which have won the championship since the States-Dominion league was organized are Hallock, 1937; Emerson, 1938; Hallock, 1939; Thief River Falls, 1940; and Thief River Falls again in 1941. These names have been engraved on a plate which is fastened to the pedestal of the new trophy.

Harts Office Defeats the Times to Win Commercial League Title in Playoff

Anchor-man Johnny Jaranson's huge 227 total in the seventh and final game of the Commercial league championship play-offs, sparked the Harts Office team to a 890 total, giving the Harts team the series and the league title by a margin of four games to three over the blue-shirted Times' team Monday night.

Both teams were bowling strong games, and in every game the winning team rolled a total of over 850 pins. The Times team reached the 900 total in their third game for the high score, and they also had the only score in the 700's, getting a 793 total in their first game. Jaranson's 1207 total paced the Harts quint; while Cal Colvin's 1296 total was high for the Times team.

89 Bowlers Compete in Times Handicap Event

Eighty-nine northwest bowlers participated in the Times first annual handicap singles bowling tournament, which was concluded last Sunday. Jule Prigge and Arnold Brunsberg, Ada bowlers, rolling on the 2:30 shift Saturday, crashed the pins for totals that carried them into first and second place. Prigge collected 828 pins, which with his 51 pin handicap gave hom an aggregate of 879; and Brunsberg gathered in 811 pins and with his 38 pin handicap, gave him a grand total of 849.

Some of the finest bowling in the tournament was rolled by Crookston's Dr. C. L. Oppegaard, who rolled an 832 actual count, with games of 180-196-234-222, and a 13 pin handicap for an 845 total and third place.

The following are the tournament scores for bowlers finishing in the money, with actual pins plus handicap and total:

Keeping Score

.... With MUCK OLSON

Pretty Much of a Success

With eighty nine bowlers participating: and with twenty nine of them getting slices of the $200.25 prize money melon, the first annual Times handicap singles bowling tournament can be considered a success.

While the largest portion of the prize money was won by out-of-town bowlers it is only fair to state that these "foreign" keglers really were "money" bowlers. For instance, Jule Prigge, the Ada bowler that won first place, had games of 211-194-196-227, for an 828 actual pin total. That's prize money bowling in any tournament. And Arnie Brunsberg, another Ada bowler, had games of 202-204-185-220, for an 811 pin actual count. With their handicaps of 51 pins and 38 pins, respectively, these two bowlers took over first and second places.

In third place, and with some of the finest bowling in the tourney, is Crookston's Dr. C. L. Oppegaard. C. L. had games of 180 and 196 on alleys 1 and 2, and then swung over to alleys 3 and 4, and they were like "pie", for he raked the pins for a 234 and 222 to bring his actual pin count to 832. He carried only a 13 pin handicap on his 185 pin league average, so his aggregate totaled 845, good enough for third place. The Doctor, by the way, is one of the few ranking bowlers that doesn't have a custom-drilled ball. His finger span is such that it is easy for him to find an "alley" ball wherever he bowls.

The only "scratch" bowler in the tournament was Crookston's Earl Gratzer, who is carrying a 192 pin league average. He didn't do so well, getting games of 169-155-172-169.

Mac Samuelson, Lockhart depot agent, bowling in the Ada shift, appeared to have the most fun. He was feeling pretty high, and whenever he racked up a strike he would holler, "Ship by rail!" and whenever he rolled into a split or a blow he would holler, "Ship by truck!"

Those Ada bowlers, Prigge and Brunsberg, were hot at Crookstan, too. Bowling there Saturday night, in the doubles event, they rolled a 1473 total to take first place. Wally DuChamp and John Langseth, local bowlers, are in fourth place in the Crookston doubles.

Plenty of Hockey Goalies

Two of the best goalies in the S-D hockey league are here. Shorty Tripp, Fargo-Moorheads' promising young goalie, is a local boy and lives here; but last week Clarence "Greek" Swanson Hallock's goalie, who finished the season with the Crookston Pirates, moved into town to accept a position in one of the local garages.

Jack Sprats Fatten Average

That Jack Sprat Foods team really did some "fire ball" bowling during the last few weeks of the Business league schedule. They won 17 out of their last 18 games, and have gone into a third place tie with Walt Peterson's Quality Dairy team. This tie will be rolled off in a best out of three game match to be bowled tomorrow night, and with the Jack Sprats being favored. And Ames "Pot Shot" Pederson wouldn't bowl with the Sprats, because he thought they weren't good enough for him!

Crow Lake Soon Open

Bob Booren, who with "Tuss" Langlie operates the Arrowhead Camps at Nestors Falls, Ontario, was in town this week and he said that the prospects were that they would have an early break-up on Crow Lake. It has been the custom for the resorts to open on May 15th, but this year it is planned to open on May 1st, with lake trout fishing expected to be at its best the first two weeks in May. This year, in addition to the season fishing license which costs $5.50, the province of Ontario is issuing a special three-day license which sells for $2.00 (or about $1.75 with the favorable exchange on U. S. money.)

And speaking of fishing, "The suckers are "running" in the ditches, and a number of the fellows have been exercising their spear-throwing arms. Suckers and red-horse make a fairly tasty dish at this time of year, with the flesh being solid and sweet.

Rifle-men Hit Bulls-Eye

Seven medals were brought back from East Grand Forks by the members of the local rifle club, who participated in the annual Red River Valley Rifle and Revolver tournament. Howard Hoel won the sharpshooter's title with a 562; Vern Williams topped the marksman's division with 541; and Walt Gibson had an 88 in the standing event, for third place. The local club won the team event from standing position with a score of 342 out of 400; and also won the Forks Rifle club trophy with a team aggregate of 1565.

LOCAL ATHLETIC ASSN. DIRECTORS RETAIN OFFICERS

Wm. LaFave Reelected President; Ole Engelstad, Secretary

At a well-attended directors' meeting last Friday night the Thief River Falls Athletic association completed its organization for the coming year. Last year's officers were re-elected, with Wm. LaFave, president; Ole Engelstad, secretary; and Archie Hensrud, treasurer. Russell Olson was elected vice-president, filling the vacancy caused by Walt Ekeren's departure. The board agreed to make a $75.00 bank loan, which together with the present bank balance, will pay all the outstanding debts accrued from the 1940 hockey season. Wm. LaFave announced that he could secure the services of Cliff Gustafson and Andy Moen to head-line a wrestling show on May 6th.

Keno Party Planned by Elks Lodge for Tonight

Following the regular meeting of the Elks lodge this evening at 8 o'clock, a keno party will get under way at 9 o'clock, the entertainment committee announced today, adding that groceries will be awarded as prizes. Lunch will be served at the close of the evening.

Benefit Dance Will be Given for Grovum Apr. 26

A benefit dance for Tom Grovum, member of the local American Legion post, will be given Saturday evening, April 26, at the Frontier Pavilion in St. Hilaire. Mr. Grovum and his family suffered the loss of their home and business at St. Hilaire in the disastrous fire in that village March 15. Both old and new-time music will be provided.

Thief River Falls Rifle Club Wins Two Trophies in E. G. Forks Tourney

The Thief River Rifle club won two trophies Sunday in the annual Red River Valley small bore rifle tournament at East Grand Forks. The Forks trophy in the grand aggregate event was won by a team including Carl Hovie, Walter Gibson, Vernon Williams and Howard Hoel, while the local club also won the Roseau trophy for the four men getting top score in standing position. The Pembina Trail trophy was won for the Crookston club by O. C. Halseth, who was high shooter in the standing position. The Thief River Falls shooters also won seven medals for individual performances during the day. Seven teams participated in the tournament.

Home Financing is Topic of Meeting Monday

FHA LOAN FEATURES WILL BE DISCUSSED

Easy credit terms available for the construction or purchase of homes thru the insured mortgage facilities of the Federal Housing administration will be outlined by Minneapolis officials of the agency at a meeting next Monday evening, April 28, in the Civic and Commerce association room.

Arrangements for the meeting, which is arousing widespread interest, were made by the Northern State and Union State banks in cooperation with D. J. Fouquette, state director of the FHA, and local building material and appliance dealers.

During the past five years or more Thief River Falls has been near the lead among small cities in Minnesota in respect to volume of construction of new residences, several hundred new homes having been erected here during the period, in addition to a substantial number of business blocks and extensive public improvement projects. The outlook for 1941 likewise is promising in this field.

The sponsors of the meeting Monday night urge all local citizens who may be contemplating the erection or purchase of a home or major appliance this year to attend and get the details of the FHA finance plan, which is available thru the facilities of the local banks.

KARLSTAD WILL BE HOST TO DISTRICT LUTHER LEAGUES

District Convention Is Set for Friday, April 25, to Sunday

The annual convention of the Thief River Falls circuit Young People's Luther League and choral union of the Norwegian Lutheran Church of America will be held in First Lutheran church at Karlstad. The convention opens on Friday evening, April 25, and closes on Sunday evening, April 27.

Rev. C. M. Hanson of St. Paul, Evangelist in the Norwegian Lutheran Church of America will be the convention speaker. The program will be given by young people representing the 40 leagues of the circuit. The choral union concert will be given on Sunday evening when the choirs from Thief River Falls, Roseau, Greenbush, Baudette, Viking, Middle River and other points form a massed choir and sing under the direction of Rev. H. O. Aasen of Baudette, assisted by H. M. Hitterdal of Thief River Falls.

The officers of the Luther League organization are: President, Rev. T. C. L. Hanson, Holt; Vice President, Mr. Raymond Dordal, Karlstad; Secretary, Miss Tryphena Anderson, Roseau; Treasurer, Mr. Marian Augustine.

Winking

What's in a wink? Well, that has its pros and cons but to a scientist it's an operation of the eye which requires one-fifth of a second, and occurs 25 times a minute. This may mean next to nothing to the layman, but actually it means that if you're driving at an average of 25 miles an hour for five hours, you will drive a total of about 10½ miles with your eyes shut.

MOTHER RESCUES DAUGHTER FROM RED LAKE RIVER

Mrs. Hazel Krause, Former Local Woman, Heroine at Crookston

Plunging into the icy cold water of the Red Lake river at Crookston last Wednesday, Mrs. Hazel Krause struggled for ten minutes before rescuing from drowning her 6-year old daughter, Twyla. Mrs. Krause and her three children had moved from Thief River Falls to Crookston last January. Her husband died here last year.

The child was recovering in a hospital at Crookston Thursday although scant hope for her life had been held as attempts to resuscitate her were continued for more than 45 minutes.

Patrolmen Ed McWaters and Art Ray, who arrived as the widowed mother brought her child to shore, said they were unable to detect breathing as they applied artificial respiration. Members of the volunteer fire department worked with a respirator for 45 minutes before recovery was evident and the child taken to the hospital.

Twyla was playing in Central park with a group of children, including her brother, Eric, 4-year-old, when she stumbled into the river. The brother failed in an attempt to pull her out and ran to the nearby Krause home to summon his mother.

Vocational Agriculture Teams Compete at N. W. School Saturday, Apr. 19

The annual contest, among teams in vocational agriculture from the high schools of the Northern district, was held at the Northwest School of Agriculture, Crookston, on Saturday, April 19. Fifteen high schools competed in crops and poultry judging contests. Two teams, Nashwauk and Keewatin were from outside vocational high school district one.

In the crops judging contest, fourteen teams competed. The district winners, ranked as follows: first, Bemidji, second, McIntosh; third, Warren; fourth, Lancaster; fifth, Blackduck; sixth, tie, Stephen and Fosston; seventh, Hagley; eighth, Halstad; ninth, Plummer; tenth, Thief River Falls, eleventh, Red Lake.

In the oratorical division, four contestants competed for the privilege of representing the district at the state contest which will be held at St. Paul on May 9 and 10. Leonard Ulrichs of Halstad won the oratorical contest with an oration "Rural America Lights Up;" Maurice Page of Plummer ranked second with the oration "Chemurgy, Agriculture's Beacon Light," third, John Morkassel of Warren; fourth, Jack Swenson, Blackduck.

Good Judgment

A woman visiting the Manhattan, Kan., zoo was dangling her automobile keys at the end of a chain. She dropped them accidentally and they went into the wildcat's cage. "It'll be a lot less trouble to buy a new set," she commented as she walked away.

Battle Against Cancer Is Campaign vs. Public Attitude Toward Disease

"We are not fighting a disease when we attempt to control cancer," Dr. William A. O'Brien of the University of Minnesota announced this week in opening the fifth annual membership drive of the Women's Field Army of the Minnesota Society for the Control of Cancer. "We are fighting people's attitudes toward a disease. We are fighting fear, superstition, the sense of hopelessness regarding cancer which should be dispelled with the advances in medical science of recent years. These attitudes are the barriers which kept people from their physicians, when only through a physician's examination can cancer be discovered, and therefore cured".

Enlistment in the Women's Field Army may be secured for one dollar. Enlistments may be mailed to the state office at 481 Lowry Medical Arts Building, St. Paul, or to Mrs. Clara G. Paulson, local chairman.

1941 BIBLE CAMP AT LAKE OF WOODS TO OPEN JUNE 23D

Lutheran Pastors Complete Plans at Meeting in Warren

At a recent meeting of the Lake of the Woods Bible Camp association held at Warren, plans were completed for the annual camp week which will be held this year June 23 to 29. Rev. L. M. Larson, Stephen, secretary of the association, reported that the camp faculty is complete, including Prof. G. L. Sjoberg of Concordia College, Moorhead; Rev. R. M. Fjelstad, Thief River Falls; Rev. T. C. L. Hanson, Holt; Rev. H. O. Peterson, Viking, and Miss Ragna Stenerson, Thief River Falls.

Discussion involved a number of improvements for the camp site. Owing to the possibility of cool weather during camp week, it was voted that a large fireplace be constructed in the main auditorium insuring the comfort of the campers even in inclement weather. Another improvement will be the seating facilities of the auditorium. Pine seats with back rests will replace the old benches. Plans for building faculty cabins were discussed and tabled for further investigation.

The Lake of the Woods Bible camp is the property of the Luther Leagues of the Thief River Falls and Crookston circuits of the Norwegian Lutheran Church of America.

National Eucharistic Congress to be Held in Twin Cities June 23-26

The Twin Cities of St. Paul and Minneapolis will be hosts to the greatest number of guests in their history during the ninth National Eucharistic Congress, June 23-26.

With the papal legate as the central figure, more than 175,000 persons from outside the St. Paul diocese are expected to journey to the Twin Cities for the congress to join the 300,000 Catholics within the diocese.

The papal legate is to be appointed by his Holiness Pope Pius XII as the Holy Father's personal representative.

A total of 114 archbishops and bishops and 10 abbots already have accepted the invitation of Archbishop John Gregory Murray of St. Paul to attend, according to the Very Rev. James M. Reardon, general chairman of the congress. Ninety-five of the archbishops and bishops will come from points in the United States, 10 from Canada, five from Mexico, and one each from China and Jamaica.

The National Eucharistic Congress, held every three years in the United States, this year replaces the thirty-fifth International Eucharistic Congress, scheduled in Nice, France, but cancelled because of the war. Special programs and demonstrations before reserved for the international congress will be staged at the national congress this year for the first time.

The Minnesota state fair grounds, has been designated as the "Eucharistic Center." Temporary seats will be placed at the "infield" in front of the grandstand to accomodate 100,000 persons for official opening of the congress, midnight mass for men and daytime pontifical masses.

AN EGG INSIDE AN EGG INSIDE AN EGG

Marshall—Nature, ever so often, likes her little joke, as for instance the big hen's egg laid by a chicken owned by Mrs. Lloyd Dwire of Lynd. Because it was so large, Mrs. Dwire saved it for her husband's breakfast, supposing it would have a double yoke but when she broke it she found a complete egg, with shell, inside and upon breaking that, a third tiny egg complete with yolk, was exposed.

WORK PROGRESSES IN RESTORATION OF MAPLE LAKE LEVEL

135 WPA Workers Employed On Big Project at Present Time

Residents of this area are following with interest the work progress on the Maple Lake WPA project, which is sponsored by the state department of conservation, the Polk county board of commissioners and the Maple Lake Improvement association.

Because Maple Lake had gone down about 11 feet, thus destroying the value of lakeshore property and making it useless as a local recreational area, the project was undertaken to restore the water level.

At the present time 135 WPA workers are assigned to the job, which covers a distance of about 15 miles from one end to the other. Alden Halseth, WPA area supervisor, is in charge, and expects the work to be nearing completion some time next fall.

Water has been flowing about a foot deep into Maple Lake during the past month, and Mr. Halseth reports that the level of the lake has risen nearly a foot. The conservation department estimates that the level of the lake will be raised eight feet by the work outlined for the WPA project.

First unit of work consisted mainly of cleaning out Judicial Ditch No. 73 using a dragline. This ditch connects Maple Lake, near Mentor, to Mitchell Lake. This excivation involved the moving of 24,000 cubic yards of dirt.

74 YEAR OLD WOMAN IS ILL WITH MUMPS

Clarissa—A rare occurrence in the medical world is the case of Mrs. Elisa Daniels, 74 year old Clarissa resident, who was taken sick with a severe case of the mumps this month. Although several older residents of the community have had attacks of the mumps during the past winter, Mrs. Daniels was by far the most advanced in age to suffer an attack.

General Contractors to Meet in Minneapolis

A special meeting of the members of the Associated General Contractors of Minnesota has been called for Friday, April 25, at 12:15 P. M., Hotel Radisson, Minneapolis, according to O. W. Swanson of St. Paul, president, for the purpose of reviewing the situation at the opening of the construction season in Minnesota.

Association members located in Thief River Falls include Adolphson & Huseth, Anderson Brothers and H. P. Lund & Sons.

POSTMAN OBJECTS; WAS NO MIND READER

Blue Earth—Someone with a very poor memory recently sent a post card through the mails evidently hoping the postal mail clerk could help him out. The card, which was subsequently returned to the sender, bore the following address: "I forgot the name. Deliver to first farm west of Francis Mitchell's on south side of road on old number 8 east of Lake Park, Iowa. Large white buildings on top of hill. Has lots of horses."

STATE AAA CHIEF DISCUSSES CROP CONTROL CHANGES

Stickney Declares Supply of Wheat Is Larger Than Needed

Changes in the AAA announced recently by the United States department of agriculture to provide needed food products does not affect the wheat situation and the need for a wheat marketing quota referendum on May 31, Charles W. Stickney, chairman of the state AAA committee, said today.

"There is a need for more pork, dairy and poultry products, but the United States and the world have more wheat than is needed," Mr. Stickney said. "As a result, wheat farmers still need to take measures to maintain their income, protect soil resources, and safeguard reserves now held in the ever-normal granary."

"We are fortunate that the AAA is flexible enough to meet any farm problem whether it is one of increasing needed supplies or *handling surpluses.*

"The prospective carry-over on July 1 of 380 million bushels of wheat and the prospective large crop to be harvested this year will give this country around 1¼ billion bushels of wheat for the coming marketing year. This is enough wheat to take care of our needs for nearly two years.

"The same situation exists in other wheat producing countries. There is a market for only one bushel out of every three for sale. For example, Canada has enough wheat over her own needs to furnish Great Britain a two-year supply. The same situation exists in Australia and Argentina".

EIGHT KIDS IN THREE YEARS IS GOAT'S RECORD

Granite Falls—Albert Weflen of Granite Falls is very proud of his nanny goat, "Westy" (short for Mae West), who has produced eight kids in less than three years. Twins were born in 1939, triplets, Gippy, Tippy and Tiny, in 1940, and just recently Westy again became the proud mother of triplets.

NEIL R. MESSICK, Manager

The largest and most modern iron ore docks in the world, at Allouez, Wisconsin, owned and operated by the Great Northern Railway. "24" and "12" are magic figures here. They keep this part of America's life line flowing smoothly at peak efficiency—24 hours a day; ore cars 24 feet in length; 12-foot centers between openings to the ore pockets, loading chutes and hatches of the steamers. The docks, which extend 2,244 feet into the bay and rise 82 feet above the water, contain 1,352 pockets, each with a capacity of 337 long tons.

The G. N.'s No. 1 Job

Let's go up on the iron range, in northern Minnesota, *where America's life line begins.*

You stand on the brink of a yawning man-made chasm. In it could be dumped the Fort Peck, Grand Coulee and Boulder dams, or all the material excavated from the Panama Canal!

It's the largest, open-pit iron ore mine in the world—this mine at Hibbing—2½ miles long, a mile wide, and more than 300 feet deep. You're looking down on 60 miles of railroad track, with toy-like trains and power shovels scooping up the ore.

Down there, you realize, are the beginnings of battleships, airplanes, tanks, cannons, trucks, and automobiles.

For, from this red ore, the ingenuity of American industry creates everything made of iron and steel.

The task of moving nearly *one-third* of all the ore which the hard-pressed blast furnaces of this nation can handle this year is the Great Northern's No. 1 job on the national defense program.

Between the opening of navigation this spring and next fall's freeze-up—about 210 days—the Great Northern will be called upon to move *24 million long tons* of iron ore from the open-pit and underground mines on the Mesabi range and load it into boats at the head of the lakes.

It will require thirteen trains a day during most of the season—each loaded with more than 10,000 long tons of iron ore—*a shipload to a train!*

2,200 cars of ore a day will have to be assembled on the iron range; moved 112 miles to the terminals at Allouez; and a corresponding number of empty cars returned and distributed to the mines.

Each carload of ore has been sampled before it leaves the mine, and in the Allouez yards the cars are switched and assembled so that whole boatloads of the ore can be built up in sections of the ore docks to meet the different specifications required by various steel mills.

Modern facilities and equipment, together with a highly specialized personnel, enable the Great Northern to meet these demands of a national emergency with the utmost confidence that its obligations will be fully and competently discharged.

Remodeling Old Home Makes for Improved Living

Contractors and Building Supply Dealers Make Suggestions

Re-modeling one's home sometimes satisfies a basic human need for change. The monotony of seeing the same surroundings day after day soon wears on many people, and to the alleviation of this monotony, re-modeling is sometimes the answer.

Architects, interior decorators, contractors, building supply dealers are all in a position to offer many practical suggestions regarding re-modeling. A house consists of so many factors that successful re-modeling depends upon taking all of them into consideration.

Insulation is one of the advantages that many home-owners install when they are having their home re-modeled. It increases immeasurably the comfort of the home, and reduces fuel and heating costs considerably. Warmth in winter, coolness in summer, are its main features, but it also helps to make a home fireproof, moisture proof, insect proof and soundproof.

Roofing is also an important phase of re-modeling. There are so many different types of roofing on the market today that a home owner may select from a wide selection. The application of new roofing has many benefits that are, of course, self evident.

Work Again Started on Red Lake Falls Bridge

After a three months' interruption because of cold weather, work was resumed Tuesday on the new bridge which the Minneapolis Bridge Construction company is building to carry Trunk Highway No. 32 over the Clearwater river at Red Lake Falls, says the Gazette of that city.

Supt. Stanley Michalsky and a crew of ten have started work on the concrete abutments. The one on the east end of the bridge is being built first in order that H. P. Lund & Sons may resume their grading operations on the hill as soon as possible. Then the one at the west end will be built and the concrete bridge floor laid. Mr. Michalsky is not anxious to hurry this concrete work unduly because of the possible cold weather and frosts.

6,031 Motorists Given Warnings by Patrol in March Safety Campaign

Making a major contribution to Minnesotas' traffic safety campaign, state highway patrolmen during the month of March, issued warnings to a total of 6,031 motorists engaged in illegal practices or having motor vehicle equipment which past studies have shown as contributing to traffic accidents. In a report of the patrol's activities made to Commissioner M. J. Hoffman by Chief Elden Rowe, it was pointed out that approximately 10 motorists were given some form of aid or warning for every one whose illegal actions resulted in arrest.

In giving aid to motorists, the patrol made minor adjustments or repairs on 2,198 cars, helped 283 out of ditches, delivered gasoline to 123, called garages for 120, removed obstacles for 189 and gave road information to 2,524.

Patrolmen tested lights on 2,910 motor vehicles, tested brakes on 167, checked 9,722 driver's licenses, weighed 678 trucks and checked equipment on 703 other motor vehicles.

Written and verbal warnings were given to 3,664 motorists, with improper lights bringing reprimands in 911 instances. Improper licenses on 622 motor vehicles were noted and 279 motorists were found to be operating motor vehicles without having proper driver's licenses.

Temperance Program at Warren April 25th

The third annual poster contest and temperance program will be given in the Warren High School Auditorium Friday evening, April 25, at 7:30 o'clock. Rev. H. Parish, executive secretary of the Minnesota Temperance movement and H. Millard Jones, youth leader of the same movement will be the principal speakers. These two men with Rev. P. Alfred Peterson, president of the Marshall county temperance movement will address the student body in the Marshall county high schools on Thursday and Friday.

Certificates of award will be presented to the rural and grade schools that have completed requirements. Poster prizes will be award.

Doctors Say Draftees Now Are Healthier Than Were Those Back in '17

Minnesota draftees of 1941 are far healthier than the draftees of 1917, officials of the Minnesota State Medical association declared today in a bulletin just issued by the association on the fitness for service of Minnesota selectees.

They probably have softer muscles as some observers have declared. But they are fitter even so, to undergo the hardships of army life than their predecessors of the last war, the doctors declare.

Basing their contention upon findings of draft and induction board examiners, the physicians point out that the results of 25 years of concerted effort on the part of the State Board of Health and the doctors to prevent diphtheria, small pox and typhoid and to control tuberculosis, scarlet fever, whooping cough, measles and other childhood diseases, are now showing up in the shape of sounder hearts and lungs and better physical development in the drafted men of 1941.

"It is true," they say, "that many 1941 selectees have been riding in automobiles instead of walking as their predecessors did. Probably they have been going to the movies more and filling up the family wood box less and, in consequence, their biceps are softer."

"Three weeks of army training will harden any healthy boy sufficiently to make him fit for all demands of army life," the physicians declare, citing officers in charge of army training camps as authority for their statement.

It takes holiday motoring to show you how many good tank drivers are lost to the army.

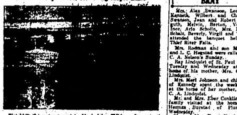
WPA Project Now Restoring Maple Lake



Watching the water pour into Maple lake, WPA workmen in the foreground stand on what was once a part of the lake bed. The stream of water pouring into the lake is expected to raise the level a total of eight feet over a period of several years. The project is sponsored jointly by the Maple Lake Improvement association, the Polk county board and the state department of conservation.

SMILEY

The Smiley Community Club meeting which was to have been this Friday evening, April 25th, has been postponed to a later date because of the still impassable roads. The road coming from the south to the hall is O. K. but it is absolutely impassable for any of the north Smiley members to get to the hall from the north. Hence the postponement. This column will make a notification of the next meeting when decided upon according to the roads.

Bernhard Wold is now employed at the Christ Larson home. Alfred Olson of Mavie is also employed there.

Mr. and Mrs. Carl Johnson of Thief River Falls and Soren Knutson of Numedal were Sunday visitors at the Mark Olson home. Mrs. Johnson is Mrs. Olson's aunt.

ALL THE *HOT WATER* YOUR FAMILY NEEDS!

A GENERAL ELECTRIC WATER HEATER Gives You Abundant Hot Water—Instantly!

DISHES—To get dishes clean and sterile, you need 140° to 160° F. hot water. A G-E meets this need with "a turn of a faucet."

SHOWER—There's nothing quite so healthful and refreshing as a "hot shower." Have plenty of hot water on hand at all times—with a G-E.

BATHS—With an automatic G-E water heater you don't have to "wait" for water to heat for baths. It's ready and waiting at the turn of a faucet.

LAUNDRY—Hot water is a necessity on wash days to get the clothes white and clean. A G-E gives a plentiful supply of clean hot water when you want it.

HERE'S WHY A G-E Costs So Little to Use.

1. NEW Cal Cutter Calrod Unit.
2. Genuine Rockwool Insulation.
3. Heat-saving Heat Trap.
4. Cold Water Deflector.
5. Adjustable Automatic Thermostat.

VALLEY WINTER SHOWS PROPERTY NOW FREE OF DEBT

Livestock Association Buildings Are Valued at $70,000

The last $2,500 of the mortgage indebtedness against the property of the Red River Valley Winter Shows in Crookston, has been lifted by the Red River Valley Livestock association and now the 2,616 stockholders own the property valued at $70,000.

The announcement that the property is now free from debt was made by President T. M. McCall, president of the association and of the board of managers of the Winter Shows.

The holders of the 6,248 shares of stock, including farmers and businessmen, are scattered through the 14 counties of northern Minnesota. The Chambers of Commerce at St. Paul, Minneapolis, Duluth, Crookston and other cities made substantial contributions to the shows.

McCall, the present president, has been re-elected annually since 1937. The present officers and directors of the Red River Valley Livestock association are McCall, Crookston, president; J. H. Sargent, Crookston, vice president; O. M. Kiser, Crookston, secretary; A. A. Habedank, Ada, treasurer. Directors include officers named and Paul Engelstad, Thief River Falls; C. U. Brantner, Georgetown; E. E. Carmen, Ada; P. M. Finkenbinder, Crookston; O. A. Flaat, Fisher, and William Strickler, Angus.

Fire Razes Second Barn on Farm Near Fosston

Original hard luck man is Ed Noorlun, farmer living in Hess township about 11 miles south of Fosston.

On Saurday night, April 12, lightning struck a new barn on his farm, destroying it together with some livestock—exactly three years to the day after a prairie fire destroyed the former structure.

The barn, which was built two and a half years ago, was struck during a rain and hail storm which passed over the area Saturday night. Mr. Noorlun ran to the barn immediately after it had been hit but fire was already spreading beyond control.

CAT IS CAUGHT IN RADIATOR GRILL

Wadena—How a full grown cat can get between the grill and radiator of a car is a mystery to Alex Nelson of Wadena but what is still more of a mystery is how the cat can extricate itself when the car driver finds it impossible to do. Nelson discovered his prisoner when he heard the cat meow while he was driving. Investigating, he found the full grown pussy securely imprisoned behind the grill and, needless to say, terribly fussed and heated by the radiator. Unable to free her, Nelson drove home to show his wife, but when he returned to the car with his wife, the cat was sitting on the ground beside the car with a very smug expression of her face.

Unusual Multiple Birth Series at Red Lake Falls

Speaking of multiple births, a record was no doubt established at the Art Baril Farm in Red Lake Falls township recently that will not be equalled hereabouts for some time, according to the Red *Lake Falls Gazette.*

When the progeny of the livestock on the farm arrive by the dozen, fours and twins in a single night it would be well to at least make an attempt at birth control, for the horse, hog and lamb markets are going to suffer severe breaks if this situation becomes general thruout the nation.

Mr. Baril reported to the Gazette that a sow gave birth to twelve pigs, a ewe gave birth to four lambs and a horse gave birth to twin colts, and all arrived within the space of a few hours at the Baril farm barns.

Pedestrians Comprise Half State's Traffic Deaths to April First

More than 51% of the people killed in traffic during the first quarter of 1941 were pedestrians, and more than 50% of the pedestrians killed were in violation of the law at the time they were fatally injured.

Out of 78 people killed during January, February and March, 40 met death as pedestrians. Twenty-four died as a result of motor vehicle-motor vehicle collisions and 8 died as a result of running off the roadway.

A report compiled by the Safety division of the State Highway department showed that 10 people met death during the first three months of the year a as result of angle collisions; 5 died in head-on collisions, and 6 died as a result of sideswipes.

Of the pedestrians killed, 13 were crossing at an intersection and each were walking on the highway on the right side of the road with traffic, in violation of the law, which requires pedestrians to walk on the left of the road facing traffic. Three of the pedestrians killed were walking properly facing traffic; 4 were crossing streets in the middle of the block; one was crossing a signalized intersection against the signal.

One each were killed stepping out from behind parked cars, changing a tire on the roadway, and falling from a moving vehicle. Four met death attempting to hitch rides and five were killed by hit and run drivers.

DOGS KILL $1,000 WORTH OF SHEEP

Lafayette—A $1,000 loss was sustained by the Bean Lake Stock Farm near Westbrook one night recently when vicious dogs ran amuck and chased a flock of sheep from the yard in which they were enclosed into the adjoining barn and scared them to such an extent that they piled up into a heap and those which were not killed outright, died of suffication. The eighty head consisted of one registered buck, 19 ewes, and 60 early lambs.

Mrs. Tellef Loyland returned home last Monday from South Bend, Indiana and Chicago, Ill., where she has spent the winter with her children. She was accompanied by her son Alvin of South Bend and Lillian, Mrs. William Hanner of Chicago, who visited here until Friday when they left for their respective homes. Alvin was accompanied by his wife who has stayed with relatives near Oklee during the winter.

DOG HIKES 95 MILES TO SOUTH DAKOTA HOME

Worthington— Another instance of the incredible homing instinct of the dog was brought to light recently by Paul Dalis, farmer near Worthington. During March, Ed Bloomquist, formerly of Centerville, South Dakota, came to make his home with the Dalins, and was accompanied by his dog, Nigger. But Friday, April 4, Nigger was missing and on the following Wednesday, Bloomquist received a letter from his former Centerville neighbor stating that the dog had turned up there on Sunday, Nigger having made the 95 mile trip through totally unfamiliar country in two and one half days.

THE RECORD.... Facts That Concern You No. 27 of a Series

ONE SOUR NOTE...

but it's a great orchestra nevertheless

Even a great orchestra will make a musical mistake *once in a while.* And *once in a while*... out of the thousands of decent, law-abiding beer retailers in Minnesota... you'll come across one or two who operate disreputable establishments.

These "black sheep" retailers constitute a tiny minority. Yet they tend to drag down the good name of beer.

By arousing public indignation, such undesirable retailers endanger your right to enjoy good beer. They also endanger the benefits to the public that beer has made possible.

For example, in Minnesota beer has created 34,573 new jobs with an annual payroll of $29,856,962 and paid $1,926,921.61 in taxes last year.

The brewing industry wants "black sheep" retailers eliminated entirely. You can help us by patronizing only the reputable, legal places where beer is sold. And by reporting irregularities to the duly constituted law enforcement authorities.

KRATKA

Ruby Breiland and Grace Hafdahl, students at Moorhead State Teachers' College, returned to Moorhead, Monday after spending the Easter holidays at their parental homes.

Mr. and Mrs. Wesley Padden and children of River Valley were guests at the Joe Johnson home Sunday.

Due to lowering clouds and impossible roads very few ladies attended the organization meeting of the Consumers' Project held at the Archie Wilson home on Thursday. Mrs. Alvin Burstad presided at the meeting and the following were chosen for leaders; Mrs. Joe Johnson and Mrs. Archie Wilson, Mrs. Ted Landobeja will take over the duties of secretary and publicity chairman. Mrs. Simon Breiland and Mrs. Joe Johnson will serve on the lunch committee for the next meeting, the time and place to be decided later. The announcement will be given here. All ladies, interested, must make plans to attend our next meeting. For roll call an exchange of plants, slips and shrubs will be made. The lunch committee, serving, were Mrs. Archie Wilson, Mrs. Alvin Burstad and Mrs. Ted Landobeja.

Mildred and Oscar Breiland, Lincoln high school students returned to their studies last Monday after spending the Easter holidays at their parental home.

Meadow Lark School

Gerald Magnon and Arlene Runnestrand had perfect attendance the last month.

Let's hope we can all meet at the Farmers' Union meeting the first Friday in May at the Sunnyside school.

During the last month Gerald Magnon was high in spelling having the most stars, while Roger Mickleson made the highest scholastic record.

The teacher, Miss Jorde was hostess at a party given for her pupils the Thursday before Easter. The main diversion was bingo and the decorating of Easter eggs.

Arlene Runnestrand received the prize for doing the most artistic work. Each child received a basket of candy eggs from the Easter Bunny.

Norwegian services with Holy Communion are to be held, Sunday, April 27 at 10:30 A. M., at the Telemarken church.

Kitty's Kitchen Klatter

How many of you mothers are sometimes at your wits' end answering your youngster's questions?

Do you cut the questions short with "Mother's busy. Go, play with your toys." Asking questions is that child's way of gaining information, and ah, there is so much for him to learn.

When Edison was a child, he wanted to know the "whys" of everything new to him. Much of his success was due to a patient and kind mother who tried to the best of her ability to answer everyone of his questions.

Next time junior or sister begins an endless query, just think, perhaps you're answering a "future Edison"!

ADULT EDUCATION PROGRAM NOW IN PROGRESS IN CITY

Wide Variety of Courses Is Being Presented by 3 Instructors

The adult education program of the Works Project Administration sponsored by the state department of education, is conducting classes for the general public in the Thief River Falls area, according to Theodore C. Laselle, of Detroit Lakes, district supervisor of adult education.

A variety of cultural and academic subjects are a feature of the classes being offered and there is no expenses except for materials which may be needed. Any adult sixteen years or over may attend.

Information regarding courses of study may be obtained from the instructors, Mrs. Raymond Novak, 412 Davis av. N., phone 736M; Mrs. Lillian Knutson, 516 Riverside av., phone 906; and A. C. Matheson, 521 Riverside av., phone 784.

Ringneck Pheasants Suffered from Storms

Reviewing the effects of Minnesota's two disastrous winter storms on upland game, department of conservation investigators this week concluded that adequate ringneck pheasant brood stock is available.

Pheasant conditions, while they do not promise a population as high as in the fall of 1940, point to a supply comparable to the autumn of 1939, when a successful hunting season was enjoyed, the Department said.

C. Edward Carlson, Department game technician, termed the November and March blizzards of an intensity and suddenness "rarely paralleled in meteorological history." Noting the toll of human lives taken by each storm, Carlson said it is obvious that wildlife suffered.

ASSESSORS GIVEN INSTRUCTIONS AT ANNUALT MEETING

All Officials are Present at Session in Court House Thursday

Assessors representing all 24 taxing units in Pennington county were present last Thursday at the annual assessors' meeting held in the district court room in the court house.

Speakers included H. G. Stilwell, chief appraiser of the Minnesota department of taxation, and Paul H. Kirk, federal statistician. Mr. Stilwell reviewed state laws governing the assessment of property, and stressed the necessity of securing a full report covering moneys and credits. Mr. Kirk talked on farm assessments.

At the close of the meeting County Auditor A. M. Senstad issued supplies to the assessors for their work which is scheduled to get under way May 1.

Red Cross Women Sewing 500,000 Garments Each Month for War Victims

Women volunteers in 3,300 Red Cross Chapters throughout the nation are producing an average of 500,000 garments each month for the victims of war abroad, according to Mrs. Dwight F. Davis, director of American Red Cross Volunteer Special Services.

Since the women volunteers started to sew and knit early in the war, the Chapters have shipped to the Red Cross warehouse at Jersey City, N. J., 3,200,000 garments and 21,239,000 surgical dressings, Mrs. Davis said, thus insuring a steady flow of relief supplies to the civilian and hospitalized victims of warfare.

The women produced in the four months prior to March 1 a quantity in excess of the previous twelve months output, Mrs. Davis said, and the chapters have accepted additional large quotas of sewing and knitting which will run the total well over 5,000,000 garments by June 1.

PRESBYTERIAN CHURCH IS "FLOWING WITH HONEY"

Worthington—"Sweet as honey" is no idle description of the Westminster Presbyterian church this spring as workmen removed more than 100 pounds of the sweet stuff from the gable of the building a week ago, the bees having been previously removed. The honey was discovered when it leaked through the gable and down onto the side of the building to leave a huge dark stain.

NYA HI-LITES

By Tom Benson

It is very true, that the weather is a topic almost overly used in me then for voicing my disgust at the leisurely way in which old "Sol" has been driving "King Winter's" aftermath into more northerly climates. Optimistic souls however will venture that it has been lovely weather (for ducks).

Perhaps for this outburst of wrath on his behavior the god of the four winds will award us with a limitless azure sky bedecked with patches of billowy white clouds and days on end of gentle southern breezes, bearing soul stirring aromas of budding plant life, of fresh tilled earth and the scintillating breath of spring in its rain washed sweetness.

It is wonderful, isn't it, that in spite of the tough going we encounter both in Nature's environment and in our own life problems, if we only have the right mental attitude, the world doesn't look bad at all, for there are always fairer days ahead.

A checkup on our painters' log proves that the project boys have painted over 50,000 sq. ft. of surface besides their paper hanging and cabinet work.

The boys in the Resident Center who aspire to be baseball players are going to practice against the Thief River Falls baseball team next Sunday. The boys haven't played much ball, but are looking forward to the game and expect a lot of fun. Marvin "Boomie" Reese, guarden, will probably pitch for the N. Y. A. He has pitched a little high school ball, but has had little practice this spring so he wont say much about it.

Donovan Hattson, NYA advisory committee chairman enjoyed lunch at the Resident Center Wednesday, and had a lengthy talk on youth problems and committee plans with Mr. Goverdulk.

Yours truly, has taken a position with the Western Oil Co. and fears he may have to give up writing NYA Hi-Lites. If you have ever read and enjoyed any of his articles, then the time he has so enjoyed writing them has been well spent.

Destructive Fire

The destructive fire which occurred on the eighth and ninth of October, 1871, in Peshtigo, Wash., caused the loss of over 1,200 lives. At least 1,000 persons were burned, drowned or smothered. Of these, 600 or more were at Peshtigo and adjacent places. Not less than 3,000 men, women and children were rendered entirely destitute.

Girls Share Birthday Honors

The Ernest Selle home was the scene of a triple birthday party Wednesday when Phyllis and Carol Selle and Angeline Austad, whose eighth, third and first respective birthdays had occurred within the week, shared honors. The younger members present spent the time playing games after which the hostess, Mrs. Selle, served a lovely lunch. Three nicely decorated birthday cakes each topped with one, three and eight candles, respectively, formed the main feature of the lunch. Those present besides the three guests of honor, were Marylyn Lunde, Violet Olson, Edna Hanson, Joyce Nameland, Irene and Evelyn Stromm, Marcyll Berg, Mr. and Mrs. Leo Svensgaard and Mr. and Mrs. Ernest Selle and Lois, Mr. and Mrs. Peter Bakken, Charlotte Lloyd, Mrs. Gust Austad and LeRoy and Audrey, and Mrs. Harry McLeod and Gerald. Each of the honored girls received several lovely gifts.

Mrs. Clifford Lunde Entertains

Mrs. Clifford Lunde was hostess last Thursday evening at her home to the members of the Friendly Neighbor circle. After a short business meeting conducted by Mrs. Henry Hope, the club president, the entertainment committee, Mrs. O. J. Peterson and Mrs. Charlie Knutson conducted flower guessing and flower naming contests of which the respective prize winners were Mrs. Ed Shanley and Mrs. Clarence Doran. The Neighbors spent the remainder of the evening doing needlework. When a poll was taken as to which member was working on the most practical article, Mrs. Moore was named winner with Mrs. John Johnson named as the one doing the least practical handwork.

At a late hour Mrs. Lunde served a delicious lunch. Mrs. Ed Shanley, who was a charter member of the group a few years ago, before moving away, again became a member of the organization.

Loralee Knutson Has Party

A small group of relatives and neighbors gathered at the Kenneth Knutson home Sunday in honor of Loralee Knutson's second birthday, which occurred Wednesday. The afternoon was spent socially after which Mrs. Knutson served a lovely lunch featuring a birthday cake decorated in pink and green and topped with two candles. Loralee received several gifts from those present, who included, besides her parents, her grandparents, Mr. and Mrs. Thomas Knutson and Mr. and Mrs. Hilmer Benson and Shirley.

Arlette Franzman Honored

Mrs. Alfred Franzeman was hostess to a group of young folks on Sunday afternoon, the occasion being her daughter, Arlette's eleventh birthday. Several games were engaged in the course of the afternoon after which a delicious lunch including a lovely birthday cake was served by Mrs. Franzman. The guest list included Majel and Arnold Anderson, Hazel and Iris Franzeman, Winton Leverson and Laverne, Adeline, Eugene and Douglass Franzeman. Arlette was the recipient of several gifts.

Spelling Contest

A preliminary spelling contest for schools in Beltrami county was conducted on Friday afternoon at the Sandamark school. Pupils participating were Theresa Nesland and Kathleen Nygaard from the Hales school, Ardith Nordby and Doris Tegland from the Sandamark school and Irene Byklum from the Olstad school.

Irene Byklum received first and Theresa Nesland second in the written contest which was conducted by Mrs. C. H. Doran and Theresa Nesland received first place and Kathleen Nygaard second in the oral contest, which was conducted by Agnes Sandland. The winners in this contest will compete at the county spelling contest to be held at Bemidji at a later date. This preliminary contest was arranged by Manford Stenkes, leader of the section.

Former Local Lady Proves Heroine

Mrs. Hazel Krane, a resident of Thief River Falls and a former resident of this area, who is known here as the former Hazel Knutson, made front page news in Twin City and Grand Forks newspapers recently. The reason was her heroic rescue of her little five-year-old daughter, Twyla, who had fallen into the Red Lake River at Crookston. The accident occurred last Wednesday when the little girl was playing in Central park with a group of other children, including her younger brother, Eric, 4 years old. When she stumbled into the river the brother failed to pull her out but ran and summoned his mother, who immediately plunged into the icy water and struggled for ten full minutes before rescuing the child. A respirator was used for forty-five minutes before any sign of life was evident, after which the girl was taken to a hospital, her recovery despaired of. We are happy to state that at this writing the child's condition is much improved.

Sunday dinner guests at the Robert Thorson home were Elda and Ragna Haugen, Carl Byr[illegible] and Mr. and Mrs. Hans Thorson and Wilfred.

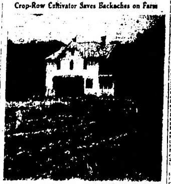
George Jelle, who is employed at Grand Rapids, spent Easter Sunday with his parents, Mr. and Mrs. Emil Jelle.

Skin Disease

Occupational diseases of the skin constitute 45 to 70 per cent of all occupational maladies in France.

Crop-Row Cultivator Saves Backaches on Farm



The garden is a valuable farm crop, and it deserves the best in cropping practices, says County Agent Lester G. Lerud. That means good soil properly fertilized, rotation to get away from diseases and insects, and adequate cultivation, preferably with horse or tractor machinery.

Success with farm gardens depends frequently on moving the vegetables out into a larger field where they can be cultivated along with corn or potatoes without excessive demand for hoe and hand work. F. M. Hunt, extension horticulturist at University Farm, believes it is a good plan to have two separate gardens on the farm. He suggests a small garden near the house for lettuce, radishes, green onions, asparagus, rhubarb, herbs, spinach, chard, and flowers. These crops can be planted close together and taken care of by hand.

The principal vegetable production should, however, be handled in a larger garden, on good land away from the buildings. Tomatoes, sweet corn, cabbage, beans of all kinds, peas, potatoes, and other garden crops can be raised in quantity without much trouble. They can be cultivated along with the corn.

The larger garden will provide an abundance of products for canning and storage.

STEINER

The Community club will meet at the hall Friday, April 25. A program will be given by the 4-H and also election of officers will be held.

The community extend their congratulations to the newly wed couple, Angeline Augustine and Lawrence Lubitz both of Holt, who were married on Thursday afternoon by Rev. Hanson. A reception was held in the church parlor and the happy couple left for a short honeymoon in Goodhue county, after which they will be at home here on their farm.

Mr. and Mrs. Lauder Sorter of Middle River were callers at the Harold Oen farm Monday.

Please remember your reporter with news items and subscriptions. Call 13F10.

Device for Seeding

It is not necessary any longer to stoop when seeding your garden. There is a device now on the market that makes it a simple operation. It is a disc seeder with two detachable flat cups or discs with a central tricycle axle which are attached to a long handle. The discs are filled with the desired seed and it is rolled along an open row with the seeds tumbling out of small adjustable openings in the discs.

HAZEL

Friends of the Edwin Nelsons will be glad to hear that the latter's daughter Lois Nelson, who has been seriously ill with pneumonia, is much improved and recovering nicely at the time of this writing.

The Clara Luther League met in the church last Thursday evening. The following program was given: Reading, Wallace Erickson; song, Galilee, Hazel and Norma Carlson; reading, Carol Peterson; reading, Naomi Johnson; song, Stand up For Jesus, Men's chorus; reading, Mrs. Elvin Peterson. At the business meeting, the Luther League decided to give each draftee of the Luther League on leaving for camp, a set of devotion books. Motion was made and carried that the L. League donate a sum of money to be used in buying new books for the sanitorium at Thief River Falls, and motion was made and accepted that the church be wired by the R. E. A. and electric fixtures installed. Lunch was served by group 3. Please note that the Luther League will meet at the church next Friday evening, April 25th to bring the L. L. schedule in line again. Group 4 will serve.

Mr. and Mrs. John Peterson entertained Mr. and Mrs. Frank Peterson and Mr. and Mrs. Oscar Peterson and family at a dinner given Saturday evening at their home.

Little Junior Odegaard, young son of Mr. and Mrs. Oscar Odegaard was taken ill suddenly on Wednesday morning with pleurisy. His illness is thought to have been caused by playing on the damp ground. He is reported to be much better at this writing and is able to sit up.

Friends will be glad to know that Ole Thune, a patient at a Thief River Falls hospital and who has been very ill, now seems to be on the road to recovery and is much better. Some will also be interested in a letter received in the community a short time ago from the Edward Knutson family of Grafton, stating that Mrs. Edward Knutson, a patient at a St. James hospital, after a long siege of pneumonia is through the crisis and expects to be able to write old friends in this community soon.

Mr. and Mrs. Arnt Wedul and sons motored Friday afternoon to visit until Sunday with relatives at Madison. They returned home Sunday. Erling Anderson took care of the store during their absence.

The Men's Chorus met Monday evening at the Martin Ellingson home with Ted Johnson, Robert Samuelson, Earl Peterson, Jerome Larson and Elmer Erickson and sons, Donald and Wallace present. This week the chorus met at the John Peterson home.

131 Drivers Who Mixed Drinking with Driving Lose Licenses in March

Mixing intoxicating liquor with the driving of automobiles last month cost 131 Minnesota motorists the right to drive.

Sixty-two drivers' licenses were revoked outright for one year for driving while drunk, nine others were revoked for habitual inebriacy, and 60 lost their driving permits by suspension, according to the March report of the drivers' license bureau of the state department of highways.

Although 18 of those convicted of drunken driving were punished severely because it was a second offense, on the other hand 89 convicted escaped the maximum penalty of the law because the various courts made no recommendation for license action.

Fifty-nine motorists' drivers licenses were suspended and three revoked during the month for repeated offenses, of speeding, and 31 other motorists were barred from the wheel for various lengths of time for such violations as reckless driving, improper and dangerous passing, running thru stop signs, and failure to stop and disclose identity after an accident.

BY the hundreds . . . by the thousands—every week—more and more people are changing to Nash. What's behind it?

The most amazing performance ever built into a lowest-price car—and one pint of gas will prove it to you!

You'll see it prove this big Nash can go up to 30 miles on a gallon . . . and do more than 500 miles to a tankful—and still out-ride, out-handle, out-steer every other car in the lowest-price field.

You'll see it prove the extra comfort of Nash's soft coil springs on *all four wheels* . . . the extra ease of Nash's Two-way Roller Steering.

You'll also learn Nash has the widest seats in the lowest-price field . . . the famous Weather Eye Conditioned Air System . . . even a "Sedan Sleeper" Bed for vacation trips.

And before that *one pint* is gone, you'll know why Nash owners say: *"For my first 4,000 miles, averaged over 25 miles a gallon. Can't tell you how pleased I am with the wonderful pep of my Nash."* F. W. W., California

"The ride is great, mileage—swell—25 miles a gallon." F. W., New Jersey

Why don't you come in today—and let a pint of gas tell you what this new kind of car can do. You, too, will change to Nash!

RECREATION HIGHLIGHTS

The recreation program is sponsored by the City Council in cooperation with Work Projects Administration recreation leaders.

Playgrounds

Recreation leaders are still waiting for the right kind of weather before going out onto the playgrounds. Activities will be carried on at East-side park, Tindolph, and the Fairgrounds. There is also the possibility of having a playground near the arena for use by west-side youngsters. Each park will be supervised by a recreation leader from the program. Most of the games held at East-side park last year will be made available at all the playgrounds. This gives the participants their choice from a wide range of recreational activities. Already a large number of children are making use of East-side park. With the installation of game equipment it is expected this number will increase greatly.

Arena Recreation Center

Last Monday the arena proper was opened for use as a recreation center. Table tennis, aerial darts, tetherball, shuffleboard, basketball, and other games are available. Bean bags, jar ring games, jumping rope and other equipment are on hand for use by smaller children. The center is open after schools from four to six and evenings from seven to ten. It is also open all day Saturday, but closed on Sundays. These hours will continue in effect until the start of roller skating. The arena may be given to private agencies at various times. When this is done, recreation activities will not be held. For information concerning hours, participants are asked to contact leaders at the arena.

Tennis and Horseshoe

As previously announced, emphasis will be placed on baseball and archery this summer. Two other activities that will be stressed are tennis and horseshoe. New steel nets have been ordered for the courts at Eastside park. They are not here yet, but the old nets have been put up to be used until the new ones arrive. New lines will also be painted on the courts. Plans call for city-wide tournaments this summer to determine singles and doubles champs. Other tournaments are also being planned. Courts at the high school are also being readied for use. Tournaments in horseshoe for men and women and boys and girls are also on schedule for this summer. The pits at East-side park will be in shape soon. Another court is planned for Tindolph park, and it is hoped that courts can be set up in a proposed playground by the arena. With horseshoe pits in three sections of town, it is expected interest will run high in the activity.

Other Activities

Weekly puppet shows are still being presented. These will be cut down to one a month during the summer months, however. The craft shop will remain open now and throughout the summer. Other activities in the arena continue to operate.

East-Side Park Playground

As soon as the grounds dry up a little more numerous recreation activities will be made available at the park for children and adults. Athletic and game equipment will be furnished along with supervision. Baseball, softball, tennis, basketball, volleyball, horseshoe, archery, table tennis, football, and croquet are some of the activities for which equipment will be furnished. It is only natural for children to want to be out doors in the spring and summer months. Parents are urged to encourage their children to take advantage of this supervised play.

Toads Keep City Unnerved

The city of Ansonia, Conn., has become a sleepless and an unnerved town because toads have returned there and are now playing an encore, which the citizens thought was wiped out several years ago. $50,000 was spent on a drainer project in an effort to keep the toads out, but heavy rains refilled the pond basin and made it a breeding place. The toads soon learned about it and the city is again plagued.

FULL RICHNESS OF THE MALT
—Made in our own huge malting plant under control at every step

BEER lovers all over the Northwest are swinging over to HAMM'S Smooth and Mellow BEER—a brew containing full malt richness, extra grain goodness, and no harsh hop bitterness. All this is made possible by revolutionary, new brewing processes. HAMM'S use the cream of Northwest's barley and malt it in their own plant, thus assuring Certified "Properly-Aged" Malt. HAMM'S brewmasters have discovered a method to retain the extra grain goodness that formerly escaped in brewing. HAMM'S also steep choice hops just ½ the usual time; in this way only the tasty hop flavors enter the brew and harsh hop bitterness is eliminated.

Enjoy a beer containing full malt richness, extra grain goodness, and no harsh hop bitterness; ask for HAMM'S BEER today. Theo. Hamm Brewing Co., St. Paul, Minn.

TRACTOR UNIT TAKES 13 PEOPLE TO CHURCH

Little Falls—Because impassable roads threatened to keep several members of the Zion Lutheran church of Freedhem from the special Easter service, a state of emergency was declared and a tractor unit organized to transport the 13 people, including the pastor, to the church. Equipment consisted of a tractor and a wagon box trailer which traversed the two mile trip in 40 minutes with only three places where passengers were compelled to get off and walk and in one instance, push. Being more familiar with the roadbed, the tractor train shortened its running time by five minutes on the return trip.

ROTATION ADVISED IN SELECTION OF PLOT FOR GARDEN

County Agent Palmer Recommends Using Different Ground

Most Pennington county farmers would expect poor results if they raised the same crop on the same land year after year, paying no attention to the principles of good rotation. And yet, says County Agent Ernest Palmer, good farm crops men have a way of putting the garden in the same spot for years on end. Lack of rotation is one of the chief reasons why gardens on some farms have a way of "fizzling out" in spite of good care, he believes.

E. M. Hunt, extension horticulturist at University Farm, says that rotation is probably the most important step toward elimination of the plant diseases and insect pests that make gardening distasteful to many people. Old garden ground becomes infested, and the same pests will attack several different kinds of plants.

The early spring herbs and vegetables that are most suitable for the small backyard garden are not as susceptible to disease as those that make their most important growth in the midsummer months. Therefore, it often works well to put these in the garden plot close to the kitchen door.

On the other hand, crops such as tomatoes, melons, cucumbers, cabbage, beans and peas, sweet corn and potatoes will usually do best on rotation ground some distance from old garden plots. These same crops are also well suited to cultivation with horse and tractor implements.

Ed Moren Residence in Black River Destroyed With Contents Monday

The residence on the Ed Moren farm in Black River township two miles north of Wylie was destroyed with all its contents in a blaze that originated apparently near the kitchen stove Monday afternoon. Mr. Moren, who is unmarried, was working in the field at the time the fire broke out, and the blaze was well advanced when he reached the scene. A large group of neighbors quickly assembled, and formed a bucket brigade, saving the nearby garage and barn. The loss was partly covered by insurance. Mr. Moren announced that work will shortly get under way on the erection of a new dwelling.

Elm Tree 90 Feet Tall is Found at Rochester

Rochester, made world famous by its Mayo Clinic as a healing center, now seems destined to emerge as a point of special interest to tourists interested in trees, according to reports receive by the state tourist bureau. A red elm seven feet and two inches in circumference at the base and 90 feet tall had been entered up to March 1 in the American Forestry association national survey to locate and preserve the giant specimens of American trees. It is the largest elm of this kind listed up to that date.

Drinking Drivers in 91 Fatal, 733 Injury Accidents Last Year

More than 2,000 drinking drivers, some of them obviously drunk, others "faculties not obviously impaired" but nevertheless sharing in the grim responsibility, were involved in 91 fatal motor vehicle accidents and 733 personal injury accidents in Minnesota last year.

And drinking pedestrians did no better—for out of 202 pedestrian traffic victims who had been consuming alcoholic beverages prior to their mishaps, 26 were killed and 170 injured.

These were some of the disclosures made this week as a result of the 1940 traffic accident analysis work of the state highway department's safety division.

A summary of this analysis, demonstrating the worth of the safety slogan "If you drive don't drink; if you drink don't drive," showed that 2,162 motor vehicle drivers were moved up in 2,010 reported traffic accidents last year. This means that in some of the accidents which resulted in death and injury, both drivers had been drinking.

Drivers "obviously drunk" totalled 802 and were involved in 26 fatalities and 309 personal injury mishaps. The remaining 73 fatal and 468 personal injury accidents studied in the "drinking driver" report involved 1,270 drivers who ranged in condition from "ability impaired" to "no noticeable impairment of ability, but had been drinking."

Of the 117 pedestrians listed in accident reports as obviously drunk, 8 were killed and 100 injured by motor vehicles. Others of various degrees of impairment involved in accidents totaled 85, of which 18 were killed and 67 injured.

Bear Hunting Season Open until May 15th

Want to go bear hunting? The season is from April 15 to May 15, inclusive, and all counties of the state are open.

How to get a license? Send $2, along with a notarized statement that you have been a resident of Minnesota six months or more, to the director of game and fish, State Office building, St. Paul. The license will be mailed promptly.

Department surveys show there are plenty of bear available. The U. S. Fish and Wildlife Service last year placed the number of bear in Minnesota at 8,500.

How popular is bear hunting in Minnesota? The department of conservation believes it could stand a little encouragement. Only two licenses were sold for the 1939 season, six in 1937.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in the Council Chambers in the Auditorium and Municipal Building on April 8th, 1941. The meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meeting of March 11th were read and on motion duly carried the same were declared approved as read.

Monthly reports of the City Clerk, Municipal Judge, Weighmaster, Park Board and Dairy Inspector were presented, accepted and ordered filed.

The appointment of Gordon Storholm as a member of Thief River Falls Fire Department, succeeding Morris Johnson, was presented. Motion was made by Alderman Baker that the same be approved and confirmed. The motion was seconded by Alderman Iverson and unanimously adopted.

Applications for license to sell milk and cream within the city were presented by P. P. Iverson and L. H. Koropp, the same bearing the approval of the Dairy Inspector. Motion was made by Alderman Sande that issuance of licenses be approved. The motion was seconded by Alderman Salveson and unanimously adopted by roll call vote.

Oldest Mahogany

The Mahogany Book says: "The earliest surviving use of mahogany is that in a rough hewn cross preserved in the cathedral of St. Domingo that bears the legend: 'This is the first sign planted in the center of this field to mark the beginning of this magnificent temple in the year 1514.' The cathedral, completed in 1550, has much carved mahogany woodwork, some of it considered the finest in the world, still in splendid condition after nearly four centuries in the tropics."

MOTOR OIL
Phillips Finest Quality

HOLLYWOOD KNOWS there is no royal road to finding future movie stars, no sure-fire plan for picking tomorrow's box office favorites.

But when you want a top-ranking performer among lubricants, you don't have to make expensive "tests"... you need not depend on mere surface appearance. This is why:

Phillips, the great independent of the petroleum industry, with a well-earned reputation for giving greater value, makes this straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Every time a new 1,000-mile mark clicks up on your speedometer, play safe with your motor by draining and refilling with fresh lubricant. And play fair with your budget by asking for Phillips 66 Motor Oil at the Orange and Black 66 Shield.

No Clothespin on this Car's Nose!
$915 For The Business Coupe
"Best Buick Yet"
EXEMPLAR OF GENERAL MOTORS VALUE

Buick SPECIAL 6-passenger Sedanet, $1006. White sidewall tires extra*

WOULDN'T a sprinter or a long-distance runner look silly trying to race with a clothespin firmly clamped on his nose?

Yet, in a sense, something fairly close to that happens in nearly every car that lacks Buick's sensational Compound Carburetion.†

For your engine has to breathe in huge quantities of air to be mixed with gasoline before it is burned in the cylinders.

But single-carburetor fuel supply systems can handle only a given volume of air.

To that extent, then, an ordinary engine has a clothespin on its nose — a limitation on air supply for big power operation.

We remove that clothespin very simply — by having *two* carburetors; one that handles all casual driving smoothly and efficiently, another to jump in with more air and more fuel when you call for extra power by stepping on the gas treadle!

Simple? Very simple indeed.

And simply *marvelous* in the extra FIREBALL *wallop* it gives you and in the gas savings you get — as much as 10% to 15% over previous Buicks with the same-size engines.

Maybe you'd better go see your Buick dealer now.

†Optional equipment on the Buick SPECIAL, standard on all other models.

*delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices subject to change without notice.

LINCOLN BAND IS RATED 'A' IN MUSIC CONTEST

Three Other Musical Groups Given Top Rating at Crookston

BAND IS ENTERED IN STATE COMPETITION

Other Groups and Soloists Also Will Compete in Minneapolis

Lincoln high school musicians acquitted themselves with much credit at the district high school music contest conducted at Crookston Saturday, four musical groups receiving the coveted A rating, while three were rated B and one C.

Accorded the A rating were the Lincoln band directed by Glendon E. Ahre, the flute quartet, clarinet quartet and boys' octet. The mixed chorus won a B rating, as did the French horn quintet and the brass quartet. The school received a C rating for girls' voices.

By virtue of their achievement at Crookston, the A groups will participate in the state music contest opening today at the University of Minnesota in Minneapolis and continuing thru Saturday. The band will leave this city Friday and will perform Saturday, returning home Sunday.

Local soloists who also will appear in state competition include Charles Gustafson, B-flat clarinet; Paul Senstad, alto saxophone; James Skarstad, French horn; Howard Lund, trombone; and Ardith Thompson, soprano.

The district music contest attracted more than 1,000 visitors to Crookston including some 800 students from 13 schools which participated in the contest. Sixty-seven groups took part in the competition during the day and were ranked by judges in A, B and C groups, according to talent. Placings of the groups were made known only to the directors of each unit. Directors received a sealed envelope with the judges' placings of their groups and a brief critique of each.

Climaxing the contests Saturday evening was the presentation of the music festival program, offered in Central high school auditorium to a near capacity house which gave enthusiastic reception to the numbers.

Judges who had served during the day, Oscar R. Overby of St. Olaf College, Northfield, for the vocal groups and Milton Dietrich, of Bemidji State Teachers College, for the instrumental groups directed the choir and band respectively. The choir was made up of 200 voices, selected from all schools in the district, and representing the cream of the vocal talent, and the band was a 100-piece balanced instrumentation, similarly chosen.

HORTICULTURAL SOCIETY TO MEET FRIDAY EVENING

County Agent Palmer Will Present Flower Slides at Session

The next meeting of the Northern Horticultural Society has been scheduled for Friday evening at 8 p. m. in the Civic and Commerce rooms in the City Auditorium according to an announcement by Fred Lohe, president of the local organization.

All members and others interested in gardening, fruit growing, and home beautification are invited to attend.

A special feature of this meeting will be the showing of colored slides of different flower combinations for the home furnished by the Minnesota Horticultural Society and presented by County Agent Ernest Palmer. Among other business to be taken up will be the purchase of fresh fruits and vegetables for the army.

LIONS WILL SHARE IN CONVENTION AT BEMIDJI JUNE 15

To Cooperate with Bemidji Club in Staging District Meeting

Following a conference at Bemidji Tuesday members of a special committee of the Lions club reported at the club meeting Wednesday on plans for the district Lions convention to be held in Bemidji June 14 to 17. Serving on the committee were Dr. A. R. Hulbert, president; M. G. Peterson, George Werstlein, Fleming Gibson and Chris Rinkel.

The group reported that the Thief River Falls club has been assigned the responsibility for arranging the afternoon program for Sunday, June 15. Events scheduled to date for that afternoon include a concert by the Bemidji Elks band and the Minneapolis glee club, in addition to which the local club has been asked to stage a quiz contest or some other similar feature.

Lester Ihle also spoke briefly at Wednesday's meeting previous to his departure for Duluth to enter on his duties as a member of the state board of grain appeals.

PTA SESSION SET FOR MONDAY NIGHT IS LAST OF SEASON

Style Show, Open House and Election of Officers on Program

The final Parent-Teacher association meeting of the school year, to be held next Monday evening, May 5, in the Lincoln high school auditorium, will be featured by an open house in the industrial training department and a style show by students in the home economics department.

In the course of the business session of the association, officers will be elected for the ensuing year following a report by the nominating committee.

The industrial training exhibits will include projects in bench woodwork, wood turning, tin work, hammered copper, shaping of iron, as well as drawings of both mechanical and architectural types. C. W. Pope and J. Arthur Johnson are in charge of the department.

Miss Rosine Dahlen and Miss Audrey Smith have arranged a varied style show, featuring the sewing projects of 150 girls of the seventh thru the twelfth grades. Students will model wool, silk and cotton dresses, as well as play clothes and aprons, all in a novel setting. Other exhibits also will be on display in the home economics rooms.

The home economics students will serve lunch at the close of the evening.

WPA Approves $93,771 Allotment for Work on Pennington Co. Roads

Senator Henrik Shipstead advised the Times in a message from Washington Saturday that the Works Projects Administration had approved a grant to Pennington county of $93,771 designated for the construction and improvement of roads within the county. In order to qualify for the allotment, the county will be required to provide $42,995 in sponsor's funds. County Highway Engineer J. A. Erickson said Saturday that the county board had not yet reached a definite decision as to the extent of the program to be undertaken, and indicated that it may consist largely of graveling projects.

Approximately 100 persons, including prospective home builders and men engaged in the building trades, Monday evening in the Civic and Commerce association room heard the Federal Housing administration plan of home financing discussed by L. A. Clausen and G. W. Sandquist of the Minneapolis FHA office. The meeting was sponsored by the Northern and Union State banks.

Mr. Clausen pointed out the liberal terms on loans available under the FHA plan, which eliminates second and third mortgages, and extends credit for as long as 20 to 25 years. The agency, he said, also renders other services, including architectural supervision and inspection.

Stressing the fact that the FHA is founded on business principles and is no charitable organization, Mr. Clausen said no federal money is involved in the loans, which are made thru local lending agencies, the function of the FHA being to insure mortgages.

In judging an application for a loan, he said, the agency considers the desirability of location, type and plan of house and its marketability, and the character and income of the applicant.

Mr. Sandquist discussed the functions of the FHA and supplied specific figures on the cost of financing homes of various sizes.

PENNINGTON RURAL YOUTH GROUP WILL MEET WEDNESDAY

"Making Democracy Work" to be Theme of Evening Program

"Making Democracy Work in My Community" is the program theme of the next monthly meeting of the Pennington County Rural Youth group to be held Wednesday evening, May 7, at 8 o'clock in the Civic and Commerce room. Four members of this organization who have been serving as educational leaders this winter recently attended a district training meeting at Red Lake Falls where they took part in a discussion on this subject. At the meeting were Effie Hanson, Marilyn Noper, Mrs. V. C. Noper, and Bert Vigen.

County Agent Ernest A. Palmer, who is in general charge of the rural youth work in Pennington county, says that a very useful type of discussion was given these leaders at the district meeting by A. Drummond Jones, nationally prominent authority from the U. S. Department of Agriculture. He expects that as a result the group will enjoy a very active educational lesson in May.

All rural young people 18 years or older are invited. In addition to educational subjects, recreation and sociability are featured at each meeting.

Local Gasoline Prices Go up One Cent Today

The price of gasoline went up one cent today, in consequence of the increase in the state gasoline tax from three cents to four cents. In addition to the state tax, the federal government levies a tax of one and one-half cents on each gallon sold.

Seniors Rehearsing for Class Play Friday, May 9

A cast of more than twenty young men and women this week are entering on the final series of rehearsals for the senior class play, "The Hoosier Schoolmaster", which will be presented in the Lincoln high school auditorium Friday evening, May 9. The production is staged under the direction of Miss Elizabeth Koops and James R. Carlson. The personnel of the cast will be announced in the Times next Thursday.

LEGION PLANS FOR OBSERVANCE HERE OF MEMORIAL DAY

Post Offers Aid in Reorganizing School Traffic Patrol

At a meeting of Elmer J. Ecklund post of the American Legion Friday evening, preliminary arrangements were made for the local observance of Memorial Day Friday, May 30. An outside speaker will be secured for the exercises, which will be conducted in the Elks park, and graves of veterans of all wars will be decorated thruout the county.

Also discussed at the session was the matter of reestablishing the school patrols to function on Main av. near Lincoln high school and near the Northrop school. The post voted to offer its cooperation to school authorities in an effort to avert traffic mishaps.

Delegates to the Ninth district Legion convention to be held in Fergus Falls June 14-16 will be named at the May meeting of the post, it was announced.

ANNUAL MEETING TO DISCUSS WEED CONTROL TUESDAY

Town Chairmen and Other Officials to Meet at Court House

All township chairmen in Pennington county, who also serve in the capacity of weed inspectors, were notified this week by C. P. Bull, director of the state division of weed and seed control, that the annual weed meeting for this county will be conducted in the district court room in the court house next Tuesday, May 6, with sessions at 10 o'clock in the morning and 1:30 in the afternoon.

Others invited to attend the session include mayors, council members, county commissioners, as well as other interested persons.

County Agent Ernest Palmer points out that already important steps have been taken in the county to aid local inspectors and farmers with weed control. He urges the county board and weed council members, village officers, special inspectors, and all farmers with special weed problems to be present at the meeting to hear the discussion of the state weed law and listen to recommendations as to the best methods of weed eradication in this part of the state. The group will also discuss the section plan of weed inspection and have a chance to evaluate new developments in weed control during 1940.

LEGISLATURE ENDS SESSION EARLY SUNDAY

Adjourns After Failing to Balance Budget for Biennium

DEFICIT ESTIMATED AT $2,000,000 A YEAR

Iron Range Towns Wrought up over Limitation Placed on Tax Levies

Balancing the books of the 1941 legislature, it looked Monday like the things it didn't do had considerable edge over its accomplishments.

Forecasts before the session opened were that it would be strictly a negative assembly, holding tightly to its gains of two years ago, and pushing almost everything else aside. It lived up to those predictions right down to the last overdue minute of adjournment, sine die, at 1:45 A. M. Sunday.

On the financial side, it stepped hard on every revenue-raising bill that came up, excepting the gasoline tax increase (which doesn't help the general revenue fund) and the boost from 8 to 10 1-2 per cent in the royalty and occupational iron ore taxes.

It turned down a couple of sales tax proposals before they ever came to a vote; it rejected bills authorizing pari-mutuel betting and taxes on vending machines and juke boxes, and it refused to go along with the governor on his plan for a cigarette tax to help finance relief. Also it refused to charge the highway funds about $800,000 that might have been collected to repay the sagging revenue fund for expenses caused by highway department work since 1921.

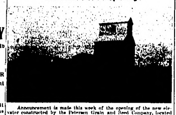
As finally totaled up, the program left the state facing an estimated $2,000,000 deficit for each of the next two years, even after it has borrowed $9,000,000 for relief and $2,225,000 for new buildings. Revenue fund appropriations totaled around $68,500,000—about $4,000,000 more than expected income.

Although few legislators could be found who were highly pleased about their gains from the session, those from the iron range were more irate than most. The old scrap between the range and the rest of the state bubbled over when the per capita tax limitation bill was brought up. That measure cuts the top amounts range municipalities and school districts can levy for their support, and range members fought it right down to the finish and beyond, with threats they might try to have it invalidated because it was passed after the constitutional deadline for adjournment—Wednesday.

Two Selectees to Enter Service Coming Week

Selmer Helsten, living on Route 4, Thief River Falls, will make up the one-man quota of the first May call for selective service, and he will leave the city for Fort Snelling next Sunday. Einar Bjornaras also will leave for induction in the service next Thursday, May 8.

New Elevator Starts Operating



Announcement is made this week of the opening of the new elevator constructed by the Petersen Grain and Seed Company, located on the east side of the Soo Tracks south of 8th Street. Robert Petersen, proprietor, says the plant will provide a complete seed and elevator service and will feature the Minnesota Maid line of poultry and dairy feeds.

Rural Mail Routes Will Get Attention Next Week

Rural route improvement week will be observed in the area served by the local postoffice during the week beginning Monday, May 5, Postmaster Andrew Anderson announced today. He urged that special attention be given to the renovation of mail boxes on the rural routes, together with the installation of standard types of mail receptacles.

WHITE WAY AREA DOWNTOWN TO BE EXTENDED SOON

Concrete Light Standards to be Installed on Horace, 2d St.

The city council at an adjourned session Tuesday evening acted to proceed with the installation of extensions of White Way light standards, for which petitions have been submitted. It was voted to advertise for bids to be opened May 16 on 26 concrete standards similar to those on Atlantic av., together with other necessary equipment.

The area to be served by the new installation includes Horace av. from First st. to Fourth st. and Second st. from LaBree to Atlantic av., with the possibility that an additional block may be installed.

The council, at the request of the state highway department, approved the proposed new routing of Highway 32 near the south city limits. Under the plan, to be carried out this year, the highway will be located west, instead of east as at present, of the sewage disposal plant.

Corn Growing Contest to be Staged This Year by C. Gustafson & Son

As a result of the success of the corn growing contest sponsored last season, C. Gustafson & Son have announced plans for conducting a similar contest again this year. C. D. Gustafson stated that the purpose of the event, in which $50 in cash prizes will be awarded, is to encourage the growing of check-rowed corn in this territory. He added that entries, which must be made before June 15, will be restricted to plots of at least five acres of corn.

ROTARY HOST TO THREE NEIGHBOR CLUBS TUESDAY

Gathering of More than 140 Hear Address by Rev. Crawford Grays

More than 140 persons representing Rotary clubs in four Northwest cities assembled Tuesday evening in the Evelyn hotel for an inter-city dinner meeting sponsored by the Thief River Falls club. Participating were members of the Rotary clubs in Crookston, Grand Forks and Bemidji.

Morris Bye presided as toastmaster in charge of the program, which opened with the invocation by Rev. E. L. Tungseth followed by the address of welcome by Hart Wangenstein, president of the local club, and community singing directed by John E. Howard of Grand Forks and accompanied by Harold F. Harrison.

Greetings were extended by T. M. McCall, W. L. Brooks and Harry M. MacKenzie, respectively presidents of the Crookston, Bemidji and Grand Forks clubs. The address of the evening was supplied by Dr. Crawford Grays of Bemidji, formerly of Thief River Falls, who discussed the challenge for service and brotherhood presented by the catastrophic world situation of today.

The musical portion of the program included piano solos by Mrs. Warren J. Hanson and by Mrs. E. O. Peterson, and vocal solos by Mrs. Helmer Carlson.

NYA WORKERS WILL REDECORATE FARM BUILDINGS IN AREA

Youth Organization to Cooperate with Farm Security Agency

The National Youth Administration, in conjunction with the Farm Security Administration, is decorating approximately 100 farm homes in the vicinity of Thief River Falls. These farm buildings are owned by the FSA, and the painting and papering will be done by youths employed on an NYA project separate from the resident center.

These youths will work 48 hours per month and will be paid $15.84 per month. This new project will employ approximately 50 boys, some of whom will be transferred from the Thief River Falls resident project. They will be transported daily from Thief River Falls. There will be openings for more youths on this project and any young man unemployed and out of school, between the ages of 17 and 25 may make application through Frank Govednik at the Resident Center located in the Central school, Thief River Falls, every Monday and Friday at 1 p. m.

Load Restrictions to be Lifted Here Shortly

Announcement was made this morning at the district highway department office in Crookston that, effective Saturday, load restrictions on trucks will be lifted on Highway 1 from Thief River Falls to Alvarado; from Crookston to Moorhead on Highway 75; and from Fertile to the junction of Highway 31. Restrictions will be removed next Wednesday May 7, on Highway 32 from Red Lake Falls to this city and from here to Greenbush.

ARMY ENGINEER INSPECTS FLOOD AREA IN VALLEY

Major J. W. Moreland of St. Paul Visits This Locality

A party headed by Major J. W. Moreland, United States engineer in charge of the St. Paul district office last week made a tour of river basins in the Red River valley.

The party drove east into Minnesota Wednesday morning to inspect the areas drained by the Roseau, Two Rivers, Red Lake, Thief and Clearwater rivers.

With Major Moreland were G. E. Lyons, senior engineer and Dean Holm, executive secretary of the Tri-State Waters commission, both of St. Paul. They conferred before leaving, with Henry Holt of Grand Forks, president of the waters commission.

The major stated he planned to get information that will be useful in preparing reports on valley flood conditions to the Washington office. His party was to study the damage done by recent flood waters that covered much of the northern valley, also the economic justification for preventing these floods.

Engineers then will figure out a cost-benefit ratio which will show the estimated comparison between damage done and the benefits to be derived from flood control projects. Further steps toward flood control would depend on the outcome of these studies.

Jung Bros. Prepare for Open House Saturday in Newly Renovated Bakery

With the complete renovation of the plant of Jung Brothers bakery now finished following the damage to the premises resulting from the fire of March 15, C. H. and Walter Jung, proprietors, announced today that the establishment will hold open house all day Saturday, May 3, until 9 o'clock in the evening. Coffee and doughnuts will be served to the visitors, who will be escorted thru all departments. The Thief River Falls Women's club will cooperate in the occasion by registering all homemakers and others interested who visit the bakery Saturday.

MAKE PLANS FOR CRIPPLED CHILD CLINIC IN SPRING

To be Staged in Thief River Falls and Seven Other Cities in State

Thief River Falls is one of eight centers in the state at which district clinics for crippled children will be held this spring, according to word received from the Minnesota Bureau for Crippled children. Counties to be served by this clinic are as follows: Kittson, Marshall, Pennington, Red Lake, Roseau.

Crippled persons who are under 21 years of age andwho are not financially able to afford private orthopedic care are eligible for the service of this clinic.

The agencies cooperating with the state bureau for crippled children in plans for the clinic are: The Minnesota-Dakota Orthopedic Club, the Gillette state hospital for crippled children, the vocational rehabilitation division of the state department of education, and the Minnesota Public Health association.

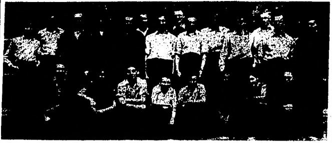
These clinics have two purposes. They make orthopedic examinations available to those who have not been cared for previously, and they afford a check-up examination for those who have had attention through the bureau for crippled children or the Gillette State Hospital.

Persons wishing special information may write to the Bureau of Crippled Children, Globe Building, St. Paul.

Still Use Ice

Despite widespread use of mechanical refrigerators, Americans still consume 46,000,000 tons of ice annually.

FUTURE FARMERS PROVE TO BE EFFECTIVE ORANGE SALESMEN SATURDAY



The group of enterprising boys shown above, all of them members of the local chapter of the Future Farmers of America, conducted their annual orange sale Saturday, and disposed of 17 cases of the fruit to willing buyers, netting the substantial sum of $60.

The money will go into a fund being assembled to finance the annual outing of the thirty boys comprising the local chapter. They plan to make a trip to Duluth and up the North Shore early in June in company with Harold F. Harrison, agriculture instructor in Lincoln high school.

Shown in the picture are, back row left to right: Virgil Samuelson, Stanley Anderson, Alvin Wold, Stanley McMahon, Warren Wasson, Paul Crown, Vernon Anderson, Kenneth Melin, Palmer Roos, Bailey McMahon, C. Engelstad, Raymond Culkins, Garfield Syverson and Mr. Harrison. Front row: Alert Ona, Ogden Helle, Joseph Corriveau, Robert Hayes, Earl Johnson, Ray Offerdahl, James Engelstad and Reuben Bjerke.

STASSEN EXPECTS TO AVOID CALLING SPECIAL SESSION

To Slash All Appropriations Five Per Cent to Balance Budget

The state's budget will be brought into balance by a five per cent cut from every appropriation made by the legislature and, if possible, Governor Harold E. Stassen declared Tuesday night, there will be no special session of the legislature.

In a radio talk ending his series of capital conferences, the chief executive promised that the "greatest possible amount of help" would be given Minneapolis for relief purposes "out of our state relief funds".

Regarding iron ore taxation, the governor reiterated that he was convinced the laws should be considered together "as a combined program even though I did not approve of some parts of the legislation, particularly not the extent of the per capita limitation on local communities."

"Taking the program as a whole, I believe, it will in the long run be in the best interests of the people on the iron range and the people of the state," the governor said.

Hard Shower Brings .94 Inch of Rain Wednesday

With the mercury mounting above the 70 degree mark every day this week, field work in this locality became quite general, only to be halted in some sections Wednesday afternoon by a hard shower that brought .94 inch of rain to this city, as recorded on the power plant rain gauge. The rain came with such force as to cause water to back up into a few basements in the downtown district, as well as in residences and in the basement of Lincoln high school.

Junior Chamber Will Not Meet Until May 8

Don Mattson, president of the Junior Chamber of Commerce, announced today that the meeting scheduled for this evening in the Palm Garden cafe has been postponed, owing to a conflict in dates, to next Thursday, May 8, at 6:30.

Evangelist Coming

REV. MORRIS JOHNSON

Of Racine, Wisconsin, who will conduct a series of evangelistic meetings at the Scandinavian Evangelical Free church beginning next Wednesday evening at 8 o'clock and continuing each evening thru May 14. He will conduct services Sunday, May 11, at 11 A. M. and 2:30 and 8 P. M.

Cancer Control Group Extends Drive to May 7

Times takes a holiday for the cancer control group with the extension of the membership drive to May 7, one week later than the closing date previously set. This announcement was issued throughout the state this week by Louis Hill, Jr., state treasurer of the Women's Field Army of the Minnesota Society for the Control of Cancer, which is currently conducting its campaign for enlistments. Reason given by Mr. Hill is popular request from workers throughout Minnesota for a time extension, owing to the fact that many persons have yet to be reached. "It is apparent," Mr. Hill stated, "that there are many communities where the informative work of the Women's Field Army is just becoming recognized. To conclude our membership drive now, would prevent many people from contributing to this work who would want to do so if given a little more time to understand the importance of this wide-spread effort to save lives from the ravages of cancer."

More Highway Bids Due to be Received May 16

Improvements to an additional 45 miles of Minnesota's trunk and secondary highways, costing upwards of $400,000, will be opened to bidding May 16, according to Commissioner M. J. Hoffman. Comprising nine projects, located in eight counties, the proposed work will include 43.9 miles of bituminous surfacing, 1.5 miles of grading and three bridges, one of which is an underpass on T. H. 61 under the D. M. & I. R. Ry tracks on Thompson Hill at Duluth, to correct a present hazardous traffic situation. The projects include Kittson County, T. H. 11, stabilized aggregate base and bituminous surface treatment for 8.7 miles between Donaldson and 9 miles east, comprising 16,457 tons of gravel, 2,736 cu. yds of binder soil, 133,900 gals. of bituminous material and 7,012 tons of mineral aggregate.

Ole G. Thune Passes Away Wednesday, Apr.30

Ole G. Thune passed away Wednesday, April 30 in a local hospital at the age of 49 years, seven months, and 20 days. Funeral services will be conducted by Rev. R. M. Fjelstad on Monday, May 5 at 1:30 o'clock at the home and 2:00 at the St. Paul Church near Hazel. Burial will be made in the church cemetery.

Mr. Thune was born September 10, 1891 at Hazel and has lived in this community all his life. He was married in Thief River Falls to Miss Clara E. Arneson on July 17, 1920. Surviving him are his widow, Mrs. Clara Thune; two sons, Harvey and Russell; one daughter Beverly, all at home; his parents, Mr. and Mrs. Peter A. Thune of this city; two brothers, August of Hastings, and a twin brother, Emil of Thief River Falls; three sisters, Mrs. J. E. Amundson, Vancouver, B. C., Mrs. H. N. Elofson and Mrs. Carl J. Melby of this city. One daughter and two sisters preceded him in death.

Firemen are Called out Five Times Past Week

The fire department responded to five alarms during the past week, four of them chimney fires causing no damage, and the fifth a grass fire along the alley in the rear of the A. M. Magnuson residence on LaBree av. N. Sunday which damaged some electric light poles. The chimney fires were at the Pat Roark residence, 217 Fourth st. W. Adolph Hagen home at 315 Merriam av., 119 Arnold av. S. and John Lynskey home, 835 Crocker av. N.

Mrs. Ray Rockwell and son Lester of Goodridge visited on Sunday with the former's mother, Mrs. Julius Nelson.

Miss Hannah Erickson of Oklee spent the week-end with her friend, Esther Vake.

Mr. and Mrs. Emil Horejsh of Thief River Falls spent Sunday at E. H. Evenson's.

Farmers Build

American farmers spend between $400,000,000 and $500,000,000 a year on new buildings and improvements.

Final Rites for Gunsten Knutson Held Yesterday

Final rites were conducted from the Silver Creek Lutheran Church on Wednesday, April 30 at 2 p. m. for Gunsten Knutson, who passed away in a local hospital on Saturday, April 26 at the age of 66 years 11 months, and 28 days. Rev. T. C. L. Hanson of Holt conducted the services and interment was made in the church cemetery.

Mr. Knutson, who was born in Saterdal, Norway on April 28, 1874, came to Fisher, Minn., in 1883. In 1897 he moved to Crookston and was married there the following year to Miss Gunild Stollemo. In 1905 they moved to Excel Township where they have since lived.

He leaves his wife, Mrs. Gunild Knutson; three daughters, Mrs. Arthur Johnson of Hibbing, Selma and Bernice Knutson at home; four sons, Knut of Agder Township, Harry of Excel Township, Thorwald of Minneapolis, Otto at home; three sisters, Mrs. Thora Bang of Crookston, Miss Gunild Greibrok and Miss Anna Greibrok both of Minneapolis; three brothers, Ole Greibrok of Warren, and George and Ivan Greibrok of Excel Township; and six grandchildren. His parents, two sisters, and one brother preceded him in death.

ADDITIONAL LOCALS

Dr. Jenson of Minneapolis and Douglas Booren of this city left Wednesday night for Camp Arrowhead, Nestor Falls, Ontario, Canada, where they will spend a few days visiting the latter's brother, Robert Booren. Douglas Booren will leave from there for Algona, Ia., where he will practice optometry.

Hoboes Infest Parks

The 131 roadside picnic parks and 8,000 roadside tables that Michigan has furnished for the convenience of tourists are being used as permanent camping grounds by squatters and Highway Commissioner Murray D. Van Wagoner is very, very angry. "We advertise that Michigan offers frequent stops with spring water, shade trees, rustic highways and picnic tables beside her highways for the benefit of tourists," the commissioner explained, then exploded: "But when legitimate tourists decide to use one of these parks they find it occupied by a gypsy camp, a ramshackle trailer or a hobo camp."

Jelly Caution

To prevent mold or fermentation of jelly, the glasses must be sterilized, the jelly must have a perfect paraffin seal and the jelly must be stored in a cool, dry place.

Ten Cars of Livestock Derailed on Soo Line Close to Minneapolis

Ten Soo Line freight cars loaded with livestock were derailed, and three of them overturned, early Thursday just east of Hamel, nine miles from Minneapolis, when the axle assembly of one car collapsed.

Three hundred cows, sheep and hogs were herded from the cars by trainmen and nearby farmers to pasture in adjacent fields.

Forty-five animals, injured when the cars turned over, had to be shot.

Two passenger trains from Portal, N. D., and Winnipeg were tied up at Hamel because of the wreck and passengers had to be brought to Minneapolis by bus.

The 25-car "farmer pickup" freight was bound for the Twin Cities and South St. Paul from Winnipeg when the journal on a butter car broke. The car left the track, derailing cars behind it.

Three of the cars overturned in a small ditch alongside the tracks. Some of the animals suffocated and others were injured in the cattle panic that followed in the cars.

LIBRARY NOTES

Through an inter-library loan system, an arrangement has been made by the Carnegie public library whereby books may be borrowed from larger libraries. This should greatly benefit libraries whose budgets do not warrant the purchase of expensive books when it is felt that their use may be very limited. A small fee to cover handling costs will be charged.

There is an increasing need of technical books in libraries at this time. To meet the demand, a consistent effort is being made at the local library to secure the most helpful books along these lines. Late editions of the following have recently been purchased:

Abbott— National Electrical Code Book.

Timbri—Essentials of Electricity Servicing.

Plumly—Oxy-Acetylene and Arc Welding

Hicks—Principles and Practice of Radio.

Audels—Automobile Guide.

Broemel—Sheet Metal Worker

Hjorth— Principles of Woodworking.

American Society of Heating and Ventilating Engineers— Heating, Ventilating, Air Conditioning Guide.

Townsend—How to Estimate

Hodgson—The Steel Square.

Dykes Automobile and gasoline Engine Encyclopedia 19th edition

Judson—Boat Builder.

Givens—Reading Blue Prints

French—Manual of Engineering Drawing.

Quick Freezing Corn

Corn intended for quick freezing keeps better and tastes better if it is washed and then scalded on the cob before it is cut, says the United States department of agriculture. Most vegetables to be quick-frozen are first scalded in boiling water or live steam to stop the action of plant enzymes or ferments which cause off-flavors and odors in food. The department's frozen pack laboratory at Seattle, Wash., is studying quick-freezing methods for foods. The sugar content of corn washed and scalded after removal from the cob is reduced about 30 per cent, workers at the laboratory report. They recommend that packers of frozen vegetables scald corn before cutting it off the cob.

Removing Wallpaper

Old wallpaper may be removed by simply wetting it with cold or tepid water, using a brush. Repeat the wetting until the paper and paste are soaked through, then the paper may be pulled off without much scraping.

Mother Builds Playground

A mother's ingenuity and her desire to give her children a place to play where they could be under her watchful eyes, prompted Mrs. Maurice Stauffer of Seattle to build a playground for her two children in her back yard, although she knew little or nothing about carpentry. Obtaining plans, she built swings, teeters, and other play equipment, with her tools consisting of hammer, saw and brace. The playground also contains a trapeze, horizontal bar and a platform for a tent. And she is the proud possessor of a first prize for a backyard playground equipment built by a Seattle mother, offered by the Seattle Parent-Teacher council.

RECREATION UNIT TO FUNCTION ON 2 NEW PLAYGROUNDS

St. Bernard's and Northrop School Playgrounds Now Included

Plans for the summer recreation program were discussed at a meeting of the Thief River Falls recreation planning board held in the Auditorium Monday night. The group acted favorably on proposals made by Ferd B. Elstad, recreation supervisor, for two new playgrounds, one at St. Bernard's school and one at Northrop school, and for further appropriation of funds for additional equipment purchases.

The new playgrounds, along with East-side and Tindolph play areas, gives the city a well organized playground setup. Heretofore, children around the Northrop school and the Westside as a whole had to cross the river for playground use. The proposed areas will permit the children to find just as much in the line of play in their own neighborhood. Table tennis, croquet, basketball, horseshoe, tetherball, and other games such as softball and baseball will be available at the new playgrounds. Supervision will be handled by WPA recreation leaders.

Play areas under the direction of WPA leaders will be open from four o'clock until six during May. After that hours will be increased. Activities in the arena recreation center will continue nights during the month of May.

Funds appropriated at Monday's meeting for further equipment purchases will double the amount of athletic and game equipment already available.

SAVINGS AND LOAN ASSNS. REPORT ON 1st QUARTER

Loans on homes in Minnesota made in the first quarter of 1941 by the insured savings and loan associations in that state totaled 1,185 and amounted to $3,097,930, it was announced today by Nugent Fallon, general manager of the Federal Savings and Loan Insurance corporation. Savings placed by the public in these associations during January, February and March totaled $6,329,495. Assets of the associations totaled $60,920,000 on April 1.

Rural Pupils Visit Local Institutions

Better informed as to Thief River Falls institutions are these pupils from School District 94 in Black River and District 180 in Bray, following visits made last Thursday. The children, in company with their teachers, Miss Mae Maki and Miss Lorraine Engelbretson, visited the postoffice, creamery, fire department, power plant, sewage disposal plant, Jungs bakery and the Times office. Shown in the rear of the picture, left to right, are James Erickson, Maurice Steiger, Miss Maki, Miss Engelbretson, Robert Vielguth, Evelyn Pearson, Evangeline Hallstrom and Allen Swanson. In front are Margaret Swanson, Joyce Olson, Dolores Pearson, Merle Erickson, Lois Vielguth, Russell Rux and Buddy Kruse.

SOCIAL WORKERS WILL CONVENE IN ST. PAUL MONDAY

John Lynskey and Miss Odell Will Represent County Welfare Office

More than 2,000 social workers and others interested in social welfare from all parts of Minnesota will attend the 49th annual State Conference of Social Work which will be conducted May 5 through 9 in St. Paul.

With the biggest program ever arranged for the conference, meetings will be conducted in Hotel Lowry, Hotel St. Paul, and the St. Paul Municipal Auditorium.

A list of nationally known figures will speak at the various meetings, it was announced by Fred D. Thomas, president of the conference. Included in the list will be famous personages as Madam Frances Perkins, secretary of labor; Clarence A. Dykstra, former head of the draft board, and now head of the national labor conciliation set-up; Edith Abbott, dean of the school of social service administration at the University of Chicago; Jane Hoey, president of the National Conference of Social Work and many others.

The Pennington county welfare office will be represented at the conference by John K. Lynskey, executive secretary, and Miss Margaret Odell, child welfare worker.

Fred Forsberg & Sons Making Progress on New Seed Machine Factory

The basement and foundation have been installed for the commodious new structure to be used by Fred Forsberg & Sons for the manufacture of the company's popular line of seed cleaning equipment. Located on the east side of the Soo Line right-of-way near the south edge of the city, the structure will be 52 by 100 feet in dimensions and two stories in height. To be moved and attached to the new building is the present factory building 30 by 60 feet in dimensions.

AUDITOR RECEIVES INSTRUCTIONS ON FISHING LICENSES

1941 Legislature Increases Charge for Resident Permits

In a telegram received Wednesday from the state game and fish department, County Auditor A. M. Senstad was advised that the 1941 legislature had passed a bill increasing the price of resident fishing licenses. Instructions also were given as to the method of exchanging new licenses for the 201 permits issued in the county on the former fee basis.

The legislature increased the costs of resident fishing licenses from 50 cents to $1.00 per person and provided for a husband and wife license at $1.50, and for a license for old age pension recipients without charge.

Persons who have already obtained their 1941 fishing licenses will be obliged to pay the additional fee and get new licenses. Credit will be given them for the sum they have already paid, but the new licenses will be required of all persons fishing in the state.

A supply of the new licenses is expected to reach the city today. Fishing for trout and bullheads is now permitted, while pike season is scheduled to open May 15.

40,448 Retail Stores in State, Census Indicates

Retail stores in Minnesota showed a gain of 2,953 or 7.9 per cent between 1935 and 1939, according to figures just released by the United States bureau of the census. The census count showed 40,738 stores two years ago, compared with 37,495 in 1935. Of these 37,417 were independent stores which in 1935 totaled 34,153. Chain stores in 1939 were 2,106 or 5.2 per cent of the total. In 1935 they had numbered 2,436 or 6.5 per cent of the total.

LISTENING TO LINDBERG

Why all this fuss and fury about what Charles Lindberg thinks our country should do. We say this without any lack of respect for Lindberg's demonstrated ability as a flier. But there is nothing in Lindberg's record to establish him as a wise and able leader whose opinions are deserving of special respect. As a matter of fact, considering his conduct on several occasions, there is some reason to believe that he is as underdeveloped mentally in some directions as he is overdeveloped in others. It surely is not unfair to him to classify him as an eccentric. A few years ago he packed up, bag and baggage, determined to become an Englishman. Then he got a mad on at the English and returned to this country, probably for lack of a better place to go to.

He is still mad at England and there is reason to believe that he secretly hopes Hitler will win the war. He has stated that he thinks it will make no difference to our country which side wins. That statement alone should disqualify him as an adviser of what we should do, for to most Americans it makes a great deal of difference whether or not the Hitler-Mussolini-Jap combination wins. If Lindberg were consistent he would tell us there is no need to arm to defend even our own country, because certainly if Britain wins we have no need for arming and if it makes no difference to us which side wins then it would be foolish to arm on the chance that Hitler and the Japs might win.

Americans are whole heartedly in favor of building up our defenses because of the fear that Hitler will win and not because of any fear that Britain may win. Congress has debated and adopted, with the general approval of the people, a program of aid to any and all nations that are resisting the aggressors. To all practical purposes we have declared war on the aggressor nations. We have given our word to the nations that are resisting the aggressors, pledging them our support. Now Lindberg tells us we should do an about-face. If that isn't giving aid and comfort to the enemy then Quisling is a good Norwegian.

MINNEAPOLIS IN DISTRESS

Minneapolis newspapers are quite bitter in their denunciation of representatives of rural Minnesota because the legislature failed to provide financial assistance for their distressed city. It may be that the bitterness is justified. There is a possibility that the people of the big cities have been treated shabbily by their country cousins. If that is true then it is due to a misunderstanding of the facts rather than to any desire to be unfair or to any lack of appreciation of what the cities have done on various occasions to assist in the relief of distressed rural areas.

For one thing the people of Minneapolis have not as yet convinced their country cousins that their financial condition is critical. The figures available to us indicate that Minneapolis is in no worse financial condition than Thief River Falls or any number of other small Minnesota cities. From the last Minnesota Year Book, published in 1939 by the League of Minnesota Municipalities, we find that the per capita debt of Minneapolis citizens, owed by their local taxing units, is within a few cents of the per capita debt of citizens of Thief River Falls. The tax levy in Minneapolis is about the same as the levy in Thief River Falls, and our levy is now comparatively low. And tax delenquency is no greater in Minneapolis than it is in Thief River Falls.

Comparisons of this kind may be unfair but they appeal to us as being reasonable, and until we were shown wherein they are not reasonable we would continue to question the seriousness of Minneapolis' critical condition.

The records indicate that Hennepin County is still in excellent financial condition. Rural Minnesota knows that a large number of Minneapolis people are building their homes outside of Minneapolis, but still in Hennepin county, because of the lower taxes outside the city. Maybe one answer to the problem would be to shift the Minneapolis relief load to Hennepin County, or possibly extend the city's limits to include its wealthy suburban communities.

When Minneapolis newspapers refer to relief that has been granted in the past to distressed rural counties they should refresh their memories on how serious a condition had to be before representatives of the cities considered it an emergency that justified assistance by the state. For instance only counties that were 25% tax delinquent were given relief on their ditch bond indebtedness. Our county, Pennington, was not 25% delinquent and received no relief. Minneapolis, comparatively, has little tax delinquency and by the standards of the legislature that once extended aid to rural Minnesota, Minneapolis is not now in distress.

It is to the interests of rural Minnesota that the state's large cities be prosperous and there is no inclination on the part of rural Minnesota to be unfair to the large cities or to retard their development. That the large cities are confronted with a difficult problem is generally admitted but there is no reason to believe that that problem is so difficult the cities cannot solve it by themselves. There is no reason to believe that their problem is any more difficult, relatively, than the financial problem of many smaller communities in the state that are struggling along, hoping by economy and good management to pay their own way.

Serious reading multiplies, according to the census bureau. In 1939, the production of fiction dropped almost one-half from 1937, or from 25,454,134 volumes to 13,511,181. No reason is given, but a good guess is that many recent novels have been so ornery, with an oversupply of vicious characters, a parade of singularly repellent incidents. Production of Bibles and other religious works has increased, and in 1939 these, plus books of reference, and books on philosophy, history and biography, outnumbered novels by some 3,000,000 volumes. No moral need be drawn, the comparison being itself the moral.—Cincinnati Times-Star.

$619,292 in New Work Added to '41 Highway Construction Program

With the opening of bids on nine additional new trunk highway and six secondary road construction jobs last week, another $619,292 in permanent improvement projects was added to the previously announced total of more than $3,000,000 of contract construction work which will be underway by the Minnesota highway department within a few days or weeks, according to Commissioner M. J. Hoffmann. Included in the latest letting are 88.8 miles of bituminous surfacing, 13.6 miles of grading, 13 box culverts and four bridges. Two of the bridges—one in Anoka on T. Hs. 10 and 52 over the Rum River, and the other on T. Hs. 10, 52 and 218 over Lake Orono on the new alignment of these highways—are "strategic necessity" or defense highway projects, costing a total of almost $250,000.

PUBLIC OPINION

Fort Ord, California
April 25, 1941

Editor the Times:

I will try and give you a little follow-up on the letter that I sent some time ago. I will try and give you good people at home an inside view into the life of a "Selectee".

The men that left Fort Snelling on January 27th are now finished with their basic training and have been assigned to the jobs that they will be expected to master while in the service. No longer do we have drills with and without the rifle. That part of our training is behind us. Being Medical Soldiers, we are not expected to be as well trained in field maneuvers as the infantry. Instead, our regiment must become proficient in rendering basic first aid, litter and stretcher carrying, and ambulance driving. Ours is a non-combat unit, and as long as we know the basic principles of the rifle, and a few of the more simple drills, our so-called fighting knowledge is complete.

There are ten companies in this regiment. The first three, Co.'s "A" "B" and "C" are known as the first battalion. They collect the injured from the combat zone and are also known as the "Collecting Battalion". The next three, Co.'s "D", "E" and "F", make up the second battalion. Their job is to receive the patients that are brought to them by the collecting companies and prepare them for evacuation. The next three, Co.'s "G", "H" and "I", are known as the hospital company. Theoritically, they are located about ten miles behind the front and it is their job to make the patients well so that they can go back and fight. The last, and most important company, is the one to which I belong. It is our job to service and supply these other companies with all the necessary materials and equipment that they might need. We also run the Regimental Headquarters, where records are kept of every man in the Regiment. It is here that I work, and you can take my word for it, WE REALLY WORK.

The ladies in Thief River Falls could really learn something about meal-planning in the Army. How would you like to make three meals a day for 170 men? That is the problem that is faced by the cooks and mess sergeants in the Army. And what is more important, they must stay within a budget. They are allowed to spend 44c per man, per day. That isn't a lot of money to buy food for three meals with. But that is all that they are allowed to spend and they do a very good job.

Most of the men that were here when we came have been transferred to different posts and new "Selectees" have taken their place. That makes us "old men" and it is nice to think that we're no longer "rookies" and that these new men must look up to us. Next month ratings will be given out, and we are the only ones eligible to get them, as there is an army rule that a person must be in the service four months before he can receive a rating. Who knows, some of us will no doubt be Sergeants and Corporals before another 30 days have passed.

Our Regiment is very fortunate in having the most enterprising chaplains in the Army. They arrange to have a group of men go into the surrounding towns and put on programs in the local churches every Sunday night. You people would be surprised to see all of the men that want to go on these tours. Fellows that formerly went to church "occasionally" now go regularly every Sunday, for if a man does not go to church on Sunday morning at the post, he doesn't have much of a chance to go Sunday night. The chaplains also take charge of our recreation halls and it is their job to prepare schedules for baseball, basketball, diamondball, and all of the other sports that the companies take part in. They have a tough job and everyone agrees that they do it well.

Many of the fellows from Thief River Falls are "griping" because their "girl friends" and others are not writing often enough. I agree with them, 100%. I know for a fact that everybody out here would be a lot happier if folks back home would make it a point to write more often. I will close with the plea that you answer your letters as soon as possible because every soldier out here looks forward to that letter from home.

As ever,
Pvt. O. W. Brandon

SO. ST. PAUL LIVESTOCK

(By U. S. Department of Agricultural Economics and Minnesota Department of Agriculture)

South St. Paul, Minn., April 29, 1941: The general hog trade was steady to 25c lower than the close of last week with barrows and gilts under 250 lb. showing the most downturn. Tuesday's top was $8.35, while bulk of the Good and Choice 160 to 240 lb. barrows and gilts sold at $8.25 to $8.35, according to the Federal-State Market News Service. Similar grades 240 to 270 lb. offerings moved to $8.15 to $8.35 while 270 to 330 lb. averages were taken at $8.00 to $8.20, and heavier weights sold downward to $7.80. Good and Choice 140 to 160 lb. weights made $7.75 to $8.25. Good sows of all weights bulked in a $7.65 to $7.75 spread, with stags going at $7.25 to $7.75. Feeder pigs were down 50 to 75c, the bulk clearing at $7.75 to $8.25.

Supplies of slaughter steers were about equal to demand and prices showed no quotable change during the first two days of the review period. Heifers and cows were also steady, despite a sizeable bulge in cow offerings on Tuesday. Bull prices declined 25c. Stockers and feeders met very narrow demand and the market tilted downward about 25c. Vealers sold fully steady. Good and Choice grades bulking at $9.00 to $11.00, with strictly Choice $11.50, Medium to Good slaughter steers bulked at $9.00 to $10.00, a load of Choice 1069 lb. weights making $11.00. Most Common and Medium stocker steers brought $7.50 to $8.50.

Unevenly higher price levels were enforced for fat lambs, extreme gains being around 35c. Other slaughter classes shared in the market strength. Swelling price costs were attributed to curtailed receipts and a sharply improved tone in the East on dressed lamb carcasses, with all live markets responding with high cost prices. Shorn lambs continued to make up a large proportion of the supply. Wooled lambs topped at $10.40, with general quality of shipments chiefly of Medium to Good flesh. Good to Choice shorn lambs cleared from $8.90 to $9.25.

Borrowers Default

Borrowers from 31 government corporations and lending agencies have defaulted on $1,032,743,486 in principal and interest payments, the treasury reported. The 31 agencies, according to the report, have lent $24,970,549,821. Their net assets are $12,400,000,000, their net liabilities $7,783,000,000.

Dogs Noses Printed

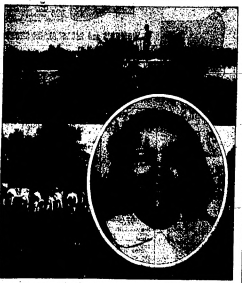
Child Health Aided When Farmers Enrich Soil



Observance of Child Health Day every May 1 indicates the nation's interest in the welfare of its future citizens such as this radiant child. This interest is shared by the 6 million farmers cooperating in the AAA farm program. As a contribution to proper nutrition for growing children, these farmers are creating soil conditions which assure an abundance of healthful foods both now and in the future. Application to the land of liming materials and superphosphate, shown in the top picture, is one means of doing this. Such practices mean better pastures, more and better milk from dairy cows, and healthier American children.

We, the undersigned, and each of us, respectively the President and Secretary of the Thief River Falls Co-operative Creamery Association, a corporation duly organized, created and existing under and by virtue of the laws of the State of Minnesota, of the City of Thief River Falls, Minnesota, do hereby certify that at the annual meeting of the stockholders of said corporation, duly and regularly called and held in accordance with the requirements of the laws of the State of Minnesota at the Sons of Norway Hall in the City of Thief River Falls, Minnesota, on the 11th day of February, 1941, at 1:30 o'clock in the afternoon of said day, at which said meeting 148 stockholders were registered as being present, in person and by mailed vote (120 in person and 28 by mailed vote), who constituted more than a quorum of the stockholders of the corporation, and that a majority of all said stockholders at said meeting voted in favor of the adoption of the proposed amendment to the Articles of Incorporation of said corporation which meeting was called and held for the purpose of voting upon said amendment; that said amendment was previously duly adopted by resolution by the Board of Directors of said corporation at the regular January meeting of said body held at the office of said corporation in the City of Thief River Falls on the 23rd day of January, 1941, all members thereof being present and voting in favor of the adoption thereof, which proposed amendment was duly submitted to the Attorney General of the State of Minnesota for his examination and approval, and was duly approved by said official, which amendment as approved and adopted as aforesaid, is as follows:

ARTICLE IV. "The amount of the capital stock of said corporation shall be Twenty Thousand ($20,000.00) Dollars, divided into Sixteen Hundred (1600) shares of the par value of Twelve and 50/100 ($12.50) Dollars each."

That a true copy of said resolution of the Board of Directors of said corporation adopting said amendment, together with a true copy of the approval of said amendment by the Attorney General of the State of Minnesota, together with a true copy of the Notice given to the stockholders of said corporation of the time and place of meeting, at which said meeting the resolution amending the Articles of Incorporation of said corporation would be by them voted upon, are hereto attached and made a part of this certificate.

Given under our hands and the seal of said corporation at Thief River Falls, Minnesota, this 17th day of February, 1941.

JOHN FUNNEMARK,
President of the Thief River Falls Co-operative Creamery Association.
CHRIST NELSON,
Secretary of the Thief River Falls Co-operative Creamery Association.

MORTGAGE FORECLOSURE NOTICE

Default has been made in the conditions of that certain mortgage made, executed and delivered by Lincoln Arnold, as administrator of the estate of Andrew Torgerson, also known as Andreas Torgerson, decedent, mortgagor, to Northern State Bank of Thief River Falls, a corporation, of Thief River Falls, Minnesota, mortgagee, dated March 21st, 1939, and filed for record on the 22nd day of March, 1939, at 9:00 o'clock A. M., in Book 86 of Mortgages, Page 408, which said mortgage was thereafter assigned by the Northern State Bank of Thief River Falls to Ruth G. Lundgren, by written assignment dated April 19th, 1941, and filed for record in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of April, 1941, at 4:00 o'clock P. M., in Book 83 of Mortgages, Page 645; that no action or proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; that said default consists in the failure of the said mortgagor to pay the principal and interest due thereon in the sum of Fifteen Hundred Ninety-four ($1,594.00) Dollars on the 1st day of April, 1941, pursuant to the extension agreement dated April 11th, 1940, and filed for record in the office of the Register of Deeds, Pennington County, Minnesota, on the 19th day of April, 1940, at 9:00 o'clock A. M., in Book 85 of Mortgages, Page 300; that there is due and claimed to be due upon said mortgage, principal and interest to the date hereof, the sum of Fifteen Hundred Ninety-four and 87/100 ($1,594.87) Dollars.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to-wit:

The Southwest Quarter of the Southwest Quarter (SW¼ SW¼); the East Half of the Southwest Quarter (E½ SW¼), and the Southeast Quarter of the Southeast Quarter (SE¼ SE¼), all in Section Three (3), Township One Hundred Fifty-three (153), Range Forty-three (43), less, however, the strip of land One Hundred (100) feet wide, running through said premises and used as a right-of-way for the Minneapolis, St. Paul and Sault Ste. Marie Railway Company,

will be sold by the Sheriff of Pennington County, Minnesota, at public auction, to the highest bidder, for cash, at the East front door of the Court House in the City of Thief River Falls, in said county, and state, on the 6th day of June, 1941, at 10:00 o'clock A. M. of that day, to pay the debt then secured by said mortgage, and taxes, if any, on said premises, and the costs and disbursements allowed by law, subject to redemption within twelve (12) months from said date of sale.

Dated this 23rd day of April, 1941.

RUTH G. LUNDGREN,
Assignee of Mortgagee.

Paul A. Lundgren,
Attorney for Assignee of Mortgagee,
Thief River Falls, Minn.

Alligators, Solution

In New Orleans, La., the Times-Picayune reported that an American fisherman had written to King George suggesting a solution for Britain's troubles with German mines. The "solution": That the British get 500 of Louisiana's biggest alligator gar fish, place steel bands around them, and turn them loose in mine-infested waters. The gars, it was said, would run into the submerged mines and explode them.

Beaver Built Dams

Beavers have been planted in several Nevada streams, in hopes they will build dams that will benefit irrigationists. The animals have gone to work promptly and already have thrown barricades up in several places.

Cold Baths to Reduce

Fat people take Turkish baths, thinking they will reduce that way, but according to some authorities, a Turkish bath will make you sweat, but what one loses here, he makes up almost immediately by his great thirst and hunger. As a matter of fact, cold baths are best to reduce, say these experts. The reason, they say, is that cold causes a loss of body energy which repairs itself by consuming some of the surplus fat.

Did the Trick

Arraigned before Magistrate Peter A. Abeles in a Bronx, N. Y., court for disorderly conduct, George E. Halperin, a vagrant violinist, immediately asked the court: "Do you know Judge Abeles?" Startled, Magistrate Abeles answered, "Oh, I don't think so much of him." The prisoner retorted: "He's a fine fellow and a good friend of mine." Said the court: "Sentence suspended. Give my regards to the judge."

LOCAL BALL CLUB WHIPS NYA TEAM IN SEASON START

Pitcher Hemmy Sahl Holds NYA Batsmen to Four Bingles

The local ball club opened its season by defeating Joe Belanger's NYA team, 11 to 2, in an informal game on the Fair Grounds diamond last Sunday. The local boys raked the jerk-arm pitching of Jesse DuChamp, who was on the mound for the NYA for eight hits and nine runs in the five innings that he hurled. Hemmy Sahl, hurling for the locals, pitched steady ball allowing but four hits and collecting 10 strikeouts.

An interesting program has been arranged for the May meeting of the Pennington County Sportsmen's club, to be held in the Civic and Commerce rooms in the Auditorium next Tuesday evening, May 6, at 8 o'clock, Wm. H. Borchert, secretary, announced today. C. D. Vogen, superintendent of the Mud Lake game refuge, will discuss the work being done there, and motion pictures will be presented dealing with wild life of the Rocky Mountain region, the films being supplied by the American Nature association of Washington, D. C. Lunch will be served at the close of the evening.

ONLY 4 LETTERMEN APPEAR FOR TRACK EVENTS THIS WEEK

District Meet Is Slated for Grand Forks Saturday, May 10th

Only four lettermen—Don Olson, quarter and half miler; Tommy Carlisle, 220 yard and 440 yard runner, broad and high jumper; Bob Rose, broad and high jumper; and Bruce Biddick, hurdler—were in the small squad of track men that reported this week to Coach John Lindenmeyer for intensive outdoor drill in preparation for the district meet which will be held on the University of North Dakota field, Saturday, May 10th, and the regional track meet which will be held on the Bemidji State Teachers College field, Friday, May 16th.

Coach Lindenmeyer will rely on his veterans for the bulk of the points, with each letterman entering at least two events, and in the case of Tommy Carlisle, four events. But Lindenmeyer hopes to find some point-winners among the new candidates, particularly in the field events. Armand Pederson, Luther Fjelstad, and Russ Garness, have been drilling in the weight events, the shot put and the discus.

Candidates for the running events are Orlin Gjernes, the 220 or the low hurdles; Johnny Farbst, 440 and 880; John Iiorry, 220 or 440; Homer Matheson, 880; Lloyd Alnes, 880; Lenny Lorentson, hurdles; Roman Paulson, 100 and 220; Gordon Prestby, 440 and 880. The squad lacks experienced sprinters for the 100 and the 220; and pole vaulters. It is planned to train such youngsters as Calvin Ripley in the pole vault; but it is a problem to find boys to fill the dash events.

Seek Registration of Railroad Mechanics

The local office of the division of employment and security currently has a number of unfilled job orders for railroad mechanics. Positions are now open for locomotive pipe fitters, railroad blacksmiths, railroad electricians, and passenger and freight car men. The division also is looking for armature winders.

Details can be obtained at the Thief River Falls employment office, in charge of C. J. Sjolander. The telephone number is 411.

NORTHERN MINNIE BASEBALL LEAGUE ORGANIZES FRIDAY

G. A. Kruegar of Plummer Is Elected League President

Representatives from Plummer, Winger, St. Hilaire and Thief River Falls met here last Friday night and organized the Northern Minnesota baseball league for the coming season. The league directors drafted and accepted a constitution; re-elected G. A. Kruegar, Plummer, president, and Myles Jackson, St. Hilaire, secretary.

Teams that have definitely entered the circuit are Plummer, St. Hilaire, Winger, and Thief River Falls, and it was hoped that the CCC team and Grygla would also enter, to make the league a six team organization; but according to latest reports the CCC boys and Grygla have entered a league with Greenbush, Roseau, Gatske, and Middle River.

It is expected that league president Krueger will announce the league schedule in a week or two.

Dr. O. O. Gustafson of Alexandria Heads R. R. Valley Augustana Synod

Dr. O. O. Gustafson of Alexandria Friday was elected president of the Red River valley conference, Lutheran Augustana synod, which met last week in the Elim Lutheran church in Fargo.

Other officers, all re-elected, are Rev. W. E. Erickson of Hallock, vice president; Rev. J. E. Dahlgren of McIntosh, secretary, and Emil Gahlon of Alexandria, treasurer.

In his report, Dr. Gustafson said that 60 per cent of the confirmed membership attend church regularly and that attendance at vacation Bible schools has been increasing steadily. There are 699 Sunday school teachers active in the district.

Newly admitted to the conference were the districts of Bismarck and Sheyene, formerly in the Minnesota Lutheran conference, Dr. Gustafson said.

With a comparatively small indebtedness, the conference is on a sound financial footing, the president said.

Traffic Offenses Bring 4 into Municipal Court

Four men were fined in municipal court this week for a variety of traffic offenses. Taken into custody by the highway patrol on Highway 32 north of St. Hilaire Sunday were Vernon L. Wold, who was fined $5 and $3 costs for operating a car with improper brakes; James A. Van Pelt, fined $25 and $3 costs for careless driving; and Sam K. Sevre of St. Hilaire, fined $15 and $3 costs, also for careless driving. J. A. McEnelly of Goodridge, arrested by local police on East Third st. on a charge of driving a car while intoxicated, was fined $50.

Local Homes Visited for Pre-School Roundup

A meeting of the committee in charge of the pre-school round-up was held Wednesday afternoon in the office of Mrs. Clara Paulson, school nurse, to complete arrangements for the roundup. Home calls have been made on all known kindergarten children, and any parent whose children will enter kindergarten next fall who has not received a call from a member of the committee is asked to telephone Mrs. Andy Williamson, phone 815, or Mrs. Paulson, phone 690.

St. Bernard's Pupils to Give Play at Goodridge

Following the successful presentation by pupils of St. Bernard's school in the Auditorium Tuesday evening of the two-act comedy, "Paints and Patches", it was announced that the production will be repeated in the Godridge school gymnasium Friday evening, May 2, at 8:30. Sisters on the teaching staff of St. Bernards' school are in charge of the presentation of the play.

These Are the Facts

The following statistics will be of general interest to local hockey fans, and should be of particular interest to Crookston's Walt Grinols, who appears to have been worried about our hockey finances. The total receipts for the 1940-41 hockey season were $3,303.50, and this total resulted from the following items: admission fees from 15 leagues games, $2,574.16; net receipts from 7 play-off games, $537.34; and miscellaneous credits, $192.00. The total expenses for the season amounted to $3,281.76, and this sum can be broken up into the following items: hockey player salaries, $1,872.10 (Dec. $317.00, Jan. $625.00, Feb. $625.00, March $305.10;) play-off bonus, $80.00; equipment, $231.75 (includes item for 100 hockey sticks, or an average of 3 sticks per game, at a cost of $130.00); league dues, hospital bills, rink labor, $162.78; advertising, $84.15; telephone and telegraph, $68.83; first aid equipment, tape, soap, etc., $39.73; traveling expenses, including the trips to Winnipeg, $249.10; referees salaries and expenses, $193.40; paid federal government amusement tax, $149.92; in reserve to pay additional government tax, $150.00. There was a sum of $550.00 received from our out-of-town games, but this item at $30.00 a game, was repaid to the league teams that played here, so that operates as an off-set.

Now these figures, and they are the official and authentic figures which the government tax experts have at their disposal, should squelch that fable that the league champion Thieves went into the "red" on hockey this season. And note this: we were the only team in the circuit to pay the federal tax!

And here's another noteworthy item: due largely to the fine work of Bill LaFave's hockey committee, the huge deficit of the 1939-40 season, nearly to the amount of $800.00, has been reduced to about $75.00, and all without putting the "bite" on local merchants!

They'll be After Lake Trout

Yesterday morning, Johnny Jacobson, Oscar Ellingson, Bob Lane, and Lloyd Nereson, left for Kagagi (Crow) lake to open the lake trout fishing season. And on Sunday, George Moatue, Haakon Olson, Leon Kalihar, and Roy Oen, will leave for Atikwa (Deer) lake, about 25 miles north of crow lake and they, too, will be after lake trout. On Monday, Helmer Baumann and Frank Hinkel (leaving Paul Lundgren at home wrapped up in rheumatism) will head for Atikwa lake. And while those guys are trolling spoons and spinners for lake trout, I'll be on Slim Lawson's pier, north of town, with a cane pole and angle worms, fishing for bullheads.

Good News for the Hornets

It will perhaps be good news to the Hornets, the high school hockey team, to learn that according to reliable reports, it is very probable that Walt DePaul will become a member of the local high school faculty. And that means that the Hornets would get an A-1 hockey coach.

Wanted: a Baseball team Manager

The local baseball team, featuring the three DuChamps in the outfield, is all set for the Northern Minnesota baseball league season, but they haven't a manager. The team prospects are pretty good, too, that is, until the draft begins to pick off the players. They have Hemmy Sahl on the mound; had Arnie Karlstad for a catcher until Plummer recalled him; have Stan Cockrell or Gordy Zimmerman at first; Johnny Jaranson at second; Clarence Rasmusson at third; Nick Bromberg at short; and Bill Gray and Happy Erickson available for the infield or outfield.

Miscellany

The boys "took" Judge Lincoln Arnold for 60 cents on the golf links Sunday. A couple more Sundays like that and the Judge will be going back to tennis—Steiner Bergland, bowling with the Western Oil Co. team in a match at Bemidji last week, rolled one of the highest games recorded there this season, a 287 game. He spared the first frame and then chalked up ten straight strikes—The high school intramural diamondball league had a 30 to 29 game the other afternoon. The book-keeping department kept score— Daryl Dunrud and Merle Carlson, members of the Junior baseball team last year, are on the CCC team, Dugan is playing second base; and Merle doing the catching.

The water impounded by the Grand Coulee dam is sufficient to provide 2,000 gallons to every person on earth.

Flynn and de Havilland in "Santa Fe Trail" at Falls Theatre Sunday

Thrills, color and action feature "Santa Fe Trail", to be presented at the Falls theatre Sunday, Monday and Tuesday, with a midnight prevue Saturday evening at 11:15. Errol Flynn and Olivia de Havilland head the cast, which also includes Ronald Reagan and Raymond Massey.

James Stewart and Hedy Lamarr are teamed for the first time in "Come Live with Me", the story of an Austrian refugee seeking to remain in America, which will be the offering at the Avalon theatre Sunday and Monday. The supporting cast includes Ian Hunter, Verree Teasdale and Donald Meek.

EDNA LEE HIGH IN LADIES' HANDICAP BOWLING TOURNEY

Dolores Urdahl, Mrs. Gladys Grovum Place Second and Third

The championship trophy of the women's handicap bowling tournament, rolled on the Mint alleys on Sunday, was won by Miss Edna Lee with an aggragate of 679 pins. Miss Lee rolled her "hook" ball into the pins for games of 166-168-156-178 and 668 actual pin total, which with a handicap of 11 pins totaled her prize-winning 679.

Miss Dolores Urdahl, with a 653 total, on games of 163-135-151-182, and with a 32 pin handicap, won the runner-up trophy; and the third place winner was Mrs. Gladys Grovum, who had games of 152-181-147-145, and, with a 24 pin handicap, totaled 647 pins.

Deadlocked in fourth place were Miss Rhodella "Tootie" Angell and Mrs. Ilea McLeod, each with a 644 total. Miss Angell, on a 100 pin handicap, bowled games of 149-carrying a 48 pin handicap, rolled 143-161-149-143.

DIAMONDBALLERS TO START SEASON ABOUT MAY 15TH

Eight-Team League to Swing into Action on the Fair Grounds Diamond

Seven teams of an eight-team diamondball league are now definitely lined up for the season's play, scheduled to get under way on the fair grounds diamond about May 15, the committee in charge announced today, at the same time soliciting support of local citizens for this popular sport.

Teams entered to date include Bridgemans, Land O'Lakes, Kiewels, Hartz, Bjorkman's Toggery, Oens and NYA, and it is expected the eighth entry will be supplied by either Viking or Red Lake Falls. Games will be played in the evening under floodlights, and bleachers will be installed for spectators.

The committee in charge of arrangements includes Ole Engelstad, Walt Larson, Ole Ness and Ferd Elstad, city recreation supervisor.

Air lines report passenger traffic for 1940 as being 64 per cent greater than that of 1939.

Triangle Bus Lines Acquire Two New Buses

Two new Clipper buses of 30-passenger capacity will go into service on the Triangle Transportation company bus lines within the next few days as soon as load restrictions are removed from the highways, Hugh Carlson, local manager, announced today. The new equipment will serve the routes between Thief River Falls and Fargo and from this city to Detroit Lakes. The buses were brought up from Ohio last week and are now stationed at Crookston.

All Counties in State May Get Food Stamps

Expansion of the food stamp plan to include practically the entire state of Minnesota by June was announced at regional headquarters of the surplus marketing administration in Milwaukee.

Paul H. Jordan, regional director, said 18 Minnesota counties operate under the stamp plan at present. Secretary of Agriculture Wickard has designated 66 others. The only counties not included by June 1 are Carver, Rice and Ottertail.

It is probable, Jordan said, those three will be included later.

LINDBERGH QUITS AIR CORPS AFTER CRITICISM BY FDR

President Calls Aviator a Leader of Appeasement Forces

Charles A. Lindbergh resigned Monday as colonel in the United States army air corps reserve because, he said, his commander in chief—President Roosevelt — had implied certain things about "my loyalty to my country, my motives and my character."

Thus, the thin young man who at 25 historically flew the Atlantic, became a world hero, and rose at once from captain to colonel, requested his government at 39 to return him to private life because he had "no honorable alternative."

In a letter to President Roosevelt, Lindbergh took exception to "implications" he said the president uttered concerning him at last Friday's press conference.

In this conference the chief executive criticized the flier and others who say the Axis powers would defeat Great Britain. The president compared them to appeasers of revolutionary and civil war days who insisted that defeat was imminent and that peace should be sued for promptly.

The president thus 'clearly implied,' Lindbergh wrote, "that I am no longer of use to this country as a reserve officer."

Lindbergh in recent months has been a leading isolationist speaker. Last Wednesday night he said at a New York rally that Britain had only one "last desperate plan remaining" to persuade American entry into the war and to have this country share the "fiasco" with England both militarily and financially.

Solicit Enlistments in United States Marines

The Marine Corps is now calling on the youth of America to build up the strength of the United States Marines. Young men of good character and sound physique between the ages of 18 and 30 years, between 64 and 74 inches in height, and having one year high school or its equivalent, are needed to fill the vacancies created by the present expansion program of national defense. Many vacancies now exist in both the Regular Marine Corps, and Marine Corps Reserve, the term of enlistment being for four years in both branches. Young men interested in an enlistment with the Marines, Regular or reserve, may call in person or write direct to the officer in charge, U. S. Marine Corps, Recruiting Station, 119 Metropolitan Life Building, Minneapolis, or 6 Robert Street, Fargo, N. D.

R. R. V. Development Assn. Gives Nursery Stock to 4-H Workers

Seventeen 4-H boys and girls in Northwestern Minnesota received their nursery stock prizes this week from the Red River Valley Development association. T. M. McCall, Crookston, president of the association, states "The Red River Valley Development Association has now for a number of years encouraged the planting of trees by 4-H club members to the extent of setting aside $100 for prizes to be allotted among the counties of the district for excellence in the planting work.

"The directors of the association decided that the prize money could best be spent in the purchase of additional planting stock, and as a result have sent from 100 to 200 trees or hedge plants to each county winner. The association this year has sent 100 caragana hedge plants 18" to 24" high to each of the two or more winners in each county."

One hundred caragana set one to 1½ feet apart will make a protecting hedge for a garden or a much needed natural snowfence according to Mr. McCall.

4-H boys and girls receiving nursery stock this week as prizes for the 1940 project include: Eugene Sturla, Baudette; Richard Sturla, Baudette; Dick Fitzsimmons, Argyle; Dorothy Lofberg, Argyle; Reed Lamberson, Warren; James Page, Beltrami; Margaret L. Krueger, East Grand Forks; Elton Oberg, Angus; Raymond Auer, Waubun; Vernon Mattson, Waubun; James Jorde, Thief River Falls; LeRoy Thoreson, Goodridge; Norman Claypool, Underwood; Elton Nelson, Battle Lake; Harley Iverson, Fosston; Roderick Fishback, Fosston; Leon Schultz, Roseau.

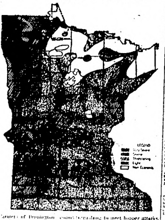
Sandhill Cranes Visit State on Way to Canada

Several hundred sandhill cranes paid a return visit to Minnesota this week when they landed in fields near Rothsay enroute to nesting grounds in Canada. Clay county was host to similar flocks last fall when the birds paused in their southward flight. Sandhill cranes, which stand about four and one half feet, are among the tallest North American birds. Believed extinct at one time, the species is making a determined comeback.

STANDOUT EVENTS FOR AQUATENNIAL ARE SET

A 10-day canoe derby heads the list of standout events already set for the Minneapolis Aquatennial, July 12 to 20. Pushing off at Bemidji July 9, paddlers will race 450 miles across northern lakes, over portages and down the Mississippi river to Minneapolis. Prizes totalling $10,000 will be offered the nations' leading harness racers in the Aquatennial trotting meet at the Minnesota state fairgrounds, July 16 to 19.

Where Grasshoppers are Expected in 1941



Farmers of Pennington county are going to watch the grasshopper situation very closely this summer in spite of the fact that the danger of serious damage in Minnesota is much less this year than last, County Agent Ernest A. Palmer said today that local farmers will again cooperate with state grasshopper control officials in setting up a county organization and arranging to have poison bait on hand if and when it is needed.

T. L. Aamodt, assistant state entomologist in charge of hopper control, says that persistent control work over the past few years has resulted in a marked reduction of the grasshopper danger. The 1941 map, just released by the state entomologist's office, puts a large share of the state area in the "light infestation" class. However, Aamodt urges farmers of this county to keep the battle going by organizing to meet hopper attacks. Local infestation of hopper eggs, plus the nearness to areas which have more than normal infestation, point to a need of continued activity this year.

A county-wide meeting of town board members, county commissioners and farmers has been called for May 20 in Thief River Falls. At that time grasshopper baiting plans will be talked over with state entomologists.

The 1941 grasshopper map is based on surveys conducted late last summer and during the fall to determine the number of adult hoppers present at egg laying time, and the number of eggs to be found in the soil. These surveys have been found to be very accurate in past years. Therefore the map is expected to give an accurate forecast of Minnesota conditions this summer.

HICKORY

The Misses Selma, Ethel and Annie Johnson of Thief River Falls were dinner guests at the A. Josephson home Sunday. They were accompanied by Miss Austa Josephson who has been a patient at the Mercy hospital the past week. Austa is recuperating nicely after her appendectomy. Other visitors at the Josephson home Sunday afternoon were Mr. and Mrs. Henry Brandon and daughter Helen, Elaine and Harold Peterson of Gonvick, Christine Nelson and Kenneth McKercher.

Mr. and Mrs. Elmer Engstrom and Gilmer Oftelie attended the auction at the Mikkel Jorde farm near Thief River Falls Wednesday.

Saturday was "moving day" for Mr. and Mrs. Glenn Tasa and they are now living in their newly built house.

The following transacted business in Thief River Falls last week: Bj. Bjornaraa, Solveig and Einar, Mrs. Thorwald Bjornaraa, Mrs. Sophie Bjerklie and Henry, Mr. and Mrs. Henry Halvorson, Mr. and Mrs. Arthur Arveson, Lorraine and Lenora, Mr. and Mrs. Arnold Brovold, H. C. Hanson, Goodwin Tweten, Mrs. Jergen Oftelie, Mr. and Mrs. Orland Rindahl, Halvor Haugan and Ole Rindahl and Orlean.

The following spent Sunday afternoon at the Jergen Oftelie home: Mr. and Mrs. Arnold Tweten and Marian of Gully, Halvor Oftelie and daughter Carol and Willie Brekke of Oklee, Mr. and Mrs. John Mostrom and Ernest, Orhin Good, Lois and Floyd Haugan, LeRoy Mostrom, Elmer Engstrom and Thore Skomedal.

The following people from this community attended the funeral of the late Martin Foss at the Clearwater church Friday: Mr. and Mrs. Maurice Lillo and family, Mr. and Mrs. Albert Arveson, B. Bjornaraa and Einar, Olof Nelson and Christine, Mrs. Ole Rindahl, Shirley and Orlean, Arthur Halvorson and John Johnson.

Rural school Districts No. 3 and 10 ended their terms on Thursday and Friday respectively. Both schools enjoyed picnic lunches, contests and games.

ROSEWOOD

Mr. and Mrs. Bill Marquis and daughters, Mr. and Mrs. Harvey Marquis and Mr. and Mrs. Richard Reed and daughter of Peoria, Ill., were dinner guests at the Alvin Nelson home near Newfolden Sunday.

Mr. and Mrs. Joe Solney and daughter moved to the Ekblad farm last week. They have leased this farm for the coming year.

Mr. and Mrs. Duane Lappagard, who have made their home in Thief River Falls the past few months moved to the farm vacated by Joe Solney.

Rev. Franklin Dueire of Minneapolis who conducted services at the Mission church last week left Monday evening for Minneapolis.

Mr. and Mrs. P. Pederson motored to Grand Forks Sunday, where they spent the day visiting at the home of their son-in-law and daughter, Mr. and Mrs. Percy Hanson. Mrs. Hanson and children returned here with them, and will visit with friends and relatives here and at Thief River Falls.

Bob Wood, who has spent sometime visiting with friends at Rochelle, Ill., returned home last Sunday.

Rev. S. Hanson of Crookston, accompanied by Misses Fern and Sylvia Mellem left Monday morning for Duluth. They will return Wednesday. Mrs. G. Hanson will return also. She has spent some time with her folks there.

Mrs. John Sagmoen returned home Saturday, after having spent a few days with her son-in-law and daughter, Mr. and Mrs. Elve Solheim at Bemidji.

Rudolph Weflen and Esther Sathey were united in marriage on Thursday in Thief River Falls. The couple motored to Detroit Lakes where they spent sometime. They will make their home on the farm which the groom and his brother are renting.

Only Woman

The only woman ever depicted on the paper currency of the United States was Martha Washington, whose portrait appeared on a series of $1 bills issued between [illegible].

REINER

Miss Elli Aasen closed a successful eight months term of school on Friday. A program was given by the teacher and pupils. Several pupils received prizes for reading the most library books and also for attending school every day. A delicious lunch was provided by the mothers. Those attending were the Mesdames Taylor, Johnsrud, J. Miller, M. Miller, G. Wold, Carl Olson, Iverson, Vraa, Race, Seibert, S. Hermanson, McEnelly, Holen and Sigurd.

Mrs. Donald Seibert and Wavel of Goodridge visited Friday at the home of her parents, Mr. and Mrs. Frank Race, and also visited the closing day of school on Friday.

Several farmers have begun spring work around here, although the fields seem dry, there are still wet holes.

Mr. and Mrs. John Geistler and family have moved to a place several miles east of Bemidji, where they will make their home.

SCHOOL BOARD PROCEEDINGS

Regular Meeting
March 10, 1941.

The Board of Education of Independent School District No. 18 of Pennington County met in regular session at the Lincoln High School Building on March 10, 1941, at 8 o'clock P. M., with the following members present: Jacobson, Hellquist, Hallen, Larson, Stenberg, and Superintendent Bye. Absent: Douville.

The minutes of the regular meeting held on February 10, 1941, were read for approval and approved as read.

It was moved by Hallen and seconded by Larson that Mr. Bye be offered a contract as Superintendent of Schools for the ensuing year at a salary of $[illegible]. Motion carried.

It was moved by Hellquist and seconded by Stenberg that the contract of Miss Kathryn Fossum be terminated at the end of the school year. Motion carried.

It was moved by Stenberg and seconded by Hellquist that, in view of the fact that Mr. James R. Carlson was employed for a period of one year to replace Miss Agnes Tandberg who was granted a leave of absence for a period of one year, his contract be terminated at the end of the school year. Motion carried.

It was moved by Hallen and seconded by Hellquist that the contracts of all teachers be continued and that salary increases of $[illegible] per year be given to teachers not receiving maximum salaries in accordance with salary schedule with the following exceptions whose salaries will be as follows:

The resolution was seconded by Larson and upon roll call was unanimously adopted.

It was moved by Larson and seconded by Hellquist that the Clerk be instructed to advertise for bids for a new roof on the Industrial Arts Building according to the following specifications.

This contract shall include all labor and materials for roofing and for new flashings on one-story wing of the Lincoln Building known as the Industrial Arts Building.

Materials for Roofing. Roofing materials shall be Barrett [illegible] or "Specification" felt and Barrett Black Diamond or "Specification" pitch as manufactured by the Barrett Co., "American" felt and pitch as manufactured by American Tar and Chemical Co., or U. S. G. Felt and Pitch as manufactured by the U. S. Gypsum Co., St. Paul, Minn., Ruberoid Felt and Pitch as manufactured by the Ruberoid Co., or equal. Felt shall weigh not less than 15 lbs. per 100 sq. ft.

Laying of Roofing. Over the entire surface lay three (3) plies of tarred felt, lapping each sheet twenty-four and one half (24½) inches over preceding one—mopping with pitch the full twenty-four and one-half (24½) inches on each sheet so that in no place shall felt touch felt.

Not less than two hundred (200) pounds of pitch shall be used for constructing each one hundred (100) sq. ft. of roof.

The felt shall be laid without wrinkles or buckles. The pitch shall not be heated above four hundred (400) degrees Fahrenheit.

Flashing. New metal flashing shall be built into the brickwork at a minimum height of 12 inches above the roof or at underside of coping if this is 12 inches or less above the roof. Flashing shall be in long lengths and joints shall be overlapped. Metal shall be galvanized iron and shall be not less than No. 26 gauge (U. S. Standard).

Over the 1st application of plastic cement on roofing apply metal flashing. Top of metal flashing shall be tucked in flashing [illegible]. Metal flashing shall extend down to bottom of cant strip. Put in cant strip where necessary. Joints in metal flashing shall be locked. Provide for expansion and contraction. Caulk joint between insert and masonry and flashing with Elastigum or equal.

The work of laying this roof shall be started and carried to completion as soon as possible after the contract is awarded. All work must be done in the best workmanlike manner and must meet the approval of the Board of Education.

All bids must be delivered at the office of the Superintendent of Schools in the Lincoln Building before 8 o'clock Monday evening, March 31, 1941.

Motion carried.

Washington, D. C.

Washington, D. C., has more telephones in proportion to the population than any other city in the world. Washington has 40 phones for each 100 of the population, while in the nation as a whole there are only about 15 per 100 population. Next to Washington, San Francisco has the most phones in proportion to the population, followed by Stockholm.

HOTEL NICOLLET
NEIL R. MESSICK, Manager

IN THE STATE SENATE

By Senator E. L. Tungseth

This letter is dated Wednesday, April 23rd, according to the calendar date which in the Minnesota Legislature still exists, but now which is definitely out of line with the rest of the world. The rest of you are now writing April 25th, but here we are still writing April 23rd. How long this extra appendix is going to be is still a mystery. There are yet major issues to be considered.

It now appears as if the major issue is the final writing of the percentage of iron ore tax. The Senate bill calls for 9% and the House bill calls for 15%. This percentage is based on the price of iron ore at the Great Lakes. This price is fairly well determined by the mining companies themselves and has little comparison with the price of the finished product as made from our iron ore. I was informed today that the least which structural steel can be bought for now is $68 a ton. Structural steel is not a specially high grade quality and neither is it a low grade quality.

It takes only a little more than two tons of Minnesota high grade iron ore to make a ton of structural steel and when the price of iron ore at the lakes is only $4.50 per ton. (This price is newer now than 10 years ago) The difference allows huge surplus profits which go into the pockets of the steel and mining interests. As I am writing this letter, the conference committees are still working. The House is willing to go even more than halfway on a compromise, but the Senate conference committee sits pat. Of course, this Senate conference committee were men chosen by the leaders in control of the majority group in the Senate and were selected men in order to hold out for a 9% tax on iron ore.

It seems strange to me that the state of Minnesota through its representatives in the legislature *shall continually be willing to let* the steel and mining trusts dictate to the State of Minnesota what they are willing to pay and that the State of Minnesota will give away its vast natural resources of iron ore to what amounts to be the lowest bidder, all competition being removed. Competition in bidding for iron ore is removed because of the huge trusts that have a perfect control even over the smaller companies. It takes lots of money to be in that business and therefore competition is quite out of the picture.

To me it appears as if the State of Minnesota can well afford to set its own price on the "take it or leave it" attitude. If we can not get a reasonable price via the taxation route for our iron ore, we might as well hold on to it. There is no question about the demand. We have no serious competition *from other sources. There is no* question but that the price of the finished product can readily stand a much higher tax on iron ore. This is only a little survey of one instance where large industrial monopolies are trying to dictate legislative action in the state of Minnesota. If we must leave this session with an unbalanced budget, that is, with appropriations larger than income, here is one of the major reasons. The House bill is estimated to bring at least three and a half millions more revenue from occupational tax than the Senate bill and if the Senate will accept the House occupational tax, we could have much better balanced budget.

Then there is also the matter of the iron range area itself, the people who are dependent upon the mining industry for their living. Great pressure has been brought to bear upon the per capita limitation bill, as it is commonly known, and other similar measures which must necessarily cripple iron range cities, communities and schools. It is difficult to obtain all the facts involved and no doubt there have been glaring instances of lavish expenditures and yet such instances are not wholly confined to the iron range area. The mining industry like any other industry, is first of all responsible for the people employed and as long as the income for the average family on the range is in the neighborhood of $600 per year, the argument of lavishness can not be generally applied.

In a later letter I shall present the results of legislation for education and state aid. I will conclude now with the information that additional facilities for housing the feeble-minded will be constructed by an addition to the present institution at Faribault. This is no doubt the most economical solution for the state since the medical staff is already there, as are also many other facilities needed for such purposes which are peculiar to such a hospital. Present heating plant and farm lands with barns, etc., are adequate for the enlargement of the institution. $100,000 has been appropriated. A new separate institution would require at least $2,000,000 to construct and two separate institutions would be more expensive to maintain and operate than one large institution.

Women's Camp Slated at Crookston June 9 to 12

The sixteenth annual Women's Camp of the Red River Valley area will be held at the Northwest School at Crookston on June 9-12, states Registrar J. W. Milnar. The camp this year will feature outstanding demonstrations in home decorations, furnishings, foods, and handicraft work. From 150 to 200 women from the Northwestern part of Minnesota attend the camp annually. For information regarding the camp, write to the Northwest School, Crookston, Minnesota.

Stream Trout Fishing Season Opens May 1st

The most promising stream trout season in a decade opened May 1 on the heels of the largest plantings of yearling and two-year old trout in the history of the department of conservation. Altogether 2,272,631 trout have been distributed in Minnesota streams since the close of the season last year. Of these 140,400 were yearling fish, measuring from six to nine inches in length. A survey of the state's trout fishing waters disclosed favorable conditions for the season's opener. As in former years, cold weather was expected to retard the fly fisherman's chances in the north, but was not expected to crimp flyrod styles in the southeastern streams.

P. T. A. Entertains Children

The Parent-Teachers association entertained the children in the district at a party Friday evening at the school auditorium. A full evening of entertainment had been planned. Mrs. Clarence Doran and Mrs. Ervin Holbrook devoted the evening to amusing the younger children, while Mr. and Mrs. Clifford Lunde, A. Bendix Isaacson, Clara Lillevold and Mike Teigland led the older children in a number of interesting games and contests.

The evening was begun with the singing of several songs, and the grand finale came when everyone joined in the grand march with Mrs. Charlie Knutson at the piano.

A sumptuous lunch was served by Mrs. Herbert Moore and Mrs. Elmer Hylland. The P. T. A. hospitality committee had planned and supervised the serving of the lunch.

Mrs. Erwin Holbrook Entertains

Mrs. Erwin Holbrook entertained a group of ladies last Friday afternoon at her home, the party being occasioned by her plans to leave in the near future for Milford, Michigan, where the Holbrooks plan to make their home. The ladies enjoyed a pleasant afternoon of visiting after which Mrs. Holbrook served a lovely lunch. Those present were Mrs. Christ Clauson, Mrs. Alfred Swanberg and children, Mrs. Clarence Doran and Patricia, Mrs. Carl Holbrook, Mrs. Gust Austad and daughters, Mrs. George Holbrook and son Mrs. Harold Bush, Elda Benitt and Helen Thorson.

Mrs. Harold Nordby Honored

A large group of relatives, friends, and neighbors assembled at the P. A. Nordby home on Sunday afternoon and tendered a lovely parcel shower for Mrs. Harold Nordby. After an afternoon of visiting Mrs. Nordby opened the large assortment of beautiful gifts to be admired by everyone present. A delicious lunch, which had been provided by the self-invited guests, was then enjoyed. The party had been planned and arranged by Mmes. Gilman and Elmer Hylland.

Farewell Party

A group of about sixty neighbors gathered at the Gene South farm home on Sunday evening and gave the Souths a pleasant surprise in form of a farewell party. The evening was spent visiting and in the enjoyment of some accordion music rendered by a few of the guests after which a lovely lunch which was furnished by the self-invited guests, was served by the hostesses, Mmes. Sigfied and Victor Nygaard and Ella Haugen. The Souths were presented with a purse of money by Victor Nygaard in behalf of their assembled friends. Mr. and Mrs. South sold their personal property at a public auction last Friday and left this week for Ashland, Oregon, where the former will be employed.

Mrs. Thorson Honored

Mrs. George Hanson was hostess Sunday afternoon to a group of relatives in honor of her mother's, Mrs. Hans Thorson's birthday. At the close of an afternoon of visiting, Mrs. Hanson served a lovely lunch of which a birthday cake was the main feature. Those present besides the guest of honor and Mr. and Mrs. Hanson were Hans Thorson and Wilfred, Mr. and Mrs. Robert Thorson and Helen, Floran Garder and Minnie Loven of Thief River Falls. Mrs. Thorson received several lovely gifts.

Mr. and Mrs. Reub Sandberg and Mrs. Clarence Peterson spent Tuesday at Grand Forks. On their return they were accompanied by Mrs. Russel Wentz who spent a week here at the home of her parents, Mr. and Mrs. Hans Peterson and assisting in the care of her father, who is critically ill. Other visitors at the Peterson home were Mr. and Mrs. John Peterson and Jean of LeSueur, who spent the week end there.

Mr. and Mrs. Peter Bakken motored to Warroad on Sunday where the former consulted a doctor.

Mrs. Olga Peterson and Billy of Goodridge spent the week end at the Carl Holbrook home. They also visited at the Hans and Ole Peterson homes.

The Paul Saurdiffs of Holt have named their infant daughter, Sharon Yvonne.

Mrs. Bertha Holbrook left last Tuesday for Warren to visit indefinitely at the home of her son and daughter-in-law, Mr. and Mrs. Walter Holbrook, the latter being ill with inflammatory rheumatism.

Dolly Zavoral, who is a nurse at the Walker Sanatorium, visited at her parental home here from Thursday until Sunday.

Mr. and Mrs. Carl Holbrook and Dolores, Mr. and Mrs. Dean Stephenson, Mr. and Mrs. Victor Nygaard, Mr. and Mrs. Roy Paulson, Mr. and Mrs. Kernel Paulson, Mr. and Mrs. William Neuschwander and sons, Elmer Strom and Adeline Seuerence were among those from here who attended the Senior Class play at Goodridge. Students from Grygla who participated were Lawrence Neuschwander, Ramona Thiel and Dolores Paulson.

Mr. and Mrs. Ralph Cady and Phyllis and Aria Fransman visited at a Thief River Falls hospital on Sunday with Robert Cady who has been a patient there since Thursday suffering from a severe lung ailment.

Mr. and Mrs. Waldemar Leverson and sons spent Sunday at Thief River Falls where they were guests at the home of Mr. Leverson's brother-in-law and sister, Mr. and Mrs. Amund Aase, and with other relatives.

Mr. and Mrs. Clifford Nylund and son and Mrs. Clara Bryan, all of Warren, spent Thursday at the Alfred Swanbery home.

Mr. and Mrs. Roy Brown and daughters and Mrs. Edith Englebert of Thief River Falls visited Sunday at the F. A. and Anna Brown and Reuben Sandberg homes.

Mr. and Mrs. Martin Loberg of Plummer arrived in this community on Tuesday to make their future home. The Loberg's are planning the erection of a gasoline service station and residence east of the hospital and are staying with relatives until their own home will be completed.

Work was begun on Monday at the Boyum's Cafe on the construction of a new front. L. A. Dalos' will also be redecorated.

Sunday visitors at the Hans Wick home were Mr. and Mrs. G. Overvold and son and Mr. and Mrs. Tron Fonnest and children of Middle River and Mrs. Randolph Thompson and Mrs. Matt Wick and son. Mrs. Wick accompanied the Overvold's and Fonnests back to Middle River for a few days.

Mr. and Mrs. Philip Hawkins and Mr. and Mrs. Douglas Adkins of Thief River Falls visited Sunday at the Albert Miller home.

Alice Anderson who has been employed at a beauty shop at Mahnomen for the past few months, returned home Sunday.

Carl Holbrook and Ilus Magnuson attended a meeting of Land O' Lakes and Dakota Maid Flour and Feed dealers held at the North Dakota State mills at Grand Forks last Thursday.

Judith Teigland of Goodridge spent the week end with Marion Stenberg.

Mr. and Mrs. Carl Larson and family of Thief River Falls visited on Sunday at the John Haugen home.

Obert Svenpladsen of Thief River Falls visited relatives here over the weekend. He was accompanied by Minnie Loven, who spent the week end at the Robert Thorson home.

Lillian Zavoral a student at the Red Lake Agency high school, spent the week end at her parental home near Thorhult.

William Stanley spent Thursday night and Friday at Bemidji with his mother, who is a patient at a hospital there, very ill. On his return he was accompanied by Mrs. John Kreiger, who has spent the past two weeks with her mother.

Mr. and Mrs. Ole Norby spent Thursday and Friday at Warroad where they visited with the latter's father, Archie Peters. During their absence their sons stayed with their grandparents, Mr. and Mrs. A. K. Norby.

Bowling Scores

The Valle Bowling team played Boyum's Cafe Men's team last Wednesday evening and was defeated by 93 points. The Valle bowlers had 1843 points and Boyums, 1936 points.

On Thursday evening the Walle Cafe Ladies team was defeated by the Ladies team from Boyum's Cafe by 226 points. The Walle Ladies had a score of 1301 points and Boyum's 1527 points.

Emil Boyum's score of 235 was the high individual score of last week while Helen Moran bowled a record score of [illegible] points, the highest score ever held by any lady at the local alley.

Ratings of the Hunt

At the end of last week L. A. Knights side was again in the lead in the predator hunt by 8102 points. Each side has 10,800 points for memberships while John Gonnering's side has 5085 points for hunting against S. A. Knight's 13,187 points.

P. T. A. To Elect Officers

The next and final meeting of the season of the local P. T. A. will be held on Friday evening, May 9, and at this meeting officers will be elected. Ballots are being prepared by the nominating committee, Mrs. Robert Thorson, Mrs. Gust Austad, and Harold Bush, for the election of president, vice president, treasurer and historian. The office of secretary will be filled by the lower-grade teacher according to the by-law of the local P. T. A.. Three candidates have been named for each of the other vacancies, none of them having held these offices before, as in accordance with the by-laws no officer can secure a second term.

Declamatory Contest

The declamatory contest for this section will be held at the school auditorium Friday evening, May 2. The local school together with several other surrounding schools will be representedand the winners will represent this section at the county contest at Warren at a later date.

The program which will be arranged by Mmes. Harold Bush, John Johnson and Ilus Magnuson, will include a discussion on "The Old School Versus the New". Another feature of the program will be a piano recital by Mrs. Charles Knutson's pupils including Rolf and Marylyn Lunde, Luverne and Adeline Fransman, Jean Buchols, Eugene Stenberg and Angela Anderson. Plan to be present at this last meeting of the season.

Mrs. Caroline Hesse had the misfortune of falling from a chair last Friday afternoon while she was painting the interior of her home and in falling she sustained two fractures in her shoulder. She was taken immediately to a Thief River Falls hospital where her shoulder was set and taped. Mrs. Hesse is staying at the home of her son, Lawrence Hesse, while she recuperates.

Reverend Sabo of Mavie called at the Hans Peterson home last Friday.

Mr. and Mrs. Foster Hill and family left for Tieton, Washington on Tuesday, where the former will be employed.

Mrs. Harry McLean and son, Mrs. Ernest Selle and Carol and Mrs. Ole Norby and sons visited at the Berwin Jacobson home Monday afternoon, the occasion being Mrs. Norby's birthday.

Children to Have Checkup

All school and pre-school children of the Grygla school district will have the opportunity for a free of charge, the examination to be made on Monday, May 12 at the school house. Dr. W. Hanson, Dr. Hulbert and Dr. Anderson of Thief River Falls will be here and the two former will examine teeth and eyes, respectively, while Dr. Anderson will give a general health checkup. The latter will also be prepared to innoculate for diptheria and vaccinate for smallpox at a nominal cost.

The whole "Health Roundup" is sponsored by the local P. T. A. and questionnaires have been sent out to all parents to get an approximate estimate on work to be done. Needless to say this is an exceptional opportunity to have your child's health determined and all district members are urged to bring all their children for this attention.

Johnny Barstad and Turnel Hanson left on Tuesday for Tieton, Washington. They accompanied the Foster Hills.

Mrs. Olaf Newton is assisting at the H. T. Peterson home in helping to care for Mr. Peterson who is ill.

Mrs. Russel Wentz returned to Grand Forks on Tuesday after a week's visit at the H. T. Peterson home.

Mr. and Mrs. Thomas Knutson and Ben Anderson spent Wednesday at Bemidji.

Mr. and Mrs. Gunder Grevum of Thief River Falls were callers in town on Tuesday. They were accompanied by Tillie Nesland, who stayed for a longer visit with relatives.

Farewell Party

Mrs. Tom Cullen and Mrs. Elmer Eels were joint hostesses on Sunday afternoon at the home of the former, at a farewell party for Mr. and Mrs. Wm. Tucker and family who are leaving to make their home in Iowa. Miss Ruth Larson gave a short talk and rendered a number of songs after which the time was spent in visiting. Lunch, brought by the guests, was served by the hostesses. The honor guest were presented with a sum of money. Those from town who attended were: Mr. and Mrs. Edseth, Mrs. Phinney Poppenhagen and children, Bruce Blazer and the Misses Doris Johnson and Ruth Larson.

A large crowd attended the Senior Class Play at the high school gym last Friday evening. "The Twins", played by Dorothy Urdahl and Lloyd Iverson, were continually in and out of trouble which added much humor to the play. All the characters were well suited to their parts and played them exceedingly well. The coach, Miss Jean Lierbo, as well as the entire cast, is to be congratulated on the very fine way in which the play was presented.

Mr. and Mrs. Selmer Myklejord and daughter Marian of Gonvick were visitors at the home of Mr. and Mrs. Guy McEnelly last Tuesday. Mr. and Mrs. Clair McEnelly of Thief River Falls were also visitors there that day.

SMILEY

Andrew Larsen of Crookston came up on Wednesday and spent the day. In the afternoon he was accompanied by his mother, Mrs. Carrie Brekke and his sister, Mrs. Anna Lane, both of Thief River Falls, to the Sivert Brekke home out here for a visit. In the evening Mrs. Lane returned to Crookston with her brother Mr. Larsen where she visited with his family until Saturday where she returned to her home.

Mrs. Emilia Peterson of Bemidji is spending a month visiting her sister, Mrs. John Ranum and family. She will also spend some time in Rosewood with other relatives prior to her return to Bemidji.

Primo Cardoni arrived Saturday morning from Chisholm for an indefinite visit at the home of his friends, Ove and Arnold Nordahl. Mr. Cardoni has spent the past three months working in the iron mines near Chisholm. He will be remembered as being one of the prominent members in the Jolly Anseby orchestra, as accordionist. He is also visiting his finances, Cecelia LaCoursiere at Red Lake Falls.

It was Mary Olson's birthday Tuesday, the 22nd. Guests at the Olson home that day to help him celebrate were Mr. and Mrs. O. N. Olson, Clara and Orton Olson, Florence Waller, Mr. and Mrs. William Grundhaus and son.

Mrs. Fred Erdmann (Viola Sefkow) of Red Lake Falls came Friday to the home of her brother-in-law and sister, Mr and Mrs. Marion Cater. She will remain there for a several weeks visit.

A surprise announcement was received the other day by Mr. and Mrs. Ted Markus from Mrs. Markus' brother and his wife, Mr. and Mrs. Richard Aakre on the arrival of a big baby girl, April 16 in Duluth. The wee one will be named Lucille Irene.

Mr. and Mrs. George Ege and Mr. and Mrs. Jacob Olson of Thief River Falls were Sunday visitors at the O. N. Olson home. Mr. Jacob Olson and O. N. Olson are brothers.

Miss Beatrice Berger of Baker, is visiting indefinitely at the home of her uncle and aunt, Mr. and Mrs. Carl Lindholm.

Lila Lane is in Minneapolis. She is visiting her cousin Miss Helen Larsen of Crookston who is now employed in the Cities. Miss Lane is also a guest at the home of an uncle, Edwin Larsen.

There are some new folks moving in to Smiley. Last week the George Homme family who formerly lived west of St. Hilaire moved into the old Conely place which is directly south of the S. S. Nelson's. This week Mr. and Mrs. Robert Peterson (Carla Rambeck) plan to move out to the former Lane place which the Petersons purchased recently. Welcome to the community.

Mr. and Mrs. Fred Myhrer of Thief River Falls were callers at the Mark Olson home Saturday evening.

Winton Knutson of Numedal was accompanied by Miss Florence Waller to the latter's home in Brinsmade, N. D., over Sunday. They returned Monday with Miss Waller going to the Mark Olson home where she will remain several weeks.

Christian Pederson is busy these days on a boat building project. Since his recent successful auction sale he has been constructing regular row boats for local river use for folks living along the river. He has made three fine boats complete with oars.

Local folks will be interested in knowing that Mrs. Anna Lane heard from her sons Lawrence and Bobby the other day stating that they are both being employed in an airplane factory in Los Angeles. The boys left for the West this winter. They had to take a preparatory course before getting employment in that factory. The boys like it fine and enjoy their work.

Helperettes are reminded herewith that they are to be sure to attend the meeting next week, Tuesday, May 6 at the home of Mrs. Carl Lindholm.

Claire McEnelly of the Larsen Co. in Thief River Falls was a business caller at the O. N. Olson home Thursday.

SMILEY SCHOOL

Perfect record in attendance the past six weeks went to Jean Nelson and Bruce McCrum. Every pupil was perfect in health inspection. A new pupil enrolled after the Easter vacation and he is Louis Rehm. He is in the fourth grade. The third and fourth graders are making covers for their booklets on Holland. The stories were thought out by the whole class and then written in the books. Roy Holmes was the victim of an accident on the school grounds last Friday. He was playing ball and when he caught the ball between his first and second fingers the skin split open. It is healing nicely now. The window decorations are beautiful with real pussy willows pasted on brown strips of paper. Paper blue birds add another note to the windows too. There are only two weeks left of school including this week.

Spring Cleanup to Start May 12 on 11,300 Miles of Minnesota Roadsides

Spring housecleaning will start May 12 for the state highway department on approximately 11,300 miles of roadsides along Minnesota's state trunk highway system. And, as many a mother has had to warn her small boy assigned to washing windows, they have to be cleaned on both sides, too.

The highway department's maintenance division issued orders this week to its section crews throughout the state that the week of May 12 to 17 inclusive in officially "cleanup week". Crews have been instructed to clean up all rubbish which may have been deposited—generally through public thoughtlessness— along roadsides, and to renew the war begun in earnest last year, against advertising or other private signs which illegally encroach on trunk highway right-of-way.

Inexpensive types of signs will be destroyed, in line with the campaign originated by the Minnesota Federation of Women's Clubs and other civic organizations, while those of a valuable nature will be taken down and left near the site *for a limited length of time,* so their owners may recover them if they desire.

The cleanup work will be undertaken as an extra activity and will not be permitted to retard any spring breakup repair operations or other road maintenance work which weather conditions may permit.

Center Line Striping Crews Again at Work

Special rigs and crews of the state highway department already have started, despite adverse and fickle weather conditions, on this year's program of center-line and no-passing zone striping—the laying of those life-saving white or black and yellow pavement markings which means so much to the travelling public in Minnesota. White stripes on blacktop and black stripes on concrete pavement either in solid or intermittent, will be used again this year to mark the highway center-lines. Yellow stripes, as adopted last year in conformity with new national standards, will invariably constitute barrier, or "no-passing" zone, lines at curves, hill-tops, or other hazards.

In Hitler's remark, "I have armed, and armed, and armed," there was a British touch. He dropped his h's.

Endowment Funds

In a study of U. S. college endowments, the Financial Advisory service of the American Council on Education reports that in the two years (1938-39), the endowment funds of 110 institutions increased by $20,000,000. Despite this increase in total endowment, however, the income from principal fell by $1,816,904 from 1938 to 1939, a decrease of one-fifth of one per cent in the rate of return.

MORE THAN 1,000 YOUNG PEOPLE TO ATTEND 4-H WEEK

Annual Event Is Scheduled at Northwest School June 2 to 7

More than 1,000 boys and girls from 4-H clubs throughout the fourteen Red River Valley counties will gather at the Northwest School of Agriculture at Crookston the week of June 2 to 7, according to H. A. Pflughoeft, district leader of 4-H Clubs. The club week this year marks the thirtieth anniversary of the founding of the junior short course or 4-H Club Week at the Northwest School, states Superintendent T. M. McCall.

In order to accommodate the number of members who wish to attend, Mr. McCall points out that representatives from only one-half of the counties can be accommodated at each of the three-day camps. The counties in the south half of the Red River Valley will send their club members to the three-day camp on June 2, 3, and 4; counties included in group one are East and West Ottertail, Becker, Clay, Mahnomen, Norman, East and West Polk.

The second camp, consisting of club members from counties north of Polk county, will meet June 5, 6, and 7. The north group of counties includes Marshall, Kittson, Red Lake, Clearwater, Roseau, Pennington, and Lake of the Woods.

A full staff of instructors covering all of the 4-H club projects has been secured for the course work. Contests in music and dramatics are being held in the various counties of the Red River Valley during the first weeks in May to select finalists for the regional contests at the Northwest School during 4-H Club Week.

Votes Pouring in for Rural School Contest

With a veritable avalanche of votes turned in during the past week, the rural school playground equipment contest sponsored by Thief River Falls merchants in co-operation with the Times went into high gear, and the pace is expected to continue until the deadline is reached Saturday, May 10.

A notable shift in standings from last week is revealed in the latest tabulation of votes completed Monday. North Star school in District 25, Marion Larson, teacher which last week was well down in the list, now is in first place with 756131 votes. Hiawatha school in District 26, Gunda Larson, teacher, which was relegated from first to second place, now has 633,372 votes.

Next highest schools, following closely in order, are the Banner school, 551,821 votes; Daisydale, 544,673; District 39, 407,146; and Rosehill, 391,290.

The complete list follows:

Letter of Congratulations From Governor Stassen

Harold Ingberg, Jr., received a letter written the 21st of this month from Governor Harold E. Stassen congratulating him on his bravery on the night of the blinding storm March 15th. The letter read as follows:

Dear Harold:

I have just heard of your heroic conduct during the storm on the night of March 15th.

I wish to congratulate you upon the bravery you displayed in going to your brothers rescue under the most trying conditions. It is boys of your character and fortitude who when they reach manhood are the type of men responsible for the growth and advancement of this great country in which we are privileged to live.

Again let me congratulate you and wish you the best of good fortune in the future.

LEADING CITIZENS ENDORSE THE SALVATION ARMY

"The Army That Does Not Wound But Heals"

"The Salvation Army is now known all over the world and honored wherever known. It is a fortunate thing for our own country that its beneficient activities have been carried on here for three-score years."—Franklin Delano Roosevelt.

"Misery, fear, despair and the unspeakable cruelty of man toward man are abroad in the world, and we belong to a generation which must yet face the ultimate issues of human destiny before it can hope to find again security and peace. We know that the money we shall give to The Salvation Army will go as swiftly and as directly as money can go to relieve some of the misery and to cure some of the despair . . ."—Walter Lippmann.

"The Salvation Army has, because of its splendid work throughout the world, earned the admiration and respect of all peoples. We in this country still remember the splendid work it did here and abroad during the World War. Its work in peace time in the field of infant and child welfare and in the rehabilitation of unfortunate underprivileged men and women has been no less noteworthy."—Herbert H. Lehman.

"You may have heard on the radio what 'The Sallies' as the Salvation Army lassies are so often known—did at Coventry. When dawn broke on a stricken city bereft of public service, a procession of Salvationist mobile kitchens tore into the city—the first practical message of love received from the outside world by a people who had endured hours of unbelievable torture. Those kitchens had been rallied from all over England in the dark hours of a dreadful night.

"When the full force of the bombing burst on London, and the Auxiliary Fire Service was fighting day and night to extinguish the worst blaze since the Great Fire of London, Salvationist workers took their mobile canteens down to the hell that was once Dockland to run equal risks with these heroic fire fighters."—By Maurice Fagence (Excerpt from "John Bull").

Volume 31 Thief River Falls, Pennington County, Minnesota, Thursday, May 8, 1941 Number 19

MINNESOTA HISTORICAL SOCIETY

E. B. BENSON IS ELECTED HEAD OF LOCAL PTA

Named to Succeed Mrs. V. C. Noper at Meeting Monday Night

STYLE SHOW FEATURE OF EVENING PROGRAM

Interesting Exhibit Shown by Industrial Training Students

In the annual election of officers of the Thief River Falls Parent-Teacher association, conducted Monday evening at the final session of the school year in the Lincoln high school auditorium, E. B. Benson was named president, succeeding Mrs. V. C. Noper who served during the past year.

Other officers elected include Mrs. G. L. Biddick, first vice president; Mrs. A. W. Holmgren, second vice president; Miss Lorna Hansen, secretary; and H. N. Elofson, treasurer. Names of those elected were submitted by the nominating committee, and all were unanimously approved.

The feature of the evening's program was an elaborate style show presented by students in the home economics department under the direction of their instructors, Miss Rosine Dahlen and Miss Audrey Smith; and an interesting and varied exhibit of wood and metal work in the gymnasium by students in the industrial training department directed by C. W. Pope and J. Arthur Johnson.

The style show, presented cleverly with an explanatory commentary in rhyme, included showings of sports wear, silk and wool dresses, aprons and apparel for small children.

Mr. Pope gave a short talk in explanation of the work of his department, discussing industrial training particularly in relation to national defense.

In the business session, a resolution was adopted thanking Mrs. E. F. Wright and others who cooperated in the successful presentation last month of the costume pageant, "An American Album."

Musical features of the program included selections by the Lincoln high school boys' octet, clarinet quartet and a saxophone solo by Paul Senstad, accompanied on the piano by James Skarstad.

95 PCT. OF COUNTY FARMERS SIGN UP FOR AAA PROGRAM

Represents Total of 1,765 Cooperators in Pennington County

Approximately 95 per cent of Pennington County farmers are now signed up in the 1941 agricultural conservation program, according to Carl R. Anderson, chairman of the local committee. This sign-up represents a total of 1766 cooperators and is equal to that of 1940 in which Pennington county farmers received $135,000 for qualifying under the requirements of the program.

Local farmers are taking part with special interest in the phosphate provision of the 1941 program as 194 cooperators have already received five carloads and two carloads are on order to 50 more additional farmers.

The phosphate is being spread on pasture and hay land and meets one of the requirements under soil building practices.

Lions Club Witnesses Conservation Movies

At the luncheon meeting of the Lions club Wednesday noon in the Palm Garden cafe, the members enjoyed the presentation by Game Warden William Borchert of motion pictures dealing with wild life in the Rocky Mountains and with conservation activities. Mr. Borchert also supplied an explanatory talk. Dallas Kalt of Crookston, district coordinator of selective service boards, was a guest at the meeting and spoke briefly.

Jungs Bakery Open House Attracts 1,175 Visitors

PENNINGTON BOARD VOTES USUAL SUM FOR LIBRARY AID

Also Reengages County Highway Engineer for Two Coming Years

The Pennington county board at its May session Tuesday voted an appropriation to the Carnegie library of $750, the same amount as last year, to share in the cost of maintaining the county library system.

Also approved was an appropriation of $75 to Elmer J. Ecklund post of the American Legion to defray the expense of decorating graves of war veterans and other outlays in connection with the annual observance of Memorial Day.

At its session the board also acted to reengage the services of County Highway Engineer J. A. Erickson for another two-year period at an annual salary of $2,400. In the course of the day several delegations from various parts of the county presented requests for road work in their localities, action on the petitions being deferred.

4-H CLUB ONE-ACT PLAY CONTESTS TO BE HELD MAY 14-16

Annual Event Will be Staged in St. Hilaire and Goodridge

Dramatics and music will be the features of the evening when the 4-H clubs gather for their annual one-act play contest. This contest will take place at the St. Hilaire gymnasium on Wednesday evening, May 14, and at the Goodridge hall on Friday evening, May 16.

The Bray and Polk Centre club will present "She Was Only a Farmer's Daughter;" and the Rosewood club, "Orvilles Big Date," at the St. Hilaire gathering. The Mavie group will present, "Life Begins on the Farm;" Goodridge club, "The Howl of the Wolf"; Northfield club, "How Vulgar," on Friday evening at Goodridge. Other clubs may also participate.

Musical and stunt numbers will be presented between the plays. One play cast, one musical group, and one amateur feature will be selected to represent the county during the Crookston 4-H Week.

The Lincoln high school senior class play, "The Hoosier Schoolmaster", with a cast of more than twenty characters, will be presented Friday evening, May 9, at 8 o'clock in the high school auditorium. In charge of the production are Miss Elizabeth Koops and James R. Carlson.

The play depicts the adventures of a young and inexperienced school teacher in a backwoods community in Southern Indiana in 1872. It presents a picture of a Hoosier community with its diverse characters and picturesque activity.

Charles Gustafson plays the title role of the play, other parts being taken by Laura Hermanson Willis Wright, Jean Vielguth, Buster Anderson, Marion Douville, Ardith Thompson, John Parbst, Kathryn Granum, Leroy Copp, Howard Nellis, Dennis Urdahl, Otto Olson, Paul Senstad, Lloyd Arhart, Violet Christianson, Gordon Reierson, George Westlein, Donald Shanahan, James Skarstad, Vernon Ostrom and Eunice Lutz.

The stage staff is headed by Lloyd Arhart, with Robert Rose in charge of lighting; Marilyn Noper, costumes; Ardith Schultz, properties; Otto Olson, advertising; Mildred Breiland, makeup; and Gordon Reierson, furniture.

CRIPPLED CHILD CLINIC IS SET FOR SATURAY, MAY 17

Annual Checkup Will be Conducted at Lincoln High School Here

An opportunity for medical examination and other valuable services will be provided for the crippled children of this district who are under 21, and financially unable to obtain private orthopedic care at a clinic to be held at the Lincoln high school building in Thief River Falls Saturday, May 17. Registration hours will be from 8 a. m. to 2 p. m.

It is requested that persons attending the clinic for the first time bring a letter from their family physicians. In addition to the medical examination, which will be given by an orthopedic specialist, the clinic service includes an opportunity for vocational consultation. Arrangements will also be made for hospitalization and field nursing service for those cases requiring it.

A local advisory committee composed of a nurse from the bureau for crippled children and representatives of the woman's club will have charge of arrangements in the district.

The clinics, which form a part of the regular program of the Bureau for Crippled Children, are conducted with the cooperation of the physicians of the Minnesota-Dakota Orthopedic Club, the Gillette State Hospital for Crippled Children, the Vocational Rehabilitation Division of the State Department of Education, and the Minnesota Public Health Association.

New Office Hours Fixed by County Draft Board

The office of the Pennington county draft board will until further notice be open week-days from 9 to 12 and 1 to 5 o'clock each day except Saturdays, when it will be open only from 8 in the morning until 12 o'clock noon, Art Berg, office manager, stated today.

MAP CAMPAIGN AGAINST WEEDS HERE TUESDAY

Annual Weed Meeting Held with 17 of 21 Townships Represented

STATE DEPARTMENT MEN ARE SPEAKERS

Arrange to Hold Township Meetings Early in Summer

Weed supervisors, township and county officials and farmers of Pennington county will wage the war against weeds with increasing vigor during the coming summer months. Plans for broadening the 1941 campaign and making it doubly effective during the critical months were made at the annual weed meeting held at the court house in Thief River Falls Tuesday.

Representing the state department of agriculture at this meeting were George Hammerbeck and Sig. Bjerke, state weed supervisors. Seventeen of Pennington county's twenty-one townships were represented by the township chairmen and interested farmers. Present also at the meeting were County Agent Ernest A. Palmer and County Farm Security Supervisor H. J. Thelander.

It was decided at the meeting to have township and community meetings on weed identification and control during the latter part of May and first of June and to have a weed booth at the county fair. Named on the committee for the meetings and booth were A. W. Oski, Cloverleaf township; Ernest Yonke, Sanders; Paul Roy,

HOSPITAL DAY WILL BE NOTED HERE MONDAY

Two Local Institutions to Share in National Observance

TO HOLD OPEN HOUSE DURING AFTERNOON

Aim Is to Familiarize Local Citizens with Hospital Facilities

St. Lukes and Mercy hospitals of this city will participate in National Hospital Day, which has been proclaimed for next Monday, May 12, by President Roosevelt, Governor Stassen and Mayor W. W. Prichard.

The occasion is the anniversary of the birth of Florence Nightingale, immortal for her contribution to the nursing profession and hospital improvement. This year marks the 21st annual observance of the day.

Hulda Haltquist, superintendent of St. Lukes hospital, announced that open house will be held Monday afternoon between the hours of 1:30 and 4:30, while Miss Selma Johnson, superintendent at Mercy hospital, stated that the hours when visitors will be received at that institution are from 1:30 to 5 o'clock.

A baby clinic will be conducted at St. Lukes during the afternoon and the Girl Scouts will sing, while visitors will be escorted throut the hospital and refreshments will be served. Lunch also will be served at Mercy hospital.

Serving on the reception committee at St. Lukes will be Mrs. Carl Christofferson, Mrs. H. K. Helseth, Mrs. Edward Bratrud, Mrs. O. C. Paulson, Mrs. W. W. Prichard, Jr., Mrs. H. H. Hedemark, Mrs. Gaston Ward and Mrs. R. J. Lund.

The reception committee at Mercy hospital includes Mrs. O. F. Mellby, Mrs. C. M. Adkins, Mrs. M. P. Erickson, Mrs. O. G. Lynde and Mrs. W. E. Anderson.

The purpose of the occasion is to give all citizens of the community an opportunity to become better acquainted with the outstanding contribution made to the community welfare by local hospitals.

LINCOLN MUSIC GROUPS SHARE IN STATE CONTEST

Boys Octet and Paul Senstad, Saxophone Soloist, are Given A Rating

A large group of Lincoln high school musicians returned last weekend from Minneapolis, where they had participated in the state high school music contest and festival at Northrop auditorium on the University of Minnesota campus.

Accorded the highest rating of A in the contest were the boys' octet and Paul Senstad, saxophone soloist. The Lincoln band, directed by Glendon Ahre, was given a B rating, as were the clarinet quartet, James Skarstad, French horn soloist; and Charles Gustafson, clarinet soloist. Mrs. Shaw Resigns as Chairman of Red Cross

At the annual meeting of the Pennington county chapter of the American Red Cross last week, Mrs. Mary Shaw, active head of the unit for a long period of years, tendered her resignation as chairman. Also accepted were the resignations of Mrs. C. M. Adkins as secretary and of Mrs. Paul Lundgren as rural roll call chairman.

Mrs. Shaw consented to serve until her successor has been elected, a committee of three being appointed at the meeting to select a candidate. Other officers elected include Mrs. Kelm Olson, first vice president; Mrs. R. N. Olson, Goodridge, second vice president; Miss Effie Humry, secretary; and Fred Protz, treasurer.

The auditing committee, consisting of Miss Sarah Vaughan and Lloyd Bennes, found the report of Treasurer Fred Protz complete and in good order. It showed a balance on hand January 1, 1940 of $1,005.18, which, together with receipts of $2,336.73 to April 21, 1941, made a total of $3,341.91. Disbursements aggregated $2,-100.11, leaving a balance on hand April 21, 1941, of $1,141.80.

Reports were given by units in Goodridge, Rosebury, Bray, Smiley, St. Hilaire and Thief River Falls showing that 782 garments had been cut and sewed and, together with 247 knitted garments, had been forwarded for use by European refugees.

Mrs. G. L. Biddick, welfare chairman, reported that a total of $167.94 had been expended for tonsilectomies, glasses, clothing and for care of two transients.

The chairman was instructed to seek funds from the Delano fund to help finance a three-months nursing course in the rural schools.

LOCAL MAN FACES CHARGE OF ARSON AFTER HOUSE FIRE

Leon Lendobeja Bound Over to District Court after Admitting Guilt

Following his confession that he had set the fire which Thursday night partially destroyed the unoccupied house recently bought by him at 811 Tindolph av. Leon Lindobeja waived a preliminary hearing in municipal court Friday, and was bound over to district court on a charge of arson in the third degree.

The fire department was called to the scene shortly after 11 o'clock Thursday evening, and, after extinguishing the blaze, noting suspicious circumstances leading them to ask for an investigation by Floyd F. Farnand, deputy state fire marshal, who happened to be in the city that evening.

Mr. Farnand, in cooperation with the fire and police departments, traced the origin of the fire to Lendobeja, and obtained from him written confession in which he admitted having poured two gallons of fuel oil on the kitchen floor, then igniting it and going out the back door to his home at 615 Markley av. S.

Lendobeja stated that the former tenant of the three-room house, Halvor Gran, had moved out the previous day. Lendobeja added that he had planned to move the house from the premises, but found this was not possible, the base of the building being too badly rotted. He then decided, he said, to burn the structure, which was covered by a $400 fire insurance policy.

MATTRESS WORK GETS UNDER WAY MONDAY, MAY 12

4-H Building on County Fair Grounds to be Scene of Operations

Mattress making in Pennington County will commence Monday, May 12 in the 4-H club building at the fair grounds, according to an announcement from the county agent's office. The county mattress making committee at a meeting held in Thief River Falls Tuesday afternoon decided to start one center in Thief River Falls on the 12th and another in Highlanding on May 19th providing a suitable center will be provided there.

Members of the committee present at the meeting were Mr. and Mrs. S. E. Hunt, Carl Anderson, Miss Edna Olson, Ole Nesland, Hans Solberg, O. M. Mandt, and Ernest A. Palmer, decided that for the time being only two centers would be started. This will make it farther for some to go to make their mattresses but will save expenses in materials and supervisors. If at a later date it is found feasible to start other centers, this will be done.

As there are approximately 700 applications on file and cotton for only 600 mattresses on hand, it was decided to order another carload of cotton. This will give the county material for around 1000 mattresses. Anyone who has not made an application and wishes to do so may secure the proper forms at the county agents office.

Lincoln School Seniors Model Dainty Frocks of Own Handiwork

At the PTA meeting Monday night, Lincoln high school girls appeared in an enjoyable style show, modeling garments they had made under the supervision of Miss Rosine Dahlen and Miss Audrey Smith, home economics instructors. Shown above are a group of senior girls modeling silk and wool dresses, their number including, left to right, Joyce Meyer, Marcelline Kelly, Marjorie Helquist, Lois Ander, Elaine Strand, Bernice Strand, Virginia Dalton and Stella Roos.

Martin Meehan, Former Resident Passes Away

Martin T. Meehan of Connersville, Ind., a former Thief River Falls resident, died on Wednesday, April 30 in a Spokane, Wash. hospital at the age of 52 years. Funeral mass was at 9 o'clock Saturday morning, May 3 at St. Augustine's Catholic Church and burial was made in the Holy Cross cemetery. Mr. Meehan was a veteran in the first World War and served as a second lieutenant. He was also a member of the American Legion, the Knights of Columbus, and the Lions Club.

Technocracy Advocate Addresses Civic Group

J. R. Hunting of Minneapolis explained details of the Technocracy theory at the Civic and Commerce association luncheon last Thursday, and also spoke at an evening meeting in the Odd Fellows hall. Technocracy, he explained, calls for substituting public ownership in place of private property, and using "energy certificates" as a medium of exchange, instead of the present money system.

Funeral Services for Mrs. Cecelia Nelson May 6

Funeral services were conducted by Rev. R. M. Fjelstad from the chapel of the Larson Funeral Home at 2 o'clock on Tuesday, May 6 for Mrs. Cecelia Nelson, who died at the age of 86 years, two months, and ten days at her home at 203 Duluth Avenue North on Friday, May 2. Interment took place in the Greenwood cemetery.

Mrs. Nelson, who was born on February 22, 1855 at Lands Prestegjel near Christiania, Norway, came to America with her parents in 1875 and settled near Rochester, Minn. In 1877 she married Nels S. Nelson at Rochester and they moved to Hawley. Later they moved to Fosston, and in 1904 they settled in this community. Since October, 1918, Mrs. Nelson has made her home in this city.

Her husband, parents, three brothers, and three sisters are deceased. Surviving are one son, Severin N. Nelson of Thief River Falls; Three daughters, Mrs. E. B. Bakke and Mrs. Josephine Schmidt of this city, and Mrs. L. A. Larson of Los Angeles, Calif.; two brothers, Otto Westrom of Clearbrook and Jens Westrom of Albert Lea; four grandchildren; and one great-grandchild.

Mrs. Mary Benston, 81, Passes Away Monday

Mrs. Mary Benston passed away at the sanatorium Monday, May 5 at the age of 81 years, nine months, and 13 days. Final rites will be conducted by Rev. J. O. Jacobson from the chapel of the Larson Funeral Home at 2:00 Saturday, May 10, and interment will be made in the Greenwood cemetery.

The deceased was born in Germany on July 22, 1859, and came to America with an aunt in 1862. They settled in Wisconsin. As a young lady she moved to Warren and was married there to Thomas A. Benston. Later the family moved to Turtle Mountains, N. D. and lived on a homestead for a number of years. They then moved to Devils Lake, N. D., later to Crookston, and then to Thief River Falls in 1891, where Mrs. Benston has since lived.

Her husband, one son, and one daughter are deceased, while she is survived by one son, Clarence Benston of this city; one daughter, Mrs. Oscar Anderson of Anden, Alberta, Canada; and four grandchildren.

TOWNSEND CLUB TO MEET

The local Townsend club will meet Sunday afternoon, May 11, in the Civic and Commerce association room.

PLAN CAMPAIGN FOR DRIVE ON WEEDS IN PENNINGTON COUNTY

(Continued From Page 1)

St. Hilaire; John Eisbrener, Deer Park; Aug. N. K. Anderson, Sanders; H. F. Harrison, Thief River Falls; and County Agent Ernest A. Palmer.

"Working the land thoroughly and selecting strong competing crops are likely to remain the cornerstone practices of weed control," according to Mr. Hammerbeck. He points out that chlorate treatment may effectively dispose of small patches of weeds in one operation, but farmers who have widespread infestations must combine cultivation with wise choice of crops in carrying out their work of cleaning up weedy land.

Minnesota farmers who have done extensive fallowing have found the choice of cultivator shovels to be important. The flaring type of shovel commonly called duckfoot is one of the most satisfactory found so far. This type may be used on a field implement or on the ordinary corn cultivator. Extra shanks may be added to give width to cultivator shovels.

Session Laws Published as Supplement to Times

Appearing locally with the Times this week is a 64-page supplement containing the full text of all laws enacted at the 1941 session of the Minnesota state legislature, which adjourned recently. For those who fail to receive it with this issue, a few extra copies are available at the Times office.

Mrs. Anna O. Vad Passes Away Thursday, May 8

Funeral services for Mrs. Anna O. Vad, who passed away this morning, will be held at the Ekelund Lutheran Church at Erie at 2 o'clock on Sunday, May 11, Rev. O. O. Bjorgan of Goodridge officiating. A complete obituary will be published next week.

Mrs. Charles Rose, Mrs. Andrew Bottelson, Mrs. George Wilson, Mrs. Alfred Swanson, Mrs. Alex Smith, and Mrs. H. W. Millar drove to Wadena Wednesday to attend the district conference of the Methodist Church.

Load Restrictions are Listed Today on Several Highways in This Area

The Crookston office of the state highway department announced this week that effective today load restrictions are lifted from Highway 32 north to Roseau and from Thief River Falls to Red Lake Falls, as well as on Highway 92 from the junction near Red Lake Falls to Bagley. A five-ton limit is still in force on Highway 59 north from this city, owing to a bad section six miles west from Newfolden. Restrictions will be lifted Monday on Highway 75 from Beltrami to Ada, and on Highway 32 thru Twin Valley.

Infant Markus Olson Child Dies Monday, May 5

Little Marvis Levorn Olson, infant daughter of Mr. and Mrs. Markus Olson of this city, was born on Monday, May 5 and passed away a few hours later. The child is survived by her parents; one brother, Wayne; and her grandparents, Mr. and Mrs. O. N. Olson of Thief River Falls and Mr. and Mrs. A. P. Waller of Brinsmade, N. D. Funeral services were conducted by Rev. E. L. Tungseth at 10:30 Wednesday morning from the chapel of the Larson Funeral Home. Interment was made in Greenwood cemetery.

MATTRESS WORK GETS UNDER WAY MONDAY, MAY 12

4-H Building on County Fair Grounds to be Scene of Operations

Mattress making in Pennington County will commence Monday, May 12 in the 4-H club building at the fair grounds, according to an announcement from the county agent's office. The county mattress making committee at a meeting held in Thief River Falls Tuesday evening decided to start one center in Thief River Falls on the 12th and another [illegible] Highlanding [illegible] 19th providing a suitable center can be provided there.

Members of the committee present at the meeting were Mr. and Mrs. S. E. Hunt, Carl Anderson, Miss Edna Olson, Ole Nesland, Hans Salberg, O. M. Haugdt, and Ernest A. Palmer, decided that for the time being only two centers would be started. This will make it farther for some to go to make their mattresses but will save expense in materials and supervisors. If at a later date it is found feasible to start other centers, this will be done.

As there are approximately 700 applications on file and cotton for only 600 mattresses on hand, it was decided to order another carload of cotton. This will give the county material for around 1000 mattresses. Anyone who has not made an application and wishes to do so may secure the proper forms at the county agents office.

Lincoln School Seniors Model Dainty Frocks of Own Handiwork

At the PTA meeting Monday night, Lincoln high school girls appeared in an enjoyable style show, modeling garments they had made under the supervision of Miss Rosine Dahlen and Miss Audrey Smith, home economics instructors. Shown above are a group of senior girls modeling silk and wool dresses, their number including, left to right, Joyce Meyer, Marcelline Kelly, Marjorie Helquist, Lois Ander, Elaine Strand, Bernice Strand, Virginia Dalton and Stella Roos.

Martin Meehan, Former Resident Passes Away

Martin T. Meehan of Connersville, Ind., a former Thief River Falls resident, died on Wednesday, April 30 in a Spokane, Wash. hospital at the age of 52 years. Funeral mass was at 9 o'clock Saturday morning, May 3 at St. Augustine's Catholic Church and burial was made in the Holy Cross cemetery. Mr. Meehan was a veteran in the first World War and served as a second lieutenant. He was also a member of the American Legion, the Knights of Columbus, and the Lions Club.

Technocracy Advocate Addresses Civic Group

J. R. Hunting of Minneapolis explained details of the Technocracy theory at the Civic and Commerce association luncheon last Thursday, and also spoke at an evening meeting in the Odd Fellows hall. Technocracy, he explained, calls for substituting public ownership in place of private property, and using "energy certificates" as a medium of exchange instead of the present money system.

Funeral Services for Mrs. Cecelia Nelson May 6

Funeral services were conducted by Rev. R. M. Fjelstad from the chapel of the Larson Funeral Home at 2 o'clock on Tuesday, May 6 for Mrs. Cecelia Nelson, who died at the age of 86 years, two months, and ten days at her home at 203 Duluth Avenue North on Friday, May 2. Interment took place in the Greenwood cemetery.

Mrs. Nelson, who was born on February 22, 1855 at Lands Prestegjel near Christiania, Norway, came to America with her parents in 1875 and settled near Rochester, Minn. In 1877 she married Nels S. Nelson at Rochester and they moved to Hawley. Later they moved to Fosston, and in 1904 they settled in this community. Since October, 1918, Mrs. Nelson has made her home in this city.

Her husband, parents, three brothers, and three sisters are deceased. Surviving are one son, Severin N. Nelson of Thief River Falls; Three daughters, Mrs. E. B. Bakke and Mrs. Josephine Schmidt of this city, and Mrs. L. A. Larson of Los Angeles, Calif.; two brothers, Otto Westrum of Clearbrook and Jens Westrom of Albert Lea; four grandchildren; and one great-grandchild.

Mrs. Mary Benston, 81, Passes Away Monday

Mrs. Mary Benston passed away at the sanatorium Monday, May 5 at the age of 81 years, nine months, and 13 days. Final rites will be conducted by Rev. J. O. Jacobson from the chapel of the Larson Funeral Home at 2:00 Saturday, May 10, and interment will be made in the Greenwood cemetery.

The deceased was born in Germany on July 22, 1859, and came to America with an aunt in 1862. They settled in Wisconsin. As a young lady she moved to Warren and was married there to Thomas A. Benston. Later the family moved to Turtle Mountains, N. D. and lived on a homestead for a number of years. They then moved to Devils Lake, N. D., later to Crookston, and then to Thief River Falls in 1891, where Mrs. Benston has since lived.

Her husband, one son, and one daughter are deceased, while she is survived by one son, Clarence Benston of this city; one daughter, Mrs. Oscar Anderson of Anden, Alberta, Canada; and four grandchildren.

PLAN CAMPAIGN FOR DRIVE ON WEEDS IN PENNINGTON COUNTY

(Continued From Page 1)

St. Hilaire; John Elsbrener, Deer Park; Aug. N. K. Anderson, Sanders; H. F. Harrison, Thief River Falls; and County Agent Ernest A. Palmer.

"Working the land thoroughly and selecting strong competing crops are likely to remain the cornerstone practices of weed control," according to Mr. Hammerbeck. He points out that chlorate treatment may effectively dispose of small patches of weeds in one operation, but farmers who have widespread infestations must combine cultivation with wise choice of crops in carrying out their work of cleaning up weedy land.

Minnesota farmers who have done extensive fallowing have found the choice of cultivator shovels to be important. The flaring type of shovel commonly called duckfoot is one of the most satisfactory found so far. This type may be used on a field implement or on the ordinary corn cultivator. Extra shanks may be added to give width to cultivator shovels.

Session Laws Published as Supplement to Times

Appearing locally with the Times this week is a 64-page supplement containing the full text of all laws enacted at the 1941 session of the Minnesota state legislature, which adjourned recently. For those who fail to receive it with this issue, a few extra copies are available at the Times office.

Load Restrictions are Listed Today on Several Highways in This Area

The Crookston office of the state highway department announced this week that effective today load restrictions are lifted from Highway 32 north to Roseau and from Thief River Falls to Red Lake Falls, as well as on Highway 92 from the junction near Red Lake Falls to Bagley. A five-ton limit is still in force on Highway 59 north from this city, owing to a bad section six miles west from Newfolden. Restrictions will be lifted Monday on Highway 75 from Beltrami to Ada, and on Highway 32 thru Twin Valley.

WE MUST DO ONE OF TWO THINGS

Isolationists sang another chorus of their "It's Going to Get Us Into War" song following Secretary of War Stimson's declaration Tuesday night that our navy should safeguard the delivery of supplies to Britain. Over and over again they sing the same refrain. Apparently it hasn't occurred to the isolationists yet that we are already at war. They don't seem to realize that war was declared on us several years ago by Hitler and Mussolini.

No rational person can fail to understand what Hitler meant when he said, "Either the world will be governed by the ideology of modern democracy, in which case every issue will be decided in favor of the numerically stronger races; or it will be ruled by the laws of force, when the peoples of brutal determination, not those that show self-restraint, will triumph."

There can be no misunderstanding of Mussolini's meaning when he thundered, "The struggle between two worlds can permit no compromise. — Either we or they. Either their ideas or ours. Either our state or theirs."

The method by which the world was to be converted to their ideology was outlined quite clearly by Dr. Joseph Goebbels when he observed, "The only instrument by which one can conduct foreign policy is alone and exclusively the sword."

The dictators served notice on the democracies long years ago that they were to be conquered, not just the democracies of Europe but of the whole world.

If the democracies of the world had banded together and presented a united front to this threat they could have checked it. But in all of these democracies there were many people, just as there are many in our country, who said, "Pooh, pooh; we will make no entangling alliances. We will mind our own business and then no one will have reason to harm us." And so, one at a time, by sword or by threat of sword, they were conquered and enslaved. No neighbor went to the assistance of another neighbor. By the same stupid policy, one by one, they lost their freedom.

And in spite of the many examples we have seen of the folly of standing alone, letting the butchers decide when we are ready for the slaughter, there are still many people in our country who are preaching that same stupid policy, urging us to repeat the mistakes of Holland and Belgium and Norway and Sweden and a half a dozen other countries.

Today Britain alone stands between the would be world conquerors and us. If Britain falls we stand alone, and alone we have *no chance of surviving as a free people.* To argue that we, alone, could withstand the political and economic and military pressure of a combination of victory drunk dictators who rule the rest of the world is to indulge a hope that is as vain as it is childish.

Our Congress, after considering carefully all of the facts, has decided that it is in the best interests of our own national defense that we give all possible aid to Britain. Aid to Britain and to all nations that are resisting the aggressors has been adopted as our national policy. That being our policy, there now are only two courses open to us. We may do what we have promised to do. Or we may do the craven thing, break faith with those we are pledged to help.

We are at war. If we fail now to do everything that it is within our power to do to bring that war to a successful conclusion then we will deserve defeat for ourselves and for those ideals of liberty which our government symbolizes.

Recent heavy rains have reminded us the painful way that our sewer system is not adequate to serve the dual purpose of sanitation and flood water escape. We are badly in need of additional storm sewers and until they are built our sanitary system is going to be converted at regular intervals to an unsanitary system. One of the things that seems to be delaying action on the construction of much needed storm sewers is the problem of making an equitable assessment of the costs against benefiting property. It seems to us that the fairest solution to this problem would be to distribute the cost over all property by having the city itself pay the bill. Storm sewers should not be considered the same as sanitary sewers. The control of flood waters is a community problem and not the problem of any one individual or group of individuals. It is just as reasonable for the city to assume the responsibility for the control of flood waters as it has been for it to assume the responsibility of street lighting and street maintenance.

Maybe the cold spell will prove to be of real value to us. There is a possibility that the grasshoppers, already hatched out in great numbers, may come down with severe colds. "Billions Die from Exposure" could be a cheerful scarehead across the top of the front page.

MAYOR PRICHARD PROCLAIMS HOSPITAL DAY MAY 12TH

The City of Thief River Falls is indeed fortunate in having well equipped hospitals, ably managed and staffed with highly trained physicians, surgeons and nurses. Understanding and good will between these institutions and the people of our community should be intimate and sympathetic.

Monday, May 12, has been designated as National Hospital Day by the American Hospital Association.

As mayor of the city of Thief River Falls, I proclaim the observance of this day, and sincerely hope the people will avail themselves of this opportunity to secure first hand knowledge of our hospital institutions and the vast human services they render.

W. W. PRICHARD, Mayor.

LOCAL TRACK MEN VIE IN DISTRICT EVENT SATURDAY

Coach Lindenmeyer Expects 17 Lincoln Athletes to Participate

Coach John Lindenmeyer announced that approximately 17 trackmen would be in the Prowler squad that competes in the 31st district track and field meet at the University of North Dakota field on Saturday, May 10th.

The following boys compose the roster, and the events in which it is probable they will compete: 220 yard dash—Tommy Carlisle, John Borry, and Johnny Parbst; 440 yard run—Carlisle, Borry and Parbst; 880 yard run—Don Olson, Roman Paulson, and Gordon Prestby or Lloyd Alnes; 200 yard low hurdles — Bruce Biddick, Orlin Gjernes, and Don Olson; 120 yard high hurdles—Biddick, Lenny Lorentson, and Bob Rose; broad jump—Carlisle and Olson; high jump—Rose, Carlisle, and Olson or Biddick; shot put—Don Michalsky, Luther Fjelstad and Armand Pederson or Russ Garness; discus—Armand Pederson and Gjernes; pole vault—Gjernes; relay teams—Carlisle, Biddick, Olson, and Gjernes or Parbst; and Prestby, Ade Magnuson, Lorentson and Homer Matheson.

Last Friday Coach Lindenmeyer and five of the Prowler trackmen—Don Olson, John Borry, Don Michalsky, Roman Paulson, and Orlin Gjernes—attended the Dragon relays, on the Moorhead State Teachers College field, and the veteran Don Olson was the only Prowler point-getter, scoring a third place in the 200 yard low hurdles. The locals were handicapped by the fact that several of their experienced trackmen, Carlisle and Biddick, were attending the state music contest in Minneapolis.

Diamondballers to Act on Schedule for Year Next Tuesday Evening

Representatives from the Kiewel's, Land O' Lakes, Bridgeman's Harts, CCC and the NYA were in attendance at a diamondball meeting held in the recreation room of the Arena Tuesday night. Organization plans for a six team city league were completed (with the possibility that the league may be increased to an eight team circuit) with games being played under the lights at the fair grounds on Monday, Tuesday, Wednesday, and Thursday nights, with Friday nights being reserved for *postponed games and exhibition games,* and the league schedule to begin on May 19th.

Ferd Elstad, city recreational director, announced that one of his senior leaders, Duane Battelson, would be assigned to the diamondball project.

Another diamondball meeting will be held at the Arena next Tuesday night, at which time a league schedule will be adopted, and playing rules and umpires agreed upon.

"The DRINK of MODERATION"

In a "Liberty Loving" country folks are going to gather in social groups and enjoy life. Enjoying life can be carried to extremes or it can follow the road of moderation. Beer fits into the "moderation" picture. Here is a beverage which Doctors hold is not intoxicating, yet it promotes good fellowship and sociability.

The undersigned Brewers are cooperating to the best of their ability to see that beer taverns are respectable, law-abiding and inviting. For it is their desire that beer be sold only under wholesome conditions, so you may continue to enjoy this beverage of moderation.

Incidentally, the Brewing Industry is contributing over a million dollars a day to our National Government in taxes in addition to the local city, county and state taxes.

Default has been made in the conditions of that certain mortgage made, executed and delivered by Lincoln Arnold, as administrator of the estate of Andrew Torgerson, also known as Andreas Torgerson, deceased, mortgagor, to Northern State Bank of Thief River Falls, a corporation, of Thief River Falls, Minnesota, mortgagee, dated March 21st, 1939, [illegible]

CITY COUNCIL PROCEEDINGS

Pursuant to due call and notice thereof the City Council of the City of Thief River Falls, Minnesota, met in special session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, April 29, 1941. The meeting was called to order at eight o'clock P. M. with all members present.

Alderman Sande introduced a resolution approving plans and specifications, as submitted by the Commissioner of Highways, State of Minnesota, for the construction, reconstruction and improvement of Trunk Highway No. 32 through the City of Thief River Falls and prohibiting encroachments along said Highway and moved adoption of the resolution. The motion was seconded by Alderman Kinghorn and on roll call said resolution was unanimously adopted.

Alderman Sande and Alderman Kinghorn, Council representatives on the WPA Recreation Board presented a recommendation on behalf of such Board that the program being sponsored in the Sports Arena be continued under the present management with Works Progress Administration furnishing all labor with the exception of management; that the City furnish approximately 200 skates for roller skating. The Council, after discussion, indicated that they would approve such plan and authorized such representatives to so report to the committee.

In connection with further preparation and setting up of records in the office of the Assessor, which work has been carried out with assistance of Works Progress Administration, it was moved by Alderman Kinghorn that such project be further continued in order to complete the card system and block drawings. The motion was seconded by Alderman Baker and adopted.

On motion of Alderman Kinghorn, seconded by Sande and carried the City Clerk was instructed to cause notice to be published in the official paper calling for proposals for the furnishing of 76 ornamental lighting standards, and necessary conductor cable and fittings, bids to be opened on May 19th, 1941.

There being no further business to come before the Board the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At a special meeting of the City Council held April 29, 1941, Alderman Sande seconded by Alderman Kinghorn, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the Commissioner of Highways of the State of Minnesota has designated the location of Trunk Highway No. 32, formerly designated as Trunk Highway No. 22, through the City of Thief River Falls as shown upon the plan which is presented herewith and made a part hereof, and

WHEREAS, Said Commissioner of Highways is desirous of constructing, reconstructing and improving said Trunk Highway through said City and has prepared plans for said construction, reconstruction and improvements, a copy of which said plans are presented herewith and made a part of this resolution, and

WHEREAS, The construction, reconstruction and improvement of said [illegible]

[illegible] tion or maintenance of any encroachment whatsoever, including curb gas pumps and gas stations, billboards or other structures of any kind whatsoever, upon said right of way and that said City will cooperate insofar as possible to eliminate existing encroachments constituting traffic hazards and will further take any necessary action to eliminate any encroachment that may hereafter exist on said Trunk Highway right of way.

ROLL CALL

Aldermen voting Yes: Griebstein, Salveson, Baker, Iverson, Kinghorn, Sande.

Aldermen voting No: None.

Resolution declared passed.

EMIL GRIEBSTEIN,
President of the Council.

Presented to Mayor April 29, 1941.
Approved May 5, 1941.

W. W. PRICHARD,
Mayor.

NOTICE

It has come to my attention on several occasions recently that solicitors have called on merchants and individuals stating that their proposition has my endorsement and implying that St. Bernard's Church will benefit by any orders or subscriptions given to them. Please be advised that unless a solicitor carries with him a letter of endorsement, of current date, signed by me, any representation of my interest in the solicitation is fraudulent.

Rev. E. I. Merth. 19p

Card of Thanks

We desire to express our deep gratitude for the many kindly expressions of friendship received from neighbors and friends during our recent grievous loss in the death of our beloved husband, father, and grandfather. Especially do we wish to thank Rev. T. C. L. Hanson for his comforting words and Mrs. Carl Torgerson, Mrs. Henry Williams and Lucille and Mr. Olaf Neset for the beautiful songs. Mrs. Knutson, children and grandchildren. 19p

Card of Thanks

The people of St. Bernard's parish wish to take this means of thanking the teachers and pupils of St. Bernard's school, also the parents, for the splendid play which they brought to Goodridge and presented for the benefit of St. Anne's parish. It is deeply appreciated. Signed Members of St. Anne's, at Goodridge. 19p

Card of Thanks

We wish to thank all of the neighbors and friends for all the consideration shown us during the illness and death of Ole Thune, especially to Rev. J. O. Jacobsen and Rev. R. M. Fjelstad for their visits to the hospital and Cleo Alberg for her beautiful songs. Clara Thune and children, Mr. and Mrs. Peter Thune, August Thune, Mr. and Mrs. Emil Thune and family, Mr. and Mrs. Carl Malby and family, Mr. and Mrs. H. N. Elofson and family. 19p

Card of Thanks

We wish to take this means of expressing our sincere appreciation to our many neighbors for the surprise charivari so masterly maneuvered, and so enthusiastically supported. The charivari formed a fitting introductory number for the most enjoyable evening spent in the celebration of our 25th wedding anniversary. We do so much wish to thank our neighbors for the fine gifts left in remembrance of this occasion, and for the very fine lunch served to the people gathered at our home. Thanks a lot for that fine neighborly spirit manifested. Mr. and Mrs. Paul Engelstad. 19p

Card of Thanks

We take this method of expressing our heartfelt thanks to all friends who helped lighten our recent bereavement by their kind deeds and beautiful flowers. Especially we thank Rev. Jacobsen for the consoling message and Mrs. Jacobsen and Mrs. Oscar Anderson for the songs they rendered. The Tonneslan family. 19p

LEGION JUNIOR AND MIDGET BASEBALL PRACTICE TO OPEN

Practice Sessions Will Get Under Way on Various Playgrounds

American Legion junior baseball and midget baseball practice sessions get off to an official start Friday afternoon at the various playgrounds. All teams will be under the supervision of WPA recreation leaders.

Although a Legion coach has not been named as yet, practice sessions get under way at East-side park with instruction furnished by local recreation leaders. All the Legion equipment has been placed at East-side park, ready for the initial practice period. All members of last years' team who are eligible for Legion play again this year are urged to get out to practice early Friday afternoon, and bring along other boys who are interested in playing on the team. A regular schedule of games is being drawn up, this to be followed by tournament play.

Rather than select midget teams from the schools, recreation officials plan to organize ward teams. Age limit for the midget teams is set at 14. The first ward team will practice at Northrop playground; second ward team will practice at St. Bernard's playground and at the fairgrounds; and the third and fourth ward teams will use East-side park for practice sessions. All young boys interested in these teams are encouraged to report to the recreation leader in charge of the playground very soon, so that the midget league can get off to an early start.

Bats, balls, and protective equipment will be furnished the teams, but individuals are responsible for gloves and mitts.

Sponsors of Winning Teams Receive Bowling Trophies

Trophies were presented to the sponsors of winning teams at the annual bowler's banquet held at the Palm Garden Thursday night. In the front row, left to right, are L. H. Hartz, sponsor of the Hartz Office team, first place winner in the Commercial League; Lee Wells, representing J & B Drugs, first place winner in the City League, and Bill LaFave, sponsor of the first place Bridgeman team in the Business League.

Standing, left to right, are Ed. Carlson of Hartz Bakery, 2nd place winner in the Business League; Ole Ekeren of The Pharmacy, 2nd. place winner in the City League; Roy Barzen of Jack Sprat, 3rd place winner in the Business League; C. W. Mattson of the Times and Norb Holzknecht of Our Family, 2nd and 3rd place winners in the Commercial League.

Bowling Awards Given at Banquet Thursday

The 1940-41 bowling season was brought to a close when 125 members of he Thief River Falls bowling association met in the Palm Garden's Pine Cave last Thursday evening for their annual banquet. Following a turkey supper, Ed Carlson, association president, presented trophies and medals to the various team and individual winners. The gathering was concluded with the election of next season's officers. The new officials chosen were, Frank Kobliska; president; W. E. Dahlquist, vice-president; and Harry Wisdom, secretary.

The City League championship trophy was won by the J & B Drugs team, with Lieber Wells accepting the emblem in behalf of Helmer Bauman, the team's sponsor; the runner-up trophy was presented to Ole Ekeren, sponsor of the Thief River Pharmacy team. Members of the two teams received individual emblems. Wally DuChamp, of the Grain Belt team, was presented with the league's individual high average trophy; and the following bowlers were awarded trophies for being the high average bowler on their team: Walt Ekeren, Pharmacy; Merlo Carlson, Pepsi-Cola; Carlo Columbo, J & B Drugs; Ray Elden, Main Sandwich; Vernon Williams, Fitger's; Emil Dostal, Kiewel's; Gay Strong, Grain Belt; and Johnny Jaranson, Coca-Colas.

Ed Carlson presented to L. B. Hartz, sponsor of the Hartz Office team, the championship trophy of the Commercial League. C. W. Mattson accepted runner-up trophy won by the Thief River Falls Times team; and Norbert Holzknecht received the third place trophy for the Our Family Foods team. Wally Carlson, of the Hartz Office, received a fine electric clock as the award for being the league's individual high average bowler. Bowlers receiving trophies for being the high average man on their team were Earl Effinger, Land O' Lakes; Walt Peterson, Thief River Creamery; Walt Johnson, Jung's Bakery; Johnny Jaranson, Hartz Office; Stan Egenes, Our Family Foods; Sewell Gross, Lyle Culvert Co.; Cal Colvin, Thief River Times; "Stub" Melby, J. C. Penney Co.; Randall Noper, Junior C. of C.; and Clarence Offerdahl, Hartz Stores.

Wm. LaFave, sponsor, of the Bridgeman's Creameries team, was presented with the league championship trophy of the Business League. L. B. Hartz accepted the runnerup trophy for his Hartz Bakery team; and Roy Barzen, sponsor of the Jack Sprat team, which won 19 of its last 21 games, received the third place trophy. John Langseth, of the Bridgeman's team, was awarded the league's individual high average trophy, while the following bowlers received emblems for having the individual team high average: Gay Strong, Bratrud Clinic; Geo. Williamson, Elks Club; Rolf Wollan, Royal Bohemians; Arlo Jacobson, Standard Oil; Harry Wisdom, Jack Sprat Foods; Carl Lash, Hartz Bakery; Len Carlson, Oen's; Myron Tiedt, Montgomery-Ward; and Walt Peterson, Quality Dairy.

156 lb. Rock Sturgeon Is Netted at Red Lake

A rock-sturgeon weighing 156 pounds and measuring six and a half feet in length, was caught recently in pike run nets at the mouth of the Tamarac river on the northeast shore of Upper Red Lake, the state conservation department has learned. The fish, a protected species, is being held in an enclosed pool in the river for a few days before being set free.

SPORTSMENS CLUB VIEWS MOVIES AT MEETING TUESDAY

Members Discuss New Trap Shoot Layout on Fair Grounds

Nearly 100 members and others attended the May session of the Pennington County Sportsmen's club Tuesday evening in the Civic and Commerce rooms and enjoyed the presentation of motion pictures of wild game in the Rocky Mountain region, as well as of beaver in their native haunts.

O. C. Paulson, member of the fair board, discussed the proposed installation of a new trapshoot and skeet layout on the fair grounds, and it was indicated that definite action will be taken at an early date.

Merle Shields, refuge patrolman in the Thief Lake area, asked the cooperation of the club in planting wild rice in the refuge, and it was voted to buy 100 pounds of wild rice for planting there.

Lunch was served following the program and business session.

PUBLIC URGED TO PROMOTE SAFETY ON STATE WATERS

Conservation Department in Campaign to Prevent Drownings

With approximately a score of drownings in the state this year, even before the opening of the summer tourist season, the safety and tourist conscious people of Minnesota are stressing the need of more concerted efforts to put a stop to this needless waste of human lives, current press and other forms of public expression reveal, according to a statement issued by the state conservation department's safety section.

Aside from the humanitarian aspects involved, there appears to be widespread apprehension that these "accidents" hurt the tourist business. There also are indications that the feeling is growing that most of them could be prevented if a majority of the people of Minnesota made up their minds to do so. The record of reduced hunting, fishing and water sports fatalities in the state since the department launched its safety program less than three years ago, is pointed to as proof that it can be done.

In 1938, the year before this project was started, the drownings totaled 180. In 1939 they dropped to 169, and in 1940 to 161. The fact that this drop in drownings took place in face of substantial increases in vacationists each year, makes this showing even more impressive.

"Minnesota can ill afford to remain complacent about this any longer," said Victor A. Johnston, director of the state tourist bureau. "It is inexcusable in view of the results already had from the safety program. These prove we can prevent most of these mishaps if we make up our minds to. Just as Minnesota excels in all essential tourist lures, let us make her the safest in which to enjoy them."

TWINS ARE OVER EIGHTY FIVE YEARS OF AGE

Renville—Topping the record of the Irish twins who received publicity during March on the occasion of their joint 83rd birthday on St. Patrick's Day, are Hans Jenson and Mary (Jepson) Brummer of Renville who were born in 1855 in Schleswig, Denmark. Unless other older twins are heard from, they hold the record for the oldest living twins in the state, being over 85.

Another Group of Holt Pupils Visits Local Institutions

Shown above is another group of Holt school pupils who made a tour of inspection of public and private institutions in Thief River Falls last Thursday afternoon. They are pupils in the third, fourth and fifth grades, and their teacher, chown at extreme left, is Miss Marjorie Mattson.

Others included in the picture, left to right, are, front row, Royal Madsen, Arthur Peterson, Vernon Engen, Robert Johnson, Dolores Sandberg, Dorothy Sagstuen, Viola Johnson, Naomi Linstad, Shirley Larson, Doris Nelson, Gladys Ness and Darlene Horien.

Back row: Jerome Horien, Lawrence Bottom, Vernon Johnson, Donald Larson, George Fricker, Glenn Peterson, Colvin Larson, Walter Fluke, Dorothy Larson, Gilman Johnson, Mae Fluke, Jean Wegge, and Evelyn Nelson. At extreme right are Mrs. Clarence Larson and Murnette Johnson, bus driver.

BROTHER OF LOCAL WOMAN IS BADLY HURT IN ACCIDENT

Orban Hamry Injured in Mishap that Brings Death to Maple Bay Man

Ed Ness, Maple Bay storekeeper, was killed and six persons were injured in a head-on collision between an automobile and a light truck west of Bagley Thursday night.

Orban Hamry of Lengby, driver of the truck and brother of Miss Effie Hamry of Thief River Falls, was taken to the Bagley hospital to be treated for a crushed chest, several fractured ribs and head injuries. He is expected to recover.

Five persons riding in the automobile with Ness received minor injuries. Those hurt, all of them released after treatment in a Fosston hospital, include John Solie, Winger; Martin Strand, Fosston; Rev. Hagen, Fosston; and Rev. and Mrs. Anderson of Winger.

Sheriff Art Anderson and Coroner Oscar Lewis, both of Clearwater county, said Hamry's car was traveling on the left side of the traveling on the left side of the road and that they were considering charges.

Widely known in Polk county, Ness had operated the store at Maple Bay for 40 years and was a candidate for county treasurer in 1928 and county commissioner in 1940.

A Polk county coroner's jury Tuesday held that Ness died because of the "criminal negligence" of Orban Hamry.

SILVERTON

One of the first schools to close in Pennington county was the Elwell school, Dist. 28 taught by Miss Iva Howe. Teacher, pupils and parents joined in enjoying a picnic at the Clarence Peterson home where sandwiches, weiners, salad, baked beans, cake and ice cream disappeared like the proverbial snow ball in June. A short Mother's Day program was given before dinner and a potted geranium was presented to each mother by the pupils. Miss Howe's guests were her mother and sister-in-law who came to attend the picnic and take Miss Howe to her home in Erskine.

Mr. and Mrs. Willis Roese motored to Fargo on Saturday. They also visited at the Jack Bailey home in Grand Forks and with Mrs. Roese's sister and brother in Northwood and Emorado, N. D. Mr. and Mrs. Roese are now driving a beautiful new Plymouth.

Mrs. Paul Peterson visited Tuesday at the Clarence Peterson home.

Mr. and Mrs. W. E. Chapman visited Sunday at the home of their son and daughter-in-law, Mr. and Mrs. Ervin Chapman.

Rara Woolson and her friend Bethel Schumacher are expected to arrive Friday to visit at the Woolson home until Sunday. Last week-end Rara was a guest at the Schumacher home at Rosholt, S. D.

Annabelle Peterson of Thief River Falls and Clarence Chapman visited Sunday with Annabelle's sister Mrs. Lallas Chapman.

Miss Hannah Johnson was a visitor on Tuesday at the Woolson home.

Kenneth Johnson and Vernon Sorneson were Thursday evening guests at the Woolson home.

Mrs. Uniahl attended the Women's project meeting held in Thief River on April 29. So far no time has been set for the Silverton group meeting but it is expected to be held very soon. Members will be notified as to time and place.

TEACHER IN RURAL SCHOOL NEAR CITY ACCIDENT VICTIM

Miss Lucille Bergos Hurt in Mishap Near Mallory Early Sunday

The skull fracture and other injuries she sustained early Sunday morning in an automobile accident east of Mallory claimed the life of Lucille Bergos at 1:40 p. m. Tuesday. The body was to be brought to the Stenshoel Funeral home in Crookston. Miss Bergos is survived by her parents, Mr. and Mrs. Oscar Bergos, three sisters, Mrs. Arlene Holland of Bemidji, Winona of Miami Beach, Fla., and Loretta at home and a brother, Oscar, Jr.

Miss Lucille Bergos, daughter of Mr. and Mrs. Oscar Bergos of near Crookston, is in St. Michael's hospital in Grand Forks with serious injuries sustained in an early Sunday morning automobile accident on highway 2, 1½ miles east of Mallory.

Miss Bergos, who had closed a term of school in District 112 near Thief River Falls, was to have been married May 17 to Bert Sammons of Billings, Mont.

Miss Bergos, driving alone, was enroute home from Grand Forks, when she was struck from the rear by a car driven by Emil Anderson, of Fisher, also travelling alone. The mishap occurred at 3:30 A. M.

State highway patrolmen, who investigated the accident, said the two cars travelled approximately 165 feet from the point of the impact, both plunging into the ditch. Mr. Anderson told highway patrolmen that he was partially blinded by the lights of an approaching car. He said he saw the tail lights of Miss Bergos' car as he was almost upon it and applied his brakes, but was unable to avoid the collision.

Journalism

There are 13,995 students enrolled in journalism courses in more than 450 American colleges and universities.

STEINER

Miss Olive Jorde who has attended beauty school in Grand Forks, returned to her home here Sunday for a six weeks vacation.

The Riverside school carried away the honors last Friday evening at the declamatory contest, held in the Community hall. The winners who were first were Audrey Kisch of the upper grades and Jimmy Russell of the lower grades. Both pupils and their teacher, Phyllis Preatby, will go to Warren, where they will take part in the county contest held in that city on Saturday.

The cast giving the play, "George in a Jam" from the Steiner Community club will go to Plummer Saturday, the 10th, where they hope to entertain a large crowd.

Sunday visitors at the A. Kisch home were Mr. and Mrs. R. Sculthorp of Thief River Falls and Mr. and Mrs. Art Knutson and little daughter of Mavie.

Company Sunday at the Otto Rupprecht home were Mr. and Mrs. Ed Rupprecht and son Leroy of Thief River Falls, Mr. and Mrs. Christ Nelson of Agdar, Mr. and Mrs. Seymour Nelson and family. The occasion was Donald Richard's seventh birthday. A birthday cake, in white, green and yellow was a big surprise for little Donald.

Mr. and Mrs. Ed Johnson and Grandma Warner of Thief River Falls were Sunday evening visitors at the Rene Warner home.

The River side school district 84, met at the Kenneth Russell home Monday evening to vote and discuss the building of a new school house. Only 12 votes were cast, as the rain in the afternoon and early evening made the roads almost impassable.

The Kenneth Russells had the misfortune of loosing a good cow, Sunday morning. In some way the cows had gotten into a feed bin and helped themselves. Seven more cows are in a serious condition.

The woman's project will meet on Thursday at the R. Rupprecht home. The lesson is, planning farm food supplies. Group No. 1 and No. 2 will go together this season. So we all hope for a large crowd. Any outsiders wishing to attend are welcome.

BRAY

Mr. and Mrs. Richard Swanson, Bobby and Dicky, Mrs. C. T. Swanson, Felix and Miss Gladys Anderson, Sam Lorentson, Betty Lou and Dale of Holt, and Mr. and Mrs. Fred Lorentson of Thief River Falls and Clarence Hallstrom and Janet visited at the home of Mr. and Mrs. Alex Swanson Sunday afternoon.

Mrs. Sundholm who is spending a few days with her mother, and Mrs. Bill Kruse motored to Crookston Monday.

H. A. Haug and sons Lowell, Waldo and Glendon and Mrs. Wahl of Greenbush visited at the home of Mr. and Mrs. L. C. Hegstad on Sunday.

Mrs. Merl Johnson and son of Kennedy spent Tuesday and Wednesday with her brother Glenn who is ill.

ADVANCE DATE FOR PURCHASING AUTO PLATES TO NOV. 15

Legislature Enacts Measure Changing Date from February 15

Ordering of 1942 auto license plates and printing of application blanks already is under way, the state automobile license division announced because of the advance in the deadline for purchase of plates without penalty, passed by the legislature which adjourned last week.

Under the new law 1942 license tags must be purchased by Nov. 15 instead of Feb. 15 as previously and plates must be displayed on automobiles on Jan. 1, instead of April 1.

Penalty for failure to purchase the plates on Nov. 15, will be 25 cents a day for the next two days, with another 50 cents becoming due Dec. 1, and an additional 50 cents if the plates are not purchased until Jan. 1.

GRYGLA

Local Girl Weds

The Grygla Lutheran parsonage was the scene of simple and beautiful wedding last Thursday evening when Reverend S. T. Anderson spoke the words to join in matrimony Miss Martha Ovidia Aaserud, daughter of Mr. and Mrs. Christ Aaserud to Earl Hagen, son of Mr. and Mrs. John Hagen of Black Hawk, Ontario, Canada. The ceremony, which occurred at six o'clock, under an archway of green and white streamers, following the piano rendition of Lohengrin's Wedding March by Mrs. S. T. Anderson, was witnessed by the bride's brother-in-law and sister, Mr. and Mrs. Olaf Olstad, and Miss Evelyn Smeby, the bride's cousin.

The bride chose for her wedding a lovely afternoon frock of light blue [illegible] crepe, fashioned with a long waistline, full skirt, high neckline and short, puffed sleeves. She wore a shoulder corsage of white gardenias and her accessories were navy blue. The matron of honor wore an afternoon dress of rose-colored crepe fashioned with a square neckline, fitted bodice and full skirt while the bridesmaid was attired in a dress of green and white printed sheer crepe fashioned along princess lines. The matron of honor and bridesmaid both wore black accessories and shoulder corsages to harmonize with their respective costumes.

Following the ceremony the members of the wedding party were entertained at a sumptuous wedding supper at the home of the bride. Mr. and Mrs. Hagen left Saturday for Black Hawk where they will make their home on a farm. They left here with the felicitations of a host of friends, who join in wishing them luck and happiness in their new home.

Pre-Nuptial Shower

Martha Aaserud was honored at a prenuptial surprise bridal shower last Tuesday afternoon at the home of her parents, Mr. and Mrs. Christ Aaserud. The large group of neighbors and friends, numbering more than fifty, spent the afternoon in a social way, after which Miss Aaserud opened the large assortment of miscellaneous gifts, including a substantial amount of money. At the close of the afternoon the hostesses, Evelyn Smeby and Julia Brattell, served a delicious lunch, which had been brought by all present. Those from a distance who attended were Mr. and Mrs. John Chelgren of Erie, Mr. and Mrs. Axel Sund of Esplee and Tillie Nesland of Thief River Falls.

Declamatory Contest

The sectional declamatory contest was held at the local school auditorium last Friday evening and pupils from four schools were participating. In class A Wayne Holbrook of District 118 won first place with his selection, "Sammy's Strategy", while Shirley Stewart of Dist. 139 and Leonard Moe of Dist. 94 tied for second place. Shirley gave a dramatic reading entitled, "Fading Roses" and Leonard's selection was "Jack Turns Nursemaid". Other participating in this class were Marylyn Lunde of Dist. 118 who rendered "Cupid's Assistant" and Clinton Erickson of District 94, who also had the selection, "Sammy's Strategy".

Rolf Lunde of District 118 won first place in class B with the selection, "Bobby's Big Day", while Marie Leigh of Dist. 139 placed second with, "Every Rose Has its Thorns". Third place was awarded to Helen Wold of Dist. 75-U who read "Peter Patrick". Harland Bush of Dist. 98U, gave "Johnny Graham's Shirt"; Ella Mae Dahlen of Dist. 118 gave, "Sadie Goes Up In An Aeroplane", and Wesley Leigh of Dist. 139 gave, "Jimmy Jones Studies Geography."

The contest was judged by Mrs. William Stanley, Ida Mae Winger, and Irwin Anderson. The winners in the two classes, Rolf Lunde and Wayne Holbrook, together with their respective teachers, Clarence Dotan and Clara Lillevold will go to Warren on Saturday when the Boys will represent this section at the county declamatory contest.

During intermission, Helen Wold and Dagne Saxvold, pupils of Dist. 75 U sang "Make the Woodlands Ring".

Mrs. Bertha Holbrook Hostess

Mrs. Bertha Holbrook entertained a group of relatives at her home on Sunday at a family gathering, occasioned by the expected departure of the George and Elwin Holbrook families for Milford, Michigan, where they plan to make their homes. The day was devoted to visiting and reminiscing and a sumptuous dinner and supper were enjoyed, served by the ladies in the group. Those present besides the hostesses were Mr. and Mrs. Carl Holbrook and Dolores, Mr. and Mrs. Dean Stephenson, Jane Hougen of Thief River Falls, Mrs. George Holbrook and children, Mrs. Elwin Holbrook and children, Mr. and Mrs. Harold Bush and daughters, Mrs. Cora Bush and Mrs. Gene O'Neil of Chicago, Illinois.

Hunt Still Continues

The Predator Hunt is still going strong and at the close of last week L. A. Knight's side was still in the lead, with 10,303 points against John Gonnering's side, which had 8,783 points. The margin was 1520 points. These points were gained by hunting as during the last week no memberships were posted for either side. There are only three weeks left until the fateful deadline and with the passing of each day the competition becomes more keen. Watch for next week's results.

Bowling Scores

Last Monday evening the bowlers from the Co-Operative store defeated the Investors by 41 points. The Investors scored 1552 against 1993 scored by the Cooperative team.

Two tournaments were played last Tuesday evening, the Boyum Ladies team defeated the Walls Ladies with a score of 1481 against 1440 points; the difference being 41 points. Spruce Grove township with a score of 1498 was defeated by Beaville township which scored 1677; 187 points difference. Alice Hagen scored high among the ladies last week with 186 and Orlin Windsness won honors among the men with his score of 203.

St. Olaf Ladies Aid

The monthly meeting of the St. Olaf's Ladies aid was held at the church last Thursday afternoon, opening with devotion led by Rev. S. T. Anderson. The business meeting was opened by the president, Mrs. O. J. Peterson and there followed a discussion on the painting of the exterior of the church which was tabled. Mrs. Charles Knutson and Mrs. Elmer Hylland reported on the progress made in investigating the possibility of having a summer vacation Daily Bible school, sponsored by the Ladies Aid. It was decided to have this school some time in June. Mrs. Charles Knutson and Mrs. Erwin Nelson were chosen as delegates to attend the Bicentennial Convention of the W. M. F. at Bemidji, May 21 and 22 with Mrs. F. A. Brown and Mrs. O. J. Peterson named as alternates.

Hostesses named for next month were Mmes. Allan Jones will be arranged by Mmes. H. T. and O. J. Peterson. Lunch was served by Mmes. Oscar Tveten, Oscar Knutson and Bertha Nelson.

Farmers Club Re-Organize

A very large crowd was present at the annual re-organization meeting of the North Star Farmers' club last Thursday evening. A board of directors was chosen for the coming year and the following were reelected by ballot: Anton Boman, Arne Wick, Russel Thieling, Vernon Gilthvedt, and George Hanson. The board members then met in private and chose their officers which are as follows: President, Anton Boman to succeed Russel Thieling; vice president, Russel Thieling to succeed Vernon Gilthvedt; secretary, Geo. Hanson, reelected; treasurer, Arne Wick, reelected and director Vernon Gilthvedt to succeed Anton Boman. The treasurer's annual report was heard at the meeting and the club has $257.20 in its treasury at this time. The club also reports 107 members.

Following the business meeting Oscar Nelson, county agent of Beltrami county spoke on "Farming Conditions Following the Present War." Ray Johnson, Beltrami county 4-H club leader also spoke after which the Girls Glee Club of Goodridge sang several selections under the direction of Jean Lierboe. A minstrel show was presented by ten black faced comedians after which Clifford Rude sang several songs to the accompaniment of his guitar, which concluded the program.

Lunch was served by Margaret Lillevold and Alice Anderson. Several hours of dancing were then enjoyed, music furnished by the Bergen orchestra.

Mrs. Arthur Nordby Entertains

Mrs. Arthur Nordby was hostess to a group of relatives and friends last Sunday at a joint birthday party in honor of her daughters Ardith's tenth and Marie's fifth birthdays, which occurred the 1st and the 14th of May respectively. Visiting formed the main diversion and at the close of the afternoon Mrs. Nordby served a lovely lunch at a table, centering two beautifully decorated birthday cakes. Both cakes were white and one was decorated in blue and yellow, topped with one candle in honor of Marie while Ardith's cake was trimmed with pink and had ten pink candles. Both girls received several lovely gifts. Those present besides the Nordby family were Mr. and Mrs. Oscar Tveten, Mr. and Mrs. Allan Jones and son, Mr. and Mrs. Curtis Nordby and son, Mr. and Mrs. Enoch Hestad and John Likness.

THAT TIME HE REALLY LEFT TOWN

Montevideo —Sometimes coincidences are funny, and sometimes they are not so funny, a fact attested to by a transient picked up in Montevideo Friday by the police for drunkenness and brought before Municipal Judge B. J. Oyen. His sentence was suspended on condition that he leave town immediately. Sunday morning, however, two days later, Judge and Mrs. Oyen went out to their car parked near their garage and there found the man asleep in the back seat. The man discovered them at about the same time and leaped out of the car, wasting no time in making himself scarce, at the same time lamenting the luck that made him pick the judge's car out of all the others in which to take his nap.

Salesmen rely on Red Crown Gasoline

Lusty power speeds calls...saves travel expense

SALESMEN probably try more different brands of gasoline than any other single group of car owners. Yet with them Red Crown is more than twice as popular as any other brand!*

But salesmen have no corner on good gasoline judgment. Red Crown is preferred 2 to 1 by all classifications of car owners in the Middle West.

Other motorists are discovering what salesmen apparently know: Red Crown is high in anti-knock performance ... packs loads of power, and is the gasoline you want, above all, for low cost per mile!

Stop at clean, convenient Standard Dealer stations for your gasoline this summer. Make Red Crown a regular money-saving habit of your own.

3 fine gasolines priced to suit your purse: At the RED Crown pump—Red Crown, regular priced... At the WHITE Crown pump—Solite, premium quality... At the BLUE Crown pump—Standard, bargain priced.

NOW SEE WHAT YOUR MONEY BUYS
With This New Kind of Car in The Lowest-Price Field

Up to 30 Miles a Gallon! And from 500 to 600 miles on a tankful ... reported by many Nash owners.

The Widest Seats ... No other lowest-price car can match Nash. Front seat's nearly five feet wide!

Coil Springs All-Around ... the smoothest kind of ride a car can give you! Only lowest-price car offering it.

Easiest Steering ... Only Nash has Two-way Roller Steering. Hugs the curves. Far easier to drive and park.

More Comfort Features ... Nash alone can offer Weather Eye Conditioned Air, "Sedan Slesper" Bed, One-Piece Welded Body.

No Wonder NASH Is Winning New Buyers At A Rate 3 TIMES FASTER Than Any Other Low-Price Car!

It's no longer a trend—it's a landslide to Nash!...Drive it. Just one pint of gasoline will change all your ideas of what a lowest-price car can be.

You'll see how this big Nash delivers from 25 to 30 miles a gallon at highway speeds.

You'll see why owners say: "As a salesman, I average 150 miles daily behind the wheel. Records show I'm getting over 25 miles a gallon, saving on oil, tires and even license plates."

"Gentlemen, it's a honey. On a recent trip to Stockton, I averaged 32 miles a gallon, speeding along at 45 miles an hour in overdrive."

Follow the thousands who are changing to Nash each week. Come in—and drive it!

A couple of bad eggs...
but why blame the hen?

A bad egg *does* turn up once in a while ... but that's not a sensible reason for destroying all the good eggs ... or for taking it out on the hen.

Beer retailing in America is something like that. The vast majority of beer retail establishments are clean, law-abiding, wholesome places. And still there may be a few "bad egg" retailers who violate the law or permit anti-social conditions.

The brewing industry wants these undesirables eliminated entirely ... to protect *your* right to drink good beer ... and *our* right to make it.

And also to protect the many benefits brought by the beer industry to Minnesota...such as the 34,578 jobs created...and beer's $29,886,967 annual payroll. Beer contributed $1,028,921.61 last year in taxes to help pay the cost of government in this state.

You can help us in our program of law enforcement, if you will, by (1) patronizing only the legal and reputable places that sell beer and (2) by reporting any abuses to the proper law enforcement authorities.
